2012 Models Edition 1

Proud Sponsor of Home Nations Football

Antara SE

## Explore the city limits.

If you've never been shy about exploring new territory, it's great to know that you can now go anywhere in complete confidence in a New Antara – whether you choose the new front-wheel drive model or the innovative four-wheel drive system. Now with fresh styling and new petrol and diesel engines – featuring improved all-round efficiency – coupled to genuine driving excitement and innovative versatility, there's never been a bolder way to drive with style.

Exterior style	04	Versatility	16

Antara Exclusiv

ANTARA GLD TTD 2.0

## Explore your enthusiasm for creativity.

A smart new look, yet still complete with flowing curves and perfect proportions – New Antara has an even more expressive yet rugged style about it. Compact, sophisticated, yet tough, dynamic and now, more than ever, ready for an active life. Imposing alloy wheels, roof rails and protective skid plates. Be inspired by your New Antara – wherever your drive takes you.

The image shows the rear passenger area of a car. Two brown leather seats with horizontal stitching are visible. A center console with two cup holders and a handbrake is in the foreground. The car's interior is well-lit, and the windows show a blurred outdoor scene.

## Explore your passion for the finer things in life.

The New Antara interior is full of light and space, with high quality trims, premium finishes and top-of-the-range levels of equipment. Leather trim, electronic climate control, satellite navigation, MP3 format and heated front seats are all available. The new electric parking brake function also frees up space for even more storage. And a high driving position gives you confidence, control and a great view of the road ahead.

**Start/Stop technology.** New to the Antara range and available on both FWD and 4X4 2.2CDTi 16v manual diesel models, the innovative Start/Stop system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed. A huge range of built-in checks ensures passenger and vehicle safety at all times, of course. Engine stop is indicated by the rev counter needle in the AUTOSTOP position.

**Front-wheel drive.** New to the Antara range is a conventional front-wheel drive system. Available on Exclusiv models only and mated to the 163PS version of the new 2.2CDTi 16v it offers the perfect choice for those who are looking for more affordable Antara motoring and the associated maximum fuel economy benefits.

**Intelligent four-wheel drive.** The electronically controlled Antara system switches automatically between two- and four-wheel drive as conditions demand. In normal driving, power goes to the front wheels only, saving fuel at the same time. And when conditions turn difficult or slippery, four-wheel drive is automatically engaged, switching the drive as required to the front and rear wheels for optimum traction.

**New 2.4i 16v petrol engine.** New to the Antara range this efficient multi-valve four-cylinder petrol engine develops 167PS and is available on Exclusiv FWD models only.

**New efficient 2.2CDTi 16v diesel.** Available in two versions – a 163PS unit with 350Nm of torque on Exclusiv and SE Nav models and on SE Nav models only, a 184PS variant with an equally impressive 400Nm of torque. Not only is this latest engine more powerful than the previous unit, it is both quieter and smoother and offers up to 15% better fuel economy with manual transmission. In addition CO<sub>2</sub> emissions are vastly improved – the new front-wheel drive model achieves 160g/km.

**Diesel Particulate Filter (DPF).** Diesel Particulate Filters provide an effective means of reducing particulate emissions into the atmosphere. The maintenance-free Antara unit can cut the output of harmful emissions by over 90%. That's why it's standard equipment.

**Automatic transmission.** Rare for this class, a six-speed ActiveSelect® automatic transmission is available (at extra cost). Electronically controlled features include an adaptive driving function plus a new eco mode that maximises use of higher gears for improved fuel economy – which in combination with the new 2.2CDTi unit means almost a 10% improvement over previous automatic models.

**Six-speed manual transmission.** Antara's new multi-valve petrol and diesel engines come with a slick but sturdy new six-speed manual gearbox as standard. The new manual front-wheel drive diesel model achieves an impressive 46.3mpg on the combined cycle.

