

**FRESH FROM
THE GYM.**

NEW MUSCLES, TO FLEX AT OTHER CARS.

POWERED ORVMs

The Scorpio comes with a pair of well trained, dual tone ORVMs. They're powered and obey your command at the push of a button.

PROVOCATIVE NEW BONNET SCOOP

The new streamlined bonnet scoop with its 'low-drag intake' design, doesn't just provoke other cars. It calms the Scorpio down too, by letting in air to the intercooler that keeps the engine cool.

SIGNATURE FRONT GRILLE

The imposing new front grille boasts of the Mahindra lineage, and is sure to inspire awe in some and fear in many.

MULTI-FOCAL HEADLIGHTS

Multi-focal reflectors multiply the power of these headlamps. Their 'Sunrays' reflector design shines into the night, giving the Scorpio a blinding stare.

INTEGRATED FOOTSTEP

The rear footstep is seamlessly integrated into the rear bumper, giving those tailing the Scorpio, something to stare at.

CHUNKY DOOR HANDLES

The new door handles are chunky and easy to grip. They add extra muscle to the Scorpio and make sure you need less muscle to open the doors.

EMBOSSSED SIDE CLADDING

A bold embossing on the side cladding now taunts those unfortunate enough to be around this monster.

ROAD ARMOUR BUMPERS

The Scorpio's new bumpers remind you of the armour on a gladiator. They're toughened, to defend the body. And tailored to demean other cars.

SPORTY NEW FOG LAMPS

The powerful fog lamps will illuminate any surprises, while also announcing the Scorpio's arrival quite sportily.

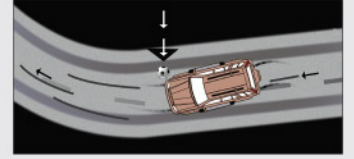

UPTO THE NECK WITH TECH.

NEW

DUAL AIRBAGS

Safety always takes the front seat in the Scorpio. In the event of a collision, these dual airbags inflate instantly, protecting you from serious injury.

ABS

When the situation demands hard braking on any skid-prone surface, the wheels won't lock up on you.

NEW

BLUEVISION BULBS

Designed to take the stress out of night driving, Blue Vision bulbs ensure better visibility in the dark. And better looks too.

NEW

BLUETOOTH ENABLED AUDIO

Connect to your mobile right from the steering wheel. So next time you take a call, let your hands stay on the wheel. And your eyes on the road.

NEW

TWIN-POD INSTRUMENT CLUSTER

The instrument cluster comes just as revamped as the Scorpio itself. Its sporty dials and tasteful display are a few things that go into making this hulk a hunk.

POWERED ORVMs

The Scorpio comes with a pair of well trained, dual tone ORVMs. They obey your command at press of a button.

TYRE-TRONICS

This sophisticated measuring system gives you live updates of the exact air pressure and temperature in each tyre.

NEW

SPEEDALERT

The Scorpio thinks about your safety too. Every time you cross a preset speed limit, the Speedalert sounds an alarm, reminding you to slow down.

INTELLIPARK

Sensors in the rear bumper warn you about any obstacles, making reverse parking a breeze.

NEW

FRONT SPEAKERS WITH TWEETERS

The front speakers come with built-in tweeters. Greatly improving the quality of music. And the drive.

CRUISE CONTROL

Maintain your speed at the push of a button, without having to press the accelerator.

RAIN AND LIGHT SENSORS

Intelligent sensors automatically control wipers and headlights depending on rain and visibility conditions.

BRAWN TO RULE.

THE ADVANCED MHAWK ENGINE

SPRINTS MORE

2.2 L, 4-cylinder mHawk diesel engine. 120bhp of power.
0 to 60 kmph in 5.7 seconds.

HEATS LESS

Top-mounted intercooler keeps the engine cool.

DRINKS LESS

Bosch common rail system with solenoid injectors and 4-valves per cylinder fuel spray design improves fuel efficiency.

