

2002 Limited Edition Model

VX220 Lightning Yellow

Handles life beautifully

Every VX220 is built to generate maximum excitement. Pure driver reward. And genuine visual appeal. Every VX220 chassis is made from lightweight aluminium, bonded to a state-of-the-art composite bodyshell, with mid-mounted, multi-valve engine and race-bred suspension. And every VX220 driver can experience breath-taking agility, instant response, awesome stopping power and sub-6 second acceleration from 0 to 60mph.

But only 100 customers will ever experience the brand new VX220 Lightning Yellow Limited Edition. On the outside, exclusive yellow paintwork with matching hardtop, black windscreen surround and unique anthracite, five spoke alloy wheels set it quite apart from any other VX220. And inside, you'll find lightweight sports seats trimmed in black Scottish leather, and a sophisticated stereo/CD player, while an individually numbered, limited edition facia plaque and floor mats with VX220 motif provide further reminders of what this rare model represents.

The peak of VX220 desirability
