

RENAULT MEGANE HATCH 2012

DRIVE THE CHANGE

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

The 4+ package comes as standard with every purchase of a Renault car, van or Z.E. vehicle.*

4 - Warranty

Your vehicle is covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your Dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault.

4 - Roadside Cover

Any problems and we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is provided in partnership with the Automobile Association (AA) and is available 24 hours a day, every day of the year. We'll provide home start and roadside for 48 months, with additional recovery, onward travel and European assistance for the first three years.

4 - Servicing

Your vehicle is covered for free servicing during your first four years of ownership, or your first 48,000 miles (80,000 miles for vans), whichever comes first. That covers everything required in the manufacturer's minimum maintenance programme including parts, labour and VAT, but excluding normal wear-and-tear items, such as brake pads, windscreen wipers or tyres.

4 - Finance Package

The 4+ package is available with or without a finance package, it's your choice. Simplify your cash flow with fixed monthly payments with Renault Selections* or Hire Purchase finance packages. (* Cars only). Cash offers also available.

SERVICE INTERVALS

18,000 miles / 1 year: <ul style="list-style-type: none"> • Twingo 1.2 16v 75 • Scénic all engines • Fluence Z.E. • Twizy 	18,000 miles / 2year*: <ul style="list-style-type: none"> • Clio all engines except 1.2 TcE 100 & Renaultsport 200 • Mégane all engines except Renaultsport 250/265
12,500 miles / 2 year*: <ul style="list-style-type: none"> • Mégane Renaultsport 250/265 • Twingo Renaultsport 133 	12,000 miles / 2 year*: <ul style="list-style-type: none"> • Clio 1.2 TcE 100 & Renaultsport 200
25,000 miles / 2 years: <ul style="list-style-type: none"> • Traffic all engines • Master all engines 	

Service required at the mileage or time interval shown, whichever is sooner.

* An annual Interim Service is recommended, providing you with peace of mind that your vehicle is operating safely and at peak performance.

ENGINES WITH OIL CONTROL SYSTEM (OCS)

- PETROL 1.2 TcE 100 & 115, 1.4 TcE 130, 2.0 TcE 180, 1.6 VVT 133, Renaultsport 133 & 250/265
- All DIESEL engines

OCS monitors driving conditions that directly affect the quality of your engine oil, protecting your engine from excessive wear and possible bearing failure. Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to Driver's Handbook for details).

RENAULT ACCIDENT SUPPORT LINE - 0800 085 8005

The Renault Accident Support Line (RASL) is a dedicated service from Renault for all Renault drivers and their families, no matter what car they drive. This service is available at no cost to you, regardless of fault. RASL will deal with every aspect of your claim, from ensuring you are recovered to a Renault Approved Accident Repair Centre to dealing with all insurance companies giving you total convenience and peace of mind. **0800 085 8005** is the only number you need so please programme it into your phone and make sure that in the event of an accident you call us first and we will take care of everything.

RASL will:

- Arrange recovery of your vehicle from the scene of the accident to a Renault Approved Accident Repair Centre
- Organise the repairs at a Renault Approved Accident Repair Centre using only Renault Original Parts
- Deal with all insurance companies, both yours and the other parties'
- Provide a like for like replacement vehicle if the accident is not your fault
- Pursue the at fault party for all associated costs if the accident is not your fault
- Use the same paint as during manufacture
- Provide a 5 year repair guarantee on paint and repairs
- Ensure you do not have to pay a policy excess if the accident is not your fault
- Provide the same service for your family free of charge regardless if their car is a Renault or not
- Ensure that yours and your passengers' safety are guaranteed and your five star NCAP rating will not be compromised

RENAULT NETWORK SERVICES

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Lines open 8am – 8pm weekdays, 9am – 5pm Saturdays and 10am – 3pm Sundays. Calls may be recorded. All quotes are based on individual circumstance and subject to insurers underwriting criteria. Renault Insurance is arranged and administered by Equity Direct Broking Limited, which is authorised and regulated by the Financial Services Authority. Registered Office: Library House, New Road, Brentwood, Essex, CM14 4GD. Registered in England & Wales No. 6710272

CUSTOMER RELATIONS

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If after speaking to your local Renault dealership you are not completely satisfied, please contact the Renault UK Customer Relations Department on **08000 72 33 72** (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays).

