Be bold. Be demanding. Make decisions that will define you. We have.

Choose Astra and you know you're into great looks, a truly involving chassis and plenty of innovative features. And that's not just the five-door hatchback and spacious estate, but the radical three-door Sport Hatch. So now there are three ways to drive an Astra. Each one designed to fit the way you live. Lift your spirits. And match your energy for life. Right from the start.

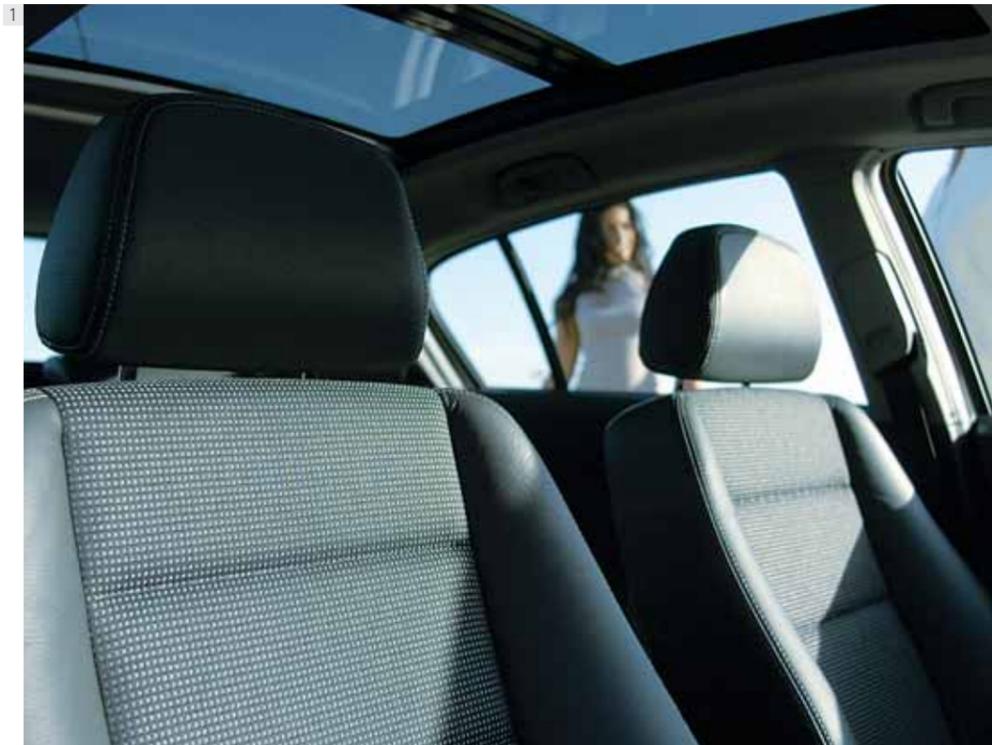

You have your own opinions about style. You know what you want. And you know where to get it. So we know you're going to appreciate the Astra Sport Hatch as much as the five-door hatch and estate. All three make a strong design statement, with simple lines and close attention to detail.

Astra looks as good inside as out. It seemed logical to us that the team who designed the outside should do the interior too. And we think it's all the better for that. After all, it's your personal space. So don't make do. Choose Astra.

FULL-LENGTH SUNROOF 1

More light, more sunshine, more fresh air. The optional electric slide/tilt glass sunroof, available on Astra five-door hatchback and estate, extends virtually the entire length of the roof. The front section opens far wider than a typical sunroof. It comes with an interior blind and there's even a multi-position pre-set facility.

BIG SOUNDS 2

If in-car audio, communication or navigation are your thing, look no further. Astra is available with the latest audio technology, including DAB digital radio stations, MP3 CD capabilities, an integrated phone* with voice activated dialling and some very clever GPS sat nav equipment.

** SIM card required.*

AIR-CON | ECC

The benefits of air-conditioning need little or no introduction. From chilled air on hot days to faster demisting on damp days, it makes for a fresher interior all year round. Move up to Electronic Climate Control (ECC) and you can maintain your preferred interior temperature to within a single degree.

