Meet the Audi Q2

**The looks of a coupé.
The agility of a hatchback.
The presence of an SUV.**

The Audi Q2 is the first compact SUV from Audi. Suitable for the longest journey, or the shortest city drive, it's a car that's not so easily defined. Together with its customisable design and choice of technology, it's whatever you want it to be.

The Exterior

Distinctively Audi. Unmistakably yours.

The Audi Q2 makes an instant impression – with an eye-catching shoulder line, sloping roof and contrast bumpers, all combining to set this car apart.

Make it your own.

You can customise your Audi Q2 to be exactly the way you want it. Choose from 12 exterior colours, including vibrant shades like Coral orange that give a striking look on the road. And with contrasting rear C-pillar blades, your Q2 becomes even more distinctive.

Performance

Precision. Agility. Control.

Every detail of the Audi Q2 is fine-tuned for driving pleasure. With progressive steering as standard, it adapts to the driving situation – reducing steering work while parking, yet maintaining directional stability and precision at high speeds. This results in enhanced driving dynamics and ride comfort. And with optional adaptive dampers, you can adjust the suspension set-up for a sportier or more comfortable experience.

A gripping drive.

Optional quattro all-wheel drive provides enhanced grip in all conditions. Add our S tronic transmission and you'll benefit from gear changes that are smooth, swift and automatic.

The Interior

Ultimate comfort.

The expansive cabin and generous headroom give you and your passengers enhanced comfort on any journey. From the driver's seat, you'll notice premium materials and refined finishes, and you can also specify your upholstery in a selection of materials and colours.

Inner beauty.

Options include LED interior lighting packages, one of which comes with stunning illuminated inlays that light up in a choice of colours. And with up to 405 litres of luggage space, you can take everything you need with you.

Technology

Innovations beyond the expected.

The Audi Q2 has a generous level of technology as standard, including the Audi Smartphone Interface that connects to your phone and gives you access to apps on the move. And Satellite Navigation – standard on Sport, S line and Edition #1 trims – that shows detailed 3D maps on a 7” colour display.

Some of the smartest technologies available are the ones that react to the world around you. Optional driver assistant systems like Audi Side Assist and Cross-traffic assist rear help you to watch the road. Then there are options like the Audi Virtual Cockpit and head-up display – state-of-the-art features that put the information you need right in front of you.

Vorsprung durch Technik

Not just a slogan. A philosophy.

Progress. It's behind everything we do at Audi. It's why, in the Audi Q2, we've incorporated new technologies to help you on the road and engines to deliver impressive performance and fuel economy.

The Audi Q2 is the embodiment of our forward-thinking approach.

quattro

Driving confidence, whatever the weather.

Loose gravel. Icy patches. A tight bend in the rain. Conditions on the road are always changing, so quattro changes too. Optionally available, it analyses your grip – automatically distributing power between all four wheels to where it's needed most. It's made for the most challenging conditions of all – the ones you encounter every day. Whatever the road holds, you can be confident that quattro will react.

Sharp. Focused. Unmistakable.

Our striking LED lights come as standard on S line and Edition #1 trims, or as an option on SE and Sport. Not only do they have an unmistakable style, they emit a light that's remarkably similar to daylight – resulting in more natural illumination that puts minimal strain on your eyes.

Energy consumption is lower, as LEDs use just a fraction of the power of conventional halogen bulbs. And as they also last longer than our standard lights, the attraction goes far beyond their looks.

LED lights

Illuminated Inlays

Set the tone.

It's a feature exclusive to the Audi Q2: stunning, illuminated inlays that can change their appearance from day to night. Standard on Edition #1 and available as an option, as part of the LED Interior Lighting Pack Advanced, they can shift between two distinct looks. Selectable in the MMI system, you can choose from 10 different lighting colours to change the ambience inside your Q2.

Bring your phone to the fore.

Imagine being able to use your smartphone applications safely while driving. The Audi Smartphone Interface, standard on the Audi Q2, lets you do just that.