**Electronic Stability Programme (ESP).** Antara benefits from a unique interaction between switchable ESP, Traction Control (TC) and Descent Control System (DCS), all working together with the ABS system and on 4X4 models, intelligent four-wheel drive to deliver high degrees of driving satisfaction, comfort and active safety. If a wet roundabout or muddy corner catches you out, ESP applies corrective braking to help you regain control. TC helps maintain traction under acceleration. The ESP system fitted to the Antara also includes a trailer stability program and Hill Start Assist (HSA) that eases starting and eliminates roll-back on gradients.

**Descent Control System.** DCS enhances driver control on slippery slopes by maintaining a constant incline descent speed. Fitted as standard equipment, it allows drivers to make potentially tricky descents far more comfortably and at safer, constant speed.

**Safety features.** Antara protects you in so many ways. Front, side and full-size curtain airbags are standard, along with pyrotechnic body-lock seatbelt pretensioners for the front and outer rear seats. Adaptive brake lights flash when the ABS braking is activated.

**Dual front seatbelt pretensioners.** Working in tandem with the built-in front seat ramps they help to minimise the forward movement of the body during emergency braking. They also help enhance the effectiveness of the front airbags.

**Tyre pressure monitoring system.** Antara SE Nav models permanently monitor individual tyre pressures using sensors located on the tyre valves, displaying the information on the screen. If a significant pressure loss is detected, the display identifies the offending tyre.

**Passenger airbag deactivation.** The front passenger's airbag can be deactivated when a child seat is fitted.

**Front lights.** For safer winter driving, front fog lights are standard on every model, recessed into the lower valance. Xenon headlights, with dynamic beam levelling and high-pressure washers, are standard on Antara SE Nav models. Our clever door-to-door illumination feature keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave the car.

**Parking distance sensors.** Standard on all 4X4 models, this clever Vauxhall system helps safeguard your car when parking. Sensors in the bumpers provide an audible warning when they sense an object behind – or in front of – the vehicle, making it altogether easier to park.

**Security features.** Remote control central deadlocking, ultrasonic security alarm system and an electronic engine deadlock immobiliser are standard.

**Get connected.** And stay connected on the move with the Touch and Connect touch-screen navigation system complete with USB connection and Bluetooth® technology. Standard on SE Nav models and optional at extra cost on Exclusiv diesel models, this sophisticated system packs all the latest technology.

- Five-inch touch-screen colour display and steering wheel control for easy, intuitive operation
- Dynamic navigation with bird's eye view map
- Navigation data for 28 European countries on SD card
- CD/MP3 CD player
- Aux-in socket and USB connection with full control and browsing capability for portable MP3 players
- Bluetooth® wireless connectivity for hands-free calling and audio streaming with detailed track information on display
- Four x 20 watts per channel output and seven premium speakers

**Electric parking brake.** The electric parking brake is easy to apply and also has an automatic release function to ease driving off on slopes.

**Sensing features.** The Antara driver environment is packed with clever ideas helping you concentrate on the road ahead. On SE Nav activate the rain-sensitive wipers and they'll switch on automatically when it rains. Automatic lighting control does the same for the headlights when it starts to get dark.

**Seating position.** You don't just sit high up in Antara. You relax in total comfort, thanks to driver's seat height, tilt and lumbar adjustment, plus a reach and rake adjustable steering column. Both models feature heated front seats – with three separate heat settings as standard.

**CD 30 MP3 CD player.** Standard on Exclusiv models, this unit plays MP3 tracks from CD. Antara models have seven speakers and steering wheel mounted audio controls. There's also an aux-in socket so you can play favourite tracks direct from your personal MP3 player.

**Cruise control.** Standard on all 4X4 models, the easy-to-use cruise control system allows you to maintain a steady speed without keeping your foot on the throttle. So it's more comfortable on long journeys and easier to keep to speed limits too.

**Leather trim.** Antara SE Nav models feature stylish leather seat trim in Charcoal, Saddle Brown or a new Light Titanium finish to suit your exterior colour. It's complemented by contrasting trim on the fascia and doors, adding to the upmarket feel.

**Front centre armrest.** The centre console includes a comfortable armrest. Open the lid and you'll find more storage space for loose items like sweets, coins, CDs and other personal effects.

