

INGENUITY IN AN EFFICIENT SIZE

2013 GMC TERRAIN

WE ARE PROFESSIONAL GRADE.

GMC

TERRAIN SLT-2 IN CARBON BLACK METALLIC shown with available equipment.

2013 GMC Terrain

GMC is dedicated to pushing the limits of what's possible. Our commitment is to one ideal: building professional-grade vehicles that are engineered to offer the best in performance, innovation and versatility. Like you, GMC believes that just being good enough is never enough and jobs worth doing are worth doing right.

It's why the 2013 Terrain is engineered to give you full-size capability in a more efficient size with an EPA-estimated 32 highway miles per gallon with its I-4 engine, or the most horsepower in its class with its available V-6. It's why Terrain Denali is the only SUV in its class with standard front, side and rear collision avoidance technology.

GMC. We Are Professional Grade.

EQUIPMENT OPTIONS	pg. 27
-------------------	--------

DENALI GRILLE (upper)

Terrain Denali features a honeycomb chrome grille, giving it a style all its own.

CHROME BODYSIDE MOLDING (center)

Satin chrome accents including rocker moldings accentuate the chiseled, muscular shapes of Terrain Denali.

STYLIZED CHROME EXHAUST TIPS (lower)

Unique chrome exhaust tips draw your eye to the rear profile of Terrain Denali.

TERRAIN DENALI TECHNOLOGY DESIGNED TO TRANSFORM.

At GMC, the Denali name is reserved for our most technologically advanced, premium models. Outside, Terrain Denali is defined by its signature honeycomb chrome grille and accents of satin chrome on its door handles, mirror caps and bodyside moldings. Inside, Terrain Denali transforms the driving experience with a level of innovation that includes Side Blind Zone¹ and Rear Cross Traffic Alerts.

SELECT DENALI FEATURES

For details, see corresponding page listed below.

Driver and Passenger 8-Way Power Seat	pg. 13	Projector Beam Headlamps	pg. 13
Programmable Power Liftgate	pg. 13	Unique Denali Wheels	pg. 13

¹Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

TERRAIN DENALI IN CARBON BLACK METALLIC shown with available equipment.

TERRAIN DENALI EVEN THE DETAILS HAVE DETAILS.

Open the driver's door of Terrain Denali and the first thing you'll notice is the attention to detail. Illuminated sill plates, embossed front seats and the leather-wrapped steering wheel with smoked mahogany wood tones signal the rare character you'll soon come to know. Settle into the leather-appointed, French-stitched seating and note the extensive use of premium soft-touch materials on the doors, dash and center console. Now look behind you: Having the longest wheelbase in its class translates into best-in-class rear-seat leg room.

BEST-IN-CLASS REAR-SEAT LEG ROOM

■ The rear seat can slide nearly 8 inches back and recline to deliver a class-leading 39.9 inches of maximum rear-seat leg room, or slide it forward to expand rear cargo volume.¹

¹Cargo and load capacity limited by weight and distribution.

TERRAIN DENALI INTERIOR IN JET BLACK shown with available equipment.

DISTINCTIVE DENALI SEATING (upper)

Contrasting stitching outlines perforated leather-appointed seating, with an embossed Denali logo on the front-row seats.

8-WAY POWER PASSENGER SEAT (lower)

In Terrain Denali, both the driver and front passenger enjoy the comfort of an 8-way power seat that includes a power lumbar feature.

ILLUMINATED SILL PLATES (lower)

Polished aluminum sill plates are another example of Terrain Denali's premium materials and finish. The two front sill plates illuminate upon door opening, showing again that no detail is left unnoticed.

INTELLILINK¹ (upper)

The Color Touch Radio with available IntelliLink provides smartphone integration and voice-activated control of your communication and entertainment selections, streaming Internet radio stations Pandora® and Stitcher™ through your smartphone or accessing your iPod® music library.

REAR-VISION CAMERA SYSTEM (center)

To provide you with confidence in backing up and parking, the Rear-Vision Camera System displays a wide-view image on the center console screen.