SIX AIRBAGS

Whichever Astra you choose, you have a right to high levels of safety. So every front seat comes with front airbags and side-impact airbags – featuring a new ‘Thorax-Pelvis’ design to protect more of your body. Most models have full-size curtain airbags too.

KEYLESS ENTRY AND START

Simply carry the unique system key-fob in your pocket or handbag and the car will automatically unlock as you operate a door or the tailgate. To start and stop the engine, you simply press a button on the centre console. And many security features are built-in, including a conventional key for emergencies.

PANORAMIC WINDSCREEN ¹ + ²

On Sport Hatch models choose the optional Panoramic windscreen for a whole new driving experience. It’s not just a windscreen, it’s a giant window on the world – extending all the way back to behind the front seats – with heat-absorbing glass and a full shading system with twin pull-out sunblinds.

COMFORTABLY SECURE

Astra’s light, airy interior space was carefully designed to suit real people of all shapes and sizes. And to protect you with up to six airbags and many other safety features. The more relaxed you are, the easier it is to focus on the job in hand, of course. So we’ve also made it easy to find the right seating position, the right temperature and your favourite audio choice.

You’ll find more details of availability for all the features covered on these pages in the separate Specification insert.

- Other features available include:*
- Remote control central deadlocking
 - Full-size curtain airbags
 - Front and side-impact airbags
 - Satellite navigation
 - Driver’s seat height adjuster
 - Cruise control
 - Adjustable steering column

If you're looking for further space and flexibility to accommodate a non-stop lifestyle, here's the answer. The Astra estate. All the same driving excitement. All the comfort, safety and security. Looks that are every bit as dramatic. In fact everything you love about Astra, with all the loadspace and versatility you'll ever need.

FLEXIBLE LOAD SPACE

If you're looking for space, we've got it. A cavernous load area that's as perfect for your business as it is for home and family. And plenty of practical features too, including a 60/40 split-folding rear seat, and options such as a vertical load-restraining net ¹, a load-restraining floor net ² and a 12-volt accessory socket – great for your accessory coolbox!

You'll find details of availability for all the features covered on these pages in the separate Specification insert.

SPACIOUS LOAD AREA

The wide Astra Estate load platform offers up to a generous 470 litres of luggage space, extending to 1550 litres with the rear seats lowered. The loading height is particularly low. And a retractable load compartment cover hides your luggage away from prying eyes.

FLEXORGANISER® PACK ³

Sort your luggage space with this clever storage system comprising twin, horizontal rails plus a flexible arrangement of nets and dividers. It's further enhanced with a range of accessories – a side rail strap, divider, side net pocket and storage box.

Astra Estate highlights include:

- 60/40 split folding rear seat back
- Retractable load compartment cover
- Optional FlexOrganiser® pack
- 470 litre luggage capacity (with rear seats up)
- 1550 litre luggage capacity (with rear seats down)

DYNAMIC CHASSIS

Every Astra is fun to drive, striking a careful balance between ride comfort and agility. Choose the exciting Astra Sport Hatch or opt for any SXi or SRi model and you'll benefit from a more dynamic lowered sports chassis.

ABS WITH CBC

Most people appreciate the benefits of ABS, but Astra takes things further with extra technology – Cornering Brake Control and Emergency Brake Assist – that makes the car even easier to control and stop in extreme cornering and braking situations.

SPORT SWITCH

Instant switching to a sharper throttle and more responsive steering – and back. It's like sports performance to suit your mood. Two cars in one. Models with IDS-plus also add noticeably sportier chassis dynamics with more body control.

ESP-plus

Whether it's a wet roundabout or a greasy road – one day you might meet a slippery surface that catches you out. That's the day you'll be glad you specified our latest generation Electronic Stability Programme, which quickly applies corrective braking to help you regain control.