**Heat-reflective windscreen.** The SE Nav features a multi-layered coating inside the windscreen which reflects the sun's heat, helping the electronic climate control maintain a pleasant – and constant – temperature inside the car.

**Air conditioning and ECC.** Standard on Antara Exclusiv, air conditioning makes for a fresher interior atmosphere all year round. SE Nav models move up to Electronic Climate Control enabling you to maintain the interior temperature to within a single degree. All models feature rear heater ducts.

**Front floor console.** The electric parking brake has freed useful space for the centre console. On Exclusiv and SE Nav models, the new centre floor console contains two drinks holders and a convenient open storage compartment. The armrest opens to reveal capacious storage for journey needs and personal items.

**Rear drinks holders.** Mounted in the rear seat centre armrest, the two drinks holders are the perfect place for en-route refreshments and typical of Antara's attention to rear passenger comfort. The armrest also features a useful storage facility.

**Heated front seats.** On both models, heating elements in the seat backs and cushions enable the front seats to reach a comfortable temperature in a very short time. There are three separate heat settings.

**Spacious load area.** Open the tailgate. Enjoy the space. An incredible 1420 litres of loadspace to be exact – with the rear seats folded forward. Even with all five seats in use, and the luggage compartment cover in place, a 928mm long floor length translates to as much as 420 litres of loadspace – easily enough for several large suitcases. If you need room for longer luggage, the rear seat back is 60/40 split-folding, so you can carry what you need and still have room for rear seat passengers.

**Fold-flat front passenger's seat.**

The fold-flat facility for the front passenger's seat on SE Nav models allows the seat back to fold forward to accommodate extra-long items.

**Practical storage.** Antara has plenty of clever storage space. In the front you'll find door pockets, drinks holders, a sunglasses storage pocket (SE Nav only), passenger seat undertray and storage in the front centre armrest. There are drinks holders and front seat back storage pockets for rear passengers too.

**Roof rails.** Antara's stylish silver-effect integral roof rails don't just look good. They're the perfect starting point for the Vauxhall roof rack system. Attach the accessory base carrier and it's ready for a wide range of lockable travel boxes and other specialist fittings for skis and more.

**60/40 split-folding rear seat.** Antara models feature a 60/40 split-folding rear seat with adjustable backrest. Tilted forward into the upright position, these provide extra usable luggage capacity.

## Exclusiv

Standard features include:

- Switchable Electronic Stability Programme (ESP)
- Anti-lock Braking System (ABS)
- Descent Control System (DCS)
- Hill Start Assist (HSA)
- Six airbags
- Air conditioning
- Electrically heated front seats
- Steering column adjustable for reach and rake
- 3-spoke leather-covered steering wheel
- Leather-covered gear knob (manual models only)
- Front fog lights
- Dark-tinted glass (excludes windscreen and front door windows)
- Automatic self-levelling rear suspension
- Silver-effect roof rails
- Electrically adjustable/heated door mirrors
- Electric parking brake
- CD/MP3 CD player/aux-in socket/stereo radio (CD 30 MP3)
- 17-inch alloy wheels with 235/65 R 17 low profile tyres
- Remote control alarm system
- Rear seat centre armrest with cupholders

Four-wheel drive models also feature:

- Trip computer and Graphic Information Display (GID)
- Cruise control
- Traction Control (TC)
- Parking distance sensors front and rear
- 18-inch alloy wheels with 235/55 R 18 ultra-low profile tyres

Genuine Vauxhall accessories are the right choice for your New Antara. Whatever you're into, there's certain to be a genuine Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We've only featured a small selection of what's available here, so please check with your Vauxhall retailer for accessory availability information or visit our website at [www.vauxhall.co.uk/accessories](http://www.vauxhall.co.uk/accessories)

**Aluminium base carrier\***. The roof rack system begins with this lockable base carrier, comprising two T-track roof bars which support a wide range of products from Thule, including bicycle carriers and roof boxes (illustrated far right).

**Detachable coupling tow bar with 12N electrics**. If you want a tow bar coupling that can be removed from your vehicle when you're not towing, this is the choice for you. The coupling is easily mounted and detached for maximum convenience.

