My Meriva. My Life.

Looking for a compact MPV that's easy to park and manoeuvre around town? A car that makes rear passengers of all ages feel as welcome as those in the front – with adjustable rear seats that fit family members of all sizes and their luggage? Check out the latest Meriva models from Vauxhall. With fresh style, lively engine choices and great features throughout, today's Meriva fits your family's lifestyle – effortlessly.

Think Meriva. How clever is that?

This brochure covers Meriva Expression, Life, Club and Design models only. Some of the vehicles shown include options and accessories available at extra cost. And not all of the features described are available on every model. So please check in the Equipment section for further details. From time to time, we also offer alternative Meriva models such as Special Editions, featured in their own separate literature or found on the Vauxhall website: www.vauxhall.co.uk

Stylish.
Compact.
Spacious.
And always fun.

My family's cool day.

With sharp lines and brilliant detailing, Meriva has bags of visual appeal. And everything is designed to make life that little bit easier, whether you're loading up at the supermarket, finding a place to park or simply heading off for a great day out.

Extra legroom?
Extra bag room?
Extra flexibility?
Welcome to FlexSpace.®

*My Auntie's
dressing up day.*

My Auntie's shopping day.

Loads of seating positions.
Loads of ways to make life easier.
And keep the family happy.

Meriva's FlexSpace® seating system is all about finding simple ways to accommodate every family transport need, however unexpected, without removing the seats. With rear seats that move backwards, forwards – even sideways – and a 40/20/40 split-folding seat back, Meriva can always make room for friends, family and luggage – plus all the children's bags or buggies.

For maximum versatility, Meriva's outer rear seats also tilt, so you can recline them back to 29 degrees for a more relaxed seating position. Or lift them up to a steep 17 degrees (and slide them forward by up to 130mm) to accommodate a little extra luggage. Choose Meriva's optional fold-flat front passenger's seat and your capacity increases even further – enough for loads of up to 2400mm in length with both front and rear nearside seats folded.

Feel the light.
Enjoy the view.
And relax.

My Cousin's sunny day.

Superb visibility. A fresher, brighter interior. And a higher seating position. The benefits of Meriva's tall yet compact styling are clearly evident in every department. And that's not simply from the driver's perspective. The advantages include more light. More space. More comfort. And an altogether sunnier outlook. Wherever you're sitting!

Dynamic chassis.
Efficient engines.
Great safety.
Brilliant day out.

*My 'let's go
to the seaside' day*

Safety for the whole family.

With a 4-star EuroNCAP adult occupancy rating, you don't need a family to appreciate Meriva's many safety features. Every model comes with twin front airbags, front seatbelt pretensioners and side-impact protection beams. All three rear seats are equipped with adjustable head restraints and lap and diagonal seatbelts – the centre belt pulls down from the headlining.

ISOFIX child seat restraint system. Every Meriva is fitted with ISOFIX child seat restraint fittings on both outer rear seats, with front passenger seat fittings optional as part of the Protection Pack. Used in conjunction with Vauxhall accessory child safety seats, the rigid ISOFIX anchoring mechanism virtually eliminates the dangers that can result from incorrect child seat installation. The Vauxhall ISOFIX child seat (see page 35), simply clicks into the mounting points engineered into the car.

Airbags. Every Meriva features driver and front passenger airbags as standard. Front seat side-impact airbags and full-size curtain airbags are available as part of the optional Protection Pack, along with active-safety front seat head restraints and other important safety features.

Adaptive Forward Lighting (AFL). This sophisticated halogen lighting system moves the headlight beams up to 15 degrees left or right when you turn the steering wheel, helping improve your vision of the approaching bend. It's optional on Meriva Club and Design.

Powerful lighting. Halogen headlights with electric headlight beam levelling are standard on every Meriva. And front fog lights, standard on Design and optional as part of the Club Plus Pack, help you see even more clearly, and arrive safely, in the most demanding of weather conditions.

Security. The hard work we've put into securing your belongings has also led to low, money-saving Meriva insurance group ratings. Features include an engine deadlock immobiliser, remote control central deadlocking and a visible vehicle identification number.

◀ **Tinted rear lights.** Extra safety with style. Meriva's pillar-mounted rear lights increase visibility for following drivers whilst integrating perfectly into the car's smooth rear styling. High mounting also keeps them out of harm's way, protecting against accident parking damage.

