Passion for life

Renault CAPTUR

Inspired by adventure

Renault Captur

Start an adventure

Born of the concept car of the same name, Renault Captur stands for an innovative way of thinking about cars. We have developed a compact crossover which combines the best of three worlds. The expressive styling and driving position of an SUV, the cabin space and modular interior of an MPV and the driving pleasure of a hatchback.

Renault Captur will encourage new adventures and new discoveries leaving behind the urban jungle in order to experience love, family, sport and passion.

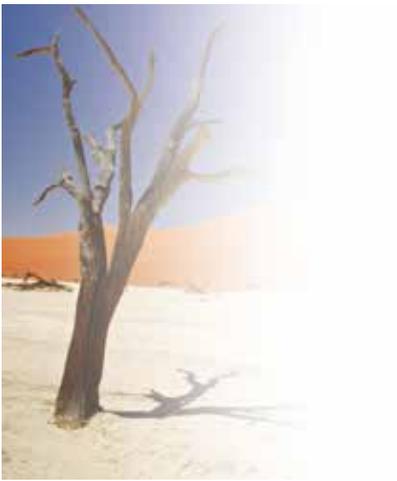

Its design expresses itself through smooth, fluid and balanced lines, it is beautifully useful, practical, smart and clever. Renault Captur plays on its originality with its two tone colour scheme and extensive personalisation options, allowing everyone to make it their very own.

Renault Captur, a crossover from Renault, for every life you lead.

Renault Captur

Colour collections

Stylish and a lot more besides. Renault's first urban crossover, the Renault Captur is agile, dynamic and elegant, both inside and out. Drawing on Renault's expertise, it explores new territory in terms of design, comfort, equipment and technology.

New York Collection

For those who want to turn heads in town and have a capable car for those weekend trips to the country, the Renault Captur New York Collection is available on the Signature trim level. This version features grip Xtend advanced traction control system for those country dirt roads and is available in Flame Red to really stand out. See more of the standard features of the Signature trim level below.

New York Red Touch Pack*

Trim on centre console and air vents

Door Sill Plates / Specific Floor Mats

Stylish protection from wear and tear

17" EXPLORE alloy wheels

R-Link & Rear Camera

New York Upholstery

Part leather/part synthetic leather/part cloth upholstery with heated front seats

Exterior Styling

Painted front and rear lower bumpers

*Can be ordered as chrome as a no cost option

Manhattan Collection

Embrace your inner culture-hunter with the urban-inspired Renault Captur Manhattan Collection – with a range of monochrome stylings to choose from that are perfectly suited to city explorers. The new Ivory Renault i.d. paint is a key colour in this collection. The Manhattan Collection packs are available on all models in Diamond Black, Ivory, Mercury, Oyster Grey and Stone.

Manhattan Decal Design

Renault Captur

Accessories

Want even more style, comfort and technology? Renault offers a broad range of original accessories, specially designed and developed for your Renault Captur.

Accessory Packs

Styling Pack

1. **Front skid protector:** Efficient protection at the front. 2. **Rear skid protector:** Efficient protection at the rear. Reinforce the car's lower structure and give it more of an 'SUV' look 3. **Boot sill:** Made from brushed stainless steel. Protects your car when loading whilst adding a touch of style.

Chrome Pack

1. **Door sill plates:** Stylish protection from scuffs and natural wear and tear. 2 - 3. **Chrome exhaust pipe and mirror shell:** Make your Renault Captur stand out by adding a stylish touch with these chrome parts.

Protection Pack

1 - 2. **Front and rear parking sensors:** Allows you to park with confidence. 3. **Boot sill mat:** Roll-down mat to protect your boot sill from scratches when loading large items. 4. **Alarm:** The essential accessory to ensure the car's security. It will protect effectively from theft of the car and objects inside it.

Accent Pack

Add a hint of contrast to your Captur with our Accent Pack: Painted rear spoiler and door mirrors. Available in Ivory or Diamond Black
For individual accessory prices please refer to the pricing page at the end of the brochure.

Touring Pack

1. **Quick release tow bar:** Enjoy the convenience of being able to remove the tow bar in seconds when it is not required. 2. **Luggage boot net:** This easy-to-install boot net will stop your possessions rolling around inside your boot. 3. **Armrest:** Front centre armrest for your comfort.