**Velour and rubber floor mats**. Hard wearing and easy to fit, our velour or rubber Charcoal floor mats are the best way to protect your car's interior.

#### FURTHER ACCESSORIES INCLUDE:

- Alloy wheels
- Safety Pack
- Thule roof boxes and bicycle carriers
- Fixed or detachable tow bars with 7- or 13-pin connection
- Rear parking distance sensors
- Load-restraining net
- USB multimedia connection
- Door sill covers
- Front passenger seat net
- Rear bumper protection film

\*Product may vary from image shown. Model illustrated (main image right) features aluminium base carrier fitted with Thule Ocean 80 roof box and side-window air deflectors.

**FlexOrganiser®**. Antara is pre-fitted with mounting points for our innovative accessory FlexOrganiser® system – side rails with sliding hooks and specially devised storage nets and pockets. With all your belongings safe in predefined compartments, it's the smart, versatile way to manage your load area.

**Reversible anti-slip cargo liner**. Our strong and sturdy Charcoal-coloured cargo mat is tailor-fitted to the luggage compartment and perfectly matches the car's interior. Reversible design features carpet with Antara lettering on one side, and easy-to-clean anti-slip surface on the other.

**Mud flaps**. Specifically tailored for all Antara models they are designed to help protect the vehicle's bodywork against mud, salt and stones whilst aiding visibility for following vehicles by reducing spray in wet weather.

#### Clarion NX501E Multimedia audio.

Fully integrated featuring the following:

- 3D navigation system with six-inch colour touch-screen
- 44 country European mapping
- USB iPod connection in glovebox
- Mobile phone system with Bluetooth®
- DVD/MP4 playback

*irmscher*

## Styling

Developed in conjunction with auto design specialists Irmischer International, Antara styling accessories perfectly complement the vehicle's lines, as well as being manufactured to the same exacting standards as the car itself.

Create a distinctive look for your Antara with the cross hatch front grille from Irmischer. Featuring an aluminium upper strip with a laser-etched 'Irmischer' logo, it adds a touch of individuality.

For an individual look the body-colour rear roof spoiler is the perfect choice for your Antara.

Show your true colours. New Antara is available in a carefully selected range of paint and interior finishes.

**Summit White – Solid**

**Sovereign Silver – Metallic\***

**Placid Grey – Metallic\***

**Smoke Grey – Metallic\***

**Carbon Black – Metallic\***

**Daydream Beige – Metallic\***

**Cream White – Pearlescent\*\***

*\*Optional at extra cost.  
†Available until end July 2012.*

Each model features an imposing alloy wheel design that complements the Antara's expressive yet rugged style.

**Please note:** An emergency tyre inflation kit is standard on all models.

**Exclusiv FWD 17-inch alloy wheels with 235/65 R 17 low profile tyres**

*FWD = Front wheel drive.*

**Exclusiv 4X4 18-inch alloy wheels with 235/55 R 18 ultra-low profile tyres**

**SE Nav 19-inch alloy wheels with 235/50 R 19 ultra-low profile tyres**

All our colours and seat trims, including the premium leather upholstery, are designed to perfectly complement Antara's dynamic and stylish personality.

## Safety

**Standard features** • Driver's airbag • Front passenger's airbag • Front seat side-impact airbags • Full-size curtain airbags • Energy-absorbing steering column • Pedal release system – Reduces potential injury to the driver's legs and feet during a severe frontal impact • Laminated windscreen • Side-impact protection beams • Integral protective side door padding • Reinforced passenger safety cell • Deformation zones front and rear • Burst-proof door locks and anti-jam door design • Child-proof locks on rear doors

• **ISOFIX child seat restraint system for outer rear seats (does not include child seat)** – Secures ISOFIX child safety seats to the vehicle itself, virtually eliminating the dangers that can result from improper installation • **Deactivation switch for front passenger's airbag**