Satellite navigation. Music streaming. Your contact list. Now you can access apps, approved for in-car use by Android and Apple, from the MMI controls on the Q2's centre console, from the multi-function steering wheel, Audi Voice Control, or even via your smartphone's assistant, like Siri.

Simply connect your compatible smartphone via USB* and approved apps appear in full colour on the central MMI screen.

Smartphone Interface

Finding your way.

You can now use Apple and Google Maps™* as your navigation system. Turn-by-turn directions, traffic guidance and estimated arrival times are easy to see on your MMI screen without having to touch your phone – and addresses from your email, texts, contacts and calendar can be added as destinations. Don't forget, planning your journey at home reduces data usage while on the move.

Google Maps™*

Your own soundtrack. Keeping in touch.

You can play music stored on your phone as you drive, controlling it simply and intuitively through the interface. Streaming services are also available, including Spotify and Google Play Music.*

Spotify and Google Play Music*

With Audi Smartphone Interface, any text messages you receive while driving can be read out to you – and if you need to respond, you can do so simply by dictating your message. But not only that. You can also use approved third-party apps* like WhatsApp to keep in touch while driving.

WhatsApp, Skype and Google Hangouts*

What's on your phone is now available on the road.

The Audi Smartphone Interface makes linking your smartphone† to your car quick, safe and easy.

With Android Auto and Apple CarPlay, you can access approved apps* from your phone safely via the Audi Q2's MMI system – both by voice and fingertip control. So you can make calls, receive and dictate messages, navigate, select music and podcasts and much more without taking your eyes off the road.

All imagery on these pages shows use of Apple CarPlay with Audi Smartphone Interface. *Availability of applications differs by operating system and is dependent on approval by Apple or Google. An up-to-date list of approved apps is available on the relevant systems' websites. Permanent availability cannot be guaranteed as this is the responsibility of Apple and Google. Use of certain apps with Audi Smartphone Interface will be subject to signal availability of the mobile network in your location and in-car usage may increase your mobile data usage. If using regularly, a mobile phone contract including an unlimited or high amount of data is recommended. †Audi Smartphone Interface uses Apple CarPlay, which is available with iPhone 5 and above, or Android Auto, which is available with phones using Android 5.0 Lollipop or above.

Audi

Connect Infotainment Services

The world at your fingertips.

Audi Connect Infotainment Services is the link between your Audi and the internet, giving you access to entertainment, information and search functions via scrolling or tapping.

With high-speed 4G internet access in your car, via an embedded SIM card with no data charge, you can call up parking information, fuel prices and weather, as well as high-resolution aerial and satellite pictures from Google Earth™.

Sport, S line and Edition #1 come with a 3-month trial of Audi Connect Infotainment Services, or opt to benefit from a 36-month subscription by selecting the optional Technology Pack.

Connect

Infotainment Services

Stay connected on the move.

The following Audi-supported services are currently available:

Infotainment.

Weather information

Gives you the latest weather for today, as well as weekly forecasts and a weather map for your chosen destination.

Online news (individual)*

Text and images from a variety of news sources with text-to-speech function so you are kept up to date with what's happening in the news.

Through your myAudi account, you can personalise the news feeds that you want to see, displayed under Online news by entering the URL of your chosen RSS feed.

Communication.

Twitter*

Enables you to tweet and receive updates on the move, with text-to-speech and other convenient text functions.

Wi-Fi hotspot data plans*

Purchase a data plan via myAudi to create a Wi-Fi hotspot within your vehicle, so that you can connect your mobile devices to the internet.

Mobility and navigation.

Navigation with Google Earth™

Displays high-resolution aerial and satellite images to help guide you to your destination.

Points-of-interest (POI) search with voice control

Allows internet searches via Google for special destinations so that you can access POI information such as opening hours, visitor reviews and photos. Integrated voice recognition, which can be conveniently operated by pushing the button on the multi-function steering wheel, offers even more convenience. You can also access POI information straight from your smartphone with the Audi MMI app.