You can also visit our website www.renault.co.uk

Or write to us at: **Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.**

Find out more about your vehicle at www.e-guide.renault.com

* Vehicles are covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Please see the warranty terms and conditions (www.renault.co.uk/warranty) for further details. Servicing offer covers cars for 4 years or 48,000 miles, whichever comes first. Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals, and can only be carried out at a Renault Approved outlet. Renault Assistance Roadside Cover is provided in association with the AA. Cover from month 0 to 36 includes assistance at the roadside and home, national recovery, onward travel and European cover. Cover from month 37 to 48 includes Roadside and Homestart (including a local tow to an authorised Renault dealer). The provider of this cover is the Automobile Association Limited. For Finance, guarantees and indemnities may be required. You must be at least 18 and a UK resident (excluding the Isle of Man and Channel Islands) to apply. Finance provided by RCI Financial Services Limited, PO Box 149, Watford WD17 1FJ. Available at participating dealers only. Not available in conjunction with any other schemes or finance offers, please check with your local dealer for information. Offers are available to retail and business customers (but exclude fleet customers with own terms), and are valid on new vehicles, at point of new vehicle registration, when ordered from 1st February 2012 until further notice. Visit www.renault.co.uk/4plus.

WHY RENAULT?

WE'RE DRIVEN BY A PASSION TO MEET AND EXCEED PEOPLE'S NEEDS, AND THAT'S WHAT DRIVES THE INDUSTRY FORWARD. IT'S BEEN THAT WAY WITH US FOR OVER A HUNDRED YEARS. BUT IN TODAY'S RAPIDLY-CHANGING ENVIRONMENT, IT'S MORE IMPORTANT THAN EVER THAT WE SOURCE NEW SOLUTIONS THAT WILL SAFEGUARD ALL OUR FUTURES.

We know that the car is at a turning point, it has to evolve whether you believe in global warming or not; to emit less in cities, to make less noise and to use increasingly scarce energy more efficiently.

At Renault we are working to create more affordable cars, with radically lower CO₂ emissions. For the widest possible audience. Today that's our collection of 'eco²' models. eco² indicates that the vehicle produces CO₂ emissions lower than 120g/km, it includes at least 7% recycled plastic in its plastic mass, and has been designed in such a way that 95% of the materials used could have a second life (recyclable for other use or as a source of energy). In addition, eco² means that our factories are ISO 14001 certified.

We have started to launch a groundbreaking range of electric vehicles, from a nippy town car to a comfortable family saloon and a small van. They will be affordable to run – you will be able to drive up to 100 miles using a battery that costs typically £3 to charge, and a lot less using cheaper tariffs. And parking and congestion charges should all be lower too.

We believe it's time to make the car a driver of progress once more. We are determined to drive that change. Soon you will be able to join us.

RENAULT. DRIVE THE CHANGE.

RENAULT MÉGANE HATCH 2012
LET YOURSELF BE SEDUCED
BY MODERNISM.

NEW EXPRESSIVE DESIGN

MODERNITY NEVER FAILS TO FASCINATE.

You'll recognise the strength of character of the Renault Mégane Hatch 2012 at first sight. The new design of its front is seductive in the exactness of its lines. The headlamps, with distinctive LED daytime running lights, blend perfectly with its curves. So the whole effect gives a graphic and stylised light signature – a real hallmark. The chrome and gloss black detailing highlight its outline with elegance, inviting a closer look inside. These clean lines and contrasting materials are the true expression of contemporary automotive art.

INNOVATIVE TECHNOLOGIES

THE MORE TECHNOLOGY ADVANCES, THE MORE PLEASURE GROWS.

