

1995 RANGE HIGHLIGHTS

CALIBRA

FROM VAUXHALL

 **VAUXHALL**

THE BODY BEAUTIFUL

The 1995 Calibra coupé is a car designed to stir the emotions. Every aspect of its dramatic character ensures that this objective is more than fulfilled. But, above all else, Calibra now looks more stunning than ever.

Stylish new V-grille reinforces the Vauxhall family look

Distinctive new rear badging has been introduced on all 1995 models

New Penta Line alloy wheels emphasise Calibra's sporting potential

The prestigious, new-style Vauxhall V-grille and rear badging have added an extra touch of class to a body that remains as wildly practical as it is supremely beautiful. There's ample room for four inside and yet, in pure 2.0i 8-valve form, Calibra cuts a smoother passage through the air than any other production car in the world.

Engine choice serves to reaffirm Calibra's distinguished sporting pedigree, with an exciting range that comprises a sophisticated and super-smooth V6, a potent 16-valve turbo and two naturally-aspirated, fuel-injected 2.0i units offering eight or 16 valves. The 16v version benefits from the very latest Vauxhall ECOTEC-4 2.0i engine, providing a persuasive blend of performance and driveability while setting new standards of refinement and already meeting stringent EC emissions regulations for 1996.

Every Calibra now benefits from distinctive new Penta Line alloy wheels that perfectly complement Calibra's exciting curves while further emphasising the car's sporting potential. In addition, the handling and ride comfort of Calibra 8-valve is now enhanced by the fitment of gas pressure dampers to bring this model in line with the rest of the range.

And, of course, for the ultimate personalised Calibra, Vauxhall dealer-fit options and accessories allow you to accentuate the car's beautiful flowing lines still further.

Vauxhall's styling department has teamed up with auto design specialists, Imscher International (**ii**), to produce a range of bodystyling features and light alloy wheels that perfectly enhance and complement the original design without detracting from Calibra's intrinsic character. Your Vauxhall dealer will be pleased to provide full details.

The 1995 Calibra. Just occasionally, when art and science combine, the result is near perfection.

New style vision dials for '95 include new oil pressure and voltmeter gauges to ensure a comprehensive level of driver information

Leather seat trim is standard on all models except 2.0i 8-valve. Cream leather can be specified with Forest Green and Velvet Green pearlescent paint finishes

Inside, Calibra continues to reward the eye just as richly as it indulges the other senses – the broad sweep of the fascia echoing the gentle curves of the stunning body.

All controls are carefully sited for ultimate ease of operation while the stylish new vision dials and gauges provide reliable and accurate driver information with just the briefest of glances.

For 1995 models, the addition of oil pressure and voltmeter dials in the centre console has ensured that the level of information is now more comprehensive than ever.

Living with the car, you quickly come to appreciate Calibra's many refinements. The supple leather seat trim, for example, inclusive on all but the 2.0i 8-valve Calibra, not only provides a feeling of genuine luxury but also underlines the car's sporting pedigree. Additionally, on all 1995 models, cream leather trim can be specified in conjunction with Velvet Green or Forest Green pearlescent paint finishes.

THE INSIDE LINE

All models feature a superb stereo system; furthermore, owners of V6 and Turbo models can now opt (at extra cost) for a top of the range SC 804 CDC stereo radio, cassette and compact disc player with boot-mounted, six-disc autochanger. And to help protect your investment, every model offers a host of security features, including deadlocks and a sophisticated ultrasonic security alarm system complete with immobiliser.

Other Calibra benefits only become apparent once you're on the move. The power steering responds quickly to input via the leather-clad, four-spoke steering wheel while the gear lever (now adorned with a leather-effect gearknob) allows clean, smooth shifts that make driving a Calibra always a deeply satisfying experience.