Destination entry via Google Maps™ and myAudi+

Using your smartphone or tablet and myAudi, you can conveniently plan your journey using Google Maps™, or from your myAudi account, and send the destination details to your car's navigation system.

Travel information

With Travel information you can find out what's happening nearby and at your destination. The online search engine provides detailed information such as sights, restaurants, shops, etc. which can be loaded directly into your navigation destination. You can also access travel information from your smartphone with the Audi MMI app.

Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces.

City events

The City events function provides information about current events and places of interest at your location or travel destination.

Flight information

Get live information about departure and arrival times and search directly for flight numbers.

Train information

Find departure and arrival times and platform information while you're on the road (also available for other types of public transport such as underground systems).

Fuel prices

Information on filling stations with the cheapest prices in your selected search area. You can sort by price or by distance for your convenience, and can load destinations directly into your navigation system.

Traffic information online

Receive the latest information about your route, such as traffic congestion and roadwork updates. The traffic information data is continuously updated and displayed in colour on the navigation map, and the dynamic route guidance will keep you updated.

The content and scope of the Connect Services offered may vary from time to time. Features vary by model and Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services. Terms and conditions apply. Please see pages 71 and 72 for additional information.

*In order to enjoy these services, customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi.

Virtual Cockpit

Customisable control.

The information you need is always changing, so the Audi Virtual Cockpit changes too. Available as an option, it replaces the traditional dashboard with a high-resolution, 12.3" LCD screen, which you can customise by pressing the 'view' button on the multi-function steering wheel.

Choose the 'classic' view, with prominent speedometer and rev counter, or the 'infotainment' view, which brings functions such as the navigation map or media to the fore – with crisp 3D graphics and highly detailed effects.

Everything you need to know right in front of you: it's the embodiment of Vorsprung durch Technik.

All the help you need.

Imagine an extra pair of eyes, watching for traffic as you pull away, or looking over your shoulder as you reverse. Our driver assistance systems monitor the road around you, making your journeys both easier and safer. Some come as standard, while others are available as options.

Standard systems.

Audi Pre-sense Front with pedestrian recognition

The system uses radar sensors to detect vehicles and pedestrians in front. If an imminent collision is detected, the system warns the driver. The system may initiate the emergency braking application (within system limits) and can also increase braking initiated by the driver (if this is inadequate) in order to reduce the severity of the collision, or if possible, prevent an accident.

Multi-collision brake assist

Operates after a primary collision has occurred, working intuitively to avoid further collisions if possible. The system automatically initiates a full braking application to reduce the risk of skidding and further collisions in an accident.

Rear parking sensors

Makes reverse parking easier by indicating acoustically how far away the vehicle is from an object detected behind it.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details. Some technologies only work within a certain speed range. Please see the manual or download the pricelist from www.audi.co.uk/pricelist for more information.

Technology to help you on the road.

Below is a selection of the optional technologies available. Many have been packaged together and can be found in our optional Driver Assistance Packs. Some, however, can be ordered individually. For more information, please download the pricelist from www.audi.co.uk/pricelist

Parking aids.

Park assist.

Searches for suitable parking spaces along the road by means of ultrasonic sensors, calculates the ideal parking path and performs the steering action virtually automatically. Excellent for trying to enter and exit tight parking spaces. Steering is done by the vehicle with the driver responsible for acceleration, gear changes and application of brakes.

Rear-view camera.

Assists the driver by providing an image of the area behind the vehicle, as well as highlighting the calculated steering path.

Cross-traffic assist rear.

System can provide the driver with a visual, acoustic and tactile (brake jolt) warning if crossing traffic is identified behind the vehicle when reversing out of a perpendicular parking space.

Driver aids.

Adaptive Cruise Control with Stop&Go and Traffic-jam assist.