On board the Renault Mégane Hatch 2012, the driving experience is unique and infinitely safer, for a more enjoyable journey. Equipped with the Visio System, connected to a front camera that detects the lane markings and the position of the car, the Mégane alerts you to any lane drifting. It also triggers automatic headlights if road conditions demand. Meanwhile, the powerful features of the latest Carminat TomTom® LIVE system are controlled by a single movement of the joystick on the central console. You can benefit from high definition traffic information in real time, as well as a host of services to smooth your journey. There are other innovative technologies from Renault to make life easier too: the hands-free card, the reversing sensor to simplify parking, the dual-zone automatic climate control with air quality sensor. And for complete driving pleasure, the standard radio is an even more user-friendly entertainment system, with multiple connections via Bluetooth®, USB and jack.

NEW STOP & START ENGINES

MORE ECO-FRIENDLY, MORE ADVANCED – AND EVEN MORE FUN.

ENERGY dCi 110

To drive a Renault Mégane 2012 is to feel dynamism and control going hand in hand, in one unique sensation. That's thanks to an even more efficient and powerful engine range now with three more Stop & Start engines – two diesels (dCi 110 and 130 hp) and one petrol (TCe 115). All perfectly combine driving pleasure and best possible fuel consumption, with technological innovations born of Renault's expertise in F1, like Stop & Start and regenerative braking. So, for example, the new dCi 110 Stop & Start diesel engine has a unique blend of spirited performance with combined fuel consumption at 80.7 mpg (3.5 l/100km). This also cuts CO₂ emissions to 90 g/km, a decrease of 16 g compared to the previous engine – and, more importantly, qualifying for zero Road Tax. Driveability's improved, too. Engine power stays unchanged at 110 hp, but there's even more generous torque of 260 Nm (+20 Nm), available from 1750 rpm for rapid overtaking and responsive acceleration. Allied with reduced sound levels, this engine makes every trip more peaceful and pleasant. Power, control, economy... the pleasure of driving is even greater when it leaves less of a footprint.

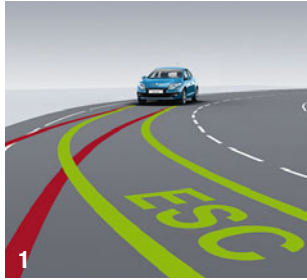

With the new Mégane GT Line TomTom 2012, the driving experience is pure, unadulterated pleasure. Its sporting character is up front and waiting to be re-invented every day. The Mégane GT Line TomTom combines a powerful dCi 160 engine, suspension reworked to a unique design by Renault Sport, dedicated bumpers, light signatures with boomerang LEDs and 18" exclusive alloy wheels. The interior atmosphere is distinguished by the seats with lateral support, sporting dials, drilled aluminium pedals, an exclusive steering wheel, red stitching, and more. Inevitably, reactions will be instantly favourable – both on the move and parked up. The GT Line TomTom is also available with a range of petrol and diesel eco² Stop & Start engines, combining environmental friendliness with style – just look at the sport styling with specific chassis setting and 17" 'Celsius' dark metal alloy wheels.

MÉGANE HATCH GT LINE TOMTOM

SPORTS STYLE, BUT LIKE YOU'VE NEVER SEEN BEFORE...

SAFETY

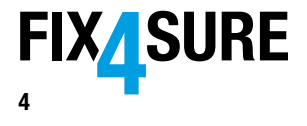

1. ESC (ELECTRONIC STABILITY CONTROL)
With an ASR traction control system and CSV understeer control, your Mégane's stability is a priority in difficult road conditions.

2. BI-XENON DIRECTIONAL HEADLIGHTS
Offering a far-reaching and comfortable light resembling natural daylight, they give best possible anticipation and control. The auto-directional powered system lets the lights guide the way, followed by your vehicle, lighting the inside of corners with even greater precision and control.

3. REAR PARKING SENSORS
To help with parking manoeuvres, these proximity sensors warn you of any obstacles behind you through a series of beeps that speed up the closer you get.

4. PROTECTION OF OCCUPANTS
The programmed safety system includes a full set of airbags and sensors for side impacts. The Fix4sure technology, a result of Renault's innovation, is designed to stop submarining (where, during a frontal impact, the passenger slides under the seatbelt). The Fix4sure system efficiently protects everybody and provides maximum safety thanks to a special boss in each seat base.

