Be bold. Be demanding. Make decisions that will define you. We have.

Choose New Astra and you know you're into great looks, a truly involving chassis and plenty of innovative features. And that's not just the five-door hatchback and spacious estate, but the radical new three-door Sport Hatch. So now there are three ways to drive an Astra. Each one designed to fit the way you live. Lift your spirits. And match your energy for life. Right from the word GO.

You have your own opinions about style. You know what you want. And you know where to get it. So we know you're going to appreciate New Astra Sport Hatch as much as the five-door hatch and estate. All three make a strong design statement, with simple lines and close attention to detail.

AIR-CON | ECC

The benefits of air-conditioning need little or no introduction. From chilled air on hot days, to faster demisting on damp days it makes for a fresher interior all year round. Move up to Electronic Climate Control (ECC) and you can maintain your preferred interior temperature to within a single degree.

BIG SOUNDS [3]

If in-car audio, communication or navigation are your thing, look no further. Astra is available with the latest audio technology, including Digital Audio Broadcast (DAB) and MP3 CD capabilities, voice controlled carphones and some very clever GPS sat nav equipment.

SIX AIRBAGS

Whichever Astra you choose, you have a right to high levels of safety. So every front seat comes with front airbags and side-impact airbags – featuring a new ‘Thorax-Pelvis’ design to protect more of your body. Most models have full-size curtain airbags too.

FULL-LENGTH SUNROOF [4]

More light, more sunshine, more fresh air. The optional electric slide/tilt glass sunroof available on Astra five-door Hatchback and Estate extends virtually the entire length of the roof. The front section opens far wider than a typical sunroof. It comes with an interior blind and there’s even a multi-position pre-set facility.

PANORAMIC WINDSCREEN [1]+[2]

On Sport Hatch models choose the optional Panoramic windscreen for a whole new driving experience. It’s not just a windscreen, it’s a giant window on the world – extending all the way back to behind the front seats – with heat-absorbing glass and a full shading system with twin pull-out sunblinds.

For the complete run down on every model’s individual equipment, take a look at the full details in the separate Specification insert.

If you're looking for further space and flexibility to accommodate a non-stop lifestyle, here's the answer. The new Astra estate. All the same driving excitement. All the comfort, safety and security. Looks that are every bit as dramatic. In fact everything you love about New Astra, with all the loadspace and versatility you'll ever need.

FLEXIBLE LOAD SPACE

If you're looking for space, we've got it. A cavernous load area that's as perfect for your business as it is for home and family. And plenty of practical features too, including a 60/40 or 40/20/40 split-folding rear seat, and options such as a vertical load-restraining net ¹, a load-restraining floor net ² and a 12-volt accessory socket – great for your accessory coolbox!

You'll find details of availability for all the features covered on these pages in the separate Specification insert.

SPACIOUS LOAD AREA

The wide Astra Estate load platform offers up to a generous 470 litres of luggage space, extending to 1550 litres with the rear seats lowered. The loading height is particularly low. And a retractable load compartment cover hides your luggage away from prying eyes.

FOLD-FLAT FRONT SEAT

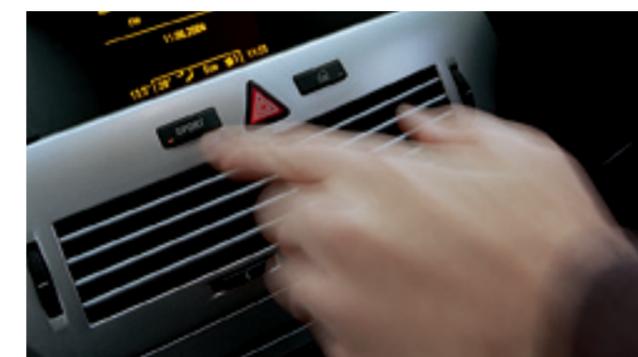

An optional fold-flat front passenger's seat gives you the space for long or awkward shaped loads. For business on the move, it can also provide an impromptu work surface.

SLIDING REAR SEAT

Available as an option, the sliding rear seat can be moved backwards or forwards by up to 60mm, allowing you to choose your optimum mix of rear legroom (up to 906mm) and load length (up to 1047mm).

