JAGUAR

THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

NEW JAGUAR F-PACE SVR

Meet the ultimate Jaguar performance SUV.

VEHICLES SHOWN ARE FROM THE JAGUAR GLOBAL RANGE. SPECIFICATIONS, OPTIONS AND AVAILABILITY
WILL VARY BETWEEN MARKETS AND SHOULD BE VERIFIED WITH YOUR LOCAL JAGUAR RETAILER.

PERFORMANCE SHAPED BY SPECIAL FORCES

The experts at Special Vehicle Operations (SVO) have harnessed the forces of gravity, drag, friction, heat and energy in the new F-PACE SVR. Hand-finished at the innovative SVO Technical Center in Warwickshire, England, you can now experience the power of SVO in a Jaguar SUV for the first time. Their dedicated team's technical expertise takes precision engineering to new heights, while offering the opportunity for more individuality, choice and personalization.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

THE ULTIMATE JAGUAR PERFORMANCE SUV

The F-PACE SVR is the most significant evolution yet of the award-winning F-PACE. It's an SUV with the DNA of a sports car and the practicality of an SUV.

SVO's highly skilled engineers and aerodynamics experts have analyzed and tested the F-PACE SVR in almost every possible way. Then, armed with this information, they've created something truly special.

Knowledge is more than power, it's also essential in tuning aerodynamics. By shaping the forces required to deliver breathtaking performance, Special Vehicle Operations has created an SUV that can roar to 60 mph in a thrilling 4.1 seconds*.

*Always follow local speed limits.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

DESIGNED FOR UNCOMPROMISED PERFORMANCE

No part of the F-PACE SVR exists for aesthetics alone. A revised front end with enlarged air intakes and optimally positioned hood vents are there to improve airflow and cooling. They also give the F-PACE SVR an aggressive stance and hint at the enormous power within.

Adaptive LED headlights do more than simply add to its commanding road presence. They produce a quality of light that is closer to daylight conditions, so driving at night is easier on the eyes.

The swooping roofline smoothes airflow over the car, resulting in a 0.37 drag coefficient. New 395mm brake discs with Red 4-piston front brake calipers deliver outstanding braking performance. Bolder wheel arches house 21" or optional 22" forged alloy wheels. For increased grip and improved cornering capability, 295mm wide rear tires further underscore the sporting prowess of the F-PACE SVR.

A new spoiler extends the roofline – offering substantial lift reduction and highlighting the F-PACE SVR sports-car pedigree. For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system, featuring quad tailpipes in highly polished aluminum, make the F-PACE SVR stand out. Choose from a range of striking exterior colors for the F-PACE SVR including Indus Silver and Ultra Blue.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

PLACING THE DRIVER, AND PASSENGERS, CENTER STAGE

Whether you're sitting in the front or the back, you connect with the F-PACE SVR from the moment you slide into the form-hugging Performance seats. The 14-way slimline front seats with memory, climate control and SVR embossing feature a lozenge pattern in premium perforated leather. Adding to the sports car feel, side bolsters hold you snugly in place when cornering. In the rear, matching perforated leather Performance seats offer even more lateral support than in the standard F-PACE – especially during enthusiastic driving.

The Touch Pro system, part of Jaguar InControl® technologies, features a 10" Touchscreen* which responds just like a smartphone or tablet, providing multi-touch gestures such as pinch-to-zoom and swipe. The stylish rear view mirror has a frameless design. Simple, clear and easy to read, the high-definition Interactive Driver Display delivers information where and when you need it.

The 3-spoke sport steering wheel is wrapped in leather and features contrast stitching and SVR badging. The SportShift Selector, a detail inspired by the Jaguar F-TYPE, is simple and intuitive to use. For fast, manual changes, without the need for the driver to take their hands off the wheel, gear changes can also be made using aluminum gearshift paddles. For a strikingly different look, choose from four high-impact interior color combinations to create your perfect F-PACE SVR.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.
INTERIOR SHOWN: JAGUAR F-PACE SVR WITH LIGHT OYSTER PERFORATED WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR

THE POWER TO EXCITE

Here are some figures to set your pulse racing, before you even get in the car. The F-PACE SVR 5.0 liter V8 Supercharged Gas engine delivers an astonishing 550HP and 502 lb-ft of torque. It accelerates from 0-60 mph in just 4.1 seconds, on its way to a top speed of 176 mph*.

