

RENAULT FLUENCE

EDITORIAL

The future of automotives lies with mankind. This has been the inspiration behind our innovation for more than a hundred years. Today, because the world is changing, it is time to change, to leave the beaten track, to search for new solutions.

At Renault, we are developing vehicles that meet a range of ecological criteria aimed at minimising their impact on the environment, from design and manufacture through to their use and recycling, under the "Renault eco²" banner.

Our concrete commitment does not stop there. Our ambition is to look to the future, to invent tomorrow. That is why we are launching Target: Zero Emissions.

At Renault, we believe that electric-powered vehicles are the real answer to current concerns regarding the environment and noise pollution. A risk-free ecological, practical and dynamic solution.

Because at Renault, we believe that the value of progress lies in making it available to all, we have set the Renault Standard that our vehicles must meet in terms of comfort, road-holding, safety and environmental protection.

This standard has made Renault the only brand in the world to offer 12 vehicles that have all obtained the highest mark of 5 stars in the Euro NCAP crash tests. The quality of our products is evident everyday at every level of the company. A daily commitment that allows Renault to hold its position amongst the leaders in terms of quality, as demonstrated by the results obtained from the ADAC.

Renault drives the change.

A WIDE RANGE
OF EQUIPMENT
AN OUTSTANDING DRIVE.**

SMOOTH SILHOUETTE

PURE AND POISED

The designers at Renault have taken a simple silhouette and made it into a statement. The exterior design of the Renault Fluence freely interprets the laws of aerodynamics, melding purity and poise, dynamics and smoothness.

AN OUTSTANDING DRIVE

RENAULT FLUENCE

Thanks to its generous proportions, Renault Fluence offers unrivalled roominess. With its high-quality equipment and its chrome features, Renault Fluence is in a class of its own.

INTERIOR COMFORT

QUALITY EQUIPMENT

Comfort is vital, regardless of distance. That is why Renault Fluence offers a comfortable drive and a full range of equipment designed to make any journey a pleasure for you and your passengers. The audio installation is adapted to most digital music players, giving you access to all tracks in your playlists. What's more, with the adjustable air vents in the back, passengers really feel the benefit of the air-conditioning, wherever they sit.

USEFUL TECHNOLOGIES

INNOVATION ON A DAILY BASIS

Technology in the Renault Fluence is multi-faceted. Take the Renault Hands-Free Card which can be used to lock, unlock and start the vehicle simply by carrying the card with you. The Arkamys® car radio and its 3D sound. Or the TomTom® on-board navigation system with its colour screen, just as easy to read as it is to use. Innovations designed for the driver and expressing a unique philosophy: useful progress.

IT IS TIME FOR CHANGE

With Renault eco², enjoyment remains environmentally friendly. The Renault Fluence is built in an ISO 14001 certified plant and contains 7% recycled plastics. 95% of the vehicle's weight is recoverable at the end of its lifecycle. And, with CO₂ emissions falling below 140g per kilometre, its dCi 85hp and dCi 105hp engines mean the Renault Fluence has been awarded the Renault eco² badge.