DAB Radio

DAB digital radio: The Captur's DAB system gives crystal-clear sound and a vast array of stations.

Individual Accessories

1. **Running boards:** Give your Renault Captur a stylish outdoor look with running boards made from stainless steel for maximum quality and durability. 2. **Leather seat covers:** Add an extra touch of class and luxury to your Renault Captur with leather covers for the front and rear seats (Dynamique Nav and Dynamique S Nav versions only). In Black, with Portland Grey Inserts. 3. **Artisan leather seat covers:** Combine luxury with up to the minute design with these quilted leather seat covers in Black with Portland Grey inserts. 4. **Black leather seat covers:** Plain Black with Silver stitching. 5. **Focal Music Premium:** Provides outstanding sound output and quality for all types of music (peak power 380w with a 200w RMS) Includes: set of 7 speakers (2 tweeters on dashboard, 2 front speakers, 2 coaxial rear speakers, 1 subwoofer), maximum bandwidth performance, optimised sound staging and power handling, smaller amplifying enclosure (H7 x L34 x W25), 20cm speaker reserved for low frequencies, remote control to adjust base level and 2-channel amplifiers for the front.

Painted front and rear lower bumpers

The Fully-Equipped Urban explorer

The better equipped you are, the better you can explore - whatever the terrain. The Renault Captur has everything to help you on your expeditions: the Renault R-Link 100% touch screen internet-connected Multimedia Tablet, Frugal engines, Hill Start Assist, seats with removable covers, and a hands-free card for added peace of mind... Start an adventure.

1.

3.

4.

2.

5-6-7.

1. Renault MediaNav. The intuitive, easy to use 7" touch screen multimedia system brings you Nav 'n' Go integrated satellite navigation, Bluetooth® technology, music via USB and jack sockets. **2. Handsfree keycard.** To unlock, start and remotely lock the car without even touching the key. Just make sure it's in your pocket or bag! **3. Rear parking camera system:** Four rear parking sensors with reversing camera, which displays the image on the navigation system screen alongside guidance aids. **4. Customisable seats with removable covers.** The brand-new seat design enhances the passenger compartment's modern look. The upholstery unzips and is machine-washable. Choose from four different patterns (depending on the model) and change your interior trim whenever you like! The backs of the front seats can be wiped down with a sponge. **5. Renault R-Link.** Internet connected multimedia tablet with 7" touch screen with rear parking camera and voice recognition to control the essential functions (TomTom® Navigation, multimedia system, hands-free calls, vehicle and online applications) intuitively and in complete safety, without taking your eyes off the road. **6. Eco mode function.** The eco² driving programme gives advice tailored to your specific needs, making it easy to reduce your daily fuel consumption. **7. Automatic climate control.** With combined pollen and active carbon filter and toxicity sensor. The filters reduce fine particulate matter and pollutants (exhaust gases, odours). If a high pollution level is detected, the system automatically closes the ventilation system.

Driving Pleasure: with Renault

Energy engines

Pleasant and reliable, sturdy and frugal, the Renault energy petrol and diesel engines do not forget the qualities they owe to formula one: technology, fuel economy, flexibility and endurance. The Renault Captur's position at the top of its category in terms of quality/performance ratio is no accident.

1 Stop & Start

Automatically turns off the engine when the Renault Captur is stopped and in neutral, cutting down on emissions, fuel consumption and noise. Restarts instantly, smoothly and without vibrations.

2 Energy Smart Management (ESM)

By recovering kinetic energy when braking and decelerating, ESM optimises the consumption of electrical energy and helps recharge the battery.

3 Eco Mode

To reduce fuel consumption even further, the driver can select Eco Mode, which modifies the vehicle's acceleration, torque / power management and heating / air-conditioning.

4 Overboost*

Innovative Overboost technology provides ENERGY TCe 90 Stop & Start engines with increased levels of acceleration. With temporary additional torque and power, the Overboost allows more responsive starts from take-off and improved acceleration at wide open throttle. This improves both driving pleasure and confidence; facilitating exits at crossroads, merging from entry slip roads and overtaking.

*The Overboost is available on ENERGY TCe 90 Stop & Start engines.

