DRIVE THE CHANGE

A CENTURY OF RENAULT

Renault's journey has been a long one. For over 114 years, we've written and rewritten the automobile story, adding an interesting chapter every time. And many revolutionary firsts. The Gearbox. The Sedan. The Turbocharger. The Hatchback. The MPV. Inventions that didn't just change the way the world travelled, but also changed the way the world looked at automobiles.

For more than 30 years, Renault has been pushing the limits of motor sports and technology. At the inaugural Indian F1 Grand Prix in 2011, our engine powered Red Bull Racing to victory. The 2011 F1 season witnessed Renault winning its 10th Constructor's Championship in the last 20 years. In India, Renault redefined the sedan segment with the Renault Fluence, urged SUV lovers to indulge with the Renault Koleos and rejuvenated the compact category with Renault Pulse. With the Renault Duster it gave Indians a big, beautiful and efficient reason to rule the roads. And now Renault brings you its latest up-market offering, the new Renault Scala.

THE RENAULT SCALA. **IT'S TIME TO STEP UP.**

Mere words cannot describe the new Renault Scala. It is imposing and graceful, yet energetic and dynamic. It is spacious and majestic, yet suave and sophisticated. While the design makes it a head turner on the roads, its chic interiors leave you delighted. The Renault Scala is leagues ahead in comfort as well, with premium leather upholstery, best-in-class cabin space and powerful cooling. Take it for a spin and you will discover the power it conceals under the hood. The new Renault Scala. An experience unlike any other.