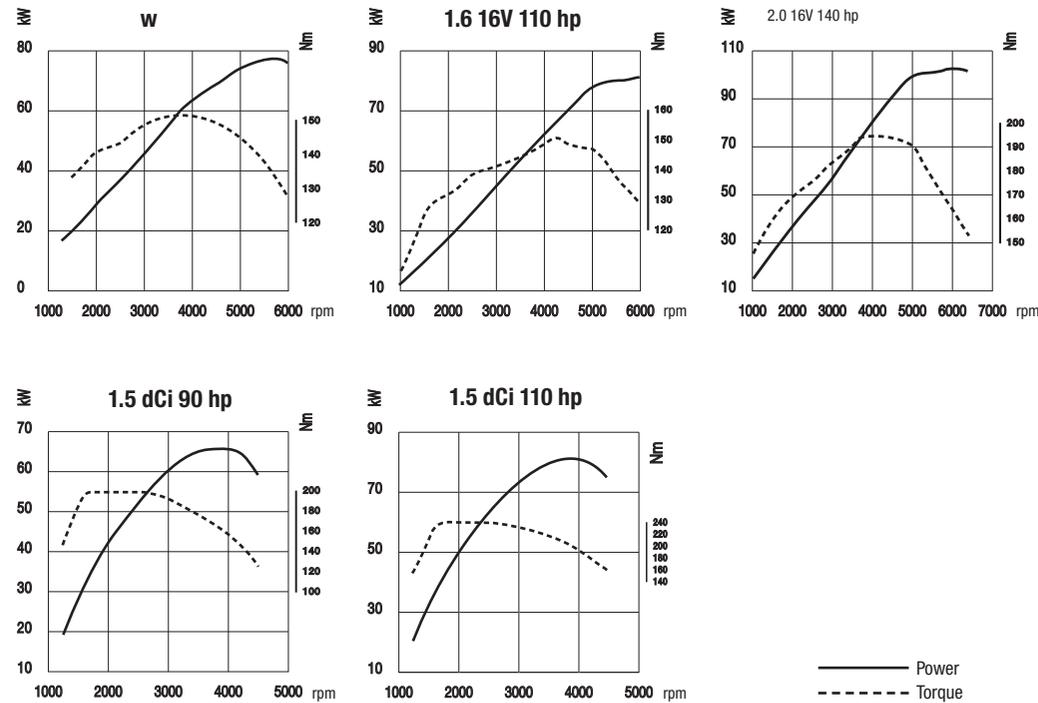

GENEROUS VOLUMES

REAL ROOMINESS

Even from afar, it is easy to guess how roomy a Renault Fluence is. Its smooth, modern, stylish silhouette does nothing to hide its generosity! The Renault Fluence is a truly comfortable saloon car, with the greatest interior space in its category. The front seats offer excellent support. In the back, the knee room is extremely generous. The back seat is inclined at an angle of 27° for bespoke comfort.

ENGINES

1.6 16v 105 hp automatic gearbox

This is a lively and enjoyable engine with controlled fuel consumption. It is only available with the 4-speed automatic gearbox.

1.6 16v 110 hp manual gearbox gearbox

Fitted with variable intake distribution, it reconciles high torque at low revs with an excellent level of power.

2.0 16v 140 hp

This engine is known for its flexibility at low revs, its drive at high revs and its quietness throughout.

1.5 dCi 90hp and 110 hp

These engines provide maximum torque and power levels with extremely reasonable fuel consumption. With the best driving practicality/pleasure ratio on the market, they emit less than 120 g of CO₂/km.

1. 5-SPEED MANUAL GEARBOX

Cable controls ensure easy and precise shifting for optimised driving pleasure.

2. 6-SPEED MANUAL GEARBOX

Offers precision and driving comfort. The 6th gear delivers enhanced driving pleasure and reduced fuel consumption.

3. NEW 4-SPEED SEQUENTIAL MODE AUTOMATIC GEARBOX

This new gearbox optimises gear changes for a smoother drive and great sensations when accelerating.

4. NEW X-TRONIC CONTINUOUS VARIATION TRANSMISSION

A result of the alliance between Renault and Nissan, the X-Tronic continuous variation transmission is very fluid as there are no gear changes, so no accompanying breaks in acceleration.

Renault Eco² for the Fluence meets the following 3 criteria:

- vehicles produced in an ISO 14001 certified plant minimising the impact on the environment
- vehicles with CO₂ emissions of less than 140g/km or running on biofuels,
- vehicles using more than 5% recycled plastic and with end-of-life recycling of more than 85%.

With Renault Eco², the manufacturer is committed throughout the life cycle of the vehicle.

COMFORT

1-2. REGULATED DUAL-ZONE AIR-CONDITIONING

Offers personalized climate comfort to enable each front-seat passenger to choose the temperature they prefer. The 3 modes available adapt to the needs of each individual passenger: the Auto mode offers balanced temperature management, while the Fast or Soft modes can be used to select temperature or acoustics. For maximum comfort and a temperature balanced between the front and rear of the vehicle, rear passengers also have an adjustable air vent.

3. ELECTROCHROME REAR-VIEW MIRROR

Gradually darkens as light levels increase to prevent dazzling.

4. SUNROOF

The sunroof lets more light into the passenger compartment.

5. SUN VISORS

For better thermal protection and more privacy for rear seat passengers.