5. VISIO SYSTEM
With its high resolution camera, this system detects lane markings and alerts you visually and audibly whenever you cross a continuous line or broken line without indicating. The automatic headlights feature also adjusts between main and dipped beam, depending on the conditions.

6. REAR PARKING CAMERA
The reversing camera helps with manoeuvres. It complements the audio and visual sensor aids at the back.

COMFORT

1. SUNROOF

The vast electric roof, opening from the front, provides maximum light for the cabin and a panoramic view out over the landscape.

2. DUAL-ZONE CLIMATE CONTROL

Provides a truly personalised level of temperature control, so each front passenger can select the temperature that suits them best. The three modes (Auto, Fast or Soft) adapt to the specific needs of each individual and provide a balanced level of warm or cool air. The three modes can be adapted to individual needs: Auto mode offers balanced temperature management. And for maximum comfort, passengers in the rear can adjust their own ventilation.

3. AIR QUALITY SENSOR

Automatically activates recycled air as soon as it senses you're in a polluted environment.

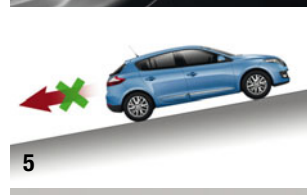

4. AUTOMATIC HANDBRAKE

Automatically releases on departure and engages when stopped. A single button also lets you control the brake manually.

5. HILL START ASSIST

Hill start assist operates automatically whenever there is a slope (from 10%). This prevents any rolling backwards for long enough so you can set off without needing to use the parking brake.

6. HANDS-FREE KEYCARD

Simply carry the card with you for door opening and ignition without having to insert the card into the reader. The doors also lock automatically as soon as you move away.

7. JUST PRESS TO INDICATE

For convenience and simplicity, one quick touch of the controls automatically flashes the indicator three times.

MULTIMEDIA

1. NEW STANDARD RADIO

The new range of car stereos mean more connectivity for portable devices: a jack in the console and Bluetooth® functionality for hands-free telephony, with voice recognition and audio streaming. With the Plug & Music option, connect your player using the USB and audio jack, and command the whole system from the central controls.

2. 3D SOUND BY ARKAMYS

Digital sound processing, made to measure for the Mégane by Arkamys, lets eight speakers recreate fantastic quality sound in three dimensions. The sound can be finely adjusted with the "driver only" and "rear silence" functions.

3. CARMINAT TOMTOM® LIVE

Carminat TomTom® Live is the new integrated system from Renault. Particularly easy to use, it offers a full range of powerful applications. Its central control provides access to the different functions in an intuitive and simple manner. Easy to access, the TomTom® Home app offers a wide range of services to download.

4. LIVE SERVICES*

To receive high definition traffic information in real time from the innovative technology of TomTom®, mobile-speed camera alerts, a points of interest search with Google Local Search and a five day weather forecast, all you need do is choose Services Live.

* Available with Carminat TomTom® Live subscription.

STORAGE

1. CENTRE CONSOLE STORAGE

Practical and easy access storage for front passengers.

2. GLOVEBOX

A generously spacious, well-lit glove box.

3. UNDERFLOOR STORAGE

In the front seats, two 1.8 dm³ spaces are discreetly built into the floor.

4. STORAGE UNDER BOOT FLOOR*

The boot floor hides a compartmentalised storage space of 33 dm³.

* Not available with optional spare wheel.

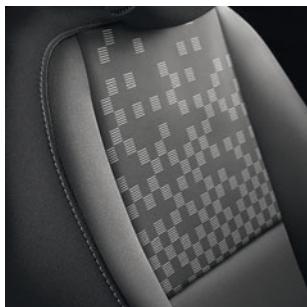

TRIMS

EXPRESSION+ **Comfort and refinement.**

Adjustable driver's seat and front head-rests, centre console with armrest. The interior of the Mégane Expression+ is sheer comfort. Satin chrome instrument surrounds, chromed door handles and gearlever, with dashboard trim edging all quietly state unprecedented sophistication. The Mégane Expression+ is available with dark grey cloth upholstery.

