

Catalina

Pontiac's lowest priced full-sized car.

Catalina's available black/gray tweed cloth and Morrokide upholstery.

Let's not pull any punches. When you take that first step up to the comfort and prestige of a 1974 Pontiac Catalina, you expect to get something for your money. We give it to you.

We give you Pontiac styling. To a man, our designers are dedicated to the idea that Pontiac should be the industry trend setter.

Available all-Morrokide upholstery. Shown in saddle—also available in blue, green, beige, burgundy and white.

The grille has a classic look. The top on the Hardtop Coupe is futuristic. Big on glass and visibility.

We give you Pontiac performance. A 400-cu.-in. V-8 is standard. And you can get even more by ordering a 400 4-barrel V-8. Or a 455 V-8.

Easy-to-read gauges... easy-to-reach controls. Catalina's beautiful instrument panel.

Power front disc brakes, variable-ratio power steering and Turbo Hydra-matic are all standard.

Move up to a Catalina and you also get Pontiac's careful attention to detail. Catalina has new cut-pile carpeting. Im-

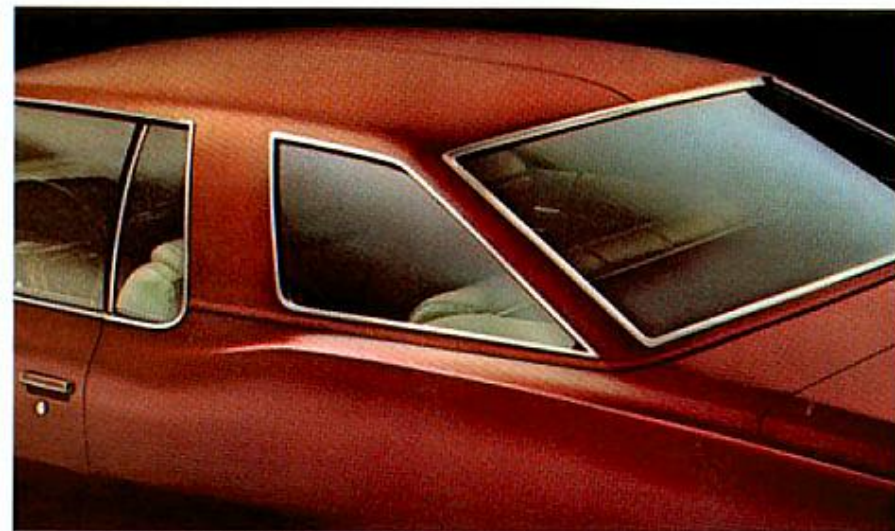

proved padding in the seats. A deluxe steering wheel with padded center spokes. And new upholstery fabrics. Cloth or an all-Morrokide you can order.

There's another thing you can take for granted in a Pontiac Catalina. Innovation.

We've got a brand-new exclusive option available this year. Adjustable brake and accelerator pedals for your convenience.

One lever on the instrument panel controls both. It moves the pedals toward or away from you and locks them into the position you choose. Chalk one up for Pontiac comfort.

Order the RTS package (Radial Tuned Suspension) and you can chalk one up for Pontiac handling. The kind of handling you just don't often find in cars as roomy as Catalina.

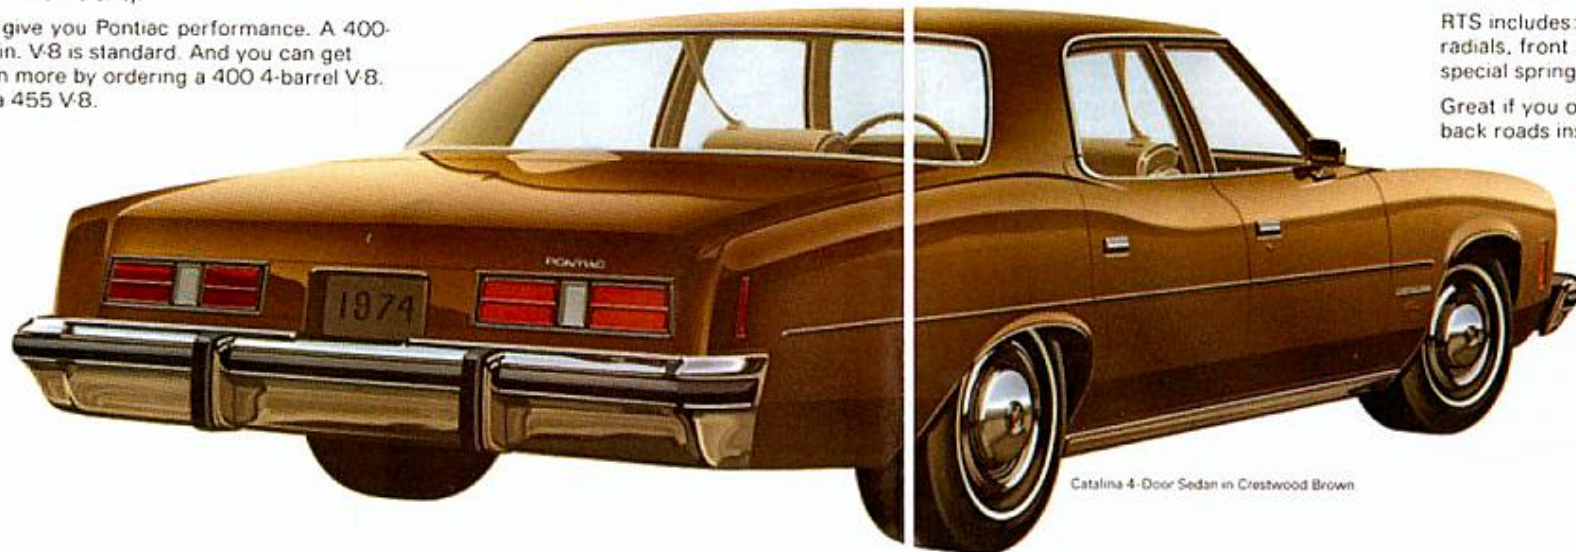

Great new styling and outstanding visibility. Catalina's new Hardtop Coupe roofline.

RTS includes: White sidewall steel-belted radials, front and rear stabilizer bars, special springs and shocks.

Great if you occasionally favor twisting back roads instead of super highways.

Of course, there's a lot of other equipment you can order for a 1974 Catalina. But even if you never add anything, Catalina gives you your money's worth. Because we Wide-Track people have a way with cars.

Catalina 4-Door Sedan in Crestwood Brown.

CATALINA FACTS AND FIGURES

MODELS

Hardtop Coupe, 4-Door Hardtop, 4-Door Sedan.
