

TATA MOTORS

nano

THE TATA NANO ISN'T JUST A CAR; IT'S A MILESTONE IN AUTOMOTIVE HISTORY. ICONIC, AFFORDABLE AND HIGHLY DESIRABLE, IT'S A CAR FOR EVERYONE. BIG IDEAS LURK IN THIS SMART LITTLE LOVABLE CAR.

## PEDIGREE

The Nano is incredibly charming. Its remarkable design is as much a style statement as it's a result of intelligent engineering. The Nano allows room for expression with bright exciting colours and choices of dual-tone interiors. After all, isn't your car an extension of your personality?

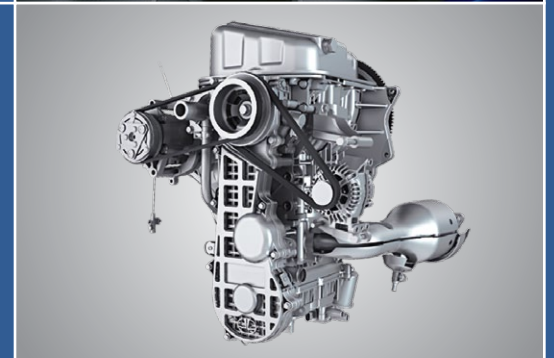

## AMAZING COMFORT

The car's interiors boast of generous amounts of space; one of its greatest achievements. It fits four full-size adults with room to spare. The doors open wide and the high natural seating positions make sure you don't strain your knees while getting in and out. A 4-metre turning radius and large glass surfaces make it an obvious choice for high congestion environments like inner cities.

## A SURPRISE UNDER THE HOOD

Like some of history's most iconic cars, the Nano's engine is cleverly placed behind the rear seat. It punches way above its class with an engine designed to deliver 38PS of power. Thanks to its lightness, the car is quite a rocket in the city. With emissions as low as 92.7 grams per kilometer, chances are the Nano is amongst the most eco-friendly and fuel-efficient cars you can buy right now.

## REASSURINGLY SAFE

Its compact exteriors belie the fact that it's rock solid. Hardly surprising, as it is designed to meet modern crash safety norms. With excellent stability and quick-response braking systems, the car holds its own on any highway. On city roads, a steering system and an anti-roll bar reduce driver effort to enhance its maneuverability and overall drive quality. The 180 mm ground clearance tackles potholes with ease and allows parking on the curb, should you choose to.

## SPECIFICATIONS

ENGINE, DRIVETRAIN & CHASSIS	
Type	2 Cylinder, MPFI
Capacity (cc)	624
Max. Engine Power	38 PS @ 5500 +/- 250 rpm
Max. Torque	51 Nm @ 4000 +/- 500 rpm
Top Speed	105 kmph
Gradability	30%
Transmission Type	Synchromesh on All Forward Gears ; Sliding Mesh on Reverse Gear with Overdrive on 4th Gear
No. of Gears	4 Forward and 1 Reverse
Brake Type	Dual Circuit, Vertical Split Operated by Tandem Master Cylinder with Vacuum Booster
Front & Rear Brakes	180 mm Dia. Drum Brakes
Suspension-Front	Independent, Lower Wishbone, McPherson Strut with Gas Filled Dampers and Anti-Roll Bar
Suspension-Rear	Independent, Semi Trailing Arm with Coil Spring and Gas Filled Shock Absorbers
DIMENSIONS & WEIGHTS	
Wheel Base (mm)	2230
Overall Length (mm)	3099
Overall Width (mm)	1495 without ORVMs
Overall Height (mm)	1652
Min. Ground Clearance (mm)	180
Kerb Weight (kgs)	600 to 635
Fuel Tank Capacity (ltr)	15
Seating Capacity	4 Persons
Wheels Size	4 B x 12
Minimum Turning Circle Radius (m)	4
Tyres	Radial & Tubeless Tyres, Front - 135/70 R 12 & Rear 155/65 R 12
Spare Tyre Size	135/70 R 12
Luggage Space (ltr)	500 with Rear Seat Folded & Otherwise 80

## FEATURES

### STYLE

Roof Spoiler | Body Coloured Bumpers | Body Coloured Door Handles | Seat Upholstery - Dual Tone/Trendy Black /Premium Beige | Tinted Glass | Front & Rear Fog Lamps | Driver & Passenger Side Tip - Tap ORVM | Wheelcover - Stylish in Steel