FLEXORGANISER® PACK ³

Sort your luggage space with this clever storage system comprising twin, horizontal rails plus a flexible arrangement of nets and dividers. It's further enhanced with a range of accessories – a side rail strap, divider, fold-flat filing box and storage box.

DYNAMIC CHASSIS

Every New Astra is fun to drive, striking a careful balance between ride comfort and agility. Choose the exciting new Astra Sport Hatch or opt for any SXi or SRi model and you'll benefit from a more dynamic lowered sports chassis.

ABS WITH CBC

Most people appreciate the benefits of ABS, but New Astra takes things further with new technology – Cornering Brake Control and Emergency Brake Assist – that makes the car even easier to control and stop in extreme cornering and braking situations.

SPORT SWITCH

Instant switching to a sharper throttle and more responsive steering – and back. It's like sports performance to suit your mood. Two cars in one. Models with IDS-plus also add noticeably sportier chassis dynamics with more body control.

ESP-plus

Whether it's a wet roundabout or a greasy road – one day you might meet a slippery surface that catches you out. That's the day you'll be glad you specified our latest generation Electronic Stability Programme, which quickly applies corrective braking to help you regain control.

ULTIMATE DRIVER CONTROL

There was a time when computer controlled damping was future technology for most drivers. Now it's available on Astra as part of the Interactive Driving System with Continuous Damping Control. Basically, it senses changes in the vehicle dynamics and automatically adjusts the damper rates – in real time – bringing you confident cornering behaviour and sharper handling with reduced body roll.

You'll find more information and details of availability for all the features covered on these pages in the separate Specification insert.

HIGH TECH PETROLS...

New Astra's 1.4i, 1.6i and 1.8i 16v petrol engines offer excellent power delivery, great economy and low emissions, thanks to multi-point sequential fuel injection plus Twinport technology on the 1.4 and 1.6. In addition there are now two versions of the 2.0i 16v Turbo petrol engine – hot 170PS and extra-hot 200PS!

...AND EFFICIENT DIESELS

The hot ticket in diesel engines is common-rail fuel injection. All five Astra diesels – the sporty 1.9CDTi 16v (120PS and 150PS), the 1.7CDTi (80PS and 100PS) and the new 90PS 1.3CDTi – feature common rail diesel technology. The result? Superior performance and economy, tough emissions control and lower benefit in kind company car tax.

TRANSMISSION CHOICE

New Astra brings you choice in more ways than one. In addition to the five-speed manual gearbox, Astra is also available with a five-speed Easytronic and a four-speed automatic. And all new 1.9CDTi diesels and 2.0i 16v Turbo models come with a six-speed manual, helping you make the most of their incredible potential.

TWO YEAR FLEX-SERVICE

Flexible service intervals mean lower running costs. So Astra calculates the optimum service intervals required*, based not just on the miles you cover, but how you drive them. And the facia warning tells you when the service is due – up to 20,000 miles/two years for petrol engines and 30,000 miles/two years for diesels.

EASYTRONIC TRANSMISSION

Choose the optional Easytronic transmission and you'll get a five-speed manual and automatic all rolled into one. In automatic mode it has all the main features of a regular automatic, right down to the kickdown function. And in manual, you just move the lever forward or back to shift gears up or down. With Easytronic, there's no clutch pedal. You just nudge the lever left to switch modes on the move. The facia display tells you what gear you're in. And even in manual it slips automatically into first gear when the vehicle is stationary. Easytronic also comes with a Sport function for higher-rev shifting.

GO INDIVIDUAL
EXPRESSION | LIFE | CLUB

Astra has always been about personal choice. So while the high-value Expression, Life and Club models come with more standard features than you might expect, a wide range of options allows you to tailor your package to your own personal needs.

GO CONTEMPORARY
DESIGN | ELITE

At Vauxhall, mid-size cars do not stop at mid-size equipment. So if you're looking to move up to a model that puts the accent on modern luxury, style and impressive features, Astra Design and Elite will be right up your street.

GO DYNAMIC
SXi | SRi

Great to drive. Great to be seen driving. If you want to go for sporting looks and serious chassis performance, make it a dynamic choice. SXi provides sporting flavour at an affordable price. And SRi represents the pinnacle of Astra chassis performance.