WHINES LESS

Innovative two-stage chain drive system and hydraulic lash adjuster keep the engine quiet at all times.

THE SCORPIO AUTOMATIC

Forget about constant gear changes. Forget the drudgery of pumping the clutch. In short, forget driving as you have known it. The fully automatic 6-speed gear box does the job for you.

USER ENGAGED MODES

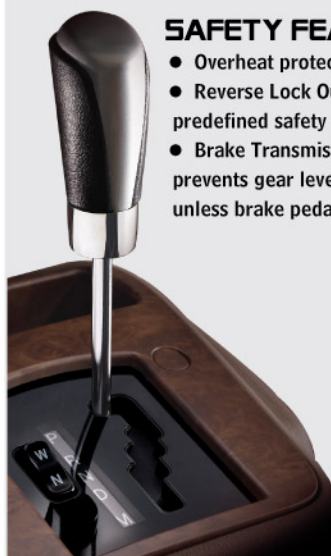

- Normal Mode 'N' – for ordinary driving conditions
- Winter Mode 'W' – for slippery or unstable road conditions
- Manual/Engine Brake Mode 'M' – for better vehicle control on steep downhill descents

AUTO ENGAGED MODES

- Uphill and Downhill Modes – detects the gradient automatically for relevant shift schedule
- Fast-Off Mode – avoids rapid gear shifts in case of quick pedal release

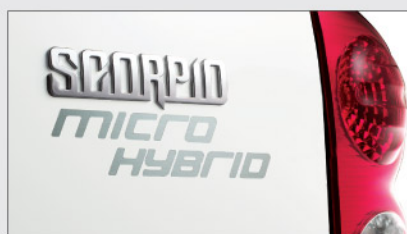

SAFETY FEATURES

- Overheat protection
- Reverse Lock Out – locks the reverse drive till predefined safety conditions are met.
- Brake Transmission Shift Interlock (BTSI) – prevents gear lever coming out of 'Park' (P) position unless brake pedal is depressed

WRESTLES POLLUTION.

REVOLUTIONARY MICRO HYBRID TECHNOLOGY*

The new Scorpio is deceptively gentle. On the environment that is. It comes equipped with Micro Hybrid technology that allows it to intelligently switch the engine into standby when not required. So while it conserves nature, it conserves fuel too.

- Switches off the engine when the Scorpio idles for a preset duration.
- Switches the engine back on, the instant your foot touches the clutch pedal.
- Burns less fuel, thus reducing pollution and conserving the environment.

INDIA'S FIRST BS IV VEHICLE*

Carrying on a tradition of firsts, the new Scorpio is Bharat Stage IV compliant. It conforms to strict emission norms, thus keeping a watch on pollution in a way other cars can't quite understand.

- Reduces emissions
- Helps reduce pollution

THE HUNK HAS A SOFT CORNER.

PLUSH NEW DUAL TONE UPHOLSTERY

The Scorpio's plush interior cabin now comes draped in rich unique fabric and two seductive new colour themes. Apart from the universally desired Black Allure theme, a classy new Tan & Beige upholstery option is now turning other cars red.

NEW SEATS THAT HUG YOU

Fitted with new foam contours, the seats in the new Scorpio have been designed after meticulous 'Body Pressure Mapping' and are so ergonomically adapted for the human form, they hug.

SWANKY 2-DIN AUDIO

Aesthetically designed buttons complement the large display. It supports almost any form that music might take, like MP3 CDs, SD cards and even USB drives.

STYLISH PARKING BRAKE

The stylish parking brake is now quicker to engage, and looks sharper than ever.

TECH MEETS CLASS AT THE CENTRE BEZEL

The futuristic centre bezel is a mesmerising mix between classy and techy. Every button and dial finished to perfection and tested for durability. The thoughtfully placed storage spaces outnumber your storage needs.
