

1986 CADILLAC

DE VILLE / FLEETWOOD / FLEETWOOD SEVENTY FIVE LIMOUSINE

THE CADILLAC PROMISE

Owning a Cadillac is a satisfying experience.

The pleasures come in sometimes
unexpected ways.

Such as noticing the golden keys just before
you turn the ignition.

Or having someone else notice.

Appreciating the state-of-the-art electronics
that serve one important function: to make
driving as carefree as you wish it to be.

Admiring contemporary road manners that
tame the twists and turns.

Without compromising legendary Cadillac
luxury and comfort.

Or the solid sound every time you close a door.

The security of safety features that surround
you mile after mile.

Above all, it's the feeling of
uncompromising excellence.

A tradition of quality and attention
to driver and passenger needs and demands.

Is it any wonder driving a new Cadillac is a
pleasure to be envied?

1986 Sedan de Ville shown in available Almond Gold Firemist.

SEDAN DE VILLE

Contemporary design. Advanced technology. Cadillac luxury.

A car that offers optimum traction and responsive power from a front-wheel-drive, transverse-mounted V8 engine. A car whose advanced functional electronics provide maximum driving convenience with minimum driver effort.

A car whose elegance is typified by a standard closed-in, limousine-style rear window. And a car whose six-passenger interior is both generous in comfort and graciously accommodating in its luxurious appointments.

1986 Sedan de Ville shown in Academy Gray.

SEDAN DE VILLE

Its quiet and spacious interior environment allows six passengers to travel in luxurious comfort.

For 1986, De Ville has an elegant new seat trim design for a richer, more formal appearance.

Interior shown with available Gray leather seating areas.

COUPE DE VILLE

This two-door expression of De Ville has all the advanced technology, Cadillac luxury, and six-passenger comfort found in the Sedan—but it also has a style and character all its own.

New for 1986, De Ville has available one of the world's most sophisticated anti-lock braking systems. Ask your dealer for the availability date of the anti-lock braking system.

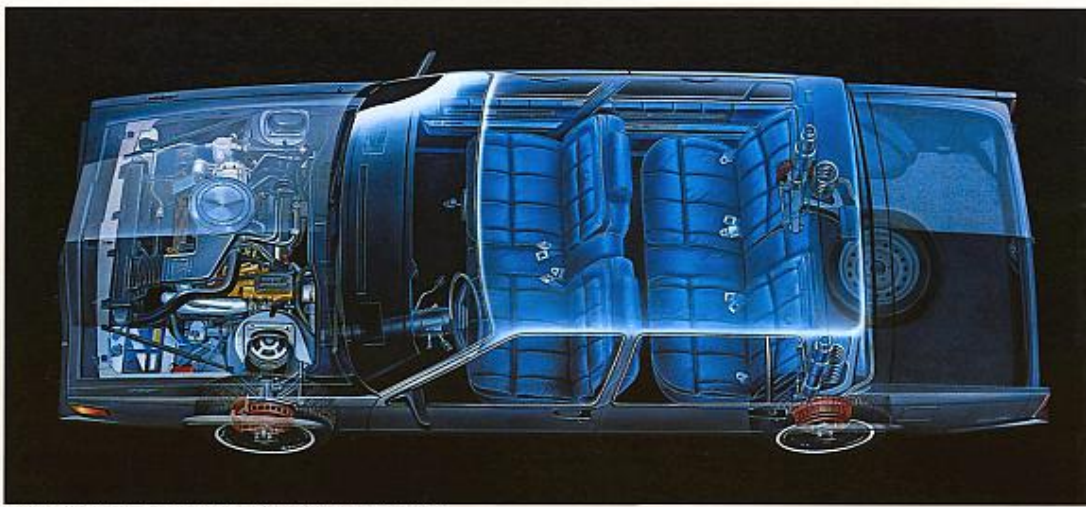

And once again, the quality of every De Ville is backed by a 4-year/50,000-mile limited warranty. In some cases, a deductible applies. See your dealer for details.

Interior shown with available Garnet leather seating areas.

1986 Coupe de Ville shown in Garnet with available matching Formal Cabriolet roof treatment.

Space-efficient design provides agile maneuverability while retaining full-size roominess for six adults.

Transverse-Mounted HT 4100 (4.1 Liter) V8 with Digital Fuel Injection.

New Standard Royal Prima Cloth Interior Trim.

Standard Wheel Disc.

COMFORT AND CONVENIENCE

Electronic Climate Control with Outside Temperature Digital Display. Change interior temperature setting as precisely as one degree.

Six-Passenger Seating Capacity. Full-size roominess for six adults.

Retained Accessory Power. Allows you to operate the power windows or the available remote trunk lid release for up to ten minutes after you turn off the ignition or until a door is opened. It's part of the Cadillac-exclusive Body Computer Module, a precise digital control system. **Fuel Data Center with Digital Fuel Gauge.** Displays your instantaneous and average mpg, estimated driving range and more.

AS WELL AS:

- Armrest, Center—Front and Rear • Ash Receivers—Two Front and Two Rear • Assist Handles—Overhead • Audible Reminders—For Headlights On, Key in Ignition, Driver's Safety Belt • Body Computer Module • Cigarette Lighters—One Front and Two Rear • Clock, Digital Display (in radio) • Defogger, Front Side Windows • Door Locks, Electrically Powered • Door Pull Swing Handles • Gold Key Delivery System (See page 30 for details.) • Headrests, Front Seat—Adjustable • Lamp Monitors—Front and Rear • Lights, Exterior—

- Seat Adjuster—Six-Way Power (Driver's Side) • Soft Ray Tinted Glass • Trip Odometer—Push-to-Reset • Visor Vanity Mirror—Passenger • Visors, Padded Dual Sun with Extensions • Windows, Electrically Powered • Windshield Wipers, Two-Speed—With Fluidic Windshield Washer System

SOUND SYSTEM

Antenna. Electrically Powered

Radio. 2000 Series AM/FM Stereo with Seek and Scan and Digital Display (Electronically Tuned Receiver)

APPEARANCE AND PROTECTION

Cadillac's 4-Year/50,000-Mile Limited Warranty. De Ville is backed by a special limited warranty. In some cases, a deductible applies. See your dealer for details.

