

tipo 2.0ie 16v

FIAT
DESIGNED
FOR LIFE

This is a car like no other.

The purity of line is unmistakably Italian. Purposeful – and highly individualistic.

On the move, you savour its real qualities. A potent, eager 148bhp from a 16-valve, electronically injected 2-litre twin cam engine, with counter-rotating balancer shafts to impart six-cylinder smoothness.

Five slick, perfectly-spaced ratios. Fully independent suspension with anti-dive geometry and anti-roll bars front and rear. Superb stopping power, thanks to twin-circuit servo-assisted discs – ventilated at the front. Sculpted five spoke alloy wheels shod with ultra-low profile tyres. Power steering, with a leather bound Momo wheel. A finely engineered chassis that responds to your every input with agility and precision.

In fact, all the excitement you'd expect from a full-blooded Italian high performance car.

But in a full five seater?

Running on unleaded fuel, with a 3-way catalytic converter? With every external body panel 100% galvanised?

The Tipo 2.0 ie 16v is the only car in its class with all these qualities. At Fiat, we believe that excitement should not compromise space, practicality or durability.

That's why the superbly appointed interior of the Tipo 2.0 ie 16v offers more space than any car in its class.

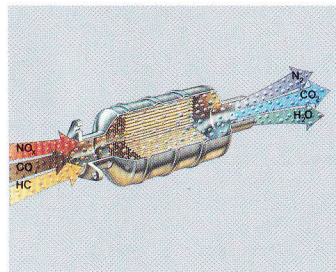

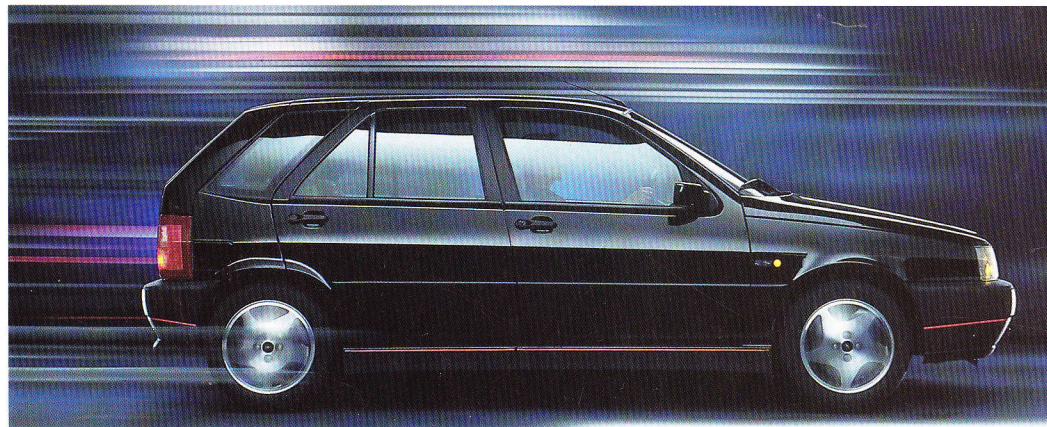

The Tipo's aerodynamic efficiency (Cd 0.31) is enhanced by a rubber lip under the front spoiler and matt black side skirts to provide superb high speed stability.

The performance figures speak for themselves: 0-62mph in 8.4 seconds, and 128 mph †top speed.

As befits a driving machine of this refinement, the specification is unashamedly luxurious. Heated* and height adjustable driver's seat. Electric front windows and glass sunroof. Remote central locking and electrically adjustable and heated door mirrors. A removable digital radio cassette with four speakers. Tinted glass. Integral fog lamps. The option of ABS anti-lock brakes and Recaro front seats. What's more, your investment is protected by some of the most effective corrosion protection technology available.

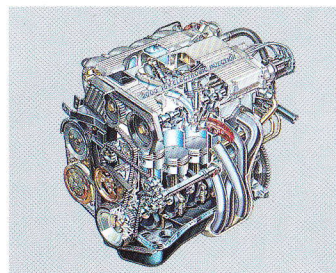

Seductive good looks. Power that's environment-friendly. Impeccable manners. Vast interior space. It all goes to prove that high performance needn't be a selfish pleasure.