REAR-SEAT ENTERTAINMENT SYSTEM (lower)

Available dual 8-inch seatback-mounted screens offer both video gaming and DVD playback independent of each other.

TERRAIN DENALI INTERIOR IN JET BLACK shown with available equipment.

TERRAIN TECHNOLOGY
**SIMPLICITY MAY BE THE BEST
INNOVATION OF ALL.**

Terrain makes technology simple, thanks to a high-resolution Color Touch Radio that integrates large icons into an intuitive home screen. With fingertip command, it's easy to operate available features, including the premium sound system, Rear-Seat Entertainment System and Navigation¹ with IntelliLink.² A Rear-Vision Camera System is standard on Terrain, as is the peace of mind that comes from OnStar³ technology. OnStar features include Automatic Crash Response⁴ and the OnStar RemoteLink app.⁵

Data plan rates apply. ³Visit onstar.com for coverage map, details and system limitations. ⁴OnStar acts as a link to existing emergency service providers. Services vary with conditions. ⁵Requires select iPhone, [®]Android[™] or BlackBerry[®] platforms. Services vary by phone, vehicle and conditions. Requires active OnStar subscription.

DESIGNED FOR QUIET

Want to create a remarkably quiet interior? Do what GMC engineers did with Terrain. Use acoustic laminated glass in the windshield (upper) and front doors along with triple door seals on all four doors (lower) to help reduce road noise inside the passenger cabin. Airtight door seals not only baffle unwanted road noise but also minimize air leaks for increased quiet.

TERRAIN SLT STANDARDS, RAISED.

In Terrain SLT, comfort, convenience and style all come standard. So do power and efficiency: With its 2.4L DOHC engine, no competitor can match Terrain's combination of standard horsepower and EPA-estimated 32 mpg on the highway.¹ Upgrade to the available 3.6L V-6 and you put 301 horsepower at your command—the most power of any SUV in its class.²

SELECT TERRAIN SLT FEATURES

³E85 is a blend of 85 percent ethanol and 15 percent regular gasoline. Go to gmc.com and search E85 for more information about E85 as a fuel alternative.

TERRAIN SLT-2 IN QUICKSILVER METALLIC shown with available equipment.

TERRAIN SLT INTERIOR IN LIGHT TITANIUM shown with available equipment.

TERRAIN SLT INTERIOR A BIGGER SMALL.

Our designers knew what you wanted in an SUV: all the space you need, but in a size that makes sense for the way you live. Terrain packs maximum space inside the longest wheelbase in its class, giving you an interior that's comfortable and capable.

SELECT SLT FEATURES

For details, see corresponding page listed below.

MultiFlex Second-Row Seating	pg. 14	Color Touch Radio with USB Connectivity ¹	pg. 16
Console and Center Stack	pg. 14	Rear-Vision Camera System	pg. 17

FLEXIBLE FLOOR PLAN

■ Rearrange the interior of Terrain to suit the task at hand. The standard MultiFlex sliding rear seat and 60/40-split rear seatback make reconfiguring the space easy.

¹Not compatible with all devices. ²Go to gm.com/bluetooth to find out which Bluetooth phones are compatible with the vehicle. ³Cargo and load capacity limited by weight and distribution.

ACTIVE NOISE CANCELLATION (upper)

On 2.4L-equipped models, Active Noise Cancellation (ANC) technology uses microphones to detect sounds inside the vehicle and send counteracting sound waves through the audio system's speakers, ensuring a quiet driving experience at almost all vehicle speeds.

STEERING-WHEEL-MOUNTED CONTROLS (center)

Access the radio, Bluetooth² and cruise control at the touch of a button with Terrain's convenient steering-wheel-mounted controls.

CARGO SPACE (lower)

The room inside Terrain is generous enough to accommodate your passengers and plenty of their luggage, too. When it's a trip for two, you can fold down the rear seatback completely to create nearly 64 cubic feet of total cargo space.³

TERRAIN DENALI IN CARBON BLACK METALLIC shown with available equipment.