With New Astra, it's all about choice.
The hard bit is making your mind up.

We're all different. And that's why you can now choose from three Astra body styles. The new, dynamic three-door Astra Sport Hatch range, as well as the popular five-door hatchback and estate models. Depending on body style there's up to seven feature-packed trim levels with a choice of high-tech petrol or diesel engines, great colour and trim, and loads of options and accessories. The choice is there. Go decide.

**ASTRA EXPRESSION – 5-DOOR HATCHBACK
ASTRA LIFE – 5-DOOR HATCHBACK | ESTATE**

Features include

- Driver's, front passenger's and front seat side-impact airbags
- Anti-lock Braking System (ABS)

Model illustrated features styling pack, 18-inch Stila alloy wheels, painted cross hatch grille, side pillar trim kit and aluminium-effect fuel flap cover.

Vauxhall by Design

CREATE A NEW ASTRA THAT REFLECTS YOUR PERSONALITY

OPTIONS, OPTION PACKS AND ACCESSORIES

At Vauxhall, we recognise that everyone is different. Indeed, we actively celebrate this diversity. It's what makes life interesting! That's why we introduced Vauxhall by Design. Using our comprehensive line-up of options and accessories, you can create an Astra model that is totally in tune with your personal and professional needs.

Our styling products add extra personality and presence to any Astra model and are designed by the very same team that

styled the car itself. And whether you need to carry your bicycle or simply protect your carpets from muddy shoes, Vauxhall accessories have the answer.

You'll find further details about option and option pack availability and more information on the extensive range of Astra accessories in the Specification insert. Alternatively, check out our website www.vauxhall.co.uk/accessories

OPTIONS & OPTION PACKS

Astra options are available individually or in special option packs at great prices. The Specification insert has more details. Individual options include:

- Adaptive Forward Lighting [1]
- Easytronic transmission [2]
- Interactive Driving System with Continuous Damping Control
- Electronic Stability Programme with traction control
- Electronic Climate Control
- Remote control alarm system
- Electric slide/tilt full-length glass sunroof

GO BRIGHTLY

Want to see round corners? Imagine this; with optional Adaptive Forward Lighting, [1] if you turn the steering wheel, the headlight beam moves up to 15 degrees in the same direction to light up where you're heading. And at above 65mph, it raises the dipped headlight beam, extending the range of vision for increased safety – then automatically returns the beam to its normal position when you fall below that speed.

GO, GO, GO

Here's a collection of options that will make your Astra look and handle better at the same time.

Styling pack

- Body-colour front lower spoiler
- Body-colour rear lower skirt
- Body-colour rear roof spoiler
- Body-colour side sills

Sports pack

- 17-inch 10-spoke alloy wheels (steel space-saver spare) [4]
- Ultra-low profile 215/45 R 17 tyres
- Sport switch [3]
- Lowered and uprated sports suspension
- Electronic Stability Programme (ESP-plus)
- Uprated sports steering