DYNAMIQUE TOMTOM **Chic and sporty.**

The steering wheel and gearshift knob in supple leather, chrome inserts, instrument surrounds in glinting chrome, speaker covers and door trim in satin chrome... the Mégane Dynamique TomTom revels in its sporty character. It's available with 'Java' cloth in dark charcoal as standard, and with charcoal leather as an option.

Charcoal leather upholstery (optional)

TRIMS

GT LINE TOMTOM

Feel sportiness.

Sports seats, GT steering wheel, aluminium pedals, analogue dials... make the most of pure excitement.

Image shows GT Line with optional two tone leather upholstery

*Leather seats are completely upholstered in leather for the fronts of the seats themselves, backrests, front headrests and wrap-around sides. The other parts are man-made materials.

ACCESSORIES

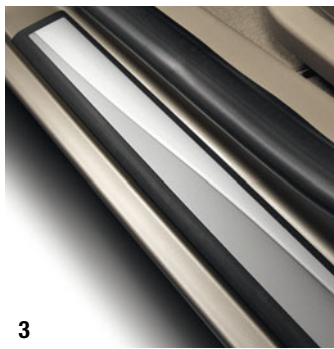

1-2

1. ROOF BARS TOURING LINE ALUMINIUM
Strong and perfectly matched to the design of the car, they are also easy to install and can be fitted with different carrying accessories.

2. BIKE CARRIER ON BARS TOURING LINE 65
Lets you carry all types of bike and has its own anti-theft device.

3. ALUMINIUM DOOR SILLS
To protect the sills of your car.

3

4. INTERIOR MATS

Custom-designed and 100% compatible with the originals, Renault mats integrate with your interior seamlessly and with a high level of quality and safety. Textile or rubber? Pick the Renault mat that suits you best.

4

5. GEARSHIFT KNOB

The satin chrome finish shows the sporty nature of your Mégane. In addition to its aesthetic appeal, it gives more accurate gear changes, thanks to its extra heft in the hand.

5

6-9. RENAULT ALLOY WHEELS

Renault gives you a wide range of models so you can customise your car for both aesthetics and safety. Look to the Asteria and Avanza alloy wheels, offered in different sizes and colours: Asteria 16" rims (6), Avanza 16" rims grey satin (7), Avanza 17" rims (8), Avanza 17" rims in satin chrome (9).

10-11. SPORT KIT

The wide range of personalisation available lets you bring out the dynamics and design of the vehicle. Go for a sporty look with a carbon look exhaust and mid-carbon look spoilers in a colour of your choice. Or, even more, opt for the integrated exhaust... To each their own Mégane, to each their own style. With this wish list of choices, every Mégane can be unique. And if you want to go to the limit, why not highlight the power and brilliance of your Mégane, by going for the spoiler and alloys to match?