The Jaguar 8-speed QuickShift Automatic Transmission has been specifically tuned by Special Vehicle Operations – this system combines precise shifting with an exceptionally rapid response. Eight closely spaced ratios provide strong acceleration, with each shift completed in just 200 milliseconds.

Throttle response has been optimized for improved feedback, while a final drive ratio delivers a precise driving experience. Jaguar's advanced torque-on-demand All Wheel Drive system** dispatches torque to the wheels that have most traction – delivering enhanced grip and control for confident handling in various weather conditions and surfaces.

The Switchable Active Sports Exhaust system reacts to throttle position, speed and engine revs by opening a set of active valves. This allows exhaust gases to take a more direct route through the rear silencer, producing a much richer, more exhilarating sound.

*Always follow local speed limits.

**This feature is not a substitute for safe and attentive driving, nor can it overcome all extreme circumstances. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

Torque Vectoring by Braking applies brake pressure to slow the inside front or inside rear wheels independently, helping to prevent understeer and stay on the true line of travel

Possible understeer without Torque Vectoring by Braking technology

A THRILLING DRIVE WITHOUT COMPROMISE

HIGH PERFORMANCE BRAKING SYSTEM

Instantly recognizable with striking Red calipers, the F-PACE SVR High Performance Braking System offers a fast, precise response, due to its excellent fade resistance. The system features 395mm discs with 4-piston calipers at the front.

The unique Stability Control System (SCS) of the F-PACE SVR interacts with the braking system to help stabilize the car in hazardous road scenarios. This system uses sensors to continuously monitor the direction, speed and lateral acceleration of the car*.

TORQUE VECTORING

The F-PACE SVR Torque Vectoring by Braking (TVBB) improves capability through even the tightest corners. This technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car*.

In most conditions more braking pressure is applied to the rear inside wheel, as this supports the most increased cornering capability, while the front inside wheel is braked with slightly reduced pressure. The result is reduced understeer for sharper turning and more consistent road holding.

ELECTRONIC ACTIVE DIFFERENTIAL

The F-PACE SVR features a new Electronic Active Differential system that works together with the Torque Vectoring by Braking (TVBB) system. A second multi-plate wet clutch between the rear wheels can lock almost instantly to provide full engine output torque to both wheels. This can be especially useful to deliver effortless capability in low-grip conditions such as wet grass. It also provides improved traction when exiting a corner, as when the inside wheel loses traction due to weight transfer, the Electronic Active Differential increases torque to the outside wheel*.

ALL WHEEL DRIVE

Special Vehicle Operations has tuned the F-PACE SVR All Wheel Drive system to deliver remarkable performance and handling. The system uses a torque biased differential that helps improve traction*.

In normal driving conditions, virtually all torque is distributed to the rear wheels, providing signature Jaguar Rear Wheel Drive performance. When road conditions are changeable, over 90 percent of torque can be intelligently distributed from the rear wheels to the front to optimize traction in various conditions. On slippery surfaces, such as grass and mud, torque can be balanced 50:50 between the front and rear wheels to enhance traction*.

CHASSIS AND SUSPENSION

The strong, stiff body structure is inherently stable which enables precise, agile handling and allows the uprated suspension system to deliver better driver connection with the road. SVO has optimized the damping set up to provide the optimum partnership between dynamics and refinement. They've also revised the damper control system, specifically tuned the shock absorbers and added new stiffer front and rear springs and stiffer suspension link bushes for the perfect combination of control, agility and feedback.

At the front, its aluminum double wishbone suspension is modelled closely on the F-PACE for precise handling and control, while the modified roll-over protection system* can help reduce the vehicle's body roll during fast cornering or over challenging road surfaces. An Integral Link suspension system at the rear provides stiffness to support handling, improve ride quality even further and extends the breadth of dynamic capability.

DYNAMIC MODE

Engage Dynamic Mode and an SVR graphic appears on the Interactive Driver Display – a symbol of ultimate sports performance. The throttle response is sharpened, the dampers are stiffened and steering weighting is increased. Dynamic Mode also changes the exhaust mapping – allowing the engine to breathe freely, for a deep, dramatic sound.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

OUTSTANDING PERFORMANCE

The unique exterior design of the F-PACE SVR maximizes cooling and enhances aerodynamic performance. Air is efficiently directed over, under and around the car – reducing lift, increasing tire traction, feeding the engine air intakes and cooling the 395mm brake discs. The result is improved handling, higher cornering g-force and increased high-speed stability.