• **Switchable Electronic Stability Programme (ESP)** – see **D1** on page 33 • **Anti-lock Braking System (ABS)** • **Electronic Brakeforce Distribution** – Distributes the braking force between the wheels most able to use it, allowing stable and efficient braking • **Cornering Brake Control** – see **D2** on page 33 • **Emergency Brake Assist** – Increases applied brake force in emergency braking situations • **Descent Control System** – see **D3** on page 33 • **Trailer stability programme** • **Adaptive Brake Lights** – If the driver brakes hard enough to activate the ABS the brake lights flash on and off at the rate of four times per second, thus warning following vehicles that heavy braking is in progress • **Electric parking brake**

• **Height-adjustable front and outer rear seat head restraints** • **Front body-lock lap and diagonal seatbelt pretensioner system** – Tightens the lap and diagonal belts during the early stages of a frontal impact • **Outer rear body-lock diagonal seatbelt pretensioner system** • **Front and outer rear seatbelt force limiters** – Reduce potential upper body injuries during a frontal impact • **Anti-submarining ramps in all seats** – Help prevent occupants sliding underneath the lap belt during a collision

### Touch and Connect features

#### Satellite navigation

The satellite navigation system uses the international network of GPS (Global Positioning System) satellites, linked to a comprehensive 3D mapping system on the 5-inch colour LCD touch-screen, to determine your precise location and guide you to your chosen destination virtually anywhere in mainland Britain. In areas where radio stations operate the Traffic Messaging Channel (TMC) service you can take advantage of dynamic route guidance. This monitors incidents and delays along your chosen route and suggests an alternative route to avoid them, taking into account any previous conditions you have set such as avoiding motorways, toll roads etc. The system also offers major route navigation across a further 28 European countries via the supplied SD card.

The bright display makes it easy to follow your progress on screen, and the directional arrows are backed up by spoken instructions that guide you to your destination turn-by-turn. A travel guide is a particularly useful feature that has details of restaurants, hotels, parking and other points of interest. Simply select the location you're interested in and let the navigation system guide you there.

#### Mobile phone system with Bluetooth®

The Touch and Connect unit includes built-in Bluetooth® v2.0, allowing transfer of phonebook contents, call history and caller ID. Simply tap the touch-screen to accept an incoming call and hear your caller through the stereo speakers. To make an outgoing call, choose a name from the phonebook via the touch-screen display, then carry on your conversation hands-free. The unit features an in-built microphone to pick up your voice. You can even stream music directly from your compatible mobile phone.

#### USB connection

Fitted in conjunction with the Touch and Connect unit, the USB connection provides iPod/iPhone control and read-out of iPod/iPhone functions through the touch-screen display. Traditional aux-in sockets only allow control of the volume through the car's audio system. The USB connection also means that the iPod/iPhone will charge whilst it is connected. If you prefer to store your music on a memory stick this is no problem, you simply plug it in and play via the touch-screen.

#### Aux-in socket

The aux-in socket allows you to connect your portable MP3 music player directly into the car's audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car's speaker system. Using your MP3 music player in the car couldn't be easier – use it to select the music, as you would normally do, while controlling the volume via the car's regular volume controls.

Steering wheel mounted audio controls.

- = Standard equipment.
- = Optional at extra cost.

- 2 = Please note: All New Antara models feature tow bar provision with Trailer Stability Programme and Electronic Stability Programme (ESP) as standard.
- 3 = Only available on 2.2CDTi 16v models.

Fuel/induction system	Naturally aspirated. Electronic fuel injection	Variable geometry turbocharger with intercooler. Common rail fuel injection	
Emission compliance	Euro 5	Euro 5 with Diesel Particulate Filter	
Service interval	20,000 miles or 1 year (whichever occurs sooner)		
<i>Benefit in kind company car taxation – 2012/13 tax year</i>			
FWD	32%	26%	-
4X4 manual	-	28%	28%
4X4 automatic	-	35%	35%

FWD = Front-wheel drive.

## Transmissions

### Six-speed manual gearbox:

Standard on all models

### Six-speed automatic transmission with

#### Active Select function:

Available at extra cost on diesel models. Electronically controlled with adaptive driving function and fuel-saving eco mode. Fluid drive with torque converter; lock-up clutch and Active Select.

