

WAJA 1.6

Safe & In Control

PROTON WAJA 1.5X

Safe & In Control

The Proton Waja has a stronger body - the strongest in its class, It's also a safer car. Crash tests prove it. And its a car that always allows you to stay in control. This is enhanced by legendary Lotus engineering which has worked the ride and handling technology to create superior control, unique comfort and ride. Its stronger frame and structural strength allows for a new standard of quality. And a sense of interior quiet and overall comfort. Once you've driven the Proton Waja you'll appreciate the special feeling of confidence and driving pleasure that comes from inner strength. It spells safety and control.