▶ **Driving dynamics.** A family car that's great to drive. Meriva gives you a real feeling of confidence at the wheel – secure in the corners and agile in all conditions. The ride is beautifully balanced – no matter how many people you have on board. And the availability of intelligent chassis features like Dynamic SAFety (DSA) suspension – which enhances stability when braking on surfaces with differing levels of grip on either side of the vehicle – anti-lock brakes and traction control adds the sort of active safety you would expect from Vauxhall.

ABS. Meriva's Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA) can reduce emergency stopping distances, particularly on slippery roads. It prevents the wheels from locking up and allows drivers to retain steering control.

▲ **ESP and Traction Control.** Electronic Stability Programme (ESP) helps you maintain control during adverse or emergency conditions. If the car begins to slide, ESP gently applies corrective braking to the appropriate road wheel to help you regain control. Traction Control (TC) helps prevent wheelspin during acceleration.

Where driving becomes a real pleasure.

Meriva is not just great fun to drive. With ABS, DSA, ESP and TC, the chassis spec reads like an A-Z of active safety. You can read more about what they do on the opposite page. Suffice to say that they're designed to put the driver in control – whatever the road conditions.

Powerful and efficient. Responsive and clean.

Meriva's engines pack plenty of punch, matched with low fuel consumption and low service requirements too. The range extends to three advanced petrol engines and two super-efficient common rail turbo diesels.

Common rail diesels. Meriva is available with two advanced, common rail, turbo diesel engines. The 1.3CDTi 16v 75PS unit and more powerful 100PS 1.7CDTi 16v engine are designed to offer good flexibility, tight emissions control and low running costs.

Choice of transmissions. Meriva can be specified with either a slick, five-speed manual gearbox or, on some models, Vauxhall's innovative Easytronic transmission. The ratios on five-speed manual versions have been specifically chosen to optimise flexibility and promote ease of driving.

Easytronic. Choose the optional Easytronic transmission and you'll get a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down. The fascia display tells you what gear you're in - 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic, including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence.

Petrol engines. Meriva is available with a choice of three advanced petrol engines - highly economical 1.4i 16v and 1.6i 16v Twinport units plus a powerful 1.8i 16v. The Twinport variable induction system ensures lively power delivery with high fuel economy and low emissions.

▶ Audio and Sat Nav. If quality sounds are high on your agenda, you won't be disappointed by Meriva. Choose Life or Club and you get a radio/CD player with steering wheel controls. Select Design and you're also treated to MP3 playback capability and our ingenious rear seat Twin Audio® system. Optional infotainment systems include the very best satellite navigation functions too. Our Sat Nav units can determine your precise location and guide you to wherever you want to go, using voice instructions and directional pictograms displayed on the facia-mounted display.

▲ Welcome lighting and door-to-door illumination. Meriva's front, rear and interior lights are activated when the car is unlocked using the remote control unit; they go out when the engine is started, or when the car is locked. On Club and Design models simply flick the main beam headlight stalk upon leaving the car and the dipped headlights and rear lights stay on for 30 seconds, giving you time to make your way from the vehicle in an unlit driveway or car park.

▼ Air-conditioning and ECC. Air-conditioning provides chilled air on hot days, faster demisting on damp days and a more pleasant atmosphere throughout the year. Move up to Electronic Climate Control (ECC) for a more consistent control of the interior temperature.

◀ Bluetooth® technology. Meriva Club models can be specified with the latest mobile phone technology, operated via the car's steering wheel mounted audio controls. Fully integrated into the car's audio system, it is easy to use, with both voice activation and the latest Bluetooth® wireless connectivity.

▲ Perfect seating position. With a six-way adjustable driver's seat – including height adjustment – and a tiltable steering column on Design models, it's easy to find the perfect seating position. Club and Design models also feature a folding front armrest.

How do you like to drive?

Meriva puts the driver firmly in control. To begin with, the six-way adjustable driver's seat – including height adjustment – plus a tiltable steering column (standard on Design, optional at extra cost on Life and Club) ensure the perfect driving position. And the driver environment is packed with clever ideas to make driving easier and more enjoyable.