Closed-In, Limousine-Style Rear Window Treatment, New for 1986. This formal style brings added elegance to De Ville.

Door-into-Roof Design. For a quality fit and a custom-tailored appearance.

Elegant New Seat Trim Design. For a richer, more formal appearance.

Center High-Mounted Stop Lamp. Provides additional indication of vehicle braking. Its high center-mounted location makes it more visible to drivers following behind.

- Rear • Door Panels, Single Piece Inner and Outer • Door Sill Plates • Floor Carpet • Instrument Panel—Two-Tier Design • Luggage Compartment, Carpeted • Moldings—Including Body Side (Car-Color), Wide Rocker Panel, Wheel Opening • Wheel Discs

ENGINE/CHASSIS

Front-Wheel Drive. Provides impressive traction in adverse weather.

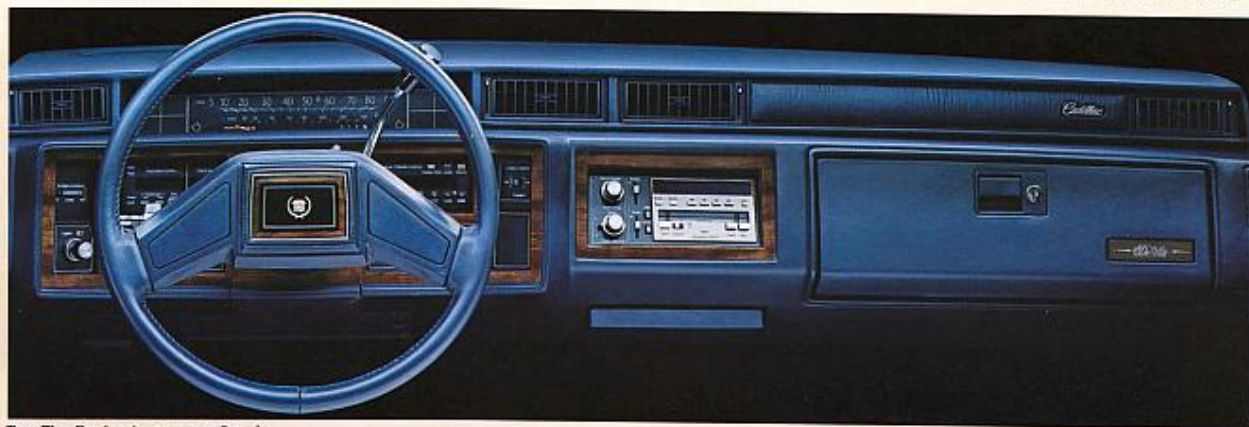

HT 4100 (4.1 Liter) DFI V8 Gasoline Engine. This transverse-mounted, front-wheel-drive V8 is a Cadillac exclusive. Includes Digital Fuel Injection and On-Board Computer Diagnostics.

Four-Speed Automatic Transmission with Overdrive and Viscous Converter Clutch. A Cadillac exclusive, the Viscous Converter Clutch provides a silkier drivetrain feel than conventional torque converters. The microprocessor-controlled Viscous Converter Clutch automatically adjusts for altitude and outside temperature to help assure consistently smooth operation.

Independent Four-Wheel Suspension. For a smooth ride and responsive handling.

Electronic Level Control. Automatically helps keep the car level.

Steel-Belted All-Seasons Radial Whitewall Tires. With a new lower rolling-resistance design.

Two-Tier Design Instrument Panel.

- Includes Front Cornering Lamps and Tungsten Halogen Low- and High-Beam Headlamps • Lights, Interior—Underhood, Glove Compartment, Front Ash Receivers, Sunshade Support, Door Courtesy and Warning, Sail Panel Courtesy, Luggage Compartment. • Litter Receptacle, Carpeted • Low Fuel Level Indicator • Low Windshield Washer Fluid Level Indicator • Mirrors, Chrome—Right and Left, Outside Rearview, Remote Controlled—Right Convex • Multifunction Turn Signal Lever for Wipe/Wash/Dim • Pockets, Front Seatback • Seat, Notch Bench, Front (Three-Passenger)

- Anti-Corrosion Treatments.** In all, over 100 areas are specially treated.
- Clearcoat Finish.** Two final coats of clear acrylic are applied for a deep, rich luster.

- Wheels, Aluminum Alloy—A New Style

ENGINE/CHASSIS

Ride and Handling Touring Package. This performance package offers you an enviable combination of firm, responsive handling

New Anti-Lock Braking System. Magnetic sensors located at each wheel constantly monitor individual wheel speed and provide a signal to the electronic control unit. The electronic control unit determines impending wheel slip, based on changes in wheel speed during braking, automatically adjusting line pressure on all four wheels up to 15 times per second—far faster than is humanly possible, thus minimizing the chance of brake-induced skidding. Result: You are able to maintain steering control and stop within shorter distances. Note: See your dealer for availability date of Anti-Lock Braking System.

AS WELL AS:

- Battery, Heavy-Duty—Delco-GM Freedom® III • Engine Block Heater • Tires, Puncture-Sealing

FLEETWOOD S E D A N

Fleetwood. The sound of its name suggests luxury, elegance. Something special. Something exclusive.

A car that offers a different dimension in luxury performance that includes independent four-wheel suspension... a transverse-mounted, front-wheel-drive V8 engine... and advanced functional electronics that make driving more comfortable and luxurious than ever.