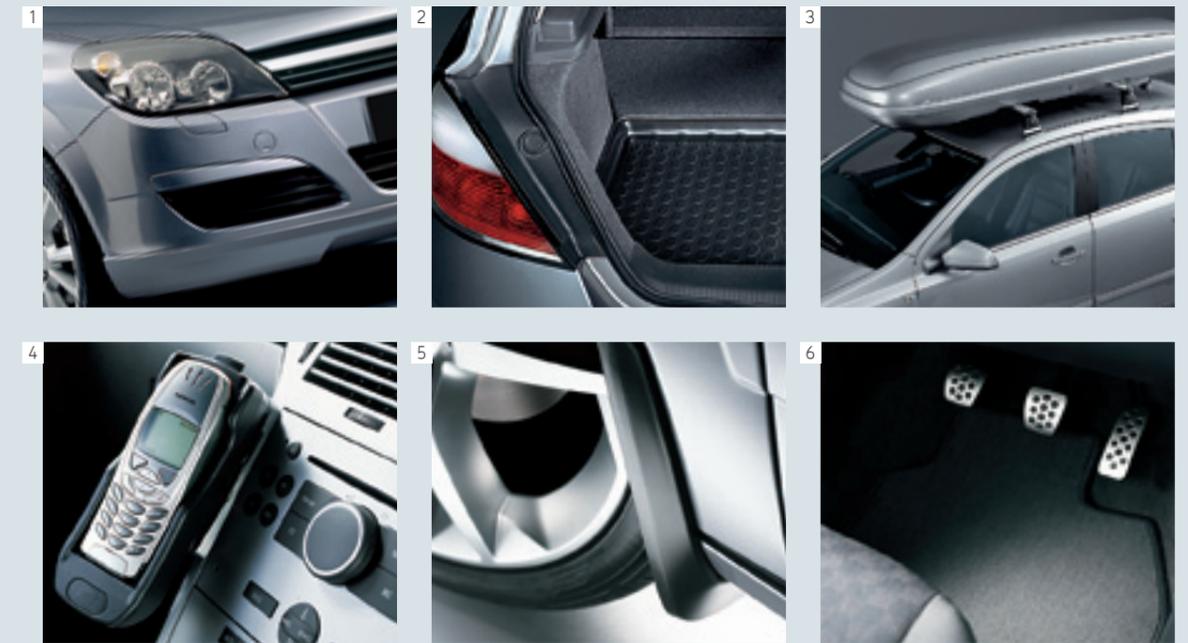

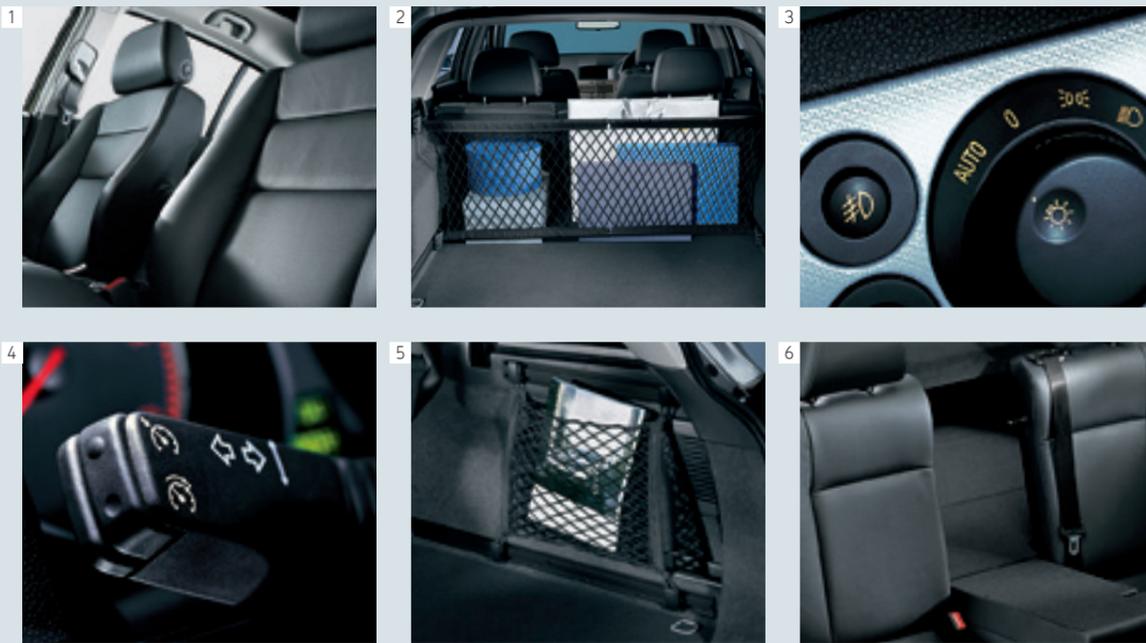

GO FAR

If you're going to tow a caravan or trailer, do it the safe way with this all-inclusive feature collection. Not just a tow bar, but some very smart electronic chassis technology features too.

Towing pack*

- Trailer Stability Programme
- Hill Start Assist (HSA) [5]
- Automatic rear suspension levelling (estate only)
- Deflation Detection System
- Cruise control
- Detachable tow bar

* Requires adaptor for UK electrics. Only available in conjunction with ESP-plus.