DENALI FEATURES

Looking at the exterior of Terrain Denali, it's easy to forget that the "U" in SUV stands for "Utility." After all, with its satin chrome wheels, Denali-signature honeycomb grille and satin chrome accents, Terrain Denali takes the SUV to a place that's way past utilitarian.

1 ALUMINUM WHEELS Terrain Denali models have two separate satin chrome-clad aluminum wheel choices, providing a stylized flair that complements its satin chrome accents: 18" wheels with the I-4 and 19" wheels with the V-6 engine.

PASSENGER EIGHT-WAY POWER SEAT WITH LUMBAR In addition to the eight-way power driver's seat, Terrain Denali comes standard with a seat that offers the front passenger the same level of comfort and convenience as the driver. The seat features an eight-way power adjuster, plus a power lumbar support in the seatback.

2 PROJECTOR BEAM HEADLAMPS For a bright and focused beam that gives confidence-inspiring visibility, Terrain Denali features integral projector beam headlamps. This technology uses a concave lens that works in conjunction with an ellipsoidal reflector surface to provide a very smooth and uniform light pattern.

3 WOOD-TONED STEERING WHEEL The steering wheel of Terrain Denali isn't just leather-wrapped. It also treats your eye to sophisticated smoked mahogany wood tone across the top of the wheel.

4 PROGRAMMABLE POWER LIFTGATE Terrain Denali comes standard with a programmable power liftgate. It opens and closes with the touch of a button to the height you program.

5 CROSS TRAFFIC ALERT Terrain Denali comes with Cross Traffic Alert. This feature uses sensors to monitor your surrounding environment, alerting you to any cross traffic while backing up.

INTERIOR DESIGN

Our goal with GMC Terrain was to give it more ideas per square inch. So we used big, out-of-the-box thinking to create a small SUV with the standard features, passenger comfort and cargo-carrying versatility you expect from a full-sized SUV. It starts with giving Terrain the head room and leg room of a full-sized SUV. So climb in and see for yourself how Terrain is the very definition of efficiency without compromise.

6 ACOUSTICS AND NOISE SUPPRESSION The design of Terrain's windshield angle, body shape and mirrors helps manage airflow to reduce wind noise. To further quiet the cabin, Terrain is engineered with triple door seals and acoustic-laminated windshield and front side glass.

7 CONSOLE AND CENTER STACK The console, cupholders and center stack are illuminated by warm red ambient lighting that's inviting to your eyes at night. An auxiliary 12-volt power port and a USB port¹ let you charge portable electronics and connect your iPod® or MP3 player to Terrain's audio system.

¹Not compatible with all devices.

8 STORAGE FEATURES Terrain makes it easy to get organized. The interior features an oversize glove box. Besides the console deep enough for a laptop, Terrain offers a smaller compartment under the center armrest and two-tier storage in the door panels.

LOW STEP-IN HEIGHT Terrain is designed for convenient access and entry. While the upper door opening is set high for clearance, the floor is at a lower, car-like height, making it easy for drivers of all sizes to enter and exit. And the rocker panels are integrated with the door, creating a larger opening that's protected from splashes, dirt or winter road salt. So your clothing stays cleaner as you get in or out of your Terrain.

LOW LIFT-OVER HEIGHT The load floor is set at a height that helps make it easy to move large or heavy items in and out, and with the second-row seats folded down, Terrain opens up 63.9 cubic feet of available cargo space.²

²Cargo and load capacity limited by weight and distribution.

9 SECOND-ROW MULTIFLEX SYSTEM To provide the head and leg room of a full-size SUV, Terrain offers the innovative and easy-to-use MultiFlex rear seat. The second-row seatback is split 60/40 and can recline for your comfort or fold down on either side (or both) for loading large objects. The seat design also allows you to slide the second row back nearly 8 inches. The result is a best-in-class 39.9 inches of rear leg room.

HEATED FRONT SEATS To help warm you up quickly when it's cold, available front heated seats on both cloth and leather-trimmed models can be activated when you use the available remote start. Both the cushions and seatbacks have heating elements, which spread the warmth evenly for added comfort.