UNDERFLOOR AND REAR DIFFUSER

The smooth rear underfloor reduces drag, while the rear diffuser works to manage airflow, adding to the high-speed stability.

FRONT INTAKES AND VALANCE

New large bumper intakes maximize airflow, cooling both the engine and brakes for improved performance. A new front valance manages the airflow, to help reduce drag and aid cooling.

HOOD VENTS

New hood vents allow a cleaner exit of the air passing through the radiator. They also help to maintain airflow through the engine bay, increasing cooling.

SIDE VENTS

The F-PACE SVR unique front fender features functional side vents. Pushing air around the side of the car, these vents help to reduce air pressure in the wheel arch and minimize front-end lift. They also improve wheel arch ventilation to optimize brake cooling.

SIDE CLADDING

The side cladding and side sills also have an aerodynamic benefit – each side sill features three sharp slits that extract air from behind the wheels.

SPOILER

The new spoiler is integral to the enhanced performance of the F-PACE SVR and helps lower the drag coefficient to 0.37. It works to reduce lift and increase friction between the tires and the road – improving downforce for greater grip.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

F-PACE SVR UNIQUE FEATURES

UPDATED SPORTS SUSPENSION

The updated suspension system provides the optimum partnership between dynamics and refinement.

SPORTS EXHAUST

For eye-catching styling, and performance you can hear, the F-TYPE inspired Switchable Active Sports Exhaust system features quad tailpipes in highly polished aluminum.

BESPOKE AERODYNAMICS

Developed specifically for the F-PACE SVR, entirely new aerodynamics include a new front bumper, side vents, side cladding and a wider rear spoiler. It now offers the downforce and aerodynamic performance necessary for an SUV to reach a top speed of 176 mph* - and looks sensational doing it.

*Always follow local speed limits.

VEHICLE SHOWN: JAGUAR F-PACE SVR IN INDUS SILVER WITH OPTIONAL EQUIPMENT

SUPERCHARGED PERFORMANCE

The F-PACE SVR features Jaguar's 5.0 liter Supercharged V8 engine. Maximum power is 550HP and maximum torque is an astonishing 502 lb-ft – making the F-PACE SVR the most powerful SUV Jaguar has ever made.

BESPOKE COOLING

New large bumper intakes and optimally positioned new hood vents maximize airflow – cooling both the engine and brakes for improved performance.

EXCLUSIVE INTERIOR

The 3-spoke sport steering wheel features SVR badging. A detail inspired by F-TYPE, the SportShift Selector is simple and intuitive to use. Front and rear Performance seats, with SVR embossing, grip driver and passengers tight.

UNIQUE WHEELS AND TIRES

F-PACE SVR is fitted with 21" or optional 22" forged alloy wheels. These split-spoke wheels are equipped with wide 11.6" rear tires for increased grip, improved cornering capability and added sporting character.

HIGH PERFORMANCE BRAKES

The F-PACE SVR High Performance Braking System offers a fast, precise response.

INFOTAINMENT

Delivering a wealth of information and entertainment, every F-PACE SVR is equipped with our Jaguar InControl® infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their trip*.

10" TOUCH PRO

The standard 10" Touchscreen at the heart of the center console supports swipe and pinch gestures and delivers our richest audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customizable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel*.

INTERACTIVE DRIVER DISPLAY

The standard 12.3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and driver assistance data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin-sharp graphics. To help you find your way more easily, Navigation Pro enables you to display full screen navigation with 3D mapping**.

HEAD-UP DISPLAY

Minimizing distractions and the need to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windshield. It features crystal clear graphics in high resolution, enabling you to see all driver inputs and information with ease†. It can display information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. †These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

INTERIOR SHOWN LEFT: JAGUAR F-PACE SVR WITH LIGHT OYSTER PERFORATED WINDSOR LEATHER SEATS WITH EBONY/LIGHT OYSTER INTERIOR

AUDIO

The vehicle's cabin is the ideal place to experience your personal choice of music and the Jaguar F-PACE SVR has the option of two different audio systems to bring your music to life:

MERIDIAN™ SOUND SYSTEM¹

Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 10 speakers and a dual channel subwoofer.

