

RENAULT WIND ROADSTER

DRIVE THE CHANGE

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

Your new Wind Roadster is covered by a 3-year warranty package – the first 2 years of unlimited mileage Renault manufacturer warranty, followed by a further year of cover up to 60,000 miles. Paintwork is also guaranteed for 3 years while the anti-corrosion warranty runs for 12 years. In addition, the Renault Assistance plan ensures prompt help in the UK and Northern Ireland for manufacturer defects for 36 months. For full details please refer to the Renault warranty terms and conditions, available from your Renault Dealer or from www.renault.co.uk.

SERVICE INTERVALS (Euro5)

All models 18,000 miles / 2 years

EXCEPT: 12,500 miles / 2 years: <ul style="list-style-type: none">• Twingo 1.2 TCe 100 & Renaultsport 133• Mégane Renaultsport 250	18,000 miles / 1 year: <ul style="list-style-type: none">• Kangoo 1.6 16V 105 (Euro4)
12,000 miles / 2 years: <ul style="list-style-type: none">• Wind Roadster, Modus, Grand Modus & Clio 1.2 TCe 100 & 1.6 VVT 133• Clio Renaultsport 200	

Service required at the mileage or time interval shown, whichever is sooner.

ENGINES WITH OIL CONTROL SYSTEM (OCS)

• PETROL 1.2 TCe 100, 1.4 TCe 130, 2.0 TCe 180, 1.6 VVT 128, 1.6 VVT 133, Renaultsport 133 & 250
• All DIESEL engines

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your engine from excessive wear and possible bearing failure. Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to driver's handbook for details).

EXTENDING YOUR WARRANTIES AND COVER

Renault Extended Warranty allows you to extend your Renault Warranty up to 5 years or 80,000 miles.

Renault Assistance Added Cover provides you with additional cover for incidents not covered by Renault Assistance: incorrect (or lack of) fuel, keys lost, stolen or locked inside the vehicle and incidents involving caravans or trailers.

For full information on these products please ask your Renault Dealer or log on to www.renault.co.uk and click on 'Owner Services', where you can also buy securely online.

When you buy a new car, you can also purchase a Fixed Price Service Plan. Prices start from just £199 and the plan covers your recommended manufacturer servicing up to 3 years or 30,000 miles, whichever comes first.* For more details ask your dealer or log on to www.renault.co.uk and click on 'Owner Services'.

WHY RENAULT? WE'RE DRIVEN BY A PASSION TO MEET AND EXCEED PEOPLE'S NEEDS, AND THAT'S WHAT DRIVES THE INDUSTRY FORWARD. IT'S BEEN THAT WAY WITH US FOR OVER A HUNDRED YEARS. BUT IN TODAY'S RAPIDLY-CHANGING ENVIRONMENT, IT'S MORE IMPORTANT THAN EVER THAT WE SOURCE NEW SOLUTIONS THAT WILL SAFEGUARD ALL OUR FUTURES.

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

At Renault we are working to create more affordable cars, with radically lower CO₂ emissions. For the widest possible audience. Today that's our collection of 35 'eco²' models. Eco² indicates that the vehicle produces CO₂ emissions lower than 140 g/km, it includes at least 5% recycled plastic in its plastic mass, and has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy). In addition eco² means that our factories are ISO 14001 certified.

Starting next year there will be a groundbreaking range of electric vehicles, from a nippy town car to a comfortable family saloon and a small van. They will be affordable to run – you will be able to drive up to 100 miles using a battery that costs typically £3 to charge, and a lot less using cheaper tariffs. And parking and congestion charges should all be lower, too.

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

RENAULT. DRIVE THE CHANGE.

SMILE

IN THE CITY

DRIVE

IN THE OPEN AIR

The Wind Roadster's engine and chassis is based on a platform that has been engineered by Renaultsport Technologies to give you outstanding steering precision and thrilling responses. And the performance orientated 1.6 VVT 133 engine is borrowed from Twingo Renaultsport (ESC with disconnection function). The thrum of its sports-sounding engine acoustic, low driving position, rigid chassis and superb balance are the spicy ingredients that conjure up a dynamic and precise drive. Where will your playground be? In the city or out on the open road? But hang on... who said you had to choose?

**12
SECONDS**

Freedom! We kick-started it with a very smart, original idea: a pivoting, electric hard-top roof. Result? It opens in just 12 seconds to transform the coupé into a roadster. And vice versa. Simple, practical, and super-quick? Certainly. But here's the twist. Incredibly, the boot still keeps its same storage space of 270 litres even when the roof is stowed. Nothing else even comes close.

FROM COUPÉ TO ROADSTER

YOU'RE INVITED...

Inside the Wind Roadster lies a true sporting cockpit. With seats that have extra lateral support and integral headrests, height adjustable leather steering wheel and full front/lateral airbag protection. Stylish and snug are the adjectives that spring to mind, as you lower yourself into ergonomically-ideal yet suitably comfortable surroundings, ready to take in the easy-read instruments and with everything falling neatly to hand.