Automatic distance regulation, using radar sensors to maintain the required distance between your Audi Q2 and vehicles ahead by braking and accelerating. With Stop&Go function the system brakes the car to a stop. Traffic-jam assist detects vehicles ahead and on adjacent lanes to assist with the braking, acceleration and also steering to keep the vehicle in lane. Stop&Go and Traffic-jam assist are only available with S tronic transmissions.

Audi Pre-sense Basic.

Where necessary, actions are taken to help protect the driver and passengers if a potential collision is detected. These include seat belt tightening (front seats) and closing the windows and sunroof (if fitted).

Head-up display.

Projects warning messages or driving-related information from assistance systems and navigation system (if ordered) in full colour onto the screen in the driver's direct field of vision, giving faster access to information.

Emergency assist.

If Audi Active Lane Assist and Adaptive Cruise Control are engaged and no activity is detected from the driver, Emergency assist is enabled. This warns the driver and, if no driver activity is detected, the system keeps the car in its lane and applies the brakes to gradually bring the vehicle to a standstill. This system is only available with S tronic transmissions.

Audi Active Lane Assist.

Detects lane boundary markings and helps the driver to stay in lane with gentle steering intervention for greater safety and convenience, particularly on motorways.

Audi Side Assist.

Aids the driver when changing lanes by informing the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details. Some technologies only work within a certain speed range, please see the manual or download the pricelist from www.audi.co.uk/pricelist for more information.

Build your **Audi**

**Express your individuality
with a choice of standard
and optional features.**

The following sections of this guide are designed to make it easy for you to understand the specification of your Audi Q2 and select the options you want. So with just a few choices, you can begin to create the Audi you've always imagined. However, if you want more details, please download the relevant pricelist from www.audi.co.uk/pricelist

Audi Q2 SE

The SE specification offers a high level of equipment as standard. Highlights include contrast bumpers and rear C-pillar blades in a distinctive Manhattan grey, as well as Audi Smartphone Interface, 7" colour MMI screen, Progressive steering and Audi Pre-sense Front with pedestrian recognition for improved safety.

Equipment highlights include:*

- ▶ 16" x 6.5J '5-spoke' design alloy wheels
- ▶ Dynamic suspension
- ▶ Halogen headlights – including headlight range adjustment
- ▶ Contrast bumpers in Manhattan grey paint finish
- ▶ C-pillar blades in Manhattan grey, metallic
- ▶ Standard seats in Aspect cloth
- ▶ Door mirrors – electrically adjustable and heated with integrated LED side indicators
- ▶ Inlays in a choice of White or Orange, anodised paint finish
- ▶ 3-spoke leather multi-function steering wheel (with paddles for automatic transmissions)
- ▶ MMI Radio Plus with 7" MMI screen and MMI controller
- ▶ Audi Smartphone Interface†
- ▶ Audi Pre-sense Front with pedestrian recognition
- ▶ Bluetooth interface^
- ▶ Cruise control
- ▶ Rear parking sensors
- ▶ Light and rain sensors

Main images. Audi Q2 SE in optional Tango red, metallic paint. 1. 3-spoke leather multi-function steering wheel. 2. Inlays in Orange, anodised paint finish. 3. Standard seats in Black/Petrol grey Aspect cloth. 4. Audi Smartphone Interface.

*For more information on the Audi Smartphone Interface, please see pages 32 and 33.
^For mobile phone and software version compatibility, please visit your Audi Centre or www.audi.co.uk/phonecompatibility
Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers retain full responsibility for providing the necessary inputs for safe control of the vehicle. System descriptions within this brochure are provided for information purposes only. System limitations and operational requirements apply. See manual for details.

Audi Q2 Sport

Specification in addition or replacement to SE.

The Sport trim builds on the standard SE equipment, adding larger alloy wheels, distinctive Ice silver rear C-pillar blades and interior inlays in a choice of Red or Yellow. You will benefit from technology including MMI Navigation and a 3-month trial of Audi Connect Infotainment Services. Front Sport seats and Audi Drive Select also feature to enhance and bring comfort to your journey.