GO RELAX

A leather interior is only the start of it with this pack. There's also the ultimate in Astra front seat comfort and support. And more. So just sit back and relax.

Leather pack

- Leather trim in Beige or Charcoal [1]
- Electrically heated sports front seats [1]
- Front seat tilt and lumbar adjustment
- Height-adjustable centre rear seat head restraint
- Indirect door night lighting

GO ORGANISE

We all know how annoying it is when all your belongings slide about in the load area. Estate owners can organise it with this pack – a place for everything, and everything in its place.

FlexOrganiser® pack

- Four side rails
- Divider net [2]
- Two connecting rods
- Elasticated bag with four clips [5]

GO AHEAD

Don't you just love technology? These packs bring some of our cleverest features together with a couple of established favourites to make life even less stressful.

Driver control pack

- Hill Start Assist (HSA)
- Cruise control [4]
- Deflation Detection System (DDS)
- Rear parking distance sensor

Sight and light pack

- Rain-sensitive windscreen wipers
- Electro-chromatic anti-dazzle rear-view mirror
- Automatic Lighting Control (ALC) [3]

GO FLEX

There's a lot to be said for making life that little bit easier. One pack adds comfort in the front. The other does the same for rear seat passengers; with more space for tricky loads at the same time.

Seat comfort pack

- Driver's seat with tilt and lumbar adjustment

Family pack

- Height-adjustable centre rear seat head restraint
- 40/20/40 split-folding rear seat back (illustrated together with Leather pack) [6]

ACCESSORIES

From child seats and roof carrier systems to towing equipment and load liners, Vauxhall accessories are rigorously tested and backed by a full 12-month warranty.

So when you feel the urge to get on your bike and ride – or head off to the coast for some well-deserved R&R – there's certain to be a Vauxhall accessory with your name on it. We've only featured a small selection of what's available here. The Specification insert outlines the complete offer.

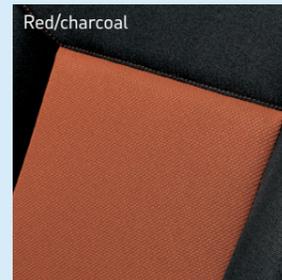

- Front lower spoiler [1]
- Cargo liner [2]
- Premium sportbox (558 litres) [3]
- Hands-free mobile phone installation kit* [4]
- Mudflaps [5]
- Stainless steel pedals (manual) [6]

* Only suitable for vehicles fitted with the factory-fit telephone pre-wiring option.

THIS IS EXTRA-SENSORY STIMULATION. CARS WITH SOUL AND POWER TO MAKE YOU FEEL ALIVE, ELECTRIFIED AND INSPIRED. THESE ARE FOCUSED AND EXCLUSIVE PERFORMANCE MACHINES. ARE YOU VXR ENOUGH?

New Astra.
Go Drive

Some of the models shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. So please check the separate Specification insert for further details. From time to time, we also offer alternative Astra models such as Special Editions which are featured in separate literature or can be found on the Vauxhall website: www.vauxhall.co.uk

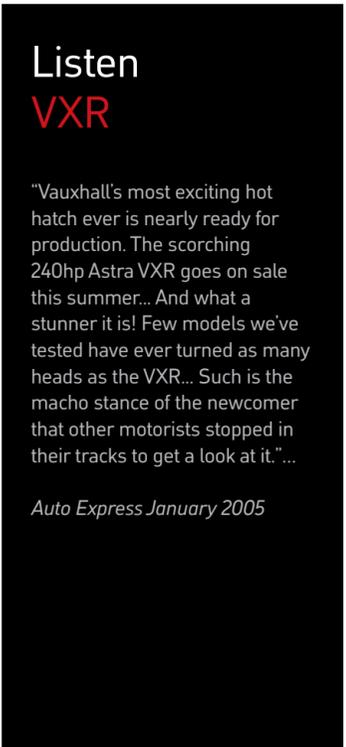

NEW ASTRA VXR

Let's get straight to the point. No ifs or buts, New Astra VXR will be Vauxhall's hottest hatch...ever. Think 240PS and 320Nm. Think 2.0i 16v turbo engine with a six-speed box and 18-inch alloy wheels. And think drop dead styling. If you've got buttons, it'll press them. New Astra VXR. Coming soon to a Vauxhall retailer near you. Form a queue.