TERRAIN DENALI INTERIOR IN JET BLACK shown with available equipment.

TECHNOLOGY

Terrain delivers big impact in a small space with its Integrated Center Stack (ICS). Here you'll find a host of technologies, including a high-resolution Color Touch screen, electronic child door locks and automatic climate control. The ICS is also where you can control the available Pioneer® Premium audio, a 250-watt, eight-speaker sound system complete with a 3-month trial of SiriusXM Satellite Radio.¹ Terrain even makes the connection between your vehicle and your smartphone seamless, thanks to the available IntelliLink² system.

¹If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ²Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity.

COLOR TOUCH RADIO SYSTEM

This standard entertainment system makes your Terrain an even more integral part of your life. It is based on a 7" high-resolution Color Touch screen that makes it easy to find your most important information quickly. Not only does it include AM/FM/CD/SiriusXM³ capabilities, it also gives you a customizable home page and both USB⁴ and auxiliary inputs for your iPod® and MP3 player.

³If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. ⁴Not compatible with all devices.

INTELLILINK⁵ Standard on most Terrain models, IntelliLink provides smartphone integration and voice-activated control of your communication and entertainment selections, including placing a telephone call, changing the station, streaming Internet radio stations Pandora® and Stitcher™ through your smartphone or accessing your iPod® music library.

⁵Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity.

TRAVEL LINK⁶ Standard for 3 months on most Terrain models, SiriusXM Travel Link is a suite of services that deliver useful information directly to the screen of Terrain's radio systems. With Travel Link, you can find out the fuel prices at nearby gas stations, get the weather forecast and

check local movie theater listings, show times and ratings.

⁶If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only to those in the 48 contiguous USA and DC.

10 COLOR TOUCH NAVIGATION⁷ WITH INTELLILINK⁸ Terrain's available NAV system includes IntelliLink, adding more than just navigation to the screen of the standard high-definition Color Touch Radio. Multiple map views and traffic alerts are also at your fingertips with the touch of an icon on the home screen. It also features 3 months of NavTraffic⁹ and SiriusXM Travel Link.⁹ With a USB adaptor¹⁰ or USB memory stick, the Color Touch Navigation System also links with Photoviewer so you can review pictures from your camera or smartphone in the LCD display, as well as display album art (if available) when listening to music from your iPod®.

⁷Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

⁸Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ⁹If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service

is available only to those in the 48 contiguous USA and DC. ¹⁰Not compatible with all devices.

NAVTRAFFIC¹¹ SiriusXM NavTraffic enhances Terrain's available navigation system, giving you the ability to see real-time traffic information. Standard for 3 months, NavTraffic gathers intelligence from multiple sources, including police and emergency services, cameras and road sensors, then serves up real-time information on traffic speed, accident locations, construction zones and road closings and tracks the estimated travel time along your route.

¹¹If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel.* See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only to those in the 48 contiguous USA and DC.

11 REAR-SEAT ENTERTAINMENT SYSTEM This system offers video gaming and DVD playback for rear-seat passengers that can play independently of each other. The available twin seatback-mounted 8" flip-up LCD video screens can pivot 205 degrees for comfortable viewing by passengers of all heights. Each screen also includes a video input jack to connect various gaming systems or other electronic devices, as well as a pair of wireless headphones and a wireless remote control.

WEATHER Is it going to rain today? What about later in the week? You'll have current conditions and 5-day forecasts at your fingertips.

FUEL PRICES Where's the best price on fuel? How far is the nearest station? Touch the Travel Link fuel icon and all will be revealed.

MOVIE TIMES What's showing where? When's the next show start? Get theater info along with movie descriptions and cast.

QUICK INFO Get instant access to the information you use most frequently with the touch of an icon.

12 PIONEER PREMIUM SOUND

The available Pioneer Premium audio makes it possible to hear your favorite music just as the artist intended. With the help of eight strategically placed speakers, this available sound system fills the interior with 250 watts of distortion-free sound.