Equipment highlights include:*

- ▶ 17" x 7.0J '5-arm star' design alloy wheels
- ▶ Contrast bumpers in Manhattan grey paint finish or choice of a full body colour paint finish
- ▶ Audi Drive Select
- ▶ C-pillar blades in Ice silver, metallic
- ▶ Front Sport seats in Index cloth
- ▶ Inlays in a choice of Red or Yellow, anodised paint finish
- ▶ Aluminium interior elements
- ▶ MMI Navigation (SD card-based)
- ▶ Audi Connect Infotainment Services (3-month trial)*
- ▶ 8 passive loudspeakers

Main images. Audi Q2 Sport in optional Nano grey, metallic paint. 1. Front Sport seats in Black/Red Index cloth. 2. Inlays in Red, anodised paint finish. 3. Aluminium interior elements. 4. MMI Navigation (SD card-based).

Audi Q2 S line

Specification in addition or replacement to Sport.

The S line specification includes an upgrade to 18" alloy wheels and S line exterior styling in full body colour. Features like LED headlights and rear lights with dynamic rear indicators make a powerful impression. And there are interior highlights that add a touch of luxury, including front Sport seats upholstered in cloth and leather, as well as Matt brushed aluminium inlays and an LED Interior Lighting Pack.

Equipment highlights include:*

- ▶ 18" x 7.0J '5-spoke Y' design alloy wheels
- ▶ Dynamic suspension – option of Sport suspension is available at no additional cost
- ▶ LED headlights with LED rear lights and dynamic rear indicators
- ▶ S line design body styling
- ▶ S line badges on the front wings
- ▶ Bumpers in full body colour paint finish
- ▶ C-pillar blades in Titanium grey, matt
- ▶ Front Sport seats in Pulse cloth/leather with 'S' embossed logo
- ▶ Inlays in Matt brushed aluminium
- ▶ LED Interior Lighting Pack
- ▶ 3-spoke leather multi-function Sport steering wheel featuring 'S' badging and grips in perforated leather with contrast stitching (with paddles for automatic transmissions)
- ▶ Illuminated door sill trims with 'S' logo
- ▶ Floor mats with contrast stitching
- ▶ Headlining in black cloth

Main images. Audi Q2 S line in optional Ara blue, crystal-effect paint. 1. Illuminated door sill trims with 'S' logo. 2. Front Sport seats in Pulse cloth/leather with 'S' embossed logo. 3. Inlays in Matt brushed aluminium. 4. 3-spoke leather multi-function Sport steering wheel featuring 'S' badging and grips in perforated leather with contrast stitching.

Audi Q2 Edition #1

Specification in addition or replacement to SE.

There are very few cars like this. Only available for a limited time, the Audi Q2 Edition #1 features an exclusive Quantum grey S line exterior, Manhattan grey contrast bumpers and C-pillar blades in Brilliant black with the Audi rings logo. Just as distinctive are 19" '5-arm rotor' design Audi Sport alloy wheels and a Black Styling Pack. And once you step inside, Fine Nappa leather front Sport seats and illuminated inlays command your attention right away.

Equipment highlights include:*

- ▶ 19" x 8.0J '5-arm Rotor' design Audi Sport alloy wheels in gloss Anthracite black, diamond cut finish
- ▶ Exterior paint in Quantum grey, solid
- ▶ LED headlights with LED rear lights and dynamic rear indicators
- ▶ S line design body styling
- ▶ S line badges on the front wings
- ▶ Black Styling Pack
- ▶ Contrast bumpers in Manhattan grey paint finish
- ▶ C-pillar blades in Brilliant black with Audi rings logo
- ▶ Front Sport seats in Granite grey Fine Nappa leather with Amaretto brown leatherette contrast stripes and stitching
- ▶ LED Interior Lighting Pack Advanced
- ▶ Illuminated inlays in 'Format' design – choice of 10 colours selectable via MMI
- ▶ Extended Interior Upholstery Pack
- ▶ Aluminium interior elements
- ▶ MMI Navigation (SD card-based)
- ▶ Audi Connect Infotainment Services (3-month trial)*
- ▶ 8 passive loudspeakers
- ▶ Light and rain sensors

Main images. Audi Q2 Edition #1 in Quantum grey, solid paint. 1. Front Sport seats in Fine Nappa leather. 2. Illuminated inlays in 'Format' design. 3. Extended Interior Upholstery Pack. 4. MMI Navigation (SD card-based).

