Many Companies **One Purpose**

Rise.

We are a federation of Companies bound by this purpose. Inspired by it, and our legacy & values, we aim to positively impact our stakeholders, communities and the world at large.

OUR GLOBAL FOOTPRINT

#beatyourexpectations

4x4 S6 Single Cab

- Bluetooth and Cruise Control Standard
- Eaton Diff Lock Standard
- BorgWarner Low Range Transfer Case
- Driver Side Seat Height Adjustment
- 210mm Ground Clearance (minimum)
- Fully Sealed Wheel Bearings (Rear Axle)
- Ladder Frame Chassis with Genuine 1 Tonne Payload
- 2.5 Tonne Braked Towing

*Accessories shown in the picture are not part of standard fitment

With new signature front grille that enhances a tough stance, contemporary static bending headlamps to light up those dark alleys on a turn and smart interiors, the New Generation Pik-Up comfortably takes both city and tough off-road tracks in its stride. The sturdy and heavy duty ladder frame chassis can carry a payload of up to 1095 kgs with a 2.5 tonnes braked towing capacity.

The 103 KW, 2.2 Litre common rail intercooled turbo diesel engine produces a peak torque of 320 Nm. With a robust design in collaboration with AVL Austria and backed by Bosch Engine Management system, the mHawk engine provides proven reliability and unrivalled fuel efficiency. The engine valve train is driven by a twin timing chain system, so there are no expensive belts to replace under maintenance. The 6 speed smooth shift manual gearbox with Dana Spicer axles and Eaton self-locking differential adds to the driving pleasure both on city roads and tough off-road tracks.

NEW HIGH RES TOUCH SCREEN*

The new 7" touchscreen control panel with inbuilt GPS navigation, fully automatic temperature control (FATC), REVERSE CAMERA, Bluetooth connectivity and provisions for USB and AUX wire

Powered by Mahindra's Legendary 2.2 Litre, 4-Cylinder mHAWK turbo-Diesel Engine.