◀ ▶ **Twin Audio.** Meriva's independent rear seat Twin Audio® system – standard on Design, optional on Club – comes with a single headphone set and separate rear controls. There's an on/off switch, independent volume controls for each headset, switching between CD and radio tuner and a scan function. So front and rear passengers can listen to the radio or a CD totally independently and at the same time. It even mutes the rear speakers when in use. Additional headphone sets and alternative earhook headphones (shown left) are available as accessories.

Enjoy the luxury of comfort and convenience.

Meriva is a great car to travel in because it's just as comfortable in the back as in the front. And there are many clever features designed to make every journey a pleasure.

◀ ▶ ▶ **Clever storage solutions.** With available features like a stowage net and underseat storage tray for the front passenger, a driver's sunglasses holder and an underfloor storage area in the luggage compartment, Meriva is brilliantly in tune with family life.

▶ **Fold-out tray tables.** Meriva's practical tray tables, with their integrated drinks holders – standard on Design models – provide a handy surface for a variety of uses. They also come with net pockets for both front seat backs – perfect for magazines and other rear passenger belongings.

▶ **Fold-flat front passenger seat.** Select the optional fold-flat front passenger seat and you can make room for even more luggage. The seat back even doubles as a handy table top – ideal for those impromptu picnic stops.

▶ **Roof-mounted removable DVD player.** Keeping rear seat passengers entertained means a more enjoyable journey for all, so this DVD player is a wise investment. It features a 7-inch screen and pair of wireless headphones. And at the journey's end it can be used indoors (mains adaptor included) and connected to a TV if you want to see the bigger picture (see also page 49).

Choose your Meriva

No two families are identical. And no two Meriva drivers will want exactly the same blend of model, engine and equipment. That's why we've made Meriva choice as flexible as possible. With four feature-packed trim levels – plus the sensational Meriva VXR – five power units and a huge array of options, option packs and accessories, Meriva offers a model to suit all families – and all budgets.

Expression is our entry model – superb value and remarkably well equipped. Life takes this successful recipe and adds just that little bit more. Club is our upwardly mobile model – clearly aspirational in its outlook. While Design models more than live up to their name – capturing everything that's great about Meriva with an added injection of style.

EXPRESSION

Standard features include:

- Anti-lock Braking System (ABS)
- FlexSpace® flexible rear seats
- Twin front airbags

Vauxhall by Design

Vauxhall by Design is all about choice – selecting your new car, then personalising it to suit yourself with our choice of individual options, special option packs and accessories – all available at highly attractive prices. You'll find more information on the following pages. Or ask your Vauxhall retailer for further details.

Inspired by the hugely successful VX Racing team, Vauxhall VXR styling products come with all the same experience, knowledge, and passion for style and performance. They put the accent firmly on quality and exclusivity, with a winning edge. And they add flair, personality and excitement to every Meriva model. VXR styling products are available as factory-fit option packs or accessories fitted by your Vauxhall retailer. Please refer to the Vauxhall Car and Accessory Price Guide for availability details of the full Vauxhall VXR range.

VXR Styling Pack One.

Breathe some extra style into your Meriva with a front lower spoiler, side sills, rear roof spoiler (see below) and rear skirt. All of these items are also available separately. Vehicle illustrated also features Irmischer 17-inch Delta alloy wheels.

Irmischer Styling. Treat your Meriva to a body-colour rear lower skirt, side sills and rear roof spoiler, sports silencer with twin rectangular tailpipes, fuel flap cover, cross-hatch grille with Irmischer badge, aluminium door lock buttons and an Irmischer chrome-effect badge and keyring.

Irmischer alloy wheels. With a huge range of styles – including Signa (above), Stila (below) and Delta (on vehicles) – and sizes to choose from, you're sure to find one to suit your chosen look and budget. Don't forget to ask about accessory wheel locking kits too.

Developed in conjunction with auto design specialists Irmischer International, Meriva styling accessories perfectly complement the vehicle's lines, as well as being manufactured to the same exacting standards as the car itself. For availability details of these features please refer to the Vauxhall Car and Accessory Price Guide.

Meriva options can make life better in so many ways. Alloy wheels, air-conditioning, a sunroof – there's a huge range to choose from and they're available individually or in special option packs at great prices. You'll find further information on availability in the Equipment section. Or you can ask your Vauxhall retailer.