Your colour

Express your individuality with a choice of standard and optional paints.

Choose from a selection of 2 standard or 8 optional paint colours. S line trim has an additional colour choice of Daytona grey, pearl effect, whilst Edition #1 comes exclusively in Quantum grey, solid. For more specialist options, see the Audi exclusive section on page 52. Please contact your local Audi Centre for details.

Standard colours*

Optional colours*

Optional colours*

S line

Optionally available on S line only

Edition #1

Available on Edition #1 only

*Colour availability is dependent on trim choice. For details please download the pricelist from www.audi.co.uk/pricelist
*On a Sport trim with bumpers in full body colour paint finish, only available in combination with C-pillar blades in Ibis white, solid.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate. Visit your local Audi Centre for a more accurate colour swatch. Options are subject to availability and may extend time taken for delivery.

Audi exclusive paint

Make your Audi Q2 truly unique.

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. There are over 50 exclusive paints* to choose from, a selection of which you can see below, or specify any other paint colour in the Audi range. You can also order customised paint+ – if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want.

*Audi exclusive paint is subject to factory approval. Visit your local Audi Centre for colour samples.
+Customised paint is subject to factory approval, and is available for metallic and pearl-effect water-based paints only. Three-colour process colours and two-tone schemes are not available.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate. Visit your local Audi Centre for a more accurate colour swatch. Options are subject to availability and may extend time taken for delivery.

C-pillar blades

Choose a finish to personalise your Audi Q2.

Set your car apart by specifying the colour and finish of the rear C-pillar blades, to complement or contrast with your exterior paint colour.

Your configurator

The easy way to build your Audi.

Our online configurator makes it simple to create your ideal Audi, using the options featured in this brochure or in the Audi Q2 Pricelist.

Visit www.audi.co.uk/configurator to create your perfect Audi Q2

Audi Genuine Accessories

Personalise your Audi today.

Make your Audi Q2 your own by adding some genuine accessories. They're all created by Audi and specially crafted for our models, so they'll deliver the high standards you expect. What you see here is just a selection. See the full collection at www.audi.co.uk/accessories or speak to your Audi Centre for pricing.

Protection Pack

Protects your interior from mud, spills and daily wear and tear.

Business Pack

Provides convenient storage for everything from laptops to suit jackets.

Carbon door mirrors

Exterior wing mirror covers made from high-quality carbon create a dynamic look.

Touring Pack

Includes a cool box, rear seat storage and more.

Comfort Pack

Helps you get organised – featuring a handy boot tidy and coat hanger.

Carbon C-pillar cover

A distinctive addition to the rear of your Audi Q2, adding a touch of sporty flair.

Your finance

Get your finance quote in seconds.

Simply go to www.audi.co.uk and enter a few details to see the monthly payments you could be making on a new Audi Q2. Below we've outlined some of the different options available – you just need to choose your annual mileage and length of term, then pay an initial deposit that could be as little as one monthly payment.*

Solutions Personal Contract Plan

A flexible finance plan designed to give you a number of options, making it ideal if you want to change your car more regularly. At the end of the agreement, you have three choices:

1. Exchange the car for a new Audi.
2. Pay the option to purchase fee and optional final payment, then take full ownership of the car.
3. Simply return the car to Audi (fees may be payable).

Hire Purchase

If you know you'd like to keep your Audi, Hire Purchase could be right for you. And as you're making your payments with a view to owning the car, there's no restriction on how far you can drive each year.