## Steering

- Speed-sensitive power-assisted steering
- Turning circle (kerb-to-kerb): 11.87m (38.9ft.)

## Suspension

**Front:** Independent. Lightweight MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar.

**Rear:** Independent. Multi-link with coil springs and gas-pressure dampers. An automatic self-levelling rear suspension system is integrated within the dampers, requiring no external power source.

Rear suspension includes automatic self-levelling.

## Brakes

- Anti-lock Braking System (ABS)
- Dual circuit, diagonally split braking system

### All models

Front ventilated discs: 296mm diameter  
Rear ventilated discs: 303mm diameter

## Body

- Aerodynamic drag co-efficient: Cd 0.38

## Fuel tank capacity

65 litres (14.3 gallons).

## Vauxhall Assistance and warranties

See back cover for details of our comprehensive warranties.

## Performance, fuel economy, emissions and VED rates

	Performance (manufacturer's figures)		Fuel economy mpg (litres/100km)			CO <sub>2</sub> emissions (g/km)	VED*	
	Maximum speed (mph)	Acceleration 0-62mph (secs)	Urban driving	Extra-urban driving	Combined figure		First year rate	Standard rate
<i>FWD models</i>								
2.4i 16v	118	10.5	23.5 (12.0)	40.4 (7.0)	32.1 (8.8)	206	£600	£270
2.2CDTi 16v (163PS) Start/Stop	117	9.9	37.7 (7.5)	54.3 (5.2)	46.3 (6.1)	160	£170	£170
<i>4X4 models</i>								
2.2CDTi 16v (163PS) Start/Stop	117	9.9	35.8 (7.9)	50.4 (5.6)	44.1 (6.4)	170	£275	£195
2.2CDTi 16v (163PS) automatic	113	12.0	26.9 (10.5)	44.1 (6.4)	35.8 (7.9)	208	£600	£270
2.2CDTi 16v (184PS) Start/Stop	124	9.6	35.8 (7.9)	50.4 (5.6)	44.1 (6.4)	170	£275	£195
2.2CDTi 16v (184PS) automatic	119	10.1	26.9 (10.5)	44.1 (6.4)	35.8 (7.9)	208	£600	£270

\*VED = Vehicle Excise Duty. Correct at time of publication (April 2012).

Fuel consumption and CO<sub>2</sub> emission data complies with the relevant EU testing regulations used by vehicle manufacturers to enable comparisons between different models. **Important:** Please note fuel consumption can be affected by many factors including driving style, road and traffic conditions, vehicle mileage and standard of maintenance. In addition these results relate to the particular vehicle tested, inevitably there will be differences between individual vehicles of the same model.

### Start/Stop technology

New Antara's Start/Stop system offers real benefits by improving fuel economy and reducing CO<sub>2</sub> emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress

the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima

- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

### Vauxhall supporting

### Smarter driving tips

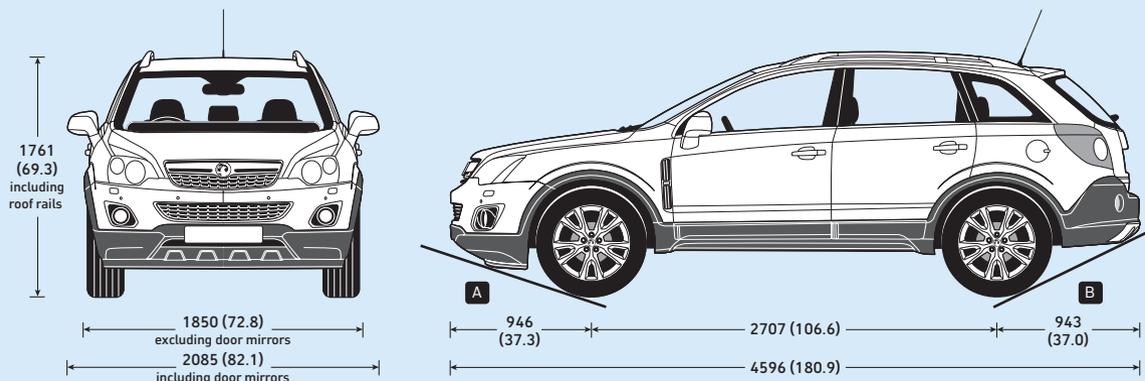

- **Drive at an appropriate speed:** Staying within the speed limit increases driver safety, reduces CO<sub>2</sub> emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking

- **Reduce your revs:** Change gear earlier to help reduce fuel consumption – try 2000rpm with diesel engines
- **Idling is wasting fuel:** If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** Under inflated tyres increase CO<sub>2</sub> emissions whilst incorrectly inflated

tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres

- **Remove unnecessary items from the car:** Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO<sub>2</sub> emissions

## Exterior dimensions millimetres (inches)

## Off-road capabilities

 Max. ground clearance  
176mm (6.9 inches)

 Max. wading depth  
450mm (17.7 inches)

 Max. approach angle **A**  
20°

 Max. departure angle **B**  
24°

 Max. ramp angle  
18°

## Luggage capacities (measured using the ECIE method)

	litres	cu.ft.
Rear seats up (under luggage compartment cover)	420	14.8
Rear seats folded (to upper edge of front seat back)	865	30.5
Rear seats folded (to roof)	1420	50.1

## Loadspace dimensions

	mm	inches
Maximum length (behind rear seats)	928	36.5
Maximum length (rear seats folded)	1740	68.5
Maximum width	1320	52.0
Width between wheel arches	968	38.1
Loading height	796	31.3

## Weights and towing data kg

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
FWD petrol models	2183	1500 (750)
FWD diesel models	2270	2000 (750)
Manual 4X4 models	2345	2000 (750)
Automatic 4X4 models	2370	1700 (750)

**Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 80kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

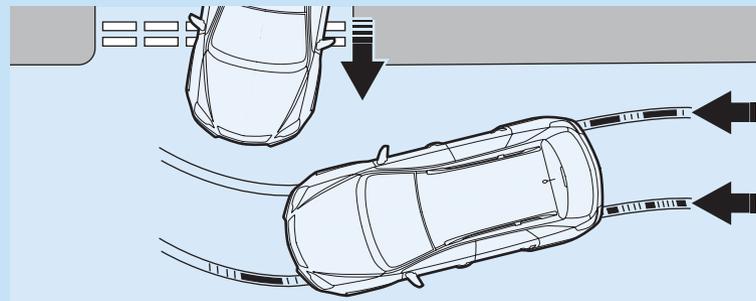

## Features explained

### D1. Switchable Electronic Stability Programme (ESP)

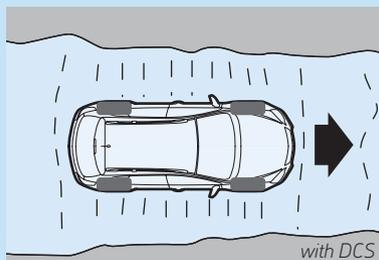

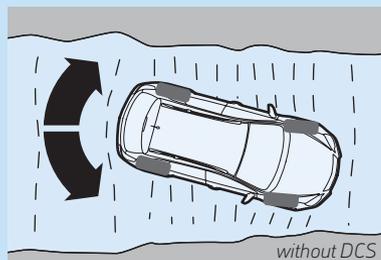

ESP helps the driver maintain full control of the vehicle during adverse or emergency conditions. ESP technology is designed to monitor both the front and rear of the car independently and compare their respective directions of travel with the driver's steering wheel input. If either the front **A** (understeer) or rear **B** (oversteer) of the vehicle begins to slide, ESP gently applies corrective braking to the appropriate individual road wheel, controlling the slide and maintaining safe progress.

**A** When a vehicle is understeering excessively, ESP will apply a braking force to the inside rear wheel, slowing it down and increasing the vehicle's yaw angle to help the front wheels change direction. **B** During the more unusual oversteering situation, ESP will apply the correct braking force to the outside front wheel, which will reduce the yaw angle and bring the vehicle back under control. The system fitted to Antara can be switched off for those situations where a certain amount of wheelspin is desirable in order to maintain forward or backward motion – such as on snow or especially slippery ground.