Rear parking sensor. This optional early warning system helps safeguard your car and pedestrians. When reverse gear is selected, the system beeps as you reverse close to an obstruction, rising to a continuous tone when the object is approximately 300mm away.

Protection Pack:

- Electronic Stability Programme (ESP)
- Traction control
- Full-size curtain airbags
- Front side-impact airbags
- Front seat side-impact airbags
- Active-safety front seat head restraints
- Front seat occupancy detection
- ISOFIX child seat fixings

Other individual options include:

- Tilttable steering column
- Roof-mounted removable DVD player
- Air-conditioning
- Halogen Adaptive Forward Lighting
- CD 70 stereo radio/CD with MP3 capability/satellite navigation with monochromatic graphic information display
- Rear seat Twin Audio® system with single headset

Bluetooth® technology.* Meriva Club models can be specified with the latest mobile phone technology, operated via the car's steering wheel mounted audio controls. Fully integrated into the car's audio system, it is easy to use, with both voice activation and the latest Bluetooth® wireless connectivity.

*Phone and cradle not included. Ask your Vauxhall retailer for details of phone compatibility.

Fold-flat front passenger's seat. Select the optional fold-flat front passenger's seat and you can make room for a huge amount of luggage – especially long and awkward items. The seat back even doubles as a handy table top – ideal for those impromptu picnic stops.

Dual sunroof. Meriva's always been about treating all passengers the same. Choose the optional electrically operated slide/tilt glass front sunroof and tilttable glass rear sunroof and both front and rear seat passengers will get their fair share of the sun.

Alloy wheels. These optional 16-inch alloy wheels add an extra touch of style to Design models.

Vauxhall accessories are the right choice for your Meriva. Whatever you're into, there's certain to be a Vauxhall accessory with your name on it. Available individually or in special packs, we've only featured a small selection here. The Vauxhall Car Accessory Brochure and Car and Accessory Price Guide give further details. Or check out our website at www.vauxhall-accessories.com

Protection Pack.

- Velour mats
- Mudflaps
- Cargo liner

Travel Pack.

- First aid kit
- Warning triangle
- Spare bulb kit (not for AFL headlights)
- Fire extinguisher
- Hi-visibility vest

Protection Plus Pack.

- Paint and trim protection
- Velour mats
- Mudflaps

Rear parking sensors.

This invaluable parking aid is mounted within the Meriva rear number plate area. Activated automatically when reverse gear is selected, it beeps as you approach an obstruction rising to a continuous tone when it's approximately 300mm away.

Tow bar and 12N electrics.

Tow in confidence with the detachable Meriva tow bar. It won't get in the way when you don't need it. But it's easy to mount when you do. And naturally, it is tested to comply with top European standards. Meriva accessory towing mirrors are also available, of course.

Dog guard.* Specially designed for Meriva, our heavy-duty steel dog guard will help keep your dog secure in the rear of the car and protects the driver and passenger in the event of sudden braking or emergency manoeuvres.

**Only fits directly behind front seats with rear seat folded flat.*

Base carrier and roof box.

The Vauxhall roof rack system begins with a base carrier, comprising two T-track roof bars which support a wide range of attachments. These include a choice of high capacity roof boxes, each one lockable and easy to fit.

Roof-mounted removable DVD player.

This 7-inch screen with wireless headphones and remote control provides the perfect rear seat passenger travel entertainment. It safely clicks into the roof-installed docking station and can even be easily removed for outdoor (with battery) or home (connected to TV) operation.

Child seats.

Vauxhall offers a range of child seats, ergonomically styled for comfort and safety. The Baby-Safe (for babies from birth to 13kg), and Kid (15-36kgs) seats are fixed with a standard lap and diagonal seatbelt, while the Duo ISOFIX (9-18kg) can also be attached using the ISOFIX child seat restraint fittings, which are standard on the outer rear seats of all Vectra and Signum models. The rigid ISOFIX anchoring mechanism virtually eliminates the dangers of incorrect child seat installation.

MERIVA VXR

This is extra-sensory stimulation. Cars with soul and power to make you feel alive, electrified and inspired. A range of driver-focused, performance machines for the road, born on the track.

- > Unique VXR body styling
- > 180PS 1.6i 16v Turbo
- > 17-inch six-spoke alloy wheels
- > VXR Recaro sports seats

DISCOVER 7.9^{SEC}
0-60MPH

VXR takes the experience, knowledge and passion gained from racing and crystallises it into a range of performance road cars.