6. RAIN AND LIGHT SENSORS

The front windscreen wipers, with automatic intermittent function, start and adapt their speed according to the intensity of the rain. A light sensor turns the lights on automatically when night falls or when you enter a tunnel.

7. CUSTOMIZATION MENU

This lets you manage the display and setting of the various functions of the vehicle according to your preferences.

8. REAR COMFORT

At the rear, passengers have their own space offering greater comfort and leaving them free to move as they wish: reclining bench seat, which can be 1-3/2-3 split-folded, air-conditioning vents and central arm rest. The 27° angle of the seat back has been designed to offer optimal comfort.

TECHNOLOGY

1. HANDS-FREE RENAULT CARD

Just keep the card on you. The car unlocks and starts automatically, with no need to insert the hands-free card.

2. FOLDING KEY

Smart and practical, it stows away easily.

3. CARMINAT TOMTOM®

Fluence offers Carminat TomTom®, the first truly affordable built-in navigation system. With calculation of the best route, real time traffic information and fixed speed camera warnings, all information is attractively displayed on the large colour screen. Its remote control provides intuitive, safe access to the various functions.

4. REAR PARKING AID

To facilitate parking manoeuvres, the parking assistance system alerts you to any obstacles behind the car with a series of increasingly rapid beeps.

5. PLUG & MUSIC

Hook up your digital, personal music player using the USB and iPod® sockets and manage the system using the steering wheel controls.

6. 3D SOUND BY ARKAMYS® RADIO

Bespoke sound processing by Arkamys® enables the speakers to reproduce superb quality, 3 dimensional sound. Audio can be modified using the "driver only" and "disable rear speaker" functions.

7. SPEED REGULATOR-LIMITER

The speed regulator-limiter lets you set a cruising speed or a maximum speed. A control on the steering wheel can be used to adjust the speed

STOWAGE

1. BOOT

It has a maximum VDA* storage volume of 530 dm³.

2. REPAIR KIT

This frees up storage space in a compartment in the boot.

1

2

3. GLOVE COMPARTMENT

The generously sized glove compartment is lit and refrigerated depending on the model.

4. CENTRAL CONSOLE STOWAGE

Practical and easy to access for the front passengers.

5. DOOR STOWAGE BINS

(2 in the front and 2 in the rear) can hold things like CDs, maps, or even a bottle in the front.

6. MAP POCKETS

Placed behind the front seats, these can be used to store documents, books and magazines.

7. REAR CENTRAL ARM REST

Rear passengers have an arm rest with cup holders.

3

4

5

6

7

SAFETY

1

2

3

4

1. XENON HEADLIGHTS AND FOG LAMPS

These provide strong, near-daylight lighting, thus maximising anticipation and control. The fog lamps offer greater visibility in the event of fog or rain.

2. TYRE PRESSURE MONITORING SYSTEM

This system immediately alerts the driver if a tyre is punctured or its pressure changes, to prevent the risk of losing control.

3. DYNAMIC DRIVING CONTROL ESC (ESP)

The ASR anti-skid system and understeer control logic (UCL) ensure the vehicle remains stable even in difficult road conditions.

4. ABS ANTI-LOCK BRAKE SYSTEM WITH EBV ELECTRONIC BRAKE DISTRIBUTION

This, combined with emergency brake assist, helps to control the trajectory.

5. SAFETY BELTS

To reduce forces in the event of an impact and to ensure your body is held in the correct position, the system is fitted with a double pretensioner in the front seats and a load limiter in the rear seats.

6. FRONT ANTI-WHIFLASH HEADRESTS

These can be adjusted both in height and inclination to prevent risk of whiplash injury.

7. ISOFIX SYSTEM

The two side seats in the rear are fitted with an ISOFIX fastening system for safe fitting of child seats.

5

6

7

ACCESSORIES

WHEEL RIMS

Alloy wheel rims, an aesthetic and safety feature, occupy a privileged position among the accessories designed to customise the vehicle. Developed in line with European standards and the principles of design, the rims match the original manufacturer dimensions to maintain the vehicle's road holding capabilities. They are compatible with the vehicle's wheel gauge and the wheel bolts of Renault alloy rims.