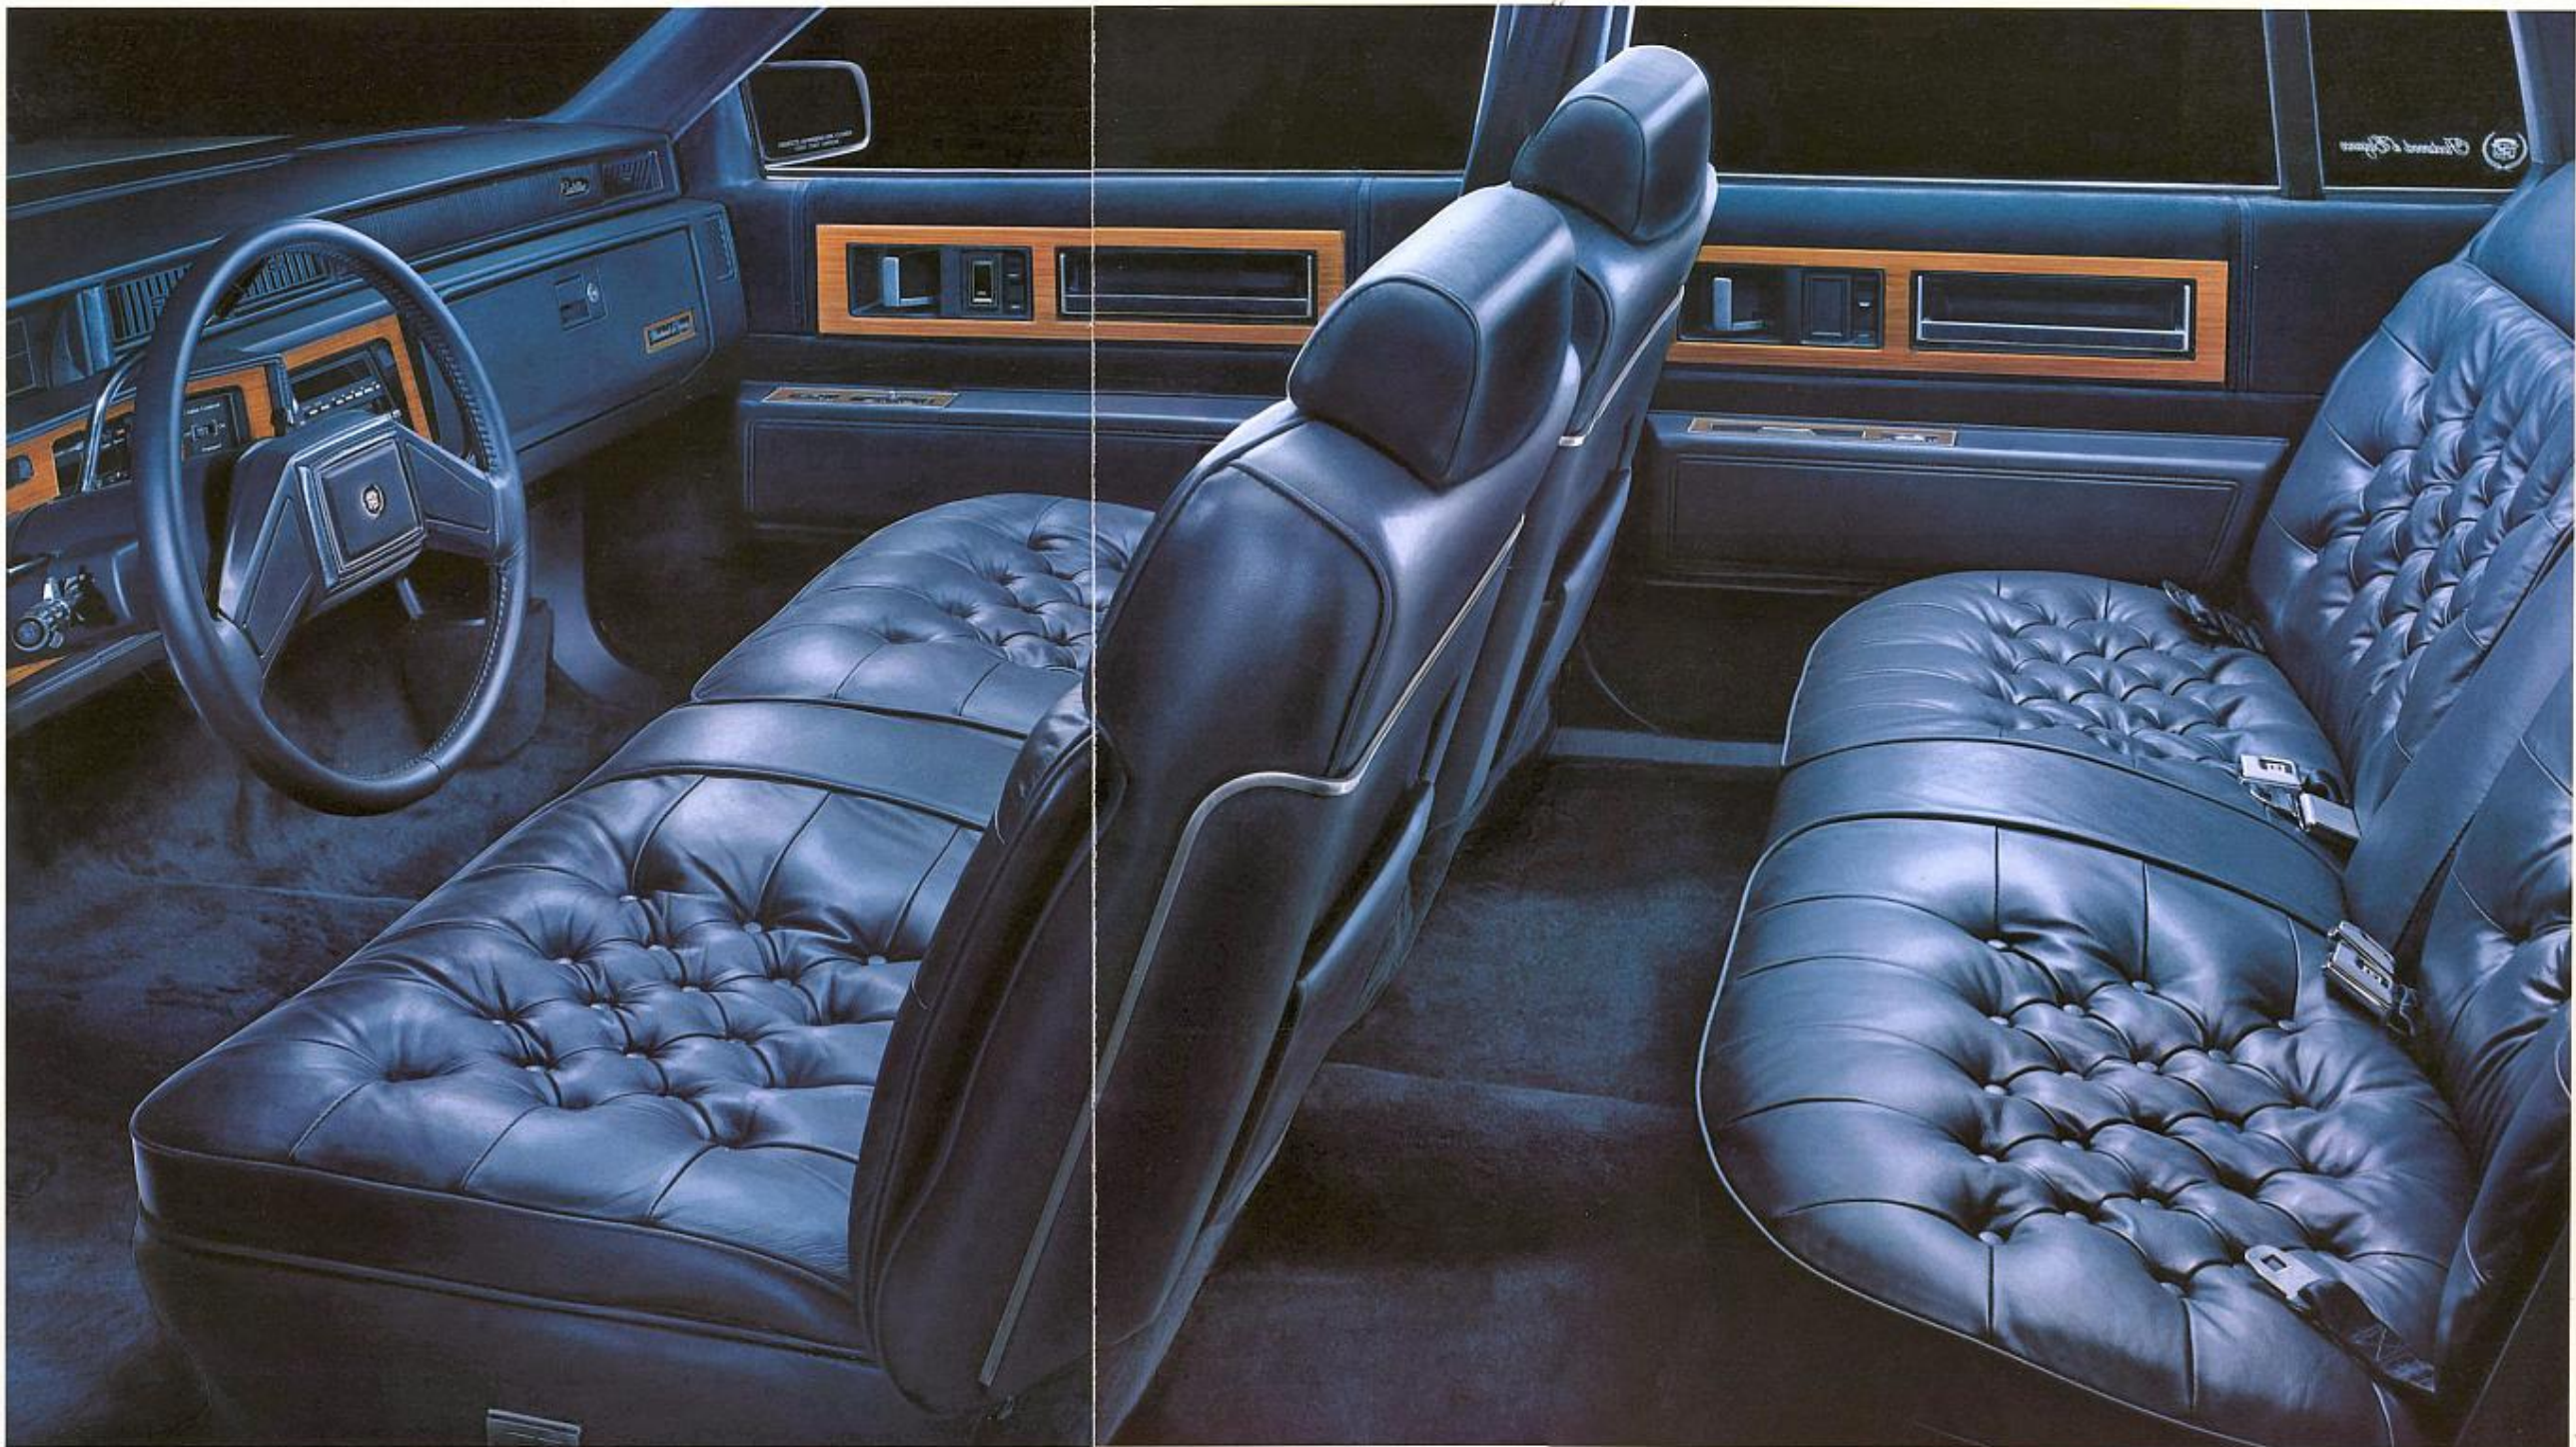

A new standard Formal Cabriolet roof treatment highlights the closed-in, limousine-style rear window.