SiriusXM SATELLITE RADIO¹²

Terrain comes with a 3-month trial subscription to the XM Premier Package. Get over 130 channels of commercial-free music, sports, news, talk, comedy and entertainment. With NavTraffic and the Local Forecast feature, you'll get live traffic and weather updates right on your vehicle's available navigation system.

¹²If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only to those in the 48 contiguous USA and DC.

BLUETOOTH FOR PHONE

CONNECTIVITY¹³ For easy, hands-free operation of your mobile phone, Bluetooth connectivity is standard in every Terrain. This system links your compatible Bluetooth device to the Terrain's audio system controls. Steering-wheel-mounted radio controls allow you to start a call and control volume, then dial with voice commands and listen to your call through the audio system.

¹³Go to gm.com/bluetooth to see which Bluetooth phones are compatible with the vehicle.

USB CONNECTIVITY¹⁴ All Terrain models feature a USB port that allows you to access or recharge various portable electronic devices. With your compatible iPod® or MP3 player, you can see your playlists on the sound system screen, see album cover art via Gracenote® and operate either device to hear your own sound mix by using the audio system controls.

¹⁴Not compatible with all devices.

13 STEERING-WHEEL-MOUNTED RADIO CONTROLS Change stations, adjust volume or mute the audio system with your fingertips, while you keep your eyes on the road. With the USB¹⁵ interface connected, these fingertip controls can also manage most music search features of compatible MP3 and iPod® players.

¹⁵Not compatible with all devices.

14 REAR-VISION CAMERA

SYSTEM Make it easier to back up to a trailer or negotiate a tight space. This standard system uses the 7" radio display to show real-time video from the rear view.

REMOTE KEYLESS ENTRY One touch is all it takes to lock or unlock your Terrain or to flash its lights and sound its horn. It works at a range of up to 195 feet to unlock your doors for fast entry. The convenient key fob also controls the available programmable power liftgate.

UNIVERSAL HOME REMOTE

Open your garage without leaving your locked vehicle. This available remote can be easily programmed to operate the majority of garage-door-opening systems. It operates from the Terrain's electrical system, so it will never need batteries.

15 REMOTE VEHICLE START

This available feature is capable of starting your Terrain from up to 195 feet away, so the cabin will begin warming to your preset temperature until you start the vehicle with your ignition key. Uplevel models can begin heating or cooling the interior based on exterior temperature. It can also turn on your heated seat and activate the rear defroster and the outside heated rearview mirrors.

SAFETY

The best crash is the one you avoid. That's why every Terrain comes standard with technologies like StabiliTrak and traction control. They're constantly on guard, ready to help you in adverse driving conditions. Should a collision happen, Terrain has a reinforced steel safety cage and crush zones engineered to absorb and channel impact energy to help protect the occupants in a collision.

16 DUAL-STAGE FRONTAL AIR BAGS¹ To help reduce the risk of injury to the driver and front-seat passenger, Terrain is equipped with two front dual-stage air bags. The Passenger Sensing System feature uses sensors within the front-passenger seat to detect the presence of a properly seated occupant and determine if the right front passenger frontal air bag should be enabled.

HEAD CURTAIN SIDE-IMPACT AIR BAGS¹ These air bags deploy from the roof rail like a protective curtain for outboard passengers and can be activated by either rollover sensors or side-impact sensors.

SIDE-IMPACT AIR BAGS¹ To help protect the thorax and pelvic regions of the driver and outside front passenger in a side-impact collision, Terrain includes standard side-impact air bags mounted on the driver and outside front-passenger seats.

¹Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

17 FORWARD COLLISION ALERT AND LANE DEPARTURE WARNING These systems are standard on Denali and SLT-2 models, and are available in the Safety Package on SLT-1 and SLE-2 models. Sophisticated digital imaging technology is used to help you avoid a crash. Forward Collision Alert provides an audible and visual signal if you are rapidly approaching another vehicle and it appears that a collision may be imminent. Lane Departure Warning alerts you if you happen to wander from your lane without using your turn signal.