ULTIMATE DRIVER CONTROL

There was a time when computer controlled damping was future technology for most drivers. Now it's available on Astra as part of the Interactive Driving System with Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time – bringing you confident cornering behaviour and sharper handling with reduced body roll.

You'll find more information and details of availability for all the features covered on these pages in the separate Specification insert.

ASTRA CHASSIS

- Features available include:*
- Lowered sports suspension
 - Electronic Stability Programme
 - Traction Control
 - Sport switch
 - IDS-plus with Continuous Damping Control

HIGH TECH PETROLS...

Astra comes with a wide range of brilliantly efficient, multi-valve petrol engines. The well-respected Twinport 1.4i 16v and 1.6i 16v models feature a variable intake manifold for high performance and fuel efficiency, and low emissions.

The new 1.8i 16v VVT unit, producing an impressive 140PS, uses Variable Valve Timing technology to much the same affect. And then there's the 2.0i 16v Turbo petrol engine, with its water-cooled turbo-charger and intercooler, and available in two versions – a hot 170PS and extra-hot 200PS!

...AND EFFICIENT DIESELS

The hot ticket in diesel engines is common-rail fuel injection. All four Astra diesels – the sporty 1.9CDTi (120PS and 150PS), the 100PS 1.7CDTi and the 90PS 1.3CDTi – feature common rail diesel technology and the results are clear. Superior performance and economy, tough emissions control and low benefit in kind company car tax.

TRANSMISSION CHOICE

In addition to the five- and six-speed manual gearboxes, Astra is also available with a five-speed Easytronic and both four- and six-speed automatics. And all 1.3CDTi, 1.9CDTi diesels and 2.0i 16v Turbo petrol models come with a six-speed manual, helping you make the most of their incredible potential.

EASYTRONIC TRANSMISSION

Choose the optional Easytronic transmission and you'll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The facia display tells you what gear you're in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence.

ASTRA ENGINE AND TRANSMISSION

- Five efficient petrol engines
- Four economical turbo diesels
- Five- and six-speed manual gearboxes
- Easytronic transmission
- Four- and six-speed automatic transmissions

**INDIVIDUAL
EXPRESSION | LIFE | CLUB**

Astra has always been about personal choice. So while the high-value Expression, Life and Club models come with more standard features than you might expect, a wide range of options allows you to tailor your package to your own personal needs.

**CONTEMPORARY
DESIGN | ELITE**

At Vauxhall, mid-size cars do not stop at mid-size equipment. So if you're looking to move up to a model that puts the accent on modern luxury, style and impressive features, Astra Design and Elite will be right up your street.

**DYNAMIC
SXi | SRi**

Great to drive. Great to be seen driving. If you want to go for sporting good looks and serious chassis performance, SXi and SRi are the models of choice. SXi provides sporting flavour at an affordable price. And SRi takes this theme to a whole new level.

With Astra, it's all about choice.
The hard bit is making your mind up.

We're all different. And that's why you can now choose from three Astra body styles. The dynamic three-door Astra Sport Hatch range, as well as the popular five-door hatchback and estate models. Depending on body style there's up to seven feature-packed trim levels with a choice of high-tech petrol or diesel engines, great colour and trim, and loads of options and accessories.

**ASTRA EXPRESSION – 5-DOOR HATCHBACK
ASTRA LIFE – 5-DOOR HATCHBACK | ESTATE**

Model illustrated features VXR Styling pack one, plus Irmscher 18-inch Stila alloy wheels, painted cross hatch grille, side pillar trim kit and aluminium-effect fuel flap cover.

Vauxhall by Design

CREATE AN ASTRA THAT SUITS YOUR PERSONALITY

Life would be pretty boring if we all liked the same things. So let's hear it for individuality – Astra style. Vauxhall by Design is all about choice – selecting your new car, then personalising it to suit yourself.

It might be a little more style from VXR. But it could also be an Easytronic transmission. Remote control alarm. Added safety features. Or simply something to protect your carpets from muddy shoes.

