THE ASTONISHING PROTON

GEN. 2

A NEW GENERATION BEGINS

Take a deep breath. Prepare to be astonished.

Astonishing **Style**

Wherever you go, you'll always look fabulous in a GEN-2. It has a unique design unlike any other Proton. It's chic, sporty and stylish. Every corner is curved to perfection. A perfect design well-suited to the lifestyle you're living.

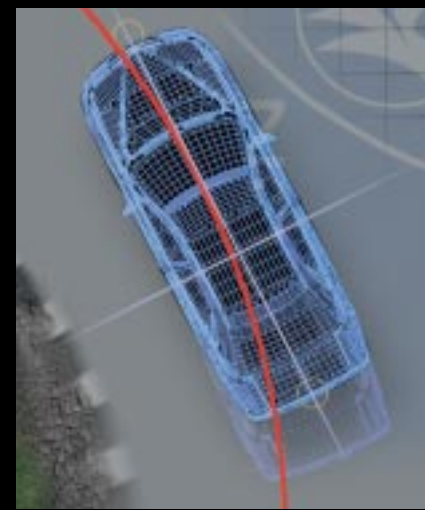

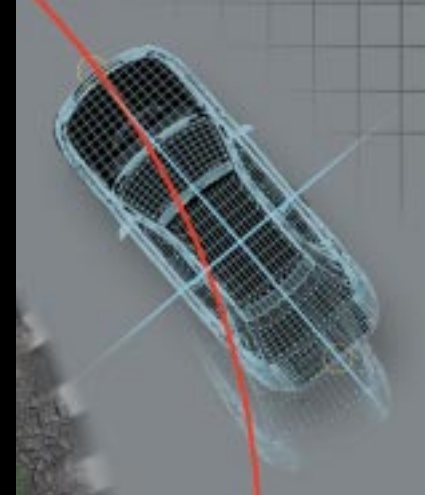

Astonishing Power

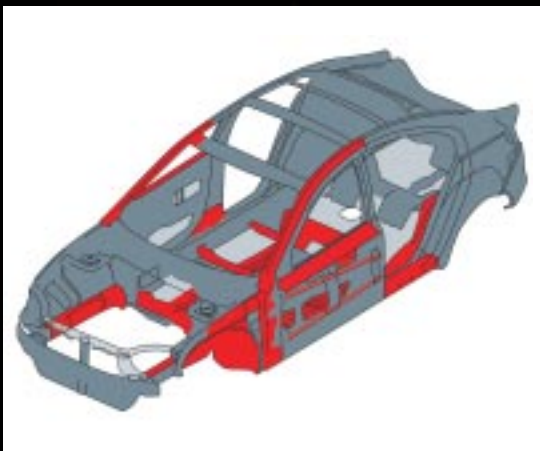

With the new GEN-2, you'll never be left behind. The new CAMPRO engine promises a more sporty and aggressive drive, delivering superb power and torque output. In fact, the 1.6 litre 16-valve CAMPRO engine with Double Overhead-Camshaft produces 82Kw, rivaling some engines of higher capacity. However, the CAMPRO is not about power alone. It generates less vibration for added comfort and smoother drivability wherever you go.

Astonishing Handling

When you're behind the wheel of a GEN-2, you're experiencing superior ride and handling. Its distinctive control comes from precise and progressive steering response. This gives you more confidence in taking difficult corners and changing lanes. If that's not enough for you, harshness and noise are also reduced, so prepare yourself for smoother journeys.

Astonishing Safety

The GEN•2 is built with a unique 3-level safety system.

The first level is ABS* with EBD (Electronic Brake Force Distribution)*. When it rains, it's reassuring to know that you're ensured of maximum stability and braking performance on wet roads.

Second, are the dual SRS airbags for you and your passenger, enhanced with front pre-tensioner seat belts to reduce the risk of severe injury in the event of an impact.

And lastly, GEN•2 is clad in a superior hull with increased body rigidity. In fact, it exceeds European safety regulations, making journeys for you, friends and family safer and sounder.

* Available as standard on M and H Line.

Astonishing Interior

If you're looking for something stylish, you've got it. The GEN•2 is as breathtaking inside as it is outside. The Lotus Design Studio from the UK adopts a minimalist design concept with aluminium-style highlights that'll go well with your stylish wardrobe. At the same time, the interior is fabricated with high levels of comfort and ergonomics for your driving pleasure.

Astonishing Extras

For your convenience, the GEN-2 now comes with an advanced on-board digital display that provides important information at a glance. This includes:

Average Fuel Consumption (AFC) – It's a system that calculates the average fuel consumption from the total fuel used and the distance since the last reset. That way, you'll always know how much fuel you're consuming.

Distance To Empty (DTE) – Calculates an estimated distance your car can go with the amount of fuel left.

On-board digital display

Astonishing Specifications

Engine

| Model | 1.6 | |
|------------------|-------------------|-----|
| | M/T | A/T |
| Model | S4PH | |
| Valve Mechanism | DOHC 16V | |
| Displacement | 1597 cc | |
| Bore & Stroke | 76.0 x 88.0 | |
| Fuel System | MPI | |
| No. of Cylinders | 4 | |
| Max. Power | 82 kW @ 6000 rpm | |
| Max. Torque | 148 Nm @ 4000 rpm | |

Transmission

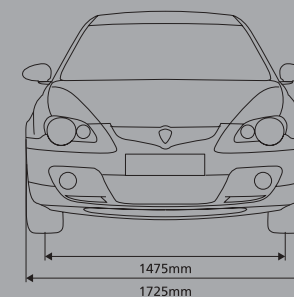

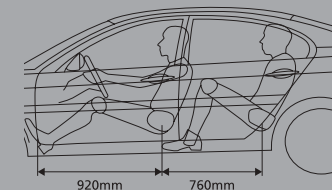

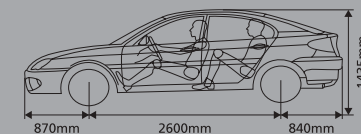

| Model | 1.6 | |
|----------------|-------|-------|
| | M/T | A/T |
| Model | F5M41 | F4A21 |
| Gear Ratio 1st | 3.583 | 2.842 |
| 2nd | 1.947 | 1.529 |
| 3rd | 1.343 | 1.000 |
| 4th | 0.976 | 0.712 |
| 5th | 0.804 | - |
| Reverse | 3.416 | 2.480 |
| Final Drive | 4.052 | 4.042 |

Dimensions

| Model | 1.6 | |
|------------------|-----------|-----|
| | M/T | A/T |
| Overall Length | 4310 mm | |
| Overall Width | 1725 mm | |
| Overall Height | 1435 mm | |
| Wheelbase | 2600 mm | |
| Front Track | 1475 mm | |
| Rear Track | 1470 mm | |
| Front Overhang | 870 mm | |
| Rear Overhang | 840 mm | |
| Seating Capacity | 5 persons | |

Chassis

| Model | 1.6 | |
|-----------------------|--------------------------|-------------------------------------|
| | M/T | A/T |
| Power Steering System | Hydraulic Power Steering | |
| Brake Service | Front | Ventilated Disc |
