MEET THE PROTON SAVVY

The design ideology from the start of the project was to produce a small car that offered practicality, fuel economy, generous space and great all round performance.

The interior is as stylish as the curvaceous exterior with sporty aluminium look trims.

Enhanced suspension dynamics developed by the team at Lotus Cars ensuring a responsive drive.

Savvy has a spacious interior with 50/50 split fold rear seats that can fold flat.

An economical five door hatch with comprehensive equipment levels offers value for money.

People will be turning heads as you drive by in this compact stylish and irresistible Proton.

Comfort is obvious as you slide into the ergonomically designed driver's seat.