ELECTRONIC CHILD SAFETY LOCKS To prevent young children from opening the rear doors unexpectedly, Terrain includes a one-touch electronic safety door lock switch. Simply pushing this button in the center console sends an electronic signal to the

rear doors, blocking interior door handle function. The button is backlit in amber when the doors are locked and turns to red when unlocked to help you determine the locks are deactivated.

REINFORCED STEEL SAFETY CAGE DESIGN Terrain's robust body-frame integral structure is engineered to help maintain the integrity of the passenger compartment in the event of a collision.

LATCH CHILD SEAT ANCHORING SYSTEM Make it easier to properly install a child seat. LATCH stands for Lower Anchors and Top tethers for CHildren. It means that a LATCH-equipped child seat will install to specially designed retainer hooks in your Terrain. LATCH also enables a child seat top tether strap to be attached that helps limit movement in a forward crash to help reduce the chance of injury.

STABILITRAK STABILITY CONTROL SYSTEM To help you stay in control when the road is loose, snowy, icy, wet or uneven, StabiliTrak uses a network of vehicle sensors to monitor how your Terrain is responding to your steering and braking commands. If the system determines your vehicle is not responding properly, it can pulse the brakes or reduce engine power to help you stay on the path being steered.

18 SIDE BLIND ZONE² AND REAR CROSS TRAFFIC ALERTS Terrain Denali's radar-equipped sensors monitor side blind spots, alerting the driver to help reduce the risk of collisions. While in reverse, the Rear Cross Traffic Alert monitors your surrounding environment to provide visual and audible alerts to traffic approaching the vehicle from outside your field of vision.

²Before making a lane change, always check the Side Blind Zone Alert display.

check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

TIRE PRESSURE MONITORING SYSTEM³ Properly inflated tires are important to your comfort, vehicle control and economy. This system uses tiny sensors inside the wheel to "broadcast" tire pressure to your vehicle, which alerts you to their status and inflation level through the Driver Information Center. If you subscribe to OnStar Vehicle Diagnostics, this information is part of the monthly e-mail update. If you have the RemoteLink⁴ app for your iPhone,[®] you can check this status instantly.

³Does not monitor spare tire. ⁴Requires active OnStar subscription.

ONSTAR

The level of convenience and security provided by the various features available through OnStar⁵ is truly remarkable. From simply unlocking your car for you if you've locked yourself out to responding to a crash by dispatching professional emergency personnel to the scene, OnStar safely connects you in ways you never thought possible.

⁵Visit onstar.com for coverage map, details and system limitations. OnStar acts as a link to existing emergency service providers.

DIRECTIONS & CONNECTIONS

PLAN⁶ Non-stop communication and never-ending demands on your time place a premium on the ability to sort and focus the information of greatest importance to you. To place this capability at your fingertips, every Terrain has a 6-month trial subscription to the OnStar Directions & Connections Plan, standard.

⁶Visit onstar.com for coverage map, details and system limitations.

HANDS-FREE CALLING⁷ WITH VOICE-ACTIVATED DIALING

Available OnStar Hands-Free Calling is built into your Terrain as part of the 6-month trial subscription to OnStar Directions & Connections. Just push a button, call out the number and you're free to keep your eyes on the road. It's reliable because it is specifically designed for better connectivity and fewer dropped calls in areas with limited cellular reception.

⁷Visit onstar.com for coverage map, details and system limitations. OnStar Hands-Free Calling requires a hands-free calling-enabled vehicle, existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls can be made in U.S. and Canada only.

TURN-BY-TURN NAVIGATION

Drive with more confidence and certainty. OnStar Turn-By-Turn Navigation is built into your vehicle. It's simple—all you have to do is push the blue button and ask an Advisor to download directions to your Terrain. Turn-By-Turn is also smart because an automated voice calls out every turn just as you need it.