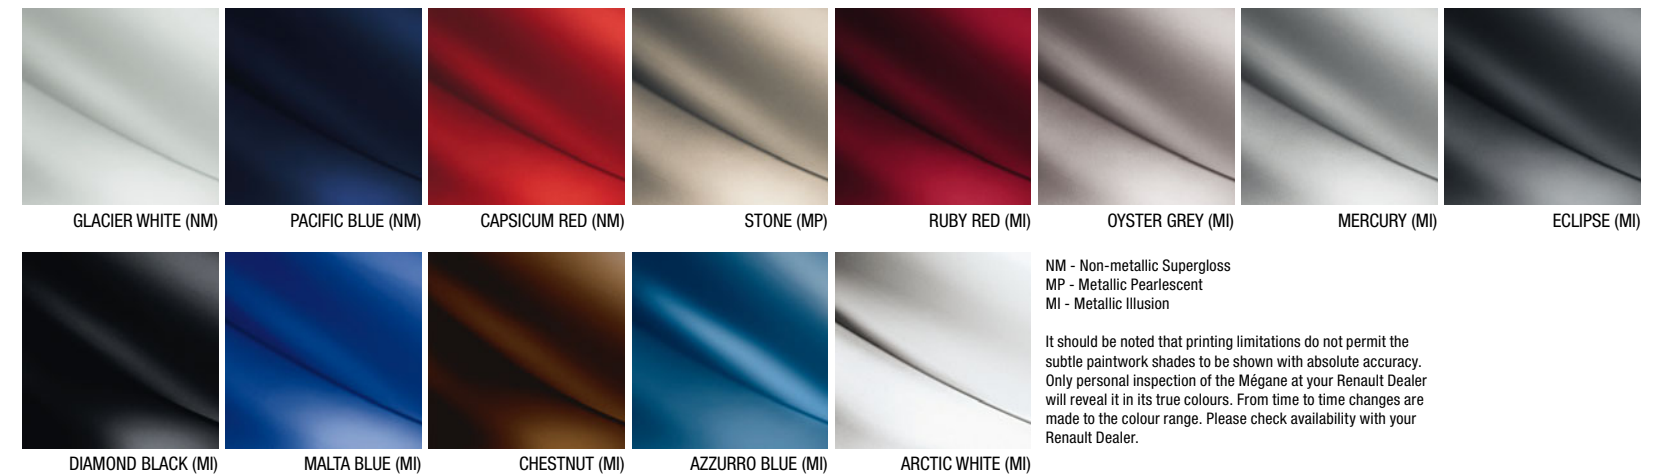

10

11

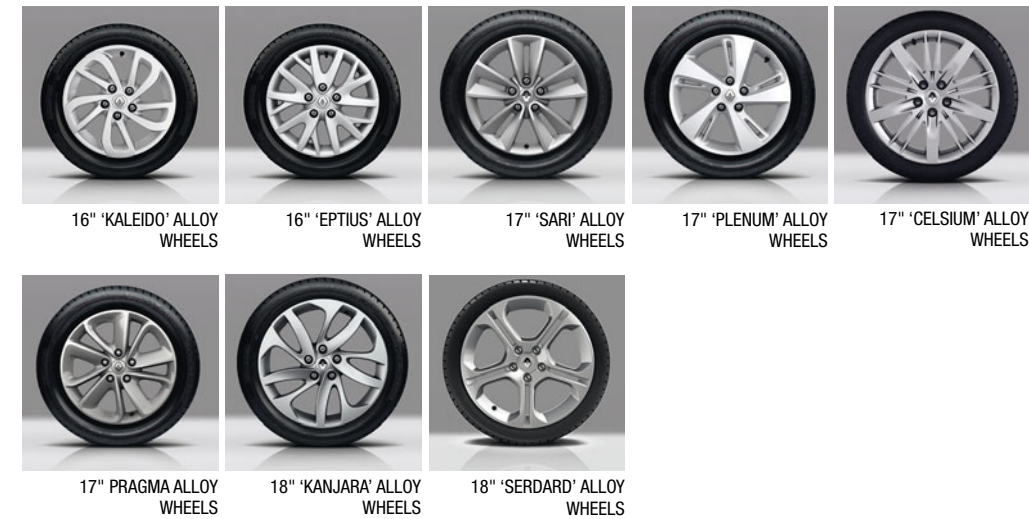

COLOURS

NM - Non-metallic Supergloss
MP - Metallic Pearlescent
MI - Metallic Illusion

It should be noted that printing limitations do not permit the subtle paintwork shades to be shown with absolute accuracy. Only personal inspection of the Mégane at your Renault Dealer will reveal it in its true colours. From time to time changes are made to the colour range. Please check availability with your Renault Dealer.

Mégane Hatch **eco2** meets three criteria:

- it is manufactured in an ISO 14001 certified factory, minimising its environmental impact, and it includes at least 7% recycled plastic in its plastic mass,
- the vehicle produces CO₂ emissions lower than 120g / km or operates on biofuels,
- the vehicle has been designed in such a way that 85% of the materials used could have a second life (recyclable for other use or as a source of energy), and that pollution control at the end of the vehicle's life (in particular extraction of fluids) is made easier.

With **eco2**, Renault displays its environmental commitment at every stage of the vehicle's life cycle.

EQUIPMENT AND OPTIONS

RENAULT MEGANE HATCH 2012

(Enter Renault's world at Sky Guide 883 and www.renault.tv)

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications, equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. Publication date April 2012.