1986 Fleetwood Sedan d'Elegance shown in available Corinthian Blue Firemist with matching Formal Cabriolet roof treatment.

FLEETWOOD SEDAN D'ELEGANCE

Enter the roomy, six-passenger world of Fleetwood Sedan d'Elegance and take a deep breath. Is it the rich, indescribable scent of the available leather seating areas that lures you inside? Perhaps the genuine American walnut instrument panel? Or the sophistication of the new standard digital instrument cluster? Whatever the reason, one thing is for sure: Once inside the ultra-luxurious world of d'Elegance, you won't want to leave. Because it's the ultimate expression of Fleetwood luxury.

Interior of Fleetwood Sedan d'Elegance shown with available Dark Blue leather seating areas.

FLEETWOOD COUPE

This two-door interpretation of the Fleetwood theme possesses the same qualities that make any Fleetwood special. Such as electroluminescent opera lamps, wire wheel discs, and Formal Cabriolet roof treatment with closed-in, limousine-style rear window. These luxurious touches only enhance the traditional Cadillac room for six and a vast array of comfort and convenience items...and advanced Cadillac features such as independent four-wheel suspension and a transverse-mounted, front-wheel-drive V8 engine, a Cadillac exclusive.

1986 Fleetwood Coupe shown in Platinum with matching Formal Cabriolet roof treatment.

Retained Accessory Power for Electrically Powered Windows.

Digital Instrument Cluster, a New Standard Feature.

Genuine Walnut Trim on Fleetwood Sedan d'Elegance. New for 1986.

COMFORT AND CONVENIENCE

Dual Comfort 45/55 Front Seats (Three-Passenger). Allow driver and right front passenger to adjust seats for maximum comfort. Includes manual driver and passenger front seatback recliners.

Six-Way Power Seat Adjusters for Driver and Front Passenger Seats.

Trunk Lid Release. Release works with ignition on or up to ten minutes after you turn ignition off (or until a door is opened). **Electrically Powered Outside Rearview Mirrors.** A new standard feature for 1986.

Prefocused Rear-Seat Reading Lamps. For added convenience.

Retained Accessory Power. Allows you to operate the power windows or the remote trunk lid release for up to ten minutes after you turn off the ignition or until a door is opened.

Fuel Data Center with Digital Fuel Gauge. To help monitor your driving efficiency.

FLEETWOOD STANDARD FEATURES

New Cellular Telephone.

Automatic Day/Night Mirror

15" Aluminum Alloy Wheel and Goodyear Eagle GT Tire.

Delco-GM/Bose Symphony Sound System.

New Style Aluminum Alloy Wheel.

COMFORT AND CONVENIENCE

New Cellular Telephone. This factory- or dealer-installed option features a removable handset concealed in the locking storage compartment in the front-seat center armrest. Also offers hands-free operation. Plus an exclusive radio mute module.

Memory Seat. Remembers two preset driver's seat positions. There's also the added convenience of an "exit" button which moves the seat all the way down and back for easier exit.

Automatic Day/Night Inside Rearview Mirror. Automatically adjusts the mirror to the non-glare mode.

Automatic Door Locks. Shifting the transmission into any gear automatically locks all doors. Put the transmission into park and the doors automatically unlock.

Dimming Sentinel. Automatically dims high-beam headlamps with approach of oncoming cars, then returns headlamps to high-beam operation. (Requires available Controlled Cycle Wiper System and Tilt and Telescope Steering Wheel.)

Trunk Lid Power Pull-Down. Once engaged, this feature automatically pulls trunk lid down and locks it into place.

Illuminated Entry System. Pushing either front door handle button illuminates keyhole and turns on inside courtesy lights.

Twilight Sentinel. Automatically turns headlamps on and off in response to outside light conditions.

General Motors Acceptance Corporation (GMAC) Financing. See inside back cover for details.

AS WELL AS:

- Controlled Cycle Wiper System (Requires Available Tilt and Telescope Steering Wheel)
- Cruise Control • Defogger, Rear Window—Includes Heated Outside Rearview Mirrors
- Garage Door Opener Transmitter • Recliner, Power—Driver Seat • Recliner, Power—Front Passenger Seat • Steering Wheel, Tilt and Telescope (Requires Available Controlled Cycle Wiper System) • Trumpet Horn • Visor Vanity Mirrors, Illuminated—Driver and Passenger

SOUND SYSTEMS

The driving pleasure of the new 1986 Cadillac is greatly enhanced by the Delco Electronics Sound Systems. These radios are designed with the same technology and expertise that are utilized in the design of body and engine computers, electronic climate control, theft-deterrent systems and many other automotive electronic devices.

This world-class audio technology provides the discriminating Cadillac owner the level of comfort and enjoyment expected when driving a Cadillac.

Antenna, Tri-Band. Standard with Universal Citizens Band Transceiver. Available with standard 2000 Series Receiver or available 2000 Series Receiver with Cassette Player.

Delco-GM/Bose Symphony Sound System. Customized to the exact dimensions and acoustical characteristics of your Cadillac. Includes integral Cassette Tape Player.

Delco-GM 2000 Series AM Stereo*/FM Stereo Electronically Tuned Receiver with Cassette Tape Player. With newly added AM Stereo and Five-Band Graphic Equalizer.

FLEETWOOD AVAILABLE FEATURES

DE VILLE
TOURING COUPE
TOURING SEDAN

Just when you thought that high-performance luxury cars were the exclusive province of overseas marques, along come these new Cadillacs: the 1986 De Ville Touring Coupe and Touring Sedan.

They represent, at once, that enviable combination of legendary Cadillac luxury and responsive handling.

