

THE NEW
GRANDLAND X

2018 Models Edition 1

VAUXHALL

LIFE JUST GOT A LITTLE MORE

GRAND

Isn't it funny how a little extra ride height makes you feel so much... grander? All of a sudden, commutes feel cooler. Getaways get greater. Adventures are reinvented.

But its commanding driving position is far from the only thing that's a bit grand about Grandland X. There's serious brains beneath the brawn, giving you powerful, on-the-go connectivity with the reassurance of smart safety technology.

Even as standard, it's grander. Well equipped with premium features like OnStar personal assistance and its own 4G Wi-Fi Hotspot, this is far from just another SUV.

But that's not all. There's plenty more splendid little moments to come. So turn the page and let's start feeling it.

Isn't life brilliant.

IT GETS YOU

SO GET IN

Look the part, and you feel the part too. So when you step out looking and feeling good, it gives you that same feeling. Grandland X gets this.

Or rather, Grandland X gets you. Confidently poised, it's ready to take you greater places. That energetic SUV design fuses lavish looks with practical versatility. So, while the LED daytime running lights are sharply stylish, they also improve your visibility for greater safety.

Because that's the way Grandland X rolls – not just to look grand, but to make life feel that bit grander too.

YOU'RE INTO SOMETHING
GOOD

No matter how good your car looks, or even how powerful it is, it should bring a smile to your face. Make you feel you've arrived – even before you've started up.

So, if you're sitting comfortably, it's probably down to Grandland X's ergonomic AGR front seats*. With full lumbar support, extendable and tiltable cushions, each seat electrically adjusts 16 different ways for the ideal back therapy.

The soft-touch facia and controls are ergonomically designed to keep your eyes on the road. The central IntelliLink touchscreen helps too, reducing clutter for a calmer, more luxurious cabin that takes you to a happy place. Now that's grand.

*Standard on Elite Nav and Ultimate, optional at extra cost on all other models. AGR seats are certified by the German centre of excellence for ergonomics, Aktion Gesunder Rücken (translates as 'Campaign for Healthier Backs').

BRITISH WEATHER **BEATEN**

Frosty mornings, misty windows and days cold enough to freeze the carrot off a snowman. Whatever the weather, life's a bit grand inside Grandland X.

Panoramic roof

All the heating tech inside Grandland X helps you enjoy your journeys even more, and if you treat yourself to an optional panoramic roof* you can love the sunlight streaming in too.

1. Heated windscreen*

Starting with those icy windows, ThermaTec technology quickly unfreezes the Grandland X's windscreen, making frantic morning scraping a thing of the past.

*Standard on Elite Nav and Ultimate, optional at extra cost on all other models.

**Available as part of a Winter Pack on most models. Heated front seats standard on Elite Nav, heated front and outer rear seats standard on Ultimate models.

†Available as part of Winter Pack 2 on most models. Standard on Elite Nav and Ultimate models.

3. Heated steering wheel†

Windscreen clear – check. Bottom cosy – check. How about a heated steering wheel to warm up those chilly hands on a cold morning?

2. Heated seats**

With a nice clear view outside, settle inside with the warm welcome of heated front and outer rear seats.

MAKE A SMART **MOVE**

Driving, parking and getting around in busy towns and cities can be a challenge. Luckily, Grandland X has some moves.

1. Keyless entry and start*

For starters, getting in and out and on the road is easier with keyless entry and start, which gives you secure access to your car and its ignition without taking your keys out of your pocket.

1.

2. Blind spot alert*

This is a real lifesaver. It helps prevent collisions by ultrasonically detecting vehicles hidden either side of you. If a vehicle moves into your blind spot, a warning light illuminates in the appropriate door mirror, making you aware of any hazard.

2.

3.

3. Advanced park assist**

Trying to get into a tricky space? Just switch to advanced park assist. Then take your hands off the steering wheel as Grandland X steers you in. Now that's a smart move.

4.

4. Rear-view camera†

If you're parking in a confined space, check the optional 180° rear-view camera so you can reverse into a tight spot with ease. Ultimate models feature a 360° panoramic camera as standard for a high and wide angle view around your car so you can move with even more confidence.

*Standard on all models except SE.

**The driver works the pedals and gears, while advanced park assist steers the car.

Standard on Ultimate models only.

†Option available from Spring 2018.

IT LOOKS OUT **FOR YOU**

Feels grand to know you're being looked after – especially when you're busy travelling.

Based on Grandland X's front camera technology, intelligent safety assistance is built into every model, giving you a greater sense of security. It's a reassurance that makes all the difference to your journeys.