The guide to

Eco-driving

"It is possible to be dynamic yet conscientious, sporty yet relaxed, active yet level-headed. You can be both a racing driver and an Eco driver". This is what the Renault Captur has taken into account. But what is Eco-driving? Patrick Vincent, driving Eco² project manager at Renault's planning and environment division, explains.

Driving habits are changing – that is a fact. Encouraged by the media, manufacturers and authorities, the concept of Eco-driving is gaining ground every day. More relaxed, cleaner driving, lower fuel consumption and less vehicle wear: the arguments in favour of Eco-driving are plentiful. And the results speak for themselves: Eco-driving produces average fuel savings of 5 to 10%! With eco driving, fuel consumption and CO₂ emissions can be cut by 25% (depending on the driving conditions and driving style of motorist).

Eco-driving comes as second nature to the Renault Captur. Its innovative technology gives each driver even greater control over fuel consumption and CO₂ emissions. Various assistance tools on the instrument panel make things easier; an indicator shows the best moment to change gear, whilst another assesses your driving style (green, yellow, orange) as part of the R-Link system. By activating Eco Mode, you can benefit from engine settings optimised for more restrained, economical driving. Eco-driving: yet another discovery.

Automatic gearbox

Comfort of an automatic gearbox, response of a manual gearbox.

Renault has developed a new, six-speed, dual clutch transmission gearbox entitled Efficient Dual Clutch (EDC), available on the dCi 90 diesel engine and the TCe 120 petrol engine. It gives you the comfort of an automatic gearbox, with the response and frugality of a manual gearbox.

The EDC gearbox is highly responsive to the driver's controls and provides swift and easy gear changes.

On top of its excellent comfort and responsiveness, the EDC gearbox delivers fuel consumption and CO₂ emissions levels comparable to a manual gearbox: a gain of up to 17% which can save approximately 30g/km vs conventional automatic transmissions.

There's so much To discover

Adventures you'll remember forever. The practical Renault Captur has set its sights on explorers of both country lanes and city streets, providing them with storage worthy of a much larger car. Ideas, objects, little treasures - you'll never have to leave anything behind.

Net pockets behind each front seat can be used to store newspapers, maps, notebooks or guidebooks (depending on the version). There is also a closed compartment on top of the dashboard and a removable central storage area that can be accessed from both the front and rear seats.

The shell-shaped seats with wrap-around cushions will support you on all of your adventures. Their customisable, removable and washable covers give you complete freedom and flexibility...

Meanwhile, the boot* has a multi-position, removable and reversible floor (depending on the version), with a rubber surface that can be wiped down with a sponge. When raised to sill level, the floor hides your valuables and items you don't want on show, in its lowered position, it gives a practical boost to your loading space.

* From 377 litres to 455 litres when the bench seat is in forward position, with the shelf removed.

Inner Space

We go further when we're comfortable. Further in exploring. Further in enjoying the pleasure of travelling.

To ensure even greater comfort for adults and children alike, there is ample interior space. The 60:40 split folding rear bench has 3 seats, converts into a flat floor and slides on rails, allowing the Renault Captur's volume to be adjusted and its passenger compartment arranged to suit your needs.

Our absolute priority: Your safety

Renault's vision is to provide its customers and their loved ones with the most advanced and efficient safety technology as standard. Renault Captur comes with safety as standard giving you complete peace of mind.

Anticipate

Anticipating risks and keeping the driver in control in all circumstances

Renault Captur is designed to empower and inform the driver in real time. The technologies such as ABS have been developed by Renault to provide you with a safer driving experience.

Safe and secure

Actions for the safety of all

**DECADE OF ACTION FOR
ROAD SAFETY 2011-2020
SUPPORTED BY RENAULT**

Renault places people at the heart of its business and is involved in many social initiatives relating to road risk prevention and raising awareness in schools and universities and other international organisations. The company is also committed to improving the effectiveness of emergency services when dealing with accidents.

Prevent

Advanced technologies that change everything

Renault has developed driving aid systems such as Electronic Stability Control, standard on every Renault Captur that ensure unfailing responsiveness and help to overcome road traffic hazards and driver error.

Protect

Everyone on board and other road users

Thanks to its accident cause intelligence and innovative technology, Renault offers one of the safest product line-ups on the market. Our priority: ensuring your safety, saving lives.

