## F Tributo - Special Edition Racing Bloodline

A bold, vintage-inspired track aesthetic brings to life the passion and glory of our racing origins.

The F Tributo Special Edition is the sportiest racing suit for your high-performance Levante and Ghibli.

Are you ready to take your most daring self to the grid?

Reinterpreting our racing tradition to convey a modern high-performance character. The F Tributo Special Edition celebrates our racing heritage and our wins in the world of motorsports. Our tenacious spirit was forged on the track, to be fused in every Maserati road car. It's an enduring bond that continues to power us forward.

The Levante and Ghibli F Tributo Special Editions are available in Rosso and Azzurro Tributo: two exclusive colours intimately connected to our track tradition. Red is the colour of Italian race cars of the past, while "Azzurro" pays homage to the blue of the city of Modena and symbolises our return to racing in 2004 with the MC12.

That eternal motorsport feel, recreated for today's discerning driver. The high gloss carbon fibre interiors of the Special Edition play powerful contrast with the yellow or red stitching on Black PienoFiore Leather.

The Special Edition's performance-driven soul exposes itself in a handful of distinctive details. The F Tributo badge leads on the fender, the C-Pillar Saetta logo takes position in the same colour of its body, while yellow-coloured accents spin on the 21" wheels. Yellow brake calipers also hint at Fangio's 250F 1957 yellow detailed nose.

Can you see, hear, feel the beat of the Maserati racing soul?