MERIDIAN SURROUND SOUND SYSTEM

All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer – seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the center and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

SIRIUSXM® SATELLITE RADIO AND HD RADIO^{1*}

SiriusXM® radio and HD radio technology offers improved sound quality, and a wide choice of stations and entertainment.*

¹Standard on F-PACE SVR.

*A 3-month trial subscription to the Sirius All Access package is included with the vehicle, which gives you access to 150+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet – it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM satellite radio is not available in Alaska or Hawaii.

Image is representative of Meridian Surround Sound System.

MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Jaguar’s audio partner Meridian has pioneered many firsts including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that the Jaguar F-PACE SVR is one of the most superb spaces. Meridian Cabin Correction technology was utilized to analyze cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

	UNIQUE MERIDIAN™ TECHNOLOGY	SPEAKERS + SUBWOOFERS	WATTS
MERIDIAN™ SOUND	  	10+1	380
MERIDIAN™ SURROUND SOUND	   	16+1	825

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of the F-PACE SVR interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

TRIFIELD™

Exclusive to Meridian, Trifield blends the center and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

Meridian is a trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

CONNECTIVITY

Jaguar InControl® is our suite of standard and optional features that connects you to your vehicle and links you seamlessly with the outside world. There are a range of packages and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever*.

STANDARD FEATURES

PINPOINT TOUCH CONTROL*

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALIZED HOMEPAGE*

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customize your system around the features you use most.

INTERACTIVE SIDE PANEL*

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA*

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre. Create a list of songs you want to play and add to the line up at any time.

ENHANCED PHONE INTERFACE*

Making it easier, you can call a favorite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM*

So you can complete tasks without taking your eyes off the road, The F-PACE SVR offers intelligent voice recognition. For example, 'Tune to 97.9' or 'Call home'.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability may vary - check with your Jaguar Retailer for availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps and Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PROTECT

Jaguar Optimized Assistance – You can make a direct call to the Jaguar Assistance team by pressing the button on the overhead console.

SOS Emergency Call – Emergency services will be automatically notified if the airbags are deployed in an accident.

REMOTE

Remote smartphone app provides information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- **Remote Lock/Unlock** – Lock or unlock your doors remotely with the click of a button. Simply press the 'lock' button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the side mirrors and close the windows. Press the 'unlock' button to open your vehicle, unfold the side mirrors, turn on the headlights and cause the hazard lights to flash twice to help locate your vehicle.

- **Beep/Flash** – This feature turns on your Jaguar's hazard lights and dipped headlights, and sounds an audible alert to help you locate your vehicle.
- **Journeys** – This opt-in feature can automatically record your trip history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.
- **Vehicle Status Check** – Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

NAVIGATION PRO

Navigation Pro allows you to save your favorite places, use pinch and zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal clear map graphics*.

INCONTROL APPS

Jaguar InControl® Apps™ technology allows vehicle-optimized apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services*.

- **Spotify¹** – Access a library of more than 30 million songs with this seamlessly integrated app. Featuring all the same intuitive functionality as the Spotify smartphone app, you can search songs, stations and recommendations, create playlists and access your music in offline mode. Simply log in using your existing Spotify Free or Spotify Premium account.
- **Tile²** – Helps you find lost or misplaced items in seconds. Attach a tiny Bluetooth tracker Tile to your keys, wallet or bag. The easy-to-use Tile app can then help you find these items should they be misplaced. The app is accessible any time through your vehicle's Touchscreen, allowing you to make sure you have everything you need with you, before you set off on your journey*.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the trip**.

PRO SERVICES

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination*.
- **One-box Search** – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area*.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or go online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options*.
- **Share ETA** – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you*.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view*.

¹Please check App Store and Google Play for availability. ²Bluetooth tracker tiles must be purchased separately. 2016 Tile Inc. and the Tile design are trademarks of Tile, Inc.

*Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control.

**The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. InControl features, options and their availability may vary – check with your Jaguar Retailer for availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

tile

- **Commuter Mode** - Allows the system to learn your commutes and automatically advises you of the expected travel time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.
- **Parking Service** - As you approach your destination, you can see where parking is available. Simply tap on the parking and the navigation system updates to direct you to it.
- **Online Routing** - While you're on your way to a destination, the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.
- **Fuel Prices** - When you're going to fill up, the Fuel Price service not only finds gas stations along your route, it also enables you to compare fuel prices so you can keep your costs down.

