ADAM ROCKS & ROCKS AIR.

STYLE ON A WHOLE NEW LEVEL.

Taking the uniqueness of ADAM to a new dimension, ADAM ROCKS is set to start a trend in the city. With a higher ride and a rugged urban twist on your style, and a full length canvas roof on the ROCKS AIR, there are now even more ways to express yourself.

Ask your retailer for a copy of the separate ADAM ROCKS brochure or simply visit www.vauxhall.co.uk

DRIVE BOLD.

Choice is everything with ADAM, and that doesn't stop with the engines. Whatever your taste, and whatever size your pocket, there's an engine for you.

START ME UP. A great place to begin is the economical 1.2i 70PS engine. Or move up to a sportier option with either 87PS or 100PS from a punchy 1.4i.

WANT MORE? If you want even more oomf, the new three-cylinder, super-efficient 1.0i Direct Injection Turbo should tick all your boxes. At 115PS it has all the power and character of a much bigger engine, yet it's small on fuel consumption with a combined figure up to 57.6mpg, which is pretty thrifty.

PERFORMANCE/FUEL ECONOMY/CO₂/VEHICLE EXCISE DUTY

Engines	Performance*		Fuel consumption (l/100km)
	Max. speed (mph)	Acc. 0-62mph (secs)	
1.2i 70PS	103	14.9	39.8
1.2i 70PS S/S ecoFLEX	103	14.9	44.8
1.4i 87PS	109	12.5	40.9
1.4i 87PS ecoFLEX Easytronic	109	13.9	42.1
1.4i 100PS	111	11.5	40.0
1.4i 100PS S/S ecoFLEX	115	11.5	42.1
1.0i 115PS Direct Injection Turbo S/S ecoFLEX (JAM/GLAM)	115	9.9	46.0
1.0i 115PS Direct Injection Turbo ecoFLEX S/S (SLAM)	121	9.9	44.0
1.4i 150PS Turbo S/S	121	8.5	37.0

Please note: Fitting larger than standard alloy wheels could lead to an increase in fuel consumption and emissions. For further details, please refer to the ADAM Price and Specification Guide, available to download from www.vauxhalladam.co.uk. #Official Government Test Environmental Data. Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driver.

WANT IT ALL? Exclusive to the ADAM GRAND SLAM is the new 1.4 Turbo engine, the most powerful ADAM engine at 150PS, delivering an impressive 220Nm of torque with a six-speed gearbox. An engine with real attitude.

SAVE YOUR ENERGY. Most engines come with Start/Stop technology, too. This clever system saves fuel by switching the engine off when you stop in traffic, then starting it back up soon as you put your foot down. All totally smooth and automatic – while saving you money.

TAKE IT EASY. If you fancy a more leisurely life, choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. In manual, you simply push the gear lever forward or back to shift gears up or down – there's no clutch to bother with. And, by nudging the lever to the side you can switch to fully automatic mode and let Easytronic do all the work. Easy life. If you're a creature of the city you'll also love City Mode, a smart feature that lightens the steering to make parking a doddle. And, if a tricky situation arises, the ever-present ESP is there to reduce the possibility of losing control. And you're cool.

ICING ON THE CAKE. And, as if all this stress reduction wasn't enough, you'll also find yourself free of road tax for the first year too*. So you can just enjoy your new ADAM. Cheers!

*Apart from the ADAM GRAND SLAM 1.4 Turbo.

A DIFFERENT KIND OF DIFFERENT.

Ever driven a car where the night sky was on the inside of the roof? Or a chess board? Now's your chance! Believe it or not, ADAM lets you pick the décor over your head with what we call a printed or illuminated headliner.* You can redesign the dashboard too, with a choice of 21 different colours and textures for the fascia panel décor inserts, some of which extend to the door panel inserts too. Just ask your retailer or log on to the ADAM configurator at www.vauxhall-adam.co.uk for details of all the standard and optional* combinations on offer.

HEADLINERS

- A. Stars – illuminated
- B. Go – printed
- C. Go Blue – printed

LIGHT PACK

The Interior Light Pack* lets you experiment with the ambient lighting in your car. You can switch between eight different colours and, of course, when the colour of the cabin lighting changes so does the effect it has on the trim. For a better idea of how it works, make a date with your local Vauxhall retailer and see how customised car design has come of age with options where you didn't even know options could be.

*Optional at extra cost.

STYLISTS WANTED.

21 dashboard colours and 23 seat trims sound like a lot but a little ADAM magic actually gives you six times that number. How? By adding Interior Leather Packs* that change the colour of the steering wheel, handbrake and gear knob. You can also opt for floor mats to match or a range of rear-view mirror covers in graphic or coloured styles*.