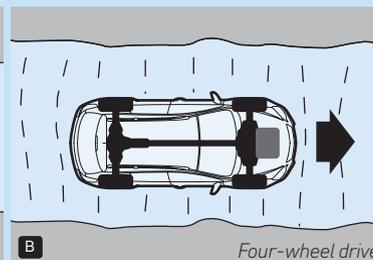

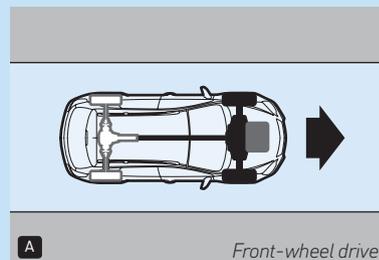

### D2. Anti-lock Braking System (ABS) with cornering brake control

Cornering brake control makes the car easier to control in extreme situations, particularly when braking sharply on a bend. It is particularly effective when carrying out emergency procedures, such as avoiding a child's ball that's rolled out from the kerb. The system works by sensing the different rotational speeds of the individual road wheels and co-ordinating the level of braking pressure applied to each wheel. Cornering brake control is an integral part of Antara's comprehensive ABS.

### D3. Descent Control System (DCS)

DCS allows controlled descent on downward slopes without locking the wheels. Operating at speeds up to 30mph the system uses the ABS sensors to monitor wheel speed and brakes automatically without locking the wheels. On severe inclines the system also allows for a more controlled descent at a constant 6mph by braking the front wheels. This low-speed descent is activated by selecting first gear (D for automatic transmission) while stationary at the top of the slope and then allowing the vehicle to roll forward (without using the accelerator) and then activating the DCS button. The system also operates in reverse gear, though at a slightly lower speed.

### D4. Electronically controlled four-wheel drive coupling

This electro-hydraulic coupling is at the heart of Antara's intelligent four-wheel drive system. It reacts to road conditions through inputs from the ESP, ABS and traction control sensors. Under normal conditions **A** Antara operates in front-wheel drive mode for optimum efficiency. However, as soon as the sensors indicate that four-wheel drive is necessary **B** a precise electrical charge is applied to the coupling which then delivers the correct amount of torque to the rear wheels within milliseconds. In extremely slippery conditions it enables the power to be split 50:50 between the front and rear axles for maximum traction.

# Trust Vauxhall

## Fleet Customer Services

Our dedicated support services for fleet managers includes factory demonstrators and information on whole life costs, company car taxation and finance. For further information please call **0870 010 0651**.

## Company Car Driver 3 Day Test Drive

Our free\* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding Ampera, all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free\* test drive just log on to [www.vauxhall3dtd.co.uk](http://www.vauxhall3dtd.co.uk) or call **0870 240 4848\*\***

## Vauxhall Insurance

Available for new and used Vauxhalls, a Vauxhall Insurance policy offers a unique package designed specifically for Vauxhall drivers. For a highly competitive quotation, call **0844 463 2670**. Or just visit our website at [www.vauxhall.co.uk](http://www.vauxhall.co.uk)

## Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at one of around 400 Vauxhall retailers. To find your nearest retailer call **0845 600 1500**.

## In the event of an accident...

Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. For further details call **0800 010 304**.

## For more information...

For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest Vauxhall retailer please call **0845 600 1500**.

Alternatively, details can be found on our website at [www.vauxhall.co.uk](http://www.vauxhall.co.uk)

## Vauxhall Lifetime Warranty

We're so confident in Vauxhall quality and reliability that we are now able to offer a lifetime warranty. Available to the first owner of all new Vauxhall passenger cars, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles<sup>†</sup>. In addition, our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall's warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall retailer or go to: [www.vauxhall.co.uk/warranty](http://www.vauxhall.co.uk/warranty)

**LIFETIME**  
WARRANTY 100,000 MILE

When you have finished with this brochure please recycle it

\*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding Ampera, all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. \*\*Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

†Vauxhall Lifetime Warranty covers lifetime ownership of first car owner, 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer's servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (March 2012). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only.