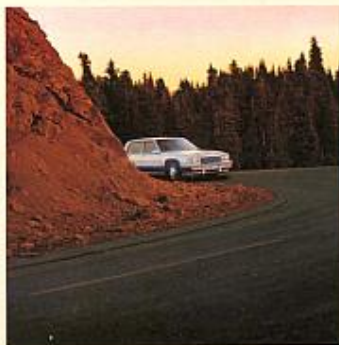

You feel the pavement firm beneath you. You challenge winding roads and enjoy the special suspension's way with them.

The 1986 De Ville Touring Coupe and Touring Sedan are made for people who want a combination of ride and handling far beyond the commonplace. And who won't give up luxury to get it.

Note: See your dealer regarding availability date of De Ville Touring Coupe and Sedan in your area.

1986 De Ville Touring Coupe in Sable Black.

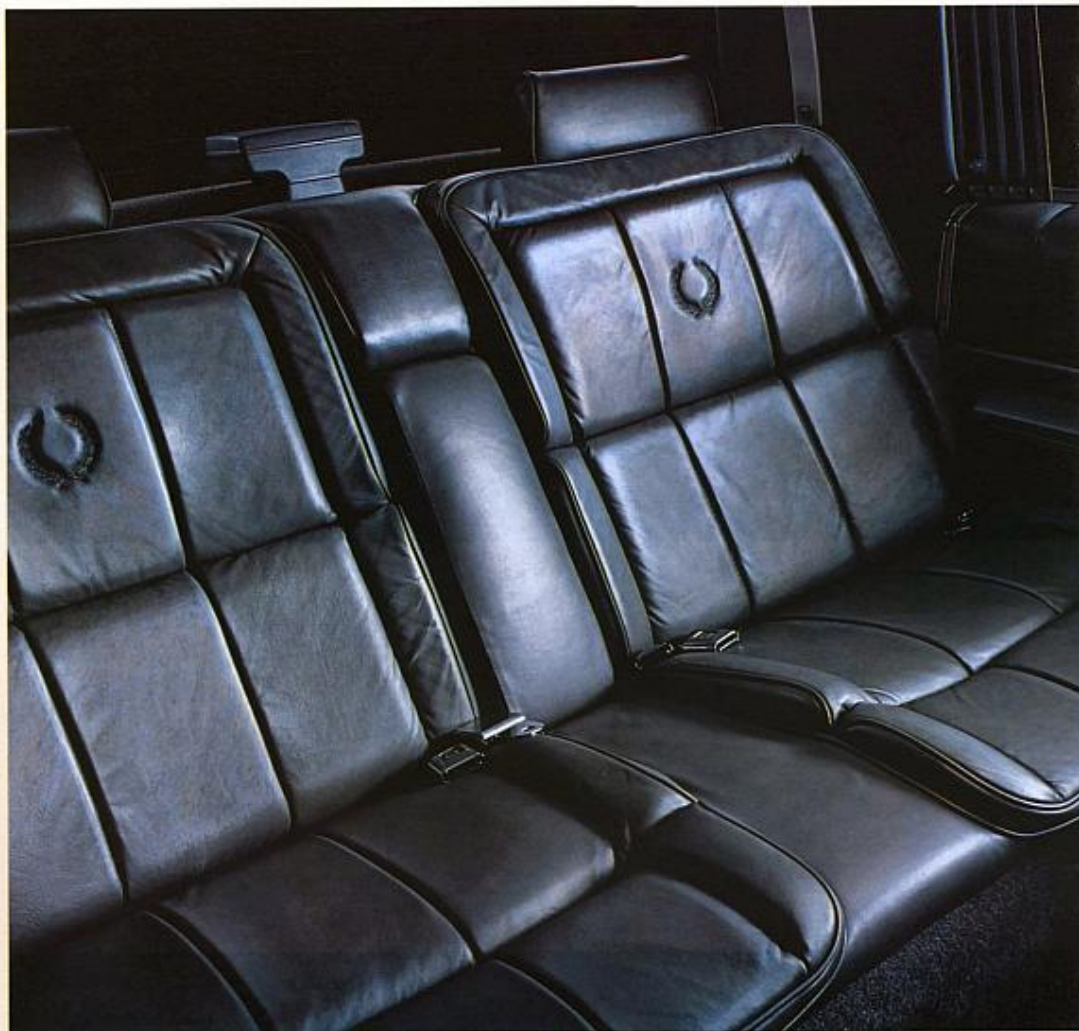

1986 De Ville Touring Sedan in Platinum.

DE VILLE TOURING
EDITION FEATURES THAT
ENTHUSIASTS WILL LOVE.

Take a good, long look at the standard De Ville Touring interior. Gray leather seating areas, including front and rear headrests, are hand-fitted with care.

Leather also adorns the automatic shift and steering wheel tilt levers, the horn pad insert and, of course, the steering wheel rim.

Gray leather seating areas with leather-covered headrests.

Leather-Trimmed Steering Wheel.

Unique and Removable Louvers on Touring Coupe.

Front Air Dam with Integrated Front Fog Lamps.

15" Aluminum Alloy Wheels. P215/65R15 Goodyear Eagle GT Tires.

Rear Deck Lid Spoiler.

This interior comes with any of four exterior colors: Cotillion White, Sable Black, Platinum or Academy Gray.

Now inspect a De Ville Touring Edition from the outside. An air dam, beneath the front bumper, sweeps rearward to the front-wheel openings. Fog lamps, with specific covers, are integrated into it.

Gray and body-color accents, specific gray rocker moldings (with silver highlights) and body side accent moldings along with body-color electrically powered outside rearview mirrors add further distinction.

"Touring Coupe" or "Touring Sedan" applied to rear side windows identifies each body style.