For more information on the Meriva VXR please ask your Vauxhall retailer for a copy of the latest VXR range brochure.

MERIVA VXR.

Who said serious performance and family-style practicality don't mix? Quite simply, this is the clever and versatile MPV for anyone who loves driving. Check out the unique VXR styling. Lowered and uprated sports suspension. Not to mention the sensational, turbocharged 180PS 1.6i 16v engine. Truth is, you won't find a more rapid car in this class. But then, with Meriva VXR, that's only half the story.

Satellite navigation

Vauxhall's CD-ROM-driven satellite navigation system is very simple to operate, using a range of menu-driven options which are easily accessed via the steering wheel mounted audio controls.

The CD-ROM supplied with the system covers all major link roads and streets in towns and cities across mainland Britain.

Clearly spoken instructions indicate the road you need to take or the lane you need to be in, while directional pictograms, clearly shown on the special monochromatic graphic information display, back-up the spoken commands.

The CD 70 also features Traffic Message Channel (TMC), a specific application of RDS used for broadcasting real-time traffic information, delivered either visually or verbally.

Standard features

- Automatic re-routing on request
- CD-ROMs available for all major European countries ● CD-ROM may be replaced by audio CD after route is selected
- Display of estimated time remaining and distance to destination ● Exact location of vehicle using the GPS (Global Positioning System) and speed sensor ● Choice of four different route types ● Store up to 100 personal destinations ● Last 10 destinations stored automatically

Roof-mounted removable DVD player

The DVD player available for Meriva features a seven-inch screen with excellent picture quality and brightness – very important features for in-car use. Mounted in the roof of the vehicle, it's ideally situated to allow good visibility for all rear seat passengers.

Not only that but it is also removable from the vehicle, offering the advantages of extra security and the ability to continue watching films after the journey has ended – it can even be connected up to a TV if required.

Included within the DVD player package are two sets of wireless headphones with carry cases, a remote control and a mains electricity adaptor.

Mobile phone system with Bluetooth®

Available on Meriva Club models only, Vauxhall's factory-fit dual-band mobile phone system has been considerably enhanced. Now fully integrated into the audio and communication system, it also features voice control and will connect wirelessly to phones with Bluetooth® technology.

All the required information is displayed on the multi-function display when a mobile phone is in use, while the menus are easily navigated by either the steering wheel audio controls or the multi-function button on the radio. Certain functions can also be controlled by voice activation.

Mounted on the centre console, the phone system base unit can be fitted with cradles (available as accessories) for many different mobile phones. A list of cradles is featured in the Car and Accessory Price Guide.

Contact your Vauxhall retailer for information regarding compatible mobile phones.

1.8i 16v	118	11.3	-	23.0	26.4 (10.7)	46.3 (6.1)	36.2 (7.8)	187

The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicles kerbweight, ascertained in accordance with the above regulation. **Important:** the results given relate to the particular car tested. Variations in trim level and equipment may result in slightly higher fuel consumption and CO₂ emission levels than those quoted. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.

Weights and towing data kg

	Kerbweight (Gross vehicle weight)	Maximum towing weights Trailer with brakes (without brakes)
1.4i 16v Expression/Life	1255 (1785)	1000 (665)
1.4i 16v Life (air-con.)/Club/Design	1280 (1810)	1000 (665)
1.6i 16v Life	1300 (1830)	1200 (675)
1.6i 16v Life (air-con.)/Club/Design	1325 (1855)	1200 (675)
1.8i 16v Club/Design	1330 (1860)	1200 (675)
1.3CDTi 16v Expression/Life	1318 (1870)	1200 (675)
1.3CDTi 16v Life (air-con.)/Club	1343 (1895)	1200 (675)
1.7CDTi 16v Life	1380 (1910)	1300 (675)
1.7CDTi 16v Life (air-con.)/Club/Design	1405 (1935)	1300 (675)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. To determine total carrying capacity, deduct kerbweight from gross vehicle weight. Note that the figure obtained will include the weight of the driver, passengers and any optional equipment or accessories. The **maximum roof rack loading** should not exceed a total of 75kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 70kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg (50kg on 1.8i 16v models). Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

Vauxhall Assistance and warranties*

- A one-year unlimited mileage manufacturer's warranty
- Second and third year no-fee customer option warranty up to 60,000 miles (from first registration)
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

* = Warranty is only available on vehicles sourced from Vauxhall Motors Ltd. Terms and conditions apply - please see your Vauxhall retailer for details.