Whatever you're into, Vauxhall by Design makes it easier with a choice of individual options, special option packs and accessories available at highly attractive prices.

You'll find further information on the following pages and in the Specification insert. Alternatively, please ask your Vauxhall retailer for more details. Or check out our website at www.vauxhall.co.uk/accessories

Developed by world-famous auto design specialists Irmscher, this prestige range of styling products and alloy wheels bring fresh appeal to any Vauxhall. Tested to ensure the highest standards of quality and a perfect fit, the range also includes interior trim and suspension kits.

Model illustrated features Irmscher front lower skirt extensions, side sills, aluminium-effect fuel flap cover, sports silencer with dual branched split oval design chrome-plated tailpipes, rear bumper sports insert, 'Irmscher' badge, rear roof spoiler and 19-inch GT Star alloy wheels.

OPTIONS & OPTION PACKS

Astra options are available individually or in special option packs at great prices. The Specification insert has more details.

Individual options include:

- Adaptive Forward Lighting
- Easytronic transmission ¹
- Interactive Driving System with Continuous Damping Control
- Electronic Stability Programme (ESP-plus) with traction control
- Remote control alarm system
- Electric slide/tilt full-length glass sunroof

ASTRA VXR. **NEW LIMITS**

Some of the models shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the separate Specification insert for further details. From time to time, we also offer alternative Astra models such as Special Editions which are featured in separate literature or can be found on the Vauxhall website: www.vauxhall.co.uk

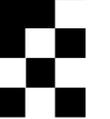

Astra.

0-60MPH
6.2 SECS

- > Unique VXR body styling
- > Recaro sports front seats
- > 18-inch alloy wheels
- > Trapezoidal centre exit exhaust tuned for sound

