

TATA BOLT

Make it your choice

Choose exceptional driving style

The Tata Bolt is powered by the Revotron 1.2L turbocharged, intercooled, Multi-point Fuel Injection (MPFi) petrol engine, delivering 66kW@5000rpm and 140Nm@1500-4000rpm.

The Tata Bolt offers Multi Drive driving modes, giving you the freedom to choose between default, Eco and City modes.

Choose outstanding design

The Tata Bolt's interiors feature elegant and high-tech features. The centre console is the main focal element, loaded with touchscreen infotainment and climate-control technology.*

Key design elements include snazzy Java Black interiors, full fabric seat upholstery, steering wheel-mounted controls, interior lamps with theatre dimming and a detailed driver information system.

**XT variant*

Choose to stay connected

The Tata Bolt boasts the Harman™ Infotainment System, a fully featured audio and infotainment system, in response to consumers' increasing need for connectivity.

Choose safety

The Tata Bolt is rich in safety features, including dual front airbags, driver's seatbelt reminder, Anti-lock Braking System (ABS and Electronic Brake Force Distribution (EBD), Corner Stability Control (CSC), speed-sensing auto locks, door open key in indicator, smart rear wiper*, perimetric alarm system* and rear park assist*.

*** XT variant**

The Tata Bolt Sedan has a 4 star NCAP safety rating.