ONSTAR eNAV WITH MAPQUEST.COMTM

Want to get a head start on a trip? Start by checking out your destination on mapquest.com. With OnStar eNav, just click the "Send" link on the Web site, and it will be sent to your vehicle. When you're ready to head out, simply retrieve the destination and directions will be downloaded to your vehicle based on your location, with nothing to type on the screen and no maps to hold.

DESTINATION DOWNLOAD

Looking for a destination in your navigation system? OnStar will do it for you. Simply press your blue OnStar button, and you will be connected with a trained Advisor who will download your directions to your Terrain's screen-based navigation system. You can also have destinations downloaded on the go—no need to pull over and type in a new address. It's an enhancement to navigation that makes screen-based systems easier and faster to use.

STOLEN VEHICLE ASSISTANCE⁸

If your Terrain is ever stolen, OnStar can help to locate it after verification with law enforcement. OnStar can use built-in GPS technology to help to locate it, prevent it from restarting with Remote Ignition Block or, if the vehicle is in use, engage Stolen Vehicle Slowdown technology to help police recover it quickly and safely.

⁸Services vary by model and conditions.

ROADSIDE ASSISTANCE⁹ If the unexpected happens on the road—you're stranded, run out of gas or have a flat tire—one push of the OnStar button can immediately connect you to an Advisor, ready to help you any hour of the day or night. OnStar can use GPS technology to find your location and connect you to a service provider. No guessing about where you are or what to do.

⁹Roadside service provided by Cross Country.

REMOTE DOOR UNLOCK¹⁰ It's happened to everyone. But there is an easy solution. If you get locked out of your Terrain, OnStar can help. After verifying your account, an OnStar Advisor can send a signal to your Terrain that usually unlocks the doors within minutes.

¹⁰Services vary by model and conditions.

REMOTE HORN AND LIGHTS Say you're in a large parking area and you just can't remember where you parked. Just call the toll-free number and OnStar can send a remote signal to flash your lights and sound your horn to help you locate your Terrain.

19 ONSTAR REMOTELINK APP¹¹

OnStar RemoteLink offers an amazing level of control and connection with your vehicle. After downloading and registering the app, GMC owners with an eligible vehicle can use their iPhone[®], Android[™] or BlackBerry[®] mobile devices to control their vehicle from their phone and perform specific commands—like unlocking

their doors—remotely. You can lock/unlock your doors from any distance, start your vehicle remotely, flash your lights and sound your horn to help locate your vehicle or contact an OnStar Advisor, Roadside Assistance or your preferred dealer. To learn all about the great features available, go to onstar.com.

¹¹Available on select iPhone[®], Android[™] and BlackBerry[®] devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription.

CRISIS ASSIST During severe weather or other natural disasters, OnStar can offer assistance and help you navigate your way to safety. Just push the red OnStar emergency button and our specially trained Crisis Assist Team moves quickly to help you. OnStar can pinpoint your location and provide up-to-date information from public safety authorities, request that help be sent to you or even contact family members or loved ones.

EMERGENCY SERVICES LINK If someone in your Terrain needs emergency help, the OnStar emergency button gives you a priority connection to a specially trained Advisor at any time, day or night. OnStar uses GPS technology to pinpoint your location and request police, fire or medical support be sent to you right away. The Advisor can also stay with you until help arrives.

ONSTAR VEHICLE DIAGNOSTICS¹²

The peace of mind that comes from knowing the condition of your Terrain's key systems is as

easy as checking your e-mail. The OnStar Vehicle Diagnostics service that comes standard with your 6-month trial subscription of OnStar can run hundreds of checks of your Terrain's engine, transmission, antilock brakes and more, then organize the information into an easy-to-read monthly report. OnStar can also run a check of your vehicle as you drive just by pressing the blue button and asking the Advisor for an On-Demand Diagnostics check. That's peace of mind when you need it.

¹²Visit onstar.com for details and system limitations. Services vary with conditions.

20 AUTOMATIC CRASH RESPONSE¹³

If your Terrain is in a crash, built-in sensors can automatically send an alert to OnStar. An OnStar Advisor is immediately connected to your vehicle to help you. Even if you aren't capable of responding, the Advisor can use GPS technology to locate you and request that emergency help is sent right away.