240PS
320Nm

Model illustrated features optional 19-inch alloy wheels.

Listen VXR

"Vauxhall's most exciting hot hatch ever is nearly ready for production. The scorching 240hp Astra VXR goes on sale this summer... And what a stunner it is! Few models we've tested have ever turned as many heads as the VXR... Such is the macho stance of the newcomer that other motorists stopped in their tracks to get a look at it." ...

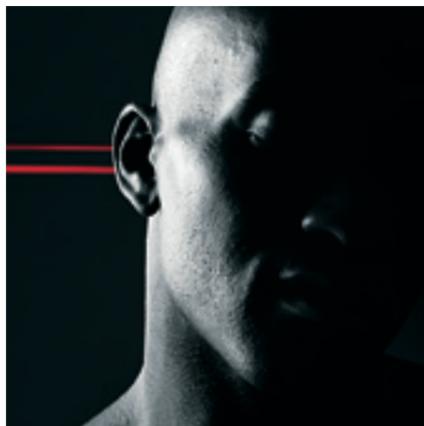

Auto Express January 2005

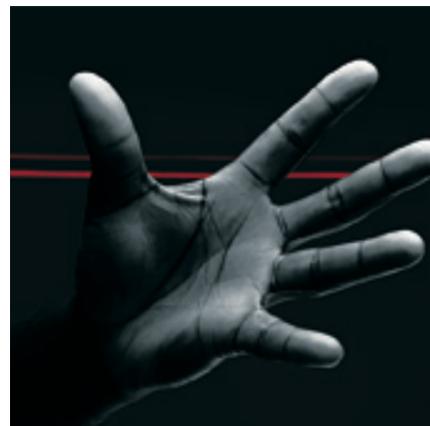

See VXR

VXR's shout performance from every curve. Look at a VXR and you'll be in no doubt of its intent. Styling modifications add muscle to already toned and taut bodywork. There's strength in the lines, a shape that's the direct visual representation of the turbo engine that powers it – powerful, lithe and flexible. It's also aerodynamically efficient. The combination of the VXR front and rear spoilers reduces airflow beneath the car and increases directional stability. Visually aggressive? Yes. All show and no go? Categorically not.

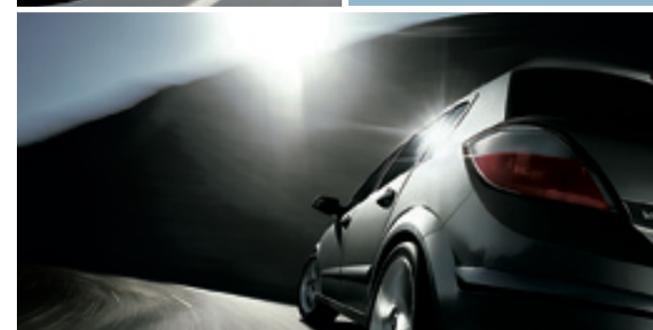

Hear VXR

Performance-tuned engines. The growl of an induction system and the throaty exhaust note. Don't for a second underestimate the importance of aural inspiration when it comes to completing the package of a performance car. VXR hasn't. You'll hear it the moment you turn the key – those subtle noises from the engine that communicate racing knowledge and experience. With a VXR, only the right sounds reach the driver – the sounds to stir emotions. Play with the bass, treble and balance – with your right foot.

Feel VXR

VXR takes the experience, knowledge and passion gained from racing to provide a complete visceral experience with the car. The VXRacing team has dominated the BTCC, winning everything for the last four years in succession. And in 2005, former champion Yvan Muller and 22-year-old Ulsterman, Colin Turkington pilot new Astra VXRs. Race or road, every VXR driver will receive the same sensations telling them exactly what's going on underneath – through the hands, the feet and – most crucially – through the seat of the pants.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (March 2005).

Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time.

Any such modifications will be notified to Vauxhall retailers at the earliest opportunity; please consult your local retailer for the latest information.

The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing process.