Looking out for you

Standard on most Grandland X models, the Safety Pack combines the front camera and radar system for even greater safety assistance on the road.

Automatic emergency braking

No trouble ahead with automatic emergency braking. In busy traffic, it warns you if you approach a vehicle too fast, and automatically brakes for you as a failsafe.

Lane departure warning

Keep on the straight and narrow with lane departure warning. If you drift out of your lane without signalling, the system alerts you with a sound, then a gentle nudge of your steering wheel.

Driver drowsiness system

This potentially life saving safety feature monitors your driving time and behaviour to help prevent accidents if you seem tired.

LED adaptive forward lighting*

Giving you greater visibility and safety at night, LED adaptive forward lighting headlights automatically optimise the beam shape in different driving situations, from town and country roads to motorways and adverse weather.

*Standard on Ultimate, optional at extra cost on all other models.

A man with a beard is driving a car at night. He is looking out the driver's side window. The car's interior is visible, including the steering wheel, dashboard, and rearview mirror. The scene is dimly lit, with some light coming from the window.

EVERYTHING UNDER **CONTROL**

Music goes so well with driving. And so does knowing where you're going and staying connected. Luckily we thought of everything you need to stay relaxed, entertained and perfectly in control.

Touchscreen sat nav*

Keeping you on the right track, the Navi 5.0 IntelliLink system gives you an 8-inch colour touchscreen with fully integrated European navigation and route planning.

*Standard on all models except SE which features the R4.0 IntelliLink touchscreen infotainment system.

Smartphone integration

Every Grandland X features Bluetooth** connectivity and USB connection. You can also connect your smartphone using Apple CarPlay™ or Android Auto™ to project your phone onto the IntelliLink† display. Simple access to your phone, music and apps, complete with voice control.

Premium sound system††

Pin-sharp sounds pump gloriously through the Denon® sound system, a premium Hi-Fi unit with eight speakers, bass subwoofer and 240watt amplifier – so you can really crank it up when the mood takes you.

Wireless charging dock#

Oh yes, and there's a handy wireless charging dock to keep your smartphone charged, hands-free and ready when you're on the go.

**The majority of phones, MP3 players and tablets can be connected by either Bluetooth®, USB connection or aux-in. Please note you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your device. †Compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems. Apple CarPlay™ is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc. also registered in the U.S. and other countries. ††Standard on Ultimate. Optional on all other models. #Standard on Elite Nav and Ultimate. Optional on all other models.

MEET YOUR **IDEAL TRAVEL COMPANION**

Journeys go faster with great company. It's just a good feeling to have someone with you along the way. Which is why Grandland X comes with OnStar personal assistant.

A personal connectivity and service assistant who's always there for you, 24/7, 365 days a year. That's OnStar¹.

At the push of a button, it puts you in touch with someone to help you – it could be help to find or unlock your car, or immediate emergency assistance – whatever happens, OnStar's there for you.

Oh yes, and how could we forget OnStar also features a 4G Wi-Fi Hotspot²? Perfect for hooking up to seven devices (I want to be at that party). Isn't this just the kind of mate you'd like on your next road trip? And we guarantee it won't complain about the music you play – a perfect travel companion indeed.

SOS

YOU'RE SAFE

With OnStar you have emergency assistance at your fingertips, available 24 hours a day, 365 days a year.

// **Automatic Crash Response¹:**

in case of a crash and an airbag deploys, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with key car information and can send them to your exact location.

// **24-Hour Emergency Call Service¹:**

you or a passenger are not feeling well? Push the red SOS button and our advisors make sure to send help right away.

// **Roadside Assistance^{1,3}:**

if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send Roadside Assistance to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.

// **Stolen Vehicle Assistance¹:**

in case your car gets stolen, report it to the police and get a crime reference number. Once the car stops and is turned off, OnStar blocks the ignition so the car can't be restarted again and provides the police with the exact vehicle location to help retrieve your car safely.

YOU'RE WELL CONNECTED

Nowadays, we're pretty used to having Wi-Fi on tap almost everywhere. So why not your car? And you can use the smartphone app to view the status of some functions, locate your car, and lock or unlock it if needs be.

// **Wi-Fi Hotspot^{1,2}:**

a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.

// **Remote Control^{1,4}:**

if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **My Vauxhall Smartphone App**.

// **Car Locator^{1,4}:**

forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or honk the horn to see where you've parked.

YOU'RE LOOKED AFTER

Who wouldn't want a personal assistant?

