

S-TYPE

S-TYPE is beautiful for a reason,
its flowing lines engineered
as much to please the eye as to cut cleanly
and efficiently through the air.

Now S-TYPE is even more distinctive.

A distinguished, luxury sporting car of thoughtful technology, testament to JAGUAR'S performance pedigree and dedication to quality.

Enhanced interior features and additional comfort features complement the traditional, unique JAGUAR details: fine leather, polished woods and chrome, as well as contemporary aluminium.

S-TYPE is the car for the individual - make it the car for you.

The distinguished-looking s-TYPE features technology that is relevant and accessible, alongside outstanding levels of quality, build and reliability.

The enhanced s-TYPE range has the right individual choice for you, intuitively engineered. There are three engines to choose from: the torque of the 2.7 LITRE TWIN TURBOCHARGED V6 206BHP DIESEL; as well as the refinement of the 240BHP 3.0 LITRE V6 and of course the s-TYPE R's 4.2 LITRE V8 SUPERCHARGED ENGINE delivering 400BHP.

Engineered and built using the very latest in lightweight metals, four valves per cylinder, four overhead camshafts with continuously variable cam phasing, sporting performance is a given, but so too are competitive emissions and economy, and JAGUAR'S dedication to relevant design, and engineering pedigree.

All s-TYPE V6 and V8 petrol models come with JAGUAR'S acclaimed 6-speed ZF electronic automatic transmission, while the V6 diesel is also available with optional 6-speed manual transmission.

The R is the most powerful S-TYPE, its high performance 4.2 LITRE V8 SUPERCHARGED ENGINE delivering 400BHP - power that is complemented by the distinctive body styling.

R

Wheel sizes have been increased to the eye-catching 19 inch Barcelona Alloy as standard to underscore the more aggressive looks and emphasise its lowered stance.

The unique S-TYPE R interior features bespoke upholstery and special finishes including R gear knob and steering wheel. All can be explored at jaguar.co.uk or by visiting your official JAGUAR dealer.

The precise handling increases confidence and control at all times. The S-TYPE R features Dynamic Stability Control (DSC) for sure-footed cornering, Computer Active Technology Suspension (CATS), Electric Parking Brake (EPB) and JAGUAR'S Adaptive Restraint Technology System (A.R.T.S.).

The S-TYPE interior blends all the strengths of traditional JAGUAR craftsmanship and renowned attention to detail, with the latest in contemporary design.

The choice is yours; quality upholstery, fine leathers, mirror-matched, highly polished wooden veneers - or contemporary aluminium.

The plush, leather seats of SE models feature colour-keyed upper facia and door top rolls, and leather trimmed four spoke steering wheel. Relax in the luxury of redesigned Classic leather seats, on SE models, available with optional distinctive Satin Mahogany veneer.