† Where legally permitted. *Not with optional Recaro seats.

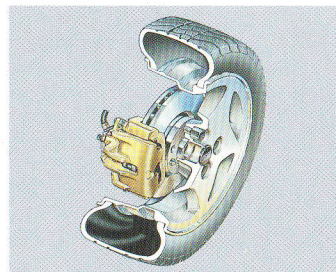

◀ The Tipo 2.0 ie 16v is one of the few performance cars to run clean, thanks to the standard 3-way catalytic converter with LAMBDA sensor.

▶ The stylishly trimmed interior offers more space than any other car in its class, with sports seats at the front and three separate seats at the rear, folding 60:40 for maximum load-carrying versatility (optional Recaro seats shown).

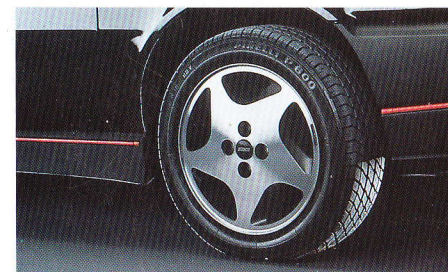

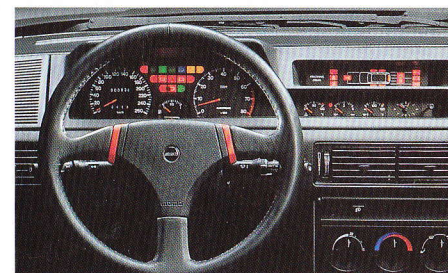

◀ With 4 valves per cylinder and counter rotating balancer shafts, the fuel-injected twin overhead cam power unit delivers a vigorous 148bhp – and a healthy 130lb ft of torque.

▶ With your hands on the leather-bound Momo wheel, every major control falls within easy reach. The fully instrumented dash includes an electronic safety check panel.

◀ Large, floating caliper ventilated front discs (with optional ABS) endow the Tipo 2.0 ie 16v with immensely safe braking capabilities in all conditions.

▶ Elegantly simple light alloy road wheels and ultra-low profile tyres give the Tipo 2.0 ie 16v high reserves of grip and stability.

Fiat Tipo 2.0 ie 16v: 1995cc

Engine BHP (DIN): 148 @ 6250rpm

Max Torque (DIN): 130lbs. ft. @ 5000rpm

Fuel System: Weber IAW electronic injection

Valve actuation/No: DOHC/16

MAXIMUM SPEED	0-62 MPH	URBAN CYCLE	CONSTANT 56MPH	CONSTANT 75MPH
128 MPH	8.4 SECS	24.6 MPG	37.7 MPG	30.4 MPG
		11.5 L/100km	7.5 L/100km	9.3 L/100km

TECHNICAL	
Bore/Stroke (mm)	84 x 90
Compression ratio	10.5:1
Engine cc/Number of cylinders	1995cc/4
Emission control	3-way catalytic converter
Braking system	Ventilated front discs/solid rear discs
Wheel/tyre size	6 J x 15" alloy: 185/55 R15
SPECIFICATION	
5 door, Galvanised Bodysell	•
Five speed close ratio gearbox	•
Power assisted steering	•
Height adjustable steering column	•
Three spoke 'Momo' sports steering wheel	•
Digital radio cassette (+ 4 speakers)	•
Electrically adjustable and heated door mirrors	•
Front electric windows with 'one touch' on driver's side	•
Electric tilt/slide glass sunroof	•
Intermittent rear wash/wipe	•
Remote control central locking (inc. tailgate)	•
Tinted glass	•
Heated and height adjustable driver's seat	•
Sports style front seats	•
Analogue instrumentation (inc. supplementary gauges)	•
Electronic check panel	•
Five spoke alloy wheels	•
Headlamp wash/wipe	•
Front fog lights	•
OPTIONS	
Recaro sports seats (NB: not heated)	○
ABS Anti-lock braking system	○