DRIVER ASSISTANCE

MAKING DRIVING EASIER

From negotiating city traffic or the highway, to providing additional assistance for you and your passengers, there's a wealth of innovative technologies available; either as standard, optional or as part of an optional package. Whichever you choose, you'll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

STANDARD FEATURES

Emergency Braking can help to prevent collisions with other vehicles, as well as pedestrians. If a potential frontal collision is detected, a warning is displayed to alert you to take action. A camera at the front of the vehicle monitors at speeds from 3 mph to 49 mph* for frontal collisions and 3 mph to 37 mph* for pedestrians. If a collision is still anticipated and you have taken no action**, this system can apply the brakes to help reduce the severity of the possible impact†.

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. In addition, the Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired†.

Driver Condition Monitor is designed to detect if you're starting to feel drowsy and to give you an early warning when you need to take a break†.

Lane Keep Assist is designed to detect when your vehicle is unintentionally drifting out of your lane, and to gently steer you back†.

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen†.

360° Parking Aid gives you added confidence when maneuvering in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles†.

Traffic Sign Recognition keeps you informed and aware on the road, by displaying speed limits and 'no overtaking' signs in the instrument cluster, where they can easily be seen. Adaptive Speed Limiter uses Traffic Sign Recognition information to adjust your vehicle's speed accordingly by using the cruise control system†.

OPTIONAL FEATURE

360° Surround Camera uses four digital cameras placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various maneuvers from parking by a curb, to getting in and out of tight spaces. The integrated cameras can also provide assistance when towing†.

*Always follow local speed limits. **Please note that if any action is taken, even minimal steering, the system will assume the driver resumed control of the vehicle and the system will automatically disengage. †These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Park Assist

Adaptive Cruise Control with Stop & Go

OPTIONAL PACKAGES

PARK PACKAGE

The Park Package enables you to park and maneuver more easily in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. It features:

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle speed with the brake and accelerator pedals. Graphics and notifications guide you through the maneuvers. Park Assist is also designed to steer you out of a space, taking all of the stress out of parking[†].

Rear Traffic Monitor is particularly useful when reversing out of a parking space. The system is designed to warn you of vehicles, pedestrians or other hazards approaching from either side of your vehicle. It will alert you with both audio and visual warnings so you know what's behind you even when the view is obstructed[†].

DRIVE PACKAGE

Making trips more relaxing. The Drive Package includes:

Adaptive Cruise Control with Stop & Go is designed to keep your vehicle a set distance from the one in front should it slow or stop when you're cruising on the highway or traveling in slow-moving traffic. Should the vehicle in front stop completely, the system will help your vehicle come to a smooth halt. Once the traffic moves, simply touch the accelerator and Adaptive Cruise Control will resume following the car in front. The system can be activated from 12 mph up to highway speeds[†].

High-speed Emergency Braking is designed to detect when a potential frontal collision with another vehicle may occur and to display a forward alert to warn the driver to brake. If the driver doesn't react^{**}, the car can apply the brakes in order to help reduce the severity of the possible impact[†]. High-speed Emergency Braking is ready and active from 6 mph to 99 mph*.

Blind Spot Assist can alert you to vehicles in, or quickly approaching, your blind spot. When a vehicle is detected, a small warning light will illuminate in the corresponding side mirror. When a rapidly approaching vehicle is detected, the warning light will flash to highlight potential danger. If you continue to commence changing lanes, this system is designed to provide a gentle steering torque to help guide your car away from the approaching vehicle[†].

