For a rugged twist on urban chic, check the ADAM ROCKS and ROCKS AIR editions.

Or turn heads with the striking Special Edition ADAM ENERGISED where you simply choose the colour and we fill in the details.

But we never forget that, just like you, every ADAM's an individual. Which is why you can go completely your own way with the ADAM UNLIMITED and make it your own from scratch.

Whichever ADAM you choose, you not only get a car that's 100% on trend but also a car that has all the latest hi-tech too. DRIVE BOLD.

Whatever your taste, and whatever size your pocket, there's an ADAM engine for you.

START ME UP. A great place to begin is the economical 1.2i (70PS) engine. Or move up to a sportier option with either 87PS or 100PS from a punchy 1.4i.

WANT MORE? If you want even more oomph, the new three-cylinder, super-efficient 1.0i Turbo should tick all your boxes. At 115PS it has all the power and character of a much bigger engine, yet it's small on fuel consumption with a combined figure up to 57.6mpg, which is pretty thrifty.

PERFORMANCE/FUEL ECONOMY/CO₂/VEHICLE EXCISE DUTY

Engines	Performance*	
	Max. speed (mph)	Acc. 0-62mph (secs)
1.2i (70PS)	103	14.9
1.4i (87PS)	109	12.5
1.4i (87PS) ecoFLEX Easytronic	111	13.9
1.4i (100PS)	115	11.5
1.0i Turbo (115PS) S/S ecoFLEX	121	9.9
1.4i Turbo (150PS) S/S	130	8.5

For further details, please refer to the ADAM Price and Specification Guide, available to download from www.vauxhalladam.co.uk
 #Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive.
 Official EU-regulated test data is provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors.

WANT IT ALL? Exclusive to the ADAM S is the new 1.4 Turbo engine, the most powerful ADAM engine at 150PS, delivering an impressive 220Nm of torque with a six-speed gearbox. An engine with real attitude.

SAVE YOUR ENERGY. Some engines come with Start/Stop technology, too. This clever system saves fuel by switching the engine off when you stop in traffic, then starting it back up as soon as you put your foot down. All totally smooth and automatic – while saving you money.

TAKE IT EASY. If you fancy a more leisurely life, choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. In manual, you simply push the gear lever forward or back to shift gears up or down – there's no clutch to bother with. And, by nudging the lever to the side you can switch to fully automatic mode and let Easytronic do all the work. Easy life. If you're a creature of the city you'll also love City Mode, a smart feature that lightens the steering to make parking a doddle. And, if a tricky situation arises, the ever-present ESP is there to reduce the possibility of losing control. And you're cool.

ICING ON THE CAKE. And, as if all this stress reduction wasn't enough, you'll also find yourself free of road tax for the first year too*. So you can just enjoy your new ADAM. Cheers!

*Apart from the ADAM S 1.4 Turbo.

Exterior colours are a big part of your car's personality. And because ADAM stands for self-expression, you get a whole lot of colours to choose from. Whether ADAM JAM, GLAM, SLAM or S, once you've decided on your body colour, you can create a cool two-tone look with one of three optional Roof Packs (includes matching roof and door mirrors) – in Black Jack, White my Fire or Shades of Grey, complete with dark-tinted rear glass. ADAM S models have the option of a unique Red 'n' Roll or Let it Blue Roof Pack. There are 12 body paints and countless different colour combinations to choose from. How's that for choice!

Please refer to the latest ADAM Price and Specification Guide, available to download from www.vauxhall.co.uk for details of colour availability by model and prices

THE ONLY WAY IS UP.

The hill start assist feature automatically stops your ADAM from rolling back as you set off on a steep hill or slope. So you don't have to worry about pulling away safely. This clever little safety feature is standard on all ADAM models.

EYE CANDY.

The optional Sight and Light Pack covers three clever features that take the strain off your eyes and a load off your mind: The electro-chromatic rear-view mirror, automatic lighting control and the rain sensor. The electro-chromatic mirror cuts down the glare from cars behind you at night by automatically adjusting the amount of light it reflects. The automatic lighting control turns your headlights on automatically in low light situations and off when light levels improve and the rain sensor detects rain and turns on your windscreen wipers automatically – so you don't have to!

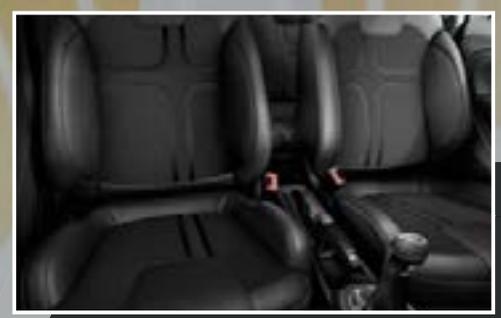

SAFE & SOUND.

You're in safe hands with ADAM. Every version comes with ABS, Electronic Stability Programme-plus (ESP-plus) and six airbags as standard. And there's the option of an alarm system should your car attract the wrong kind of attention.

SAFETY FIRST.

If you ever need to park a little faster in those tight spaces, then the optional parking distance sensors can help. Just engage reverse and the bleep will automatically tell you when you get too close to something behind you.

Put frost back in its box with the ADAM Winter Pack. It heats the front seats or steering wheel or door mirrors – or all three. You control the whole system with simple switches on the dash.

LOCAL WARMING.

TAKE IT DOWN (OR UP) A NOTCH.

Like to take life easy? Choose ADAM's Easytronic transmission. It's a five-speed manual gearbox with a fully automatic mode. Just tap the gear lever up or down to shift gears, no need for a clutch. Or switch to fully automatic mode and let Easytronic do it all. Easy, easy, easy!

STAY IN CONTROL.

Stay legal and stay within the speed limit with cruise control. Standard on all ADAMs it's ideal when negotiating those inevitable roadwork speed restrictions whether you're on the motorway or the sleepy country lanes.

ADAM ♥ INNOVATIONS.

ADAM offers a whole stack of high tech features and options that make driving simpler, safer and more comfortable – plus they help free up your time. Like parking sensors and hill start assist. One helps you to park up in a tight space, the other helps you to pull away safely. No worries all round then.

INNER SPACE.

When it comes to the question of storage, ADAM has all the right answers. With clever spaces, pockets and drawers to stash anything you want, whether you're driving or just along for the ride, all designed to keep the inside of your car tidy and looking the way you intended.

Stream your favourite tunes, connect with friends, find your way to wherever. It's easy to kit out your ADAM with the latest in-car tech to make it all happen.

YOUR MUSIC.

CD-based audio system with Bluetooth®.

The standard audio system features an MP3/WMA-compatible CD player, digital radio (excludes JAM models), AM/FM stereo radio, RDS with Traffic Programme and steering wheel mounted audio controls.

Sound-wise there's 20 watts per channel output from up to six speakers combined with speed-dependent volume control.

It also comes with Bluetooth®, USB and aux-in as standard too. So you stay in contact and entertained on the move.
