Your Proton, Your Way...

Savvy

Smart-thinking style

IN THE CITY, STYLE MATTERS, AND THE SAVVY DEFINITELY LOOKS THE PART WITH IT'S COMPACT PROFILE, STEPPED SIDE-WINDOW DESIGN AND WIDE CENTRAL EXHAUST. BUT THE FIVE-DOOR SAVVY IS ALSO A PRACTICAL CHOICE, GIVING YOU AN ECONOMICAL YET RESPONSIVE ENGINE, LOTS OF SAFETY FEATURES AND VERSATILE INTERIOR SPACE.

Looking good from the front with contemporary clearform headlights, high set indicators and split grille, the Savvy has more style than most city cars. The low front skirt and bodycoloured rear bumper suggest that this car is a great performer, and the lively 1.2 litre engine doesn't disappoint. Better still, the Savvy is economical to run, and with low CO2 emissions, you can drive as far as you like with a clear conscience and a minimal fuel bill.

Flexible and practical, the five-door Savvy can comfortably accommodate your friends and take a few shopping bags at the same time. You also get a comprehensive warranty*, plus three years' free RAC cover so, wherever your free time takes you, the Savvy is more than ready for it.

01

With a zippy 16 valve, 1.2 litre engine and smooth gearbox, the Savvy is a lively performer. You have the power you need when it counts, letting you nip into a parking space or pull out safely into traffic. And when you get beyond the city limits the 75bhp Savvy handles motorways effortlessly.

The chunky 15" alloys and broad tyres look great, but they come into their own on twisting country lanes, gripping through the bends. The Savvy's handling is given another boost by the MacPherson struts with stabiliser bar on the front suspension. And with ABS, plus disc brakes on the front wheels, the Savvy will give you maximum control when you need to stop suddenly.

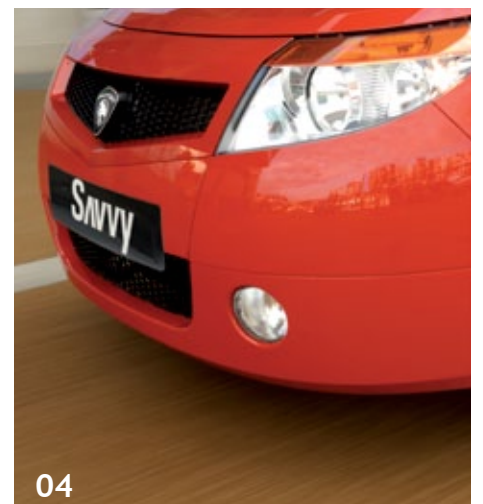

- 01 The Proton Savvy in chilli red (solid)
- 02 Sporty looking yellow dials
- 03 Stylish 15" alloys as standard
- 04 Front fog lamps as Standard

Streetwise performance

DRIVING IN AN URBAN ENVIRONMENT IS DEMANDING. SO YOU WILL APPRECIATE THE SAVVY'S NIPPY ACCELERATION, AGILE HANDLING AND ABS BRAKES.

BASIC PERFORMANCE DATA

Engine	1.2 4-cylinder 16v SOHC	
Power	75bhp/5500rpm	
Transmission	Manual	AMT
Maximum speed (mph)	98.7	98.7
Fuel consumption (mpg)†	49.6	49.6

† Figures show combined fuel consumption. Dependent on driving style, road and traffic conditions, environmental influences, the state of the vehicle and equipment, in practice fuel consumption figures can arise which may deviate from the figures shown.

Clever with comfort

COMFORT IS IMPORTANT AND PROTON HAS GIVEN A GREAT DEAL OF THOUGHT TO DESIGNING AND EQUIPPING THE SAVVY WITH ALL THOSE FEATURES THAT MAKE ANY JOURNEY A PLEASURE.

Ergonomic design and smart interior schemes make the Savvy a smooth ride. The contoured driver's seat is fully adjustable, both for height and distance from the pedals, so you can set up your driving position just how you like it. There's lots of space in the back. What's more, the seats split 50:50 so you can fold down one or both to take big loads.

The Savvy has an integrated Clarion radio/CD player with RDS. Air conditioning is fitted as standard, which means you'll never find yourself feeling hot under the collar in traffic, while the heated rear window is vital on a cold morning.

- 01** Integrated Clarion radio/CD player with RDS
- 02** 207 litre boot space (seats up)
- 03** Perfectly flat folding 50:50 rear seats
- 04** Ergonomically designed interior

Drive easy

THE SAVVY IS DESIGNED TO MAKE YOUR LIFE ON THE ROAD SAFE AND EASY. IT PUTS USEFUL DRIVING FEATURES AT YOUR FINGERTIPS, SUCH AS A REAR-VIEW MIRROR WITH DAY AND NIGHT SETTINGS FOR COMFORT AND SAFETY IN THE DARK.

Power steering and a tight turning circle make the Savvy nimble and light on its feet – ideal for quick u-turns or manoeuvring in an awkward multi-storey. Plus, parking sensors are fitted as standard, so you can tackle even the smallest spaces with total confidence. There is also an automated manual transmission option, which means that the car will change gear automatically, but you can choose to switch to manual at any time. Either way, the fuel consumption is exactly the same.

Five doors make the Savvy a completely practical car, easy for everyone to get in and out of. Thoughtful touches add a feelgood factor to everyday driving, such as cup holders for your coffee and a light over the boot space for when you're unloading shopping in the dark. Electric front windows give you full ventilation control and the Savvy's all-round economy will get you smiling with satisfaction.

Protection and peace of mind

AS YOU WOULD EXPECT FROM A CITY CAR, THE SAVVY COMES FULLY PREPARED FOR THE REALITIES OF LIFE. AND ON THE ROAD, THE BIGGEST OF THESE REALITIES ARE PROTECTION, SECURITY AND A WARRANTY PACKAGE*

PROTECTION

From the moment you and your loved ones get into the Savvy, you have the reassurance of knowing that there is an array of safety features. There are Isofix-style child seat restraints to help keep smaller passengers safe and child-proof locks on the rear doors so that no-one gets out without your say so.

While you're on the move, you've got ABS (Anti-lock Braking System) and EBD (Electronic Brake Distribution) – all fitted as standard. What's more, the Savvy offers enhanced side-impact protection, twin front airbags, front and rear crumple zones and reinforced rear seats for passenger protection.

SECURITY

When you're out and about, the last thing you want to worry about is whether your car is safe. So let the Savvy's multi-function alarm and engine immobiliser take care of it. Remote central locking comes as standard, with a remote boot unlock feature, as there is no external boot release. The two door locks are free rotating and shielded to prevent operation by foreign objects. All in all, this means that you can just lock up and go without a second thought.

Motability is available with the Proton Savvy. Visit www.motability.co.uk for info.

PEACE OF MIND WARRANTY PACKAGE

The joy of buying a new car is the total peace of mind that comes with it. Proton has a reputation for reliability, which is why we're happy to give you a comprehensive warranty package* when you buy a Savvy.

This means that you get:

- 3 year/60,000 mile total vehicle warranty
- 6 year/100,000 mile engine and gearbox warranty of Powertrain components
- 6 year unlimited mileage bodywork warranty
- 3 year unlimited mileage paintwork warranty
- 3 years' FREE RAC cover

*Warranty is subject to maintenance in accordance with manufacturer's schedules. Terms and conditions apply.