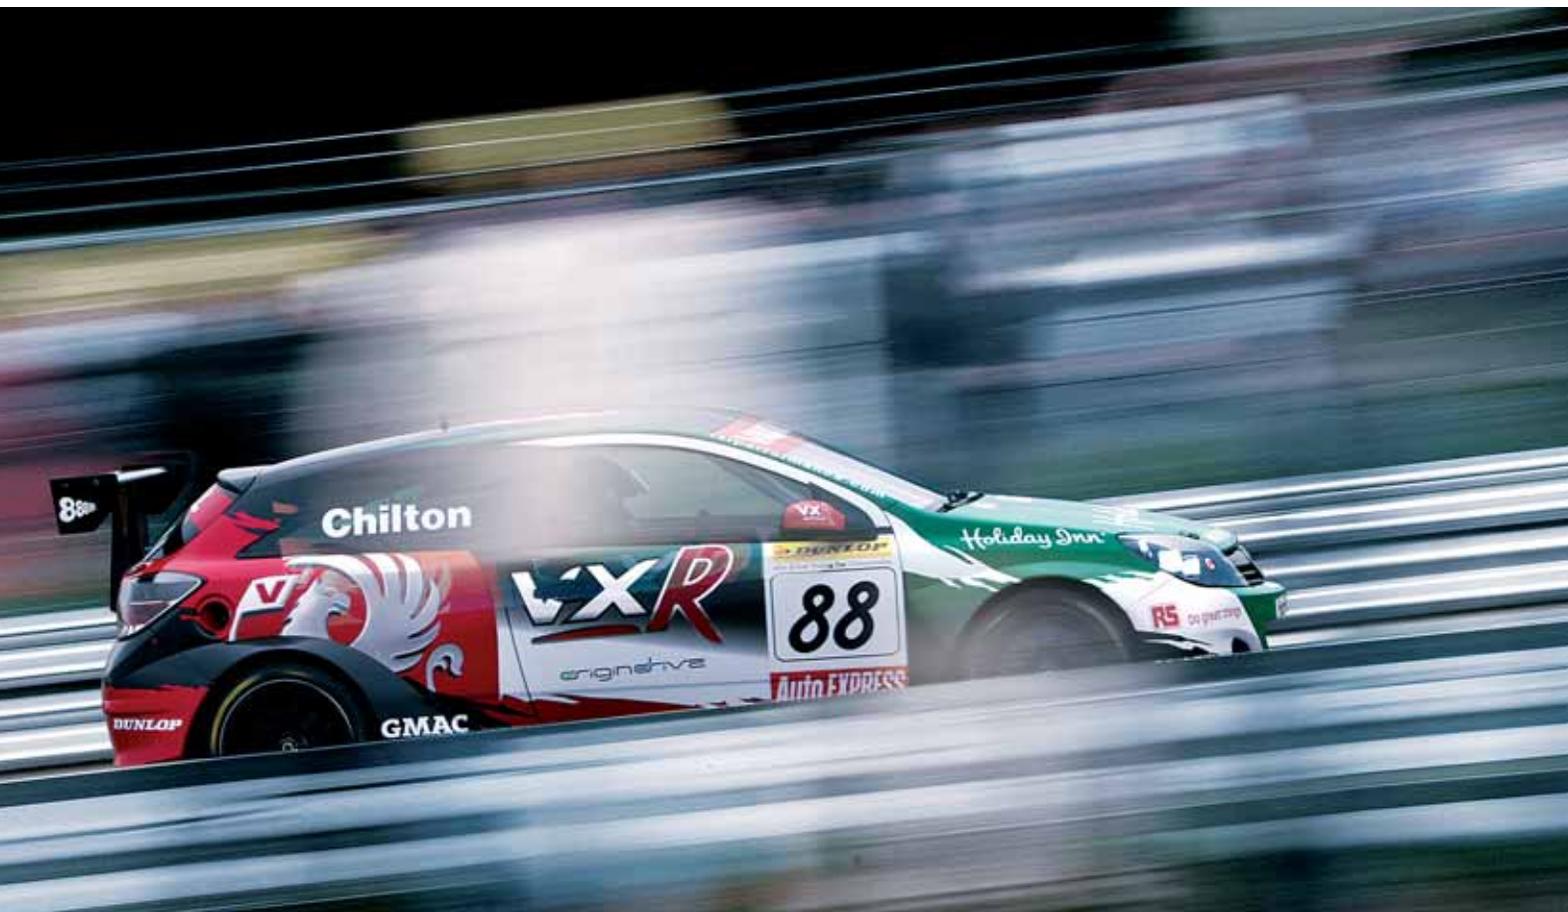

Let's get straight to the point. No ifs or buts. Astra VXR is Vauxhall's hottest hatch... ever. Think 240PS and 320Nm with 0-60mph in 6.2 seconds. Think 2.0i 16v turbo, six-speed gearbox and the low, flat ride of a genuine performance car.

And on top of all that - drop-dead styling that went straight from concept car to showroom without any compromise. If you've got buttons, Astra VXR will press them. Hard.

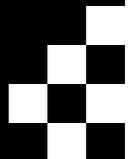

THIS IS EXTRA-SENSORY STIMULATION.

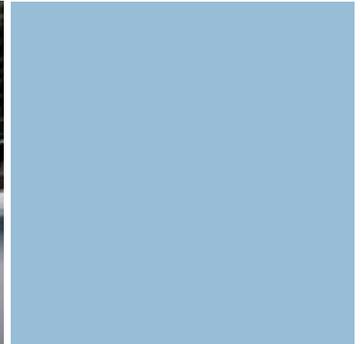

CARS WITH SOUL AND POWER TO MAKE YOU FEEL ALIVE,
ELECTRIFIED AND INSPIRED. A RANGE OF DRIVER-FOCUSED,
PERFORMANCE MACHINES FOR THE ROAD, BORN ON THE TRACK.

The VXRacing team have dominated the British Touring Car Championship, winning more Manufacturers' titles than any other team. VXR takes this racing experience, knowledge and passion and crystallises it into a range of performance road cars.

Astra VXR. New limits.