At the touch of a button, you'll be connected to an assistant who's at your service – 24 hours a day, 7 days a week.

// **Hotel Booking^{1,5}:**

plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.

// **Parking Service^{1,6}:**

never search for a car park space again! Using Parkopedia.com, OnStar can find the nearest car park to your destination. That way, before you even get there, you'll already know the availability and parking fee. How's that for personal service? All without leaving your new Grandland X.

³ OnStar will direct a professional breakdown recovery team to your location. If your car is within the Vauxhall New Vehicle Roadside Assistance coverage period, OnStar will connect with the Vauxhall Roadside Assistance service, who will send help free of charge, subject to the Vauxhall Roadside Assistance terms and conditions. If your vehicle is outside the coverage of the Vauxhall New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. ⁴ Some elements of Smartphone App may not be available for all cars/trim levels. Check vauxhall.co.uk/onstar for service limitations and charges. ⁵ An OnStar advisor can help you book a hotel room using Booking.com, subject to Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you in making a booking and is not responsible for the services provided by Booking.com or your hotel. Email address and credit card required. ⁶ Some elements of Smartphone App may not be available for all cars/trim levels. Check vauxhall.co.uk/onstar for service limitations and charges. ⁷ Only available for car parks which are listed in Parkopedia. OPEN TO **IDEAS**

Space. Like time, it's something that's often a bit scarce.

Thing is, with a bit of clever thinking, there's always ways to make more. Grandland X starts off with a generous 514 litres of rear storage, but with a simple flip of the rear seats, space expands to 1652 litres. Perfect for storing extra kit, luggage and loads of all sizes.

Power tailgate*

Complementing Grandland X's keyless entry and start system, a sensor-operated power tailgate gives you hands-free access when you're carrying and loading luggage. Just swipe your foot under the rear bumper to spring open the tailgate – grand.

Split-folding rear seats*

Make space work your way with seats that fold down flat in one easy hand movement. They've got a 60/40 split ratio too, so they adapt for all sorts of tasks.

Flexible space*

Perfect for long loads, the seats feature a pass-through space so you can safely store anything from ski gear to fishing tackle inside your car.

*Standard on all other models except SE.

GRIP THOSE

CURVES

Who doesn't love the confidence of control? That feeling of knowing what you can do, and just being able to do it.

That's exactly what makes Grandland X gripping stuff on every stretch, turn and curve. Oh yes, and its economical fuel consumption means you'll refuel less often, which can only add to that good mood.

Gripping stuff

IntelliGrip traction control is an intelligent front-wheel drive system that gives you greater traction in different driving conditions by adjusting torque distribution and optimising the operation of the ESP system.

There are four different modes; standard ESP operation plus a mode for driving in snow, in muddy conditions or on sand. So wherever you might head off you can dial in the right level of grip.

Lean, mean and clean

A powerful range of super-efficient petrol and diesel turbo engines (including a 177PS 2.0 turbocharged diesel) give you a choice of manual or automatic transmissions, all with our Start/Stop fuel saving system. All diesel

engines feature BlueInjection, our next generation NOx emission control technology, using AdBlue® to reduce nitric oxide levels and improve emissions.

Smooth moves

Whichever transmission you prefer, we've got the right gear. Choose between a 6-speed manual or 6-speed automatic model with Quickshift transmission for unprecedented smoothness.

The 2.0 litre turbocharged diesel engine on Ultimate models features a sophisticated 8-speed automatic transmission as standard.

1. Screen time. Keep your rear seat passengers entertained with this FlexConnect tablet holder that securely adjusts for every viewing angle. Other FlexConnect attachments are available for holding shopping bags, jackets and drinks.

2. Nice footwork. Add an even more stylish and sporty look to your Grandland X's interior with the racing glitz of alloy pedal covers, available for either manual or automatic transmissions.

Big up your adventures. Aerodynamic Thule® roof boxes, available in a range of stylish finishes complement Grandland X's shape. There's a range of sizes, which use a Power-Click quick mounting and safety locking system, increasing your load capacity by up to 520 litres for even grander escapes.

Furry good idea. If you have a four-legged friend, a fitted dog guard is the perfect way to separate the passenger and luggage compartments to keep your furry pal happy and safe (and your rear seats tidy!).

Tidy travels. Drive smart with a Grandland X cargo liner. Available as a velour carpet load liner (illustrated left) or a custom moulded tray with a raised lip to keep loads and spills contained, both are designed to keep your boot floor clean, tidy and protected.
