PURESENSE DRIVER ASSISTANCE

The following features are standard across the entire Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

1. Intelligent speed assistance
Recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

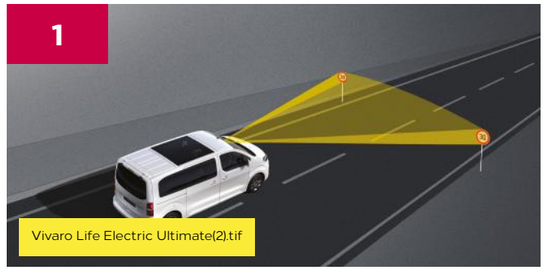
2. High beam assist
Switches the headlights between high beam and dipped beam automatically to avoid blinding other drivers.

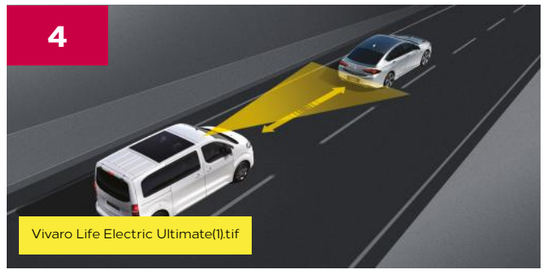
3. Lane keep assist
If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

4. Cruise control with speed limiter
Maintains the speed set by the driver (Optional). If a slower vehicle is detected ahead, Cruise control with speed limiter will automatically lower the vehicle speed to keep a safe distance. The system will bring the vehicle to a complete standstill if required.

Driver attention alert*
Monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera and steering wheel movements, and then warns you when it's time to take a quick break.

Forward Collision Alert incorporating Advance Emergency Braking System (AEBS)*
This system alerts the driver of a potential forward collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.





Please note, Vauxhall driver assistance systems are intended to support the driver within the system-imminent limitations. The driver remains responsible for the driving task at all times. *Not illustrated.

PUREENERGY ELECTRIC

SINGLE-SPEED ELECTRONIC DRIVE SELECTOR

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

- Park
- Reverse
- Neutral
- Drive

DRIVE MODE SELECTOR

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

BRAKING

Energy recuperation
The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery.

Single foot driving experience
The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

CHARGING

Vivaro Life Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time.

Vauxhall have partnered with Octopus Energy to provide everything you need for your Vivaro Life Electric, including a new tariff, charger and a solution for charging on the go making owning an electric vehicle easier and hassle-free.

The Vivaro Life Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

COMPANY CAR DRIVER AND FLEET INFORMATION

BENEFIT IN KIND COMPANY CAR TAXATION*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO_2 emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

GENERIC EXAMPLE:

Electric vehicle: 0g/km CO_2	
On-the-road RRP	£23,985.00
Deduct:Vehicle Excise Duty New vehicle first registration fee	-£10.00 -£55.00
Effective list price	£23,920.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£24,520.00
Car benefit charge 2025-26 tax year (3%)	£735.60
Benefit in kind tax liability Basic Rate (20%) tax payer Higher Rate (40%) tax payer	 £147.12 £294.24*

* Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
** Excludes residents of Scotland.

CO_2 (G/KM)	ELECTRIC RANGE (MILES)	% 2025-26 TAX YEAR
0	–	3%
1 - 50	130+	3%
1 - 50	70 - 129	6%
1 - 50	40 - 69	9%
1 - 50	30 - 39	13%
1 - 50	<30	15%

†Correct at time of issue.

VEHICLE EXCISE DUTY†

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO_2) emissions produced by the vehicle. CO_2 emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate.

EXPENSIVE CAR SUPPLEMENT

Vehicles registered on or after 1 April 2025 with a list price over £40,000 (including factory-fitted options) will attract the standard VED rate plus the Expensive Car Supplement for five years, starting from the second license year. This includes electric/zero emission vehicles.

CO_2 (G/KM)	FIRST YEAR RATE 2025/2026
0	£10
1 to 50	£110
51 to 75	£130
76 to 90	£270
91 to 100	£350
101 to 110	£390
111 to 130	£440
131 to 150	£540
151 to 170	£1,360
171 to 190	£2,190
191 to 225	£3,300

FURTHER INFORMATION

ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

CUSTOMER CARE COMMITMENT

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

VAUXHALL ASSISTANCE

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended** to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free† phone call away, 24 hours a day, 365 days a year!