OPTIONAL PACKAGES

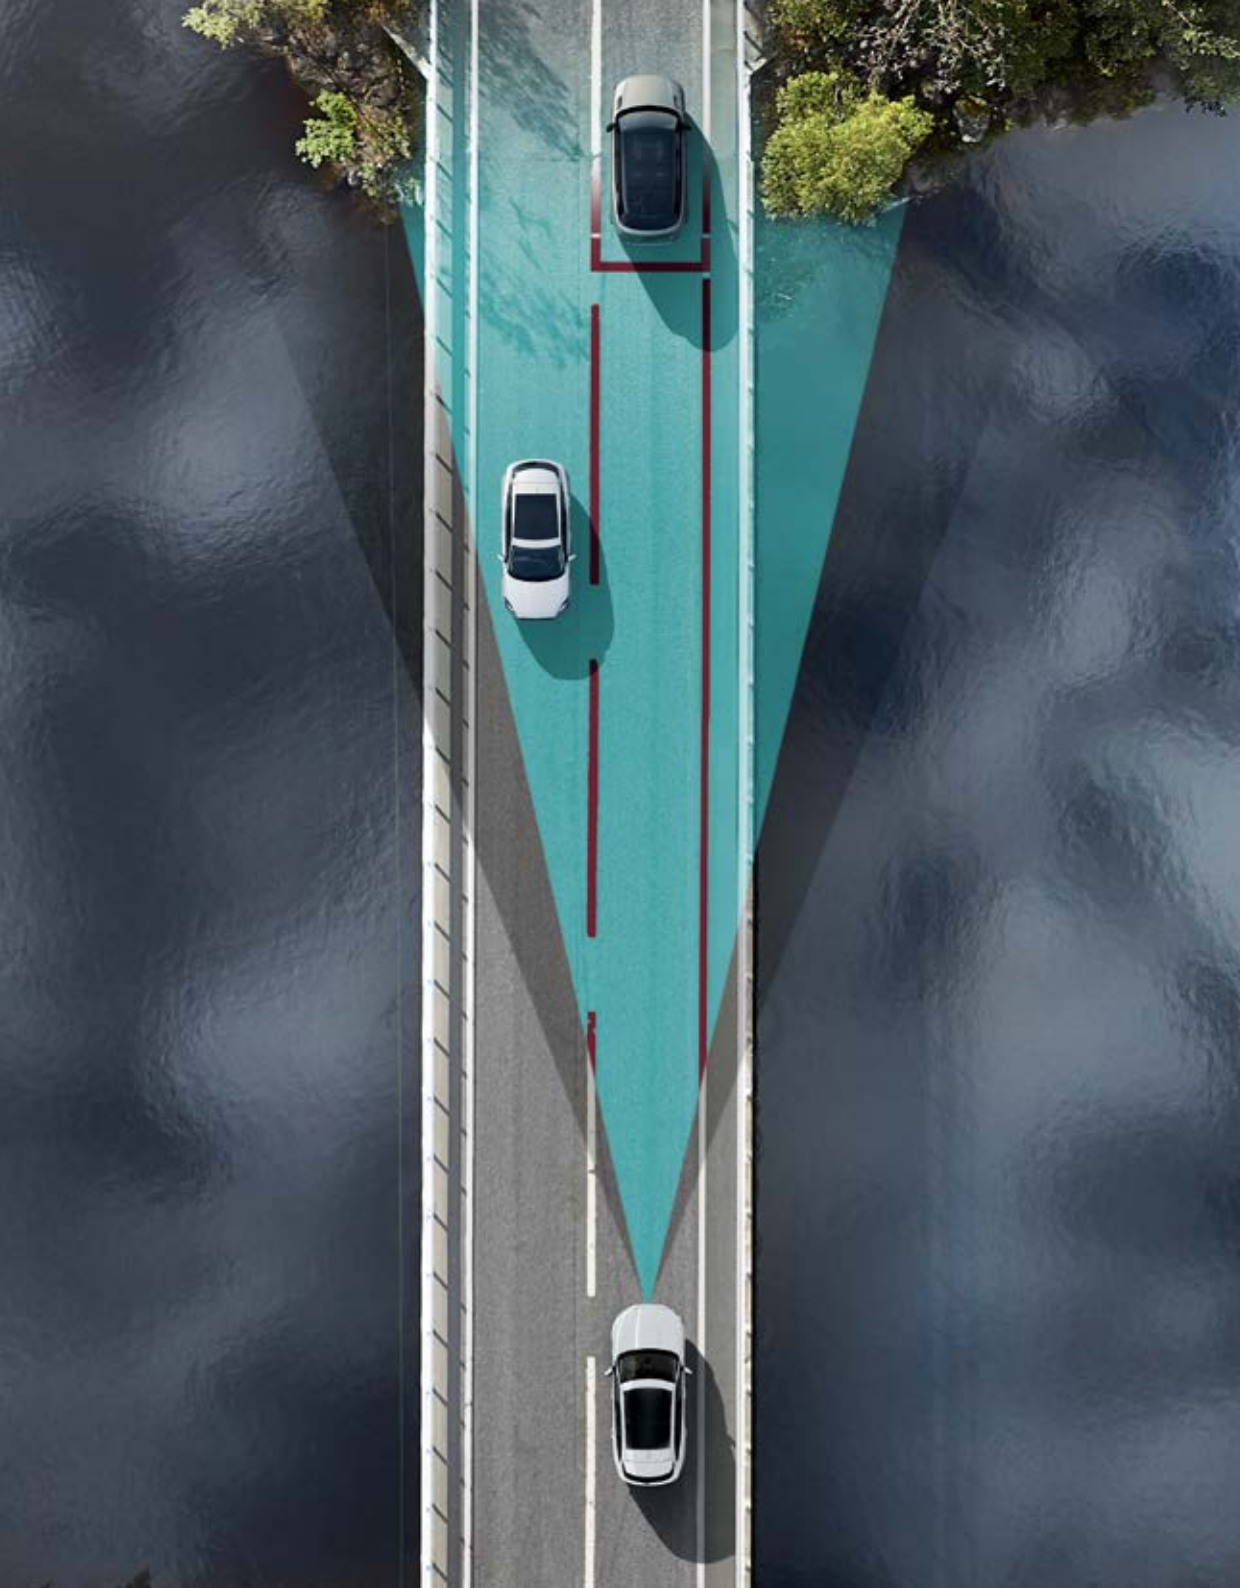

DRIVER ASSIST PACKAGE

The optional Driver Assist Package offers a wide range of driver aids including the features found in both the Park Package and Drive Package (see page 31) together with 360° Surround Camera¹. It also includes new Adaptive Cruise Control with Steering Assist which is designed to center the vehicle in lane and maintain a set distance from vehicles ahead, making driving even easier and more comfortable*.

¹Available as an optional feature.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details.

Adaptive Cruise Control with Steering Assist can be activated from 12 mph and once activated will operate between 0 mph and highway speeds. It begins functioning when you depress the "Set" cruise button. A camera and radar then work together to track vehicles and lanes ahead to maintain a central position for your vehicle, and moderate its speed according to the behavior of the traffic ahead of you. If the vehicle ahead slows, even to a standstill, the feature automatically slows your vehicle, bringing it to a stop where necessary and automatically resuming if stationary for less than three seconds, to maintain a relaxed and composed drive in busy traffic situations*.

Adaptive Cruise Control with Steering Assist works with you; as you keep your hands on the wheel anticipating the road ahead, the system assists with steering, braking and acceleration. Should you remove your hands from the wheel, the vehicle will provide a warning. If the warning is not heeded then the Steering Assist is deactivated but the Adaptive Cruise Control remains active*.

F-PACE SVR rear Performance seats

THE ULTIMATE PRACTICAL SUV

The F-PACE SVR is an uncompromised performance car that offers practicality and versatility. Its generous legroom means that even the tallest drivers have plenty of space. In the back, there's space for three adults to sit comfortably side by side. Rear leg and knee room are 37.1" and 2.5" respectively.