SC 804 CDC stereo radio, cassette and compact disc (CD) player features boot-mounted six-disc autochanger and is now optional on V6 and Turbo models

Stylish Lens cloth trim comes as standard on 2.0i 8-valve models and is available at reduced cost on all other models

SPECIFICATIONS

STANDARD FEATURES ON ALL MODELS

Interior

• Driver's full-size airbag • Fully reclining sports front seats with height adjustment • Front seat body-lock restraint system • Height adjustable inertia reel front seat belts • Two inertia reel rear seat belts • Fully adjustable front seat head restraints • Front seat belt buckles mounted on seat frames • 60/40 split-folding rear seat • Rev counter • Fuel gauge with low fuel level warning light • Water temperature gauge • Oil pressure gauge and voltmeter mounted in centre console • Trip odometer • Instrument panel light dimmer • Leather covered four-spoke steering wheel • Lockable, illuminated glovebox • Cigar lighter • Air blend heater with four-speed fan and illuminated controls • Cabin pollen filter • Side window demist vents and four adjustable facia air vents • Security code protection for audio equipment • Radio data system (RDS EON) with Traffic Programme • Courtesy light with integral map reading lights and delay cut-off • Illuminated load area and glovebox • Colour keyed velour carpet • Carpeted load area, carpeted rear seat back, carpeted side panel and wheelarches • Plastic load area sill protector • Flocked load area cover • Integral centre console with carpet insert • Front door pockets, and front and rear armrests • Height adjustable dipping rear view mirror • Twin sun visors with illuminated driver's and passenger vanity mirrors.

Exterior

• Electronic anti-lock braking system (ABS) • Twin side impact door bars • Reinforced passenger safety cell and deformation zone front and rear • Disc brakes front and rear • Power assisted steering • Independent semi-trailing arm rear suspension • Gas pressure dampers • Three-way closed loop catalytic converter • Halogen double ellipsoid headlamps • Electric headlamp levelling • Clear glass front indicator lenses • Lights-on warning buzzer • Twin reversing lamps • Twin rear fog lamps • Body colour front and rear bumpers with rubber protection strip • Body colour grille and door mirror housings • Aero sill mouldings • Green tinted glass with windscreen shadeband • Electrically operated front windows with one-touch operation and safety auto-reverse facility • Central locking (doors, tailgate, fuel flap) with security deadlock and torch key • Ultrasonic security alarm system with immobiliser • Push-button tailgate release integrated into right hand tail lamp • Electrically operated sliding/tiltable steel sunroof • Heated rear window with automatic timed cut-off • Intermittent tailgate wash/wipe • Twin electrically adjustable/heated door mirrors • Roof mounted flexible rod aerial with integral tailgate wash nozzle • Two-speed windscreen wipers plus intermittent and flick wipe.

Fuel consumption data for Vauxhall passenger cars officially certified by the United Kingdom Government as required by the Passenger Car Fuel Consumption Order 1983. **IMPORTANT.** The results given relate to the particular car tested; inevitably there are differences between individual cars of the same model. In addition, some cars may incorporate particular modifications. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption. Therefore the results do not express or imply any guarantee of the fuel consumption attainable.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (September 1994).

Vauxhall cars are equipped with components manufactured by various General Motors operating units and outside suppliers. In line with Vauxhall's policy of continuous product improvement, the company reserves the right to change specifications and make modifications to the vehicles described and illustrated at any time.

Any such modifications will be notified to Vauxhall dealers at the earliest opportunity; please consult your local dealer for the latest information.

The colours reproduced in this brochure may vary slightly from the actual paint colour or trim material due to the limitations of the printing processes. However, all Vauxhall dealers have a comprehensive colour and trim album, with highly accurate exterior colour samples and actual interior trim samples, available for customer inspection.

Please note that Vauxhall dealers are not the agents of Vauxhall Motors Limited and are not authorised to bind the company by any specific or implied undertaking or representation.

As part of Vauxhall's philosophy of environmental care, this brochure is printed on chlorine-free paper that has been made using only specially farmed sustainable timber resources.