**GREY ALUMINIUM
ASTERIA RIM**

**CHROME SHADOW GREY
ALUMINIUM AVANZA RIM***

**SATIN CHARCOAL
GREY AVANZA RIM***

SPORTS KIT

With its thoroughbred forms, this body-tone sports kit comprises front and rear bumpers and two side sills, giving your vehicle a resolutely sporty yet elegant look. To put even greater focus on the power and the style of your Fluence, you can opt for the chrome exhaust pipe, the sports spoiler and Avanza or Asteria rims.

**CHROME FINISH REAR VIEW MIRROR
SHROUDS**

Perfectly fitted onto the standard shrouds, they emphasise the top-of-the-range feel of your Fluence.

SPOILER

In total harmony with the vehicle's elegant lines, the spoiler adds a personalised finishing touch to the boot of your Fluence.

ACCESSORIES

1. CHROME BOOT MOULDING

Protects the loading sill and customises boot access.

2. DOOR SILL

Ideal for stylish protection when climbing into your vehicle.

3. SWAN NECK TOW BAR

An elegant design and the removable ball (tools required) preserve your vehicle's appearance.

4. TEXTILE MATS

Protect the floor from wear and moisture. Made-to-measure and matching the colours of the Fluence, you will be won over by the quality, design and durability of Renault's range of textile mats.

5. BOOT CONTAINER

The waterproof boot container can be used to transport wet or dirty materials. It is easy to remove and can be hosed down.

7

7

6

8

6. BLUETOOTH® HANDS-FREE KIT

This wireless hands-free kit with colour LCD screen can be customized to view your incoming calls and lets you browse through the contacts list on your mobile.

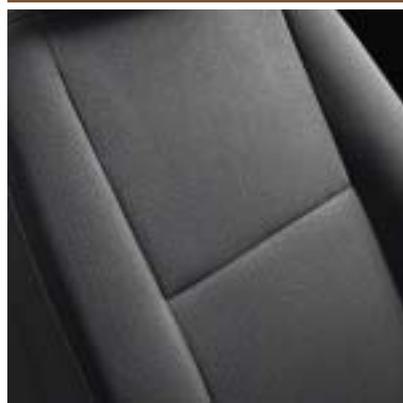

7. SONY-KENWOOD SPEAKERS

The Sony and Kenwood speakers offer a rich, balanced sound. With their maximum power ranging from 110 W to 200 W, you can listen to your favourite music in optimal conditions, without saturation. The Sony 2-way coaxial loud speakers (10 cm/13 cm/17 cm) have a metallic grey polypropylene membrane and balanced dome tweeters. The Kenwood 3-way coaxial speakers come with Easy Fit connectors compatible with every vehicle model.

8. SONY GT 33 RADIO

Use the Quick-Browser function for easy, intuitive browsing through your MP3 player's music library. The USB socket on the car radio means you can easily enjoy all your player's content.

VERSIONS

AUTHENTIQUE

Modern yet simplistic.

Fitted out with dark carbon upholstery, the Fluence Authentique offers, as standard, manual air-conditioning, driver's airbag, front electric windows and height-adjustable driver's seat and steering wheel.

EXPRESSION

Comfort and well-being.

As standard, the Fluence Expression offers ABS, 2 front airbags, fog lamps and a rear 1/3-2/3 split-fold bench seat with central armrest. For custom comfort, the driver's seat and head rests can be adjusted in several different ways. Available with dark or light trim.

VERSIONS

DYNAMIQUE

Class and sportiness.

16" alloy wheels, chrome fog lamp rims and the black lacquered central pillar emphasise the sporty feel of the Fluence. You will also be able to enjoy all the benefits of the Renault Hands-Free Card. The Dynamique version comes with dark carbon fabric upholstery or optional leather*.

PRIVILÈGE

Speed and refinement.

Regulated dual zone air-conditioning with rear air vents, electric folding wing mirrors, electrochrome rear-view mirror: Fluence Privilège offers classy style. Available with light fabric trim or optional leather*.

LOOK PACK

1. BLACK LACQUERED CENTRAL PILLAR

2. CHROME BOOT MULDING

Enhances the rear design of the vehicle.