Optional transmission

Five-speed Easytronic transmission:

Available at extra cost on 1.6i 16v and 1.8i 16v models. Easytronic transmission is a five-speed manual gearbox with a fully automatic mode. In manual mode, you simply push the lever forward or back to shift gears up or down sequentially. The fascia display tells you what gear you're in - 1 to 5, N for Neutral or A for Auto. Switch to fully automatic mode and it has many of the features of a regular automatic including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence. Easytronic also comes with a winter mode, which selects second gear for standing starts in slippery conditions.

Steering

- Rack and pinion
- Speed-sensitive electric power-assisted steering standard on all models
- Turning circle (kerb-to-kerb): 10.42m (34.2ft)
- Turns lock-to-lock: 3.8 (2.9 on Design with Exterior Pack models)

Suspension

Front: Independent. MacPherson struts with coil springs and gas-pressure dampers. Anti-roll bar. Dynamic SAFETY (DSA) suspension - this aids stability when braking on surfaces with differing levels of grip on either side of the vehicle by increasing front wheel toe-in at the wheel with greater grip.
Rear: Torsion tube with compound links. Progressive-rate double conical mini-block springs and gas-pressure dampers.

Brakes

- Anti-lock Braking System (ABS)
- Asbestos-free friction material
- Dual circuit, diagonally split, dual rate servo-assisted system
- Low brake fluid level warning light
- Plastic-coated brake pipes

1.4i 16v
 Front ventilated discs: 260mm diameter
 Rear discs: 240mm diameter
1.6i 16v/1.8i 16v
 Front ventilated discs: 280mm diameter
 Rear discs: 264mm diameter
1.3CDTi 16v/1.7CDTi 16v
 Front ventilated discs: 280mm diameter
 Rear discs: 264mm diameter

Body

- Aerodynamic drag co-efficient: Cd 0.32

Fuel tank capacity

- 53 litres (11.7 gallons)

D1. Emergency Brake Assist (EBA)

Emergency brake assist detects the urgency with which the brake pedal is pressed and rapidly increases the pressure to the maximum the system can provide, shortening stopping distances. It also enhances pedal feel.

D2. Electronic Stability Programme (ESP)

ESP helps the driver maintain full control of the vehicle during adverse or emergency conditions. ESP technology is designed to monitor both the front and rear of the car independently and compare their respective directions of travel with the driver's steering wheel input. If either the front **A** (understeer) or rear **B** (oversteer) of the vehicle begins to slide, ESP gently applies corrective braking to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

A When a vehicle is understeering excessively, it displays an unwillingness to change direction as the outside front tyre has become overloaded and begun to slide. In this instance, ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle's yaw angle to help the front wheels change direction.

B During the more unusual oversteering situation the vehicle's yaw angle is excessive due to the outside rear tyre having lost grip. Although countersteering is an effective solution, it is often difficult to judge how much opposite lock to apply. ESP, however, will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control.

D3. Adaptive Forward Lighting (AFL) - halogen

Optional at extra cost on Club and Design, Adaptive Forward Lighting is a sophisticated new lighting system that 'allows you to see around corners!' Meriva is one of the first cars in its class to offer such technology. *Autocar* magazine has already described it as a 'must-have' feature. There are two main functions:

Curving light

Speed-dependent, the system is activated by movements of the steering wheel and allows the headlight beam to move up to 15 degrees left or right of the straight ahead position. This ensures that the main headlight beams are always aimed in the direction you're about to go - and not necessarily the direction the front of the car is already pointing in!

Cornering light

Employs an additional reflector which projects a beam of light approximately 90° to the direction of travel. This 'wide angle' effect provides enhanced illumination of side roads and junctions. The system is speed dependent.