Now drive a De Ville Touring Coupe or Touring Sedan and discover that "Touring" means tuned to exacting Cadillac specifications: Firmer front and rear springs (and their bushings). Tighter-valved front and rear struts. A quicker 18.4:1 steering ratio. And a rear stabilizer bar that increased 6mm (18mm vs 12mm).

It all sits atop 15" aluminum alloy wheels and high-performance P215/65R15 Goodyear Eagle GT steel-belted radial blackwalls.

Moving you is a transverse-mounted, front-wheel-drive V8 engine, a Cadillac exclusive. It's mated to a four-speed automatic transmission with Viscous Converter Clutch (for a silky drivetrain feel), and front-wheel drive for impressive traction.

FLEETWOOD SEVENTY FIVE LIMOUSINE SERIES

The Cadillac Limousines, the flagships of the fleet, have been the epitome of VIP treatment for generations. And in 1986, Cadillac combines that heritage with the advanced technology available in every Fleetwood.

Like front-wheel drive, a transverse-mounted HT 4100 (4.1 Liter) V8 DFI engine, independent four-wheel suspension and more.

The result is limousines that offer impressive levels of luxury and performance with the Cadillac tradition of prestige and privacy.

The eight-passenger Fleetwood Seventy Five Limousine... and the seven-passenger Fleetwood Seventy Five Formal Limousine featuring a center partition with sliding glass and a separate rear air conditioning unit and controls.

1986 Fleetwood Seventy Five Limousine shown in Sable Black.

FLEETWOOD SEVENTY FIVE LIMOUSINE

As you relax in the rear seat of a Fleetwood Seventy Five Limousine, you'll be treated to a number of standard conveniences. They include a power-operated rear-door unlatch feature that assists rear passenger exit, a rear Electronic Control Panel with outside temperature digital display, and automatic door locks.

The Cadillac Limousines also come standard with Cadillac's 4-year/50,000-mile limited warranty. In some cases, a deductible applies. See your dealer for details.

Interior shown in Black Royal Prima cloth.

Center Partition on Fleetwood Seventy Five Formal Limousine.

Rear Electronic Climate Control Panel with Outside Temperature Display.

SELECTED STANDARD FEATURES

COMFORT AND CONVENIENCE

Rear Door Unlatch Button. Power rear-door unlatch push buttons are located in each rear control panel. Each push button controls one rear door so that rear passengers can exit conveniently.

Rear Electronic Climate Control Panel. Additional push buttons are close to rear passengers allowing them to set the interior temperature display as precisely as one degree. Plus a push button that lets rear passengers display the outside temperature.

Retained Accessory Power. This Cadillac touch allows operation of the power windows or the available remote trunk lid release for up to ten minutes after the ignition is turned off or until a door is opened.

Dual Comfort Front Seats. Three-passenger seating for Fleetwood Seventy Five Limousine. Two-passenger seating for Fleetwood Seventy Five Formal Limousine.

Auxiliary Seats (Two-Passenger). Also fold down to serve as footrests for rear-seat passengers.

Digital Instrument Cluster. A new standard feature for 1986. Blue-green vacuum fluorescent displays are used for the speedometer, odometer, and trip odometer.

SOUND SYSTEM

Antenna—Electrically Powered.
Radio. 2000 Series AM/FM Stereo with Seek and Scan and Digital Display (Electronically Tuned Receiver).

APPEARANCE AND PROTECTION

Formal Cabriolet Roof Treatment. For an added touch of elegance.

Door-into-Roof Design. Creates a quality fit and a custom-tailored appearance, while reducing wind noise and vehicle wind resistance, and easing entry and exit for driver and passengers.

ENGINE/CHASSIS

Electronic Level Control. Automatically adjusts to changing loads to help keep the car level.

Fleetwood Seventy Five Formal Limousine in Sable Black.

Auxiliary Seats.

Front-Wheel Drive. Provides impressive traction in adverse weather.

HT 4100 (4.1 Liter) V8 DFI Gasoline Engine. This transverse-mounted, front-wheel-drive V8 is a Cadillac exclusive. Includes Digital Fuel Injection and On-Board Computer Diagnostics.

Independent Four-Wheel Suspension. For a smooth ride and responsive handling.

ADDITIONAL STANDARD FEATURES FOR FLEETWOOD SEVENTY FIVE FORMAL LIMOUSINE

COMFORT AND CONVENIENCE

- Center Partition with Sliding Glass • Electronic Climate Control with a Separate Rear Unit
- Seats, 45/45 Dual Comfort Front Seats (Two-Passenger) with Front Floor Console and Manual Seat Adjuster • Rear Reading Lamps
- Controlled Cycle Wipers—with Fluidic Windshield Washer System • Steering Wheel, Tilt and Telescope

SELECTED AVAILABLE FEATURES

COMFORT AND CONVENIENCE

New Cellular Telephone. This factory- or dealer-installed option features a removable handset concealed in the locking storage compartment in the front seat center armrest. Also included are provisions for hands-free operation. Plus an exclusive radio mute module. Available for Fleetwood Seventy Five Limousine.

SOUND SYSTEM

Rear Controls for Radio/Cassette Tape Player. The right rear seat control panel includes the radio controls for the available new remote-control AM Stereo*/FM Stereo Radio (Electronically Tuned Receiver) with Cassette Tape Player. The controls include on/off/volume knob (with a power-on indicator), a right-left balance control knob, a frequency scan control as well as a Cassette Tape Player control.

Ask your Cadillac sales representative for additional standard and available features.

GOLD KEY DELIVERY SYSTEM

Cadillac began the whole idea of nationwide automotive service back in 1926. It is only fitting, then, that today Cadillac has a system of preferential treatment you expect as a Cadillac owner: The Gold Key Delivery System.

Cadillac's Gold Key Delivery System begins with a thorough inspection of your Cadillac—but that's not all. You also receive an orientation drive with your sales representative. A thorough explanation of your new Cadillac. An audio cassette of important information (factory-installed cassette tape player optional). And a full tank of fuel. Plus two sets of 23-karat gold-plated keys along with a personalized Gold Key Identification Card.