ADAM GLAM model illustrated features Cocoa Bristol cloth/Morrocana, Cocoa Interior Leather Pack, IntelliLink infotainment system, sports pedals, Winter Pack, Sight and Light Pack, black velour floor mats and brilliant paint, all optional at extra cost. Pearl White fascia and door panel inserts are a no-cost option.

THE ONLY WAY IS UP.

The hill start assist feature automatically stops your ADAM from rolling back as you set off on a steep hill or slope. So you don't have to worry about pulling away safely. This clever little safety feature is standard on all ADAM models.

EYE CANDY.

The optional Sight and Light Pack covers three clever features that take the strain off your eyes and a load off your mind: The electro-chromatic rear-view mirror, automatic lighting control and the rain sensor. The electro-chromatic mirror cuts down the glare from cars behind you at night by automatically adjusting the amount of light it reflects. The automatic lighting control turns your headlights on automatically in low light situations and off when light levels improve and the rain sensor detects rain and turns on your windscreen wipers automatically – so you don't have to!

WE'RE ON YOUR SIDE.

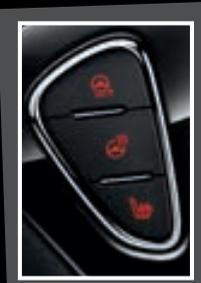

Advanced park assist comes with another clever safety option – Side blind spot detection. It's basically an intelligent door mirror that flashes a clear warning should another car potentially be in a blind spot. Side blind spot detection works up to 87mph (where permitted).

INNER SPACE.

When it comes to the question of storage, ADAM has all the right answers. With clever spaces, pockets and drawers to stash anything you want, keeping the inside of your car tidy and looking the way you intended.

Put frost back in its box with the ADAM Winter Pack. It heats the front seats or steering wheel or door mirrors – or all three. You control the whole system with simple switches on the dash.

LOCAL WARMING.

PARK & RIDE.

If you like sitting back while other people do the work, you're going to love the advanced park assist option. First of all, it lets you know when you drive by a suitable parking space. Then it manoeuvres the car into the space at exactly the right angle. You can actually take your hands off the wheel and watch your car steer itself. You do have to work the pedals and gears but the system tells you how far forwards and backwards to go. The graphics appear on a clear and simple display, which makes them easy to see – and the whole system easy to use.

TAKE IT DOWN (OR UP) A NOTCH.

Like to take life easy? Choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. Just tap the gear lever up or down to shift gears, no need for a clutch. Or switch to fully automatic mode and let Easytronic do it all. Easy, easy, easy!

PARK & PLAY.

ADAM offers a whole stack of high tech options that make driving simpler, safer and more comfortable – plus they help free up your time. Like Flex-Fix® and advanced park assist. One helps you park your bike on the back bumper, the other helps you park your car without bumping the back.

SAFE & SOUND.

You're in safe hands with ADAM. Every version comes with ABS, Electronic Stability Programme-plus (ESP-plus) and six airbags as standard. And there's the option of an alarm system should your car attract the wrong kind of attention.

OUTER SPACE.

Slide your Flex-Fix® bike carrier out of the bumper to mount your bike on the back of the car. When you're done, simply slide it back in. When it's not in use you'd never know it was there. To mount two bikes at once, add the accessory Flex-Fix® extension.

ADAM GLAM illustrated features I'll be Black Roof Colour Pack, Twisted Brown Pack, Flex-Fix® and A Star is Brown brilliant paint, all optional at extra cost. Additional bike carrier extension is available as an accessory at extra cost. The Flex-Fix® option is not available in conjunction with the optional VXR Styling Pack or space-saver wheel and tyre.

*Bicycle size restrictions apply. Please contact your local Vauxhall Retailer for further information.

Every ADAM comes with the latest in-car infotainment systems such as digital radio (optional at extra cost on JAM models) and Bluetooth® connectivity as standard. You can even fit your ADAM with the latest technology; optional IntelliLink, a smart all-in-one infotainment system with a big, 7-inch colour display. IntelliLink not only looks great but is extra easy to use directly via the touch-screen or steering wheel controls whilst compatible iPhones can use 'Siri Eyes Free' voice activation. And if you really want to pump up the volume add the optional Infinity premium speaker system.

YOUR OS

IntelliLink audio system with 7-inch touch-screen.

Designed to work without a CD player, IntelliLink supports portable Bluetooth® and USB audio devices, so not only can you make calls while on the move but you can hook up your smartphones or tablets to access your own music, videos², slideshows², podcasts and more. The built-in smartphone link also works with popular apps including BringGo portable navigation system and internet radio apps Stitcher® and TuneIn.

BRING

Siri Eyes Free – the intelligent personal assistant is integrated in ADAM through your iPhone making your ride more fun and safe. Using a button on the ADAM steering wheel, iPhone⁵ owners can ask Siri to call people, play music, listen to and compose text messages, dictate e-mails, hear new notifications, get directions, add reminders and much more.