Exterior dimensions millimetres (inches)

Luggage capacities (VDA method)

	litres	cu.ft
Two rear seats configuration		
Rear seats most rearward (29° reclined)	330	11.6
Rear seats most forward (17° reclined)	560	19.8
Three rear seats configuration		
Rear seats up (under luggage compartment cover)	350	12.4
Rear seats folded flat (to glass line)	890	31.4
Rear seats folded flat (to roof)	1410	49.8

Loadspace dimensions

	mm	inches
Maximum load length with fold-flat front passenger's seat	2400	94.5
Maximum load length behind front seat	1568	61.7
Maximum load area width	1110	43.7
Maximum load area height	852	33.5
Maximum tailgate aperture width	1099	43.3
Maximum tailgate aperture height	832	32.8

Seating configurations

1 With all three rear seats in place the backrests of the outer seats can be reclined individually.

2 Fold the centre rear seat down, and the base cantilevers downwards below the level of the outer rear seats.

3 The seats can now be slid inwards, providing generous shoulder room for rear seat passengers.

4 Each rear seat can be individually slid backwards 70mm to provide extra legroom. And each backrest can be reclined a further six degrees (to 29 degrees) to give a truly relaxing travelling environment.

5 Each part of the 40/20/40 rear seat back can be folded forward, giving a totally flat 1.5 metres long load area.

The optional fold-flat front passenger's seat allows loads of up to 2.4 metres in length to be carried.

Trust Vauxhall

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards, won both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, see www.vauxhall.co.uk/recycling.

Fleet Customer Services

Our dedicated support services for fleet managers includes factory demonstrators, a 48hr test drive programme and information on whole life costs, company car taxation and finance. For further information please call **0870 010 0651**.

Buying your car

GMAC offers one of the most comprehensive and competitive ranges of financing plans in the UK. Contact your local Vauxhall retailer for details or call the GMAC customer service centre on **0845 712 3444**.

Sureguard protection

Sureguard Assistance offers the benefits of Vauxhall Assistance for three years from first registration, while Sureguard Warranty also provides a parts and labour warranty for high-mileage or long-term owners. For details contact your local Vauxhall retailer or call **0870 752 7020**.

Specialist Mobility advice

Motability accredited Vauxhall retailers can provide special mobility help and advice. Blue badge holders are entitled to very favourable discounts on new vehicles. Contact your local Motability accredited Vauxhall retailer or **Freefone 0800 731 5267**.

Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at one of around 400 Vauxhall retailers. To find your nearest retailer call **0845 600 1500**.

In the event of an accident...

Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. Call **0800 010 304** for a free driver's pack.

Vauxhall Insurance

Available for new and used Vauxhalls, a Vauxhall Insurance policy offers a unique package designed specifically for Vauxhall drivers. For a highly competitive quotation, call **0870 024 0240** or visit our website at www.vauxhall.co.uk.

For more information...

For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest Vauxhall retailer please

Lo-call 0845 600 1500.

The GM Platinum Card is issued by HFC Bank Limited and is available to persons aged 18 years or over and resident in the UK (or 21 and over in the Channel Islands) and is subject to status and conditions. Written quotations are available upon request from The GM Platinum Card, PO Box 3615, Birmingham B3 2RJ. The typical APR quoted is the rate for new customers. *Rebate Points are earned on purchases using The GM Platinum Card. Rebate Points are not earned on Balance Transfers or Cash Advances. You earn money off a new Vauxhall/Saab by accumulating Rebate Points under the Rebate Points Programme. Vauxhall Motors Ltd is solely responsible for the operation of the Rebate Points Programme, which is subject to the Rebate Points Programme Rules. You can redeem up to 2500 Rebate Points subject to the Model Line Maximum which will vary in amount in relation to different Vauxhall/Saab vehicle model lines and unlimited Partner Points. Rebate Points and unlimited Partner Points are redeemable as discounts on a new Vauxhall/Saab vehicle and must be redeemed four years from the issue date. Rebate Points may not be redeemed by Motability Contract Hire customers. The GM Card is a trading name and style of both HFC Bank Limited and Vauxhall Motors Ltd. HFC Bank registered in England No. 1117305. Registered Office: North Street, Winkfield, Windsor, Berkshire SL4 4TD is authorised and regulated by the Financial Services Authority. **Member HSBC Group**. HFC Bank Limited is not a member of the same group of companies as Vauxhall Motors Ltd. Saab GB Limited or GMAC (UK) plc. Vauxhall Motors Ltd, Registered Office: Griffin House, Osborne Road, Luton, Bedfordshire LU1 3YT. Registered in England number 135767. - CN6/0987.