The Gold Key Card you receive as part of the Gold Key Delivery System provides important owner and vehicle information to help your service advisor schedule routine maintenance quickly and easily. And at your convenience, or at your first regularly scheduled maintenance visit, you can request an exclusive Gold Key vehicle inspection at *no additional charge*.

Cadillac's Gold Key Delivery System. Unique in the luxury car field.

WHAT MAKES A CADILLAC A CADILLAC.

It all began in 1902. A commitment to quality and excellence. As a result, for the past 37 years, more Americans have chosen to own Cadillac than any other luxury car.

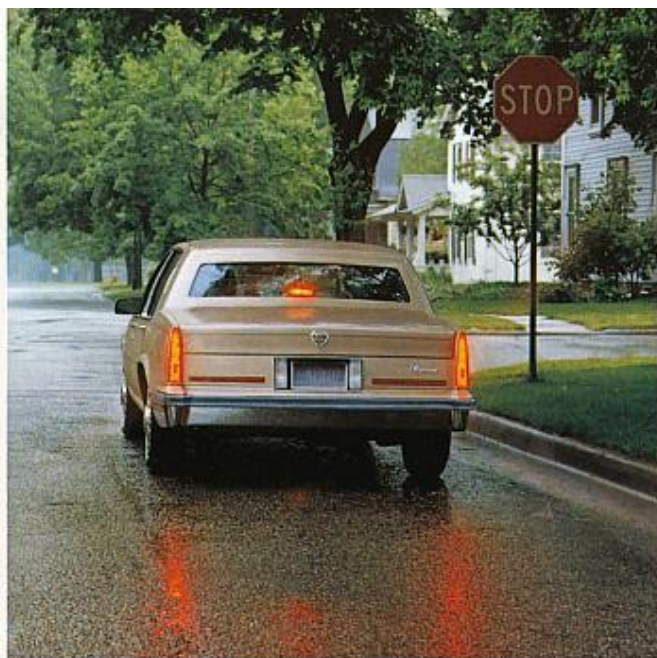

Today, that commitment remains obvious in such traditional areas as fit, finish, materials, appointments, and craftsmanship.

But it now becomes evident, too, in state-of-the-art and leading-edge developments in safety and technology.

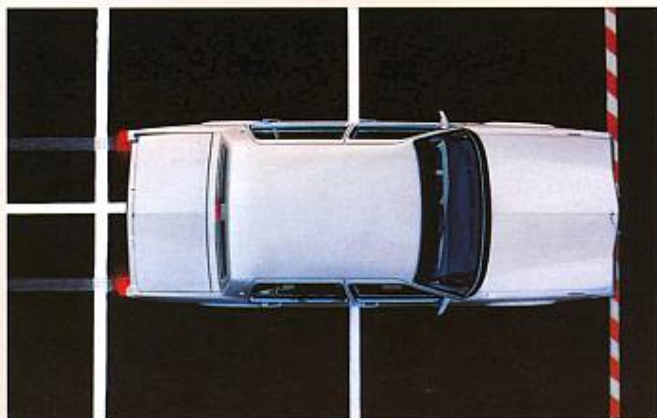

Traditional or advanced, however, the ultimate test of Cadillac quality and excellence is simply this: Does it contribute significantly to owner satisfaction?

That's what makes a Cadillac a Cadillac.

Center High-Mounted Stop Lamp

Available Anti-Lock Braking System

SAFETY

The quest for Cadillac quality never ends. For 1986, that quest has led to the largest offering of safety features in Cadillac history. Including an Anti-Lock Braking System available on all front-wheel-drive DeVilles, Fleetwoods, and Touring Sedans and Coupes.

AVAILABLE THEFT DETERRENCE FEATURE

- Theft Deterrent System

Let's Get It Together...Buckle Up.

Every new 1986 Cadillac delivered by a Cadillac dealer in the United States comes with a one-year, \$10,000 safety belt insurance certificate from MIC General Insurance Corporation at no additional charge. \$10,000 will be paid to the estate of any occupant who suffers fatal injuries as a result of an accident involving that vehicle while wearing a GM safety belt. Buckle up every time you drive.

A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Cadillac dealer for complete information.

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CADILLAC PRODUCTS.

The Cadillacs described in this brochure are assembled at facilities operated by General Motors. These vehicles incorporate thousands of different components produced by car groups and various component divisions of General Motors and by various suppliers to General Motors worldwide. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Cadillac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Cadillac products and will provide the quality performance associated with the Cadillac name.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

A WORD ABOUT ENGINES.

Cadillacs are equipped with engines produced at facilities operated by GM car groups, subsidiaries or affiliated companies worldwide.

UPDATED SERVICE INFORMATION.

Cadillac regularly sends its dealers useful service bulletins about Cadillac products. Cadillac monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4123.

FINANCING OR LEASING, IT'S AS EASY AS GMAC.

The good feeling that comes when you buy or lease a new Cadillac can be enhanced when it comes to making the financial arrangements. Which is why so many people finance with General Motors Acceptance Corporation. With GMAC it's done right in the showroom. Terms are tailor-made to suit your personal needs. You can choose your own monthly payment date. And the rates are friendly as can be.

So when the time comes, just tell us "I want GMAC." We'll take it from there while you relax. You'll be in good company. All told, nearly 100 million cars and trucks have been financed the GMAC way. The easy way whether you buy or lease.

THE CADILLAC COMMITMENT

We believe that when you buy or lease a Cadillac, you deserve to be treated like a Cadillac owner. And when you take your car in for service, you have the right to expect the type of consideration traditionally reserved for Cadillac owners. We intend to keep that tradition alive. BEST OF ALL...IT'S A CADILLAC.

BEST OF ALL...IT'S A CADILLAC.