Luggage capacity is a generous 33.5 cu.ft.¹. The space is made even more versatile by the rear seats' 40:20:40 configuration. They can be folded completely, or folded individually, in a variety of combinations, to accommodate both passengers and awkward items such as skis. With the rear seats folded flat, The F-PACE SVR total cargo space is an impressive 63.5 cu.ft.

¹Below the parcel shelf.

²Please consult your local Jaguar Retailer for more information.

Activity Key

ACTIVITY KEY

With the optional Activity Key you can enjoy your favorite activities, and keep your car key securely in the car. For extra convenience, you can strap the Activity Key to your wrist. The wristband is robust and fully waterproof, allowing you to take part in a range of activities from cycling to swimming. Simply place your Activity Key against the sensor on the tailgate² to lock or unlock the car and deactivate or reactivate the conventional key fob.

*These features are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these features will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Jaguar Retailer for more details. **Do not use Jaguar InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control. †Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. ††Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. †A 3-month trial subscription to the SiriusXM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plus you can stream SiriusXM on your computer, smartphone or tablet - it's included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming are subject to change. SiriusXM Satellite Radio is not available in Alaska, Hawaii, or Puerto Rico. †††The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions. ◇Please note that if any action is taken, even minimal steering, the Emergency Braking system will assume the driver resumed control of the vehicle and the system will automatically disengage. ◇◇Always follow local speed limits.

CHOOSE YOUR OPTIONS & JAGUAR GEAR

You can make your F-PACE SVR truly bespoke with options chosen at the point of order and the Jaguar Gear range of accessories that can be fitted before or after delivery by your Jaguar Retailer.