Contract Hire

If you don't want to own your Audi, Contract Hire could be a great option. You can add a service, maintenance and tyres plan and, for VAT-registered businesses, an element of the VAT on rentals may be recoverable. You simply need to commit to a regular monthly payment and hand your car back at the end of your agreement (subject to our return standards).

Online Finance Calculator

Use our online Finance Calculator to get a personalised quote that suits you. Simply visit the Finance and Offers section on www.audi.co.uk and you can choose between our Solutions Personal Contract Plan and Contract Hire calculators to see what you can expect to pay for your new Audi.

Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance[†] is included as standard with all new Audi models. To activate it, simply call 0330 303 6900, give us a few details and you can drive it away as soon as you take delivery.

Telephone lines are open Monday to Friday 8am–8pm, and Saturday 9am–4pm. For details of our full range of insurance products, visit www.insurewithaudi.co.uk

Volkswagen Financial Services (UK) and Ageas Retail Limited are not part of the same corporate group.

Important information

Welcome to Audi.

By placing an order for your Audi, you’re choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi customer care

Every new Audi includes these reassuring features as standard:

- ▶ 3-year Audi warranty (unlimited mileage in the first 2 years, with a full mechanical and electrical warranty up to 60,000 miles in the third year)
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ 3-year UK roadside assistance and recovery
- ▶ 3-year Accessories warranty on any accessories purchased with your car (2-year warranty if purchased separately from your new Audi)*

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information. Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Information in this guide

We’ve done all we can to make the specifications and technical details and all other information you see in this brochure accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre.

You’ll find full pricing information in the pricelist, which can be downloaded from www.audi.co.uk/pricelist

The images featured in this brochure are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First-year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Vehicles registered on or after 1 April 2017

Petrol and diesel engines	First year	Standard rate* (second year onwards)
A – 0g/km	£0	£0
B – 1 to 50g/km	£10	£140
C – 51 to 75g/km	£25	£140
D – 76 to 90g/km	£100	£140
E – 91 to 100g/km	£120	£140
F – 101 to 110g/km	£140	£140
G – 111 to 130g/km	£160	£140
H – 131 to 150g/km	£200	£140
I – 151 to 170g/km	£500	£140
J – 171 to 190g/km	£800	£140
K – 191 to 225g/km	£1,200	£140
L – 226 to 255g/km	£1,700	£140
M – over 255g/km	£2,000	£140

Vehicle Excise Duty (VED) rates correct at time of publication, but these may alter to reflect any change in the applicable VED rate. *Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £310 plus the standard annual rate for a 5-year period. After the 5-year period only the standard rate will apply.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details. Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Audi Connect Terms and Conditions

The Audi Connect Online Services (“Connect Services”) are provided by Audi AG, and are included as standard in certain models within the Audi range of vehicles and are also available within some optional packs, such as the Audi Technology Pack. Audi AG is a company within our corporate group.

The Connect Services include:

- ▶ Audi Connect Infotainment Services (‘Infotainment Services’).

Some services require additional activation steps. In order to enjoy these services, customers must register, accept the terms and conditions and follow the activation steps instructed on myAudi (please visit <https://login.audi.com>).

Some services also require the download of the Audi MMI app on a compatible phone or tablet (always check latest phone and software compatibility).

Whilst correct at the time of publication, the content and scope of the Connect Services offered may vary from time to time. Features vary by model. Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Connect Services.

Enhancements in vehicle technology, information technology and web-based services sometimes require the Connect Services to be adapted and enhanced in line with new forms of technology or changes in user behaviour. In this context, Audi AG reserves the right at any time to enhance, reduce or change the functional scope of the Connect Services in a manner that it considers is reasonable for the customer.

For full details of the specific Connect Services on your vehicle, together with complete and up-to-date terms and conditions for those Connect Services, please visit www.audi.co.uk/connectterms

Audi Connect Infotainment Services

Audi Connect Online Infotainment Services (‘Infotainment Services’) are provided via a SIM card embedded in the vehicle.