The Renault Captur offers the highest level of safety on all versions. It has been awarded 5 stars in the passive safety tests performed by the independent organisation Euro NCAP. There are 4 safety categories: protection of adults, children and pedestrians and driver aids.

Renault safety at a glance

- More than 600 company employees who are solely responsible for vehicle safety.
- 100 million Euros are invested every year in safety research and development.
- We conduct 400 real crash tests and 4,000 numerical simulations each year.

1. Protection. Reinforced structure, high-efficiency front airbags, head / chest side airbags, pressure sensor to detect impact, seat belts with pretensioners and force limiters (front seats), anti-whiplash headrests, force limiter function (rear side seats), anti-submarining front seats (Fix4sure). Three ISOFIX 3-point seat attachments (front + rear side seats). **2. Hill Start Assist.** When starting the vehicle on a hill, the brake pressure is automatically maintained for two seconds, giving the driver time to manoeuvre. **3. Parking distance control.** To facilitate parking manoeuvres, the parking distance control system alerts you to any obstacles behind the car with a series of increasingly rapid beeps. The system can be equipped with a reversing camera that sends the image to the navigation system screen and displays guidance aids. **4. Cornering function in headlights.** When taking corners, the fog light on the side nearest the bend lights up automatically to give you a wider field of vision.

*Manufacturer's "On The Road" Recommended Retail Price Includes delivery to the dealer premises, number plates, a one-litre bottle of oil for all cars, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included. [†]For more comfort and pleasure, the EDC 6 speed dual-clutch automatic gearbox is offered with the TCe 120 and dCi 90 engines. Upshifting is fast and smooth, with no jerking or loss in acceleration. Fuel consumption is comparable to that of a manual gearbox.

*Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also affect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

Renault Captur eco² meets the three following criteria:

- It is manufactured in an ISO 14001 certified factory minimising environmental impact,
- The vehicle has CO₂ emissions below 120 g/km or operates on biofuels,
- The vehicle includes more than 7% of recycled plastics in its plastic mass.

With eco², Renault displays its environmental commitment at every stage of the life cycle of the vehicle. The vehicle has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy), and that pollution control at the end of the vehicle's life (in particular extraction of fluids) is made easier.

FOUR YEARS WARRANTY & RENAULT ASSISTANCE

WITH 4 YEARS WARRANTY AND RENAULT ASSISTANCE AS STANDARD

4 YEARS WARRANTY

Your vehicle is covered by a warranty package for up to 4 years/100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

4 YEARS RENAULT ASSISTANCE

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. Renault Assistance Cover provided from months 0 to 48 includes, assistance at the roadside and home, national recovery, onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

SERVICING

Take advantage of Renault's suite of Service Plans available over three or four years. The 3 year/30,000 mile (whichever comes first) Service Plan is available at the recommended retail price of £399 and the 4 year/40,000 mile Service Plan available at £599.

The Renault Service Plan covers the manufacturer's minimum service and maintenance programme requirements including parts, labour and VAT, but excluding normal wear and tear items such as brake pads, windscreen wipers or tyres for the period chosen.

FINANCE OPTIONS

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

4+ The 2015 4+ package applicable to new vehicles when ordered from a UK Renault Approved Dealer from 1 January 2015. All vehicles provided with 4 years' warranty and Renault Assistance as standard. For warranty exclusions refer to Terms & Conditions. For full Renault Warranty Terms and Conditions visit www.renault.co.uk/warranty. For Renault Assistance Terms and Conditions visit www.renault.co.uk/assistance. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term and of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the servicing intervals and can only be carried out at a Renault Approved UK outlet. To qualify you must order and purchase the Service Plan from a Renault Approved UK outlet before the first service is due or 12,000 miles (whichever comes first). Cannot be part exchanged, refunded or transferred. Finance provided by RCI Financial Services Ltd, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply.

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays and 10am - 3pm Sundays. Calls may be recorded. All quotes are based on individual circumstance and subject to insurers underwriting criteria. Renault Insurance is arranged and administered by iGO4 Partners Limited which is authorised and regulated by the Financial Conduct Authority. Financial Services Registration Number 490061. Registered Office: Sundance House, Staniland Way, Werrington, Peterborough, PE4 6JT. Registered in England & Wales No. 6710272.