3. BODY-TONE WING MIRRORS

4. CHROME WINDOW WEATHER-STRIPS

5. BODY-TONE SIDE

PROTECTIVE STRIPS

Gives the vehicle even greater style.

6. CHROME FOG LAMP RIMS

Give the vehicle true personality.

REDUCED MOBILITY: RENAULT CLOSE TO YOU - IT'S A REALITY.

Designing cars in harmony with the special requirements of their occupants: that's what we call ergonomics. Renault works on it every single day and naturally undertakes to facilitate driving autonomy for people with reduced mobility. Because we are convinced that cars offer greater freedom, we work together with coachbuilders to find customised solutions to make our vehicles accessible to everyone and adapted to each person's needs. In addition, because we are constantly thinking of ways to make your life easier, we offer specific financing options and service contracts through the Renault Handi-Services programme. And we are right beside you every single day; in the event that your vehicle cannot be driven, we provide you with a vehicle that is equipped with a driving assistance system and a hydraulic activated ramp.

For any questions or comments about the specific fittings available in our vehicles, contact the Renault Entreprises National Centre on 0 825 333 66 or the Handi-Services section of the Renault website.

WHO BETTER THAN RENAULT TO SERVICE YOUR RENAULT?

WARRANTIES

Starting from its delivery date, each Renault vehicle is covered by a two-year, unlimited mileage **Diamond Warranty**, including free repairs and assistance. Your vehicle has **extended warranties** against paint defects and corrosion of 3 and 12 years respectively*. Renault also ensures that your usage and insurance costs are reduced with models that can be repaired at less cost and benefit from excellent protection against theft and break-ins (excellent "Danner" and "Thatcham" test results).

FINANCING

Through its financing subsidiary **DIAC**, Renault offers a large range of finance deals. **Renault New Deal** offers you the simplicity of an "all-inclusive" formula which includes finance, warranty, maintenance and trade-in at end of the contract.

SERVICE CONTRACTS

For even greater peace of mind, Renault offers to extend the original warranty and breakdown assistance services. The **Diamond Contract** extends the warranty to 5 years or 100,000 km and includes a parts and labour warranty, 24-hour 7-day breakdown cover and replacement vehicle in the event your vehicle cannot be driven. The **Maintenance Contract** frees you for 4 years or up to 120,000 km of all maintenance and repair restrictions through additional services adapted to your profile, such as taking on the costs of maintenance and normal wear and tear.

The **Renault Confidence Pack** frees you of any worries for 3 years or 80,000 km. It combines a maintenance contract with a replacement vehicle in the event of breakdown or for servicing, the financing of your vehicle and its trade-in at the end of three years. A single monthly payment for a controlled budget and guaranteed mobility.

RENAULT ASSISTANCE

For breakdown repair on site or towing to the nearest workshop, the Renault Assistance network **Renault Assistance** is available to you 24 hours a day, 7 days a week at the Azur number **08 10 05 15 15**.

RENAULT NETWORK SERVICES

No-one is better placed than Renault to maintain, equip and repair your Renault. The **Renault Minute** (maintenance without pre-booking) and **Renault Minute Bodywork** (work on paint, lights, windscreen, bodywork, etc.) services provide the best maintenance quality with a 1 year warranty on repairs carried out and use of **Renault genuine spare parts**.

The latter, manufactured to the same quality as when the car was first manufactured, also enable you to preserve the original value of your Renault.

Renault Rent enables you to rent a personal or utility vehicle for a short time.

To customize your vehicle, choose from the wide range of durable, high-tech **Renault accessories**. And for financing you can control, the **"Payment Plan"** lets you pay in several instalments or monthly.

* Except the Master range: 6-year anti-corrosion warranty.

CUSTOMER RELATIONS DEPARTMENT

Renault has put in place various channels to listen to your comments and give you information:

- by **telephone: 08 10 40 50 60** (Monday to Friday from 8 a.m. to 7 p.m., Saturday from 8 a.m. to 12:30 p.m.)
- on the website: **www.renault.fr**,
- by post: **Renault, Service Relation Client, 92109 Boulogne-Billancourt Cedex, France.**

How does the cruise control work? A particular air-conditioning or navigation system? The answers to all your questions about how a Renault vehicle works at the click of a mouse! **www.e-guide.renault.com**