The Infotainment Services enable access to certain search, social media and other online services provided by third parties. Features vary by model. Permanent availability cannot be guaranteed as this is the responsibility of the relevant third party provider.

Infotainment Services are available only within the range of the selected mobile phone network operated by Audi AG’s chosen mobile phone provider (which may change from time to time) and where there is mobile reception, including an active data connection.

Data is unlimited. There are no additional charges for data roaming within the EU (although availability of these services is limited to certain countries). You will not, however, be able to use the embedded SIM to provide Wi-Fi hotspot services or to tether any other device to the embedded SIM. Should you wish to create a Wi-Fi hotspot we recommend you purchase Wi-Fi data packs via myAudi (<https://login.audi.com>). Any Wi-Fi data packs purchased via myAudi will remain with the vehicle upon sale of the vehicle and no refunds will be provided.

Important information

If you insert an external SIM card into the card slot (e.g. so as to enable Wi-Fi hotspot services), then all Infotainment Services data connections will be made via this SIM card (and not the Audi embedded SIM card) and all related data costs incurred may be charged to the customer by the provider of the plan associated with the external SIM card. You may not use the Connect Services and the embedded SIM for any purpose other than the provision or receipt of services in accordance with these terms.

For vehicles which have hazard alert and traffic sign information features, the vehicle sensors will be transmitting information to Audi AG. This information includes, but is not limited to, vehicle location, speed signs, areas where a risk of skidding, breakdown, accident and/or reduced visibility has been identified. The data is transmitted to Audi AG and shared with other Audi vehicles with hazard alert and traffic sign information features. The data is transmitted anonymously and does not identify an individual vehicle. Such data is only held for the purpose of warning drivers of potential road hazards and change of speed signs.

The subscription is activated from the point of vehicle registration. Should you wish to continue to use the Connect Services after your subscription expires, please consult your local Audi Centre for details (including the latest subscription fees). Charges will apply upon renewal.

MMI Navigation Plus – online map updates and myAudi Special Destinations

The map version delivered with vehicles with MMI Navigation Plus can be updated free of charge for the first five updates after vehicle delivery (which are generally issued at intervals of 6 months). The current navigation data can be downloaded from the myAudi platform at www.audi.com/myaudi and embedded in the vehicle via SD card. In conjunction with Audi Connect Infotainment Services, the update can be carried

out online in the vehicle (subject to mobile reception and an active data connection). For further navigation updates, it is possible to purchase new navigation data maps from your local Audi Centre at extra cost – please contact them for details.

With myAudi Special Destinations, you can download your favourite POI lists available on the internet (such as favourite restaurants) and have these displayed on your navigation map. In order to enjoy this service, customers must register, accept the terms and conditions and follow the instructions given on myAudi. Please visit <https://login.audi.com/login>

Diamond cut finish alloy wheel

Diamond cut is a special finish on aluminium wheels. It is also sometimes referred to as ‘polished’ or ‘partly polished’. Special aftercare should be taken when driving in extreme wintry road conditions.

For manufacturing reasons, these wheel surfaces do not have sufficient corrosion protection for such use and they can be permanently damaged by road salt or similar.

CO2 and fuel consumption figures

Official fuel consumption figures for the Audi Q2 range in mpg (l/100km) from: Urban 41.5 (6.8) – 64.2 (4.4), Extra Urban 55.4 (5.1) – 70.6 (4.0), Combined 48.7 (5.8) – 68.9 (4.1). CO2 emissions 109 – 131g/km.*

Fuel consumption figures are correct at time of publication. For full technical data by engine, please download the pricelist from www.audi.co.uk/pricelist

*Fuel consumption and CO2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in ‘real world’ driving conditions. Optional wheels may also affect emissions and fuel consumption figures. More information is available at www.dft.gov.uk/vca