OPTIONS (FACTORY FIT)

Illuminated Metal Treadplates with Jaguar Script¹

Illuminated aluminum treadplates, featuring Jaguar script, are available on driver and front passenger sides.

Configurable Ambient Interior Lighting¹

This feature allows you to vary the color and shade, changing the ambience of the cabin to suit your mood. There are ten colors in total.

Cabin Air Ionization¹

This technology ionizes particles in the air, making them attract to surfaces and thus helping to cleanse the air. It can be switched on or off.

Air Quality Sensor¹

This extra climate control option monitors the air quality within the cabin and automatically recirculates it as necessary.

Head-up Display

See page 23.

360° Surround Camera²

See page 30.

Cargo Space Storage Rails

Cargo space rails extend and adjust to secure items.

Full Length Roof Rails

Factory-fit roof rails facilitate easy fitment of cross bars for truly stable roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Available in Gloss Black finish.

JAGUAR GEAR ACCESSORIES

Electrically Deployable Side Steps

These smart, practical steps make it easier to get in and out of the vehicle and improve access to the roof. Neatly stored under the sills, the side steps automatically deploy as soon as the door is opened. They store automatically when the door is closed.

Luggage Compartment Rubber Mat

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Luggage Compartment Rubber Mat Extension

Offered for fitment in conjunction with rubber luggage compartment mat, this mat extension provides protection to the back of the rear seats when folded down.

Luggage Compartment Luxury Carpet Mat

Luxurious soft luggage mat in Jet Black with the Jaguar logo. Deep premium 778 oz/ft² pile with Nubuck edging and Dove contrast stitch.

Locking Wheel Nuts - Black

Protect your wheels with custom designed high-security Black locking wheel nuts.

Locking Wheel Nuts - Chrome

Protect your wheels with custom designed high-security Chrome locking wheel nuts.

¹Only available as part of the Luxury Interior Package. ²Requires auto-dimming, power fold door mirrors to be fitted.

Options specified may affect vehicle efficiency and pricing. Please configure at jaguarusa.com or check with your local Jaguar Retailer.

THE WORLD OF JAGUAR

Choose the F-PACE SVR and you're joining the exciting World of Jaguar.

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the molding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars.

Find out more by visiting jaguarusa.com

ICE DRIVE EXPERIENCES

Take your driving to the next level with the Jaguar Land Rover Ice Drive Experience. Since 2017, we have been offering an adventure in Arjeplog, Sweden, that will test and develop your performance driving skills in extreme conditions. It's a rare chance for owners and enthusiasts to tackle some of the harshest and most challenging tracks on earth, under the skilled guidance of our experts. Our driving instructors are of the highest caliber and will be with you every step of the way – ready to impart years of driving wisdom. You will dance on ice, glide around some of the most awe-inspiring corners imaginable and realize the true exhilarating potential of Jaguar and Land Rover.

If you'd like to be part of the next adventure, find out more by visiting jaguarusa.com

FORMULA E

Jaguar's reputation for performance, technology and design was forged by the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test-bed. Formula E provides the perfect proving ground for electric vehicle technology in a high-performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers create better electric vehicles.

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our vehicles. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage, we also have a collection that honors past achievements and features race inspired gift items and apparel.

Visit shop.jaguarusa.com to browse the Jaguar collection.

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Produced by a team of enthusiastic designers and feature writers, it goes behind the scenes at Jaguar as well as providing insight into the world of luxury, design, style and travel.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

JAGUAR ELITECARE

Enjoy your Jaguar with peace of mind. The F-PACE SVR is backed by Jaguar EliteCare, our coverage program including New Vehicle Limited Warranty, Complimentary Scheduled Maintenance, Roadside Assistance and Jaguar InControl Remote & Protect™.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your F-PACE SVR to contribute to optimum performance and to help maximize its lifespan.

FLEET & BUSINESS

Jaguar vehicles are dynamic and distinctive and help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses. Visit jaguarusa.com for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilization due to mechanical breakdown to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, anywhere in North America during the vehicles warranty period.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications or availability, nor does it constitute an offer for the sale of any particular vehicle, part or accessory. Distributors and retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

COLORS

The colors reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any color finish without notice. Some of these colors may not be obtainable in your country. Please check availability of colors and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