¹³OnStar acts as a link to existing emergency service providers.

ALL-WHEEL DRIVE (AWD) An intelligent AWD system is available for extra traction and the ability to adapt to changing road conditions. This system sends the maximum amount of torque needed and adjusts the torque as required to help you maintain control. Thanks to its efficient design and direct injection engine technology, four-cylinder Terrain models with All-Wheel Drive offer an EPA-estimated 29 mpg highway.

FULLY INDEPENDENT SUSPENSION

For precise control and a high level of refinement, GMC Terrain is engineered with a four-wheel independent suspension. As the name implies, each wheel can act independently to maintain road contact, which helps you stay in control. On the highway, this suspension offers the best of both worlds: a steady, smooth ride with a precise feel for the road.

ANTILOCK BRAKING SYSTEM (ABS)

For confident stops in a variety of conditions, every Terrain features four-channel antilock brakes. When the brakes are applied, ABS can detect impending wheel lock-up, and then pulse that wheel's brake to prevent it.

TRACTION CONTROL SYSTEM To make the most of available traction on many road surfaces, traction control measures and compares the speed of your wheels. If it senses one or more wheels starting to spin, such as on a slippery surface, the system applies individual brakes and manages engine power to slow the wheel down and maintain traction, so you can move forward with a better sense of control.

CHASSIS & SUSPENSION

There is no better comfort than confidence. Which is why we engineered Terrain with technologies that help the driver stay comfortably in command. Four-wheel independent suspension, disc brakes and a steering system designed for improved road input and response all work together to give Terrain a supple ride combined with nimble handling and powerful braking.

ADVANCED DUAL-FLOW VALVING

This feature in Terrain Denali's front suspension provides a smoother ride and improved handling across a broad range of driving conditions.

RACK-MOUNTED ELECTRONIC POWER STEERING

This system automatically gives you extra steering boost when you need it for parking and tight maneuvers, and less assistance for highway driving in 2.4L Terrain models. This system delivers assist electronically, so there is no need for a power steering pump or mounting hardware.

TRAILER SWAY CONTROL Keep both you and your trailer heading in the proper direction, automatically. This system uses StabiliTrak sensors to detect the rocking of a swaying trailer, and then applies the vehicle's brakes to help bring it back in line. The only thing you feel is confidence.

HILL START BRAKE ASSIST To prevent your Terrain from rolling backward while on a hill or steep incline, Hill Start Brake Assist takes over as soon as you lift your foot from the brake. This system holds full brake pressure for up to 1.5 seconds if it senses potential "rollback," giving you time to carefully move your foot to the accelerator and pull away smoothly.

AVAILABLE TRAILERING PACKAGE

In addition to its stable, precise ride and exceptional maneuverability, Terrain has an unsurpassed trailer weight rating¹ of 3500 lbs with the available 3.6L V-6 or up to 1500 lbs with the standard 2.4L I-4. That means a model with the 2.4L I-4 engine can comfortably handle a jet ski or a motorcycle, while the 3.6L V-6 can pull larger single-axle camping and boat trailers.

¹Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details.

3.6L V-6 VVT DI (LFX)

HORSEPOWER: 301 hp @ 6500 rpm

TORQUE: 272 lb-ft @ 4800 rpm

Display engine shown.

POWERTRAIN

Terrain offers two engine choices. The standard engine is the 2.4L I-4 with 32 EPA-estimated highway mpg, or there's the available 3.6L V-6 that offers the most horsepower in its class, 301 hp with 24 mpg hwy.¹ It's efficiency that comes from engineering innovations like Variable Valve Timing (VVT) and direct injection to make the most power and torque from every drop of fuel.

¹EPA estimated.

21 VARIABLE VALVE TIMING (VVT) Standard in both Terrain engines, this technology gives you the power of a high-performance engine with the low-speed response you need for situations such as trailering or climbing steep inclines. VVT constantly monitors and changes how the valves open and close to give you optimum levels of torque across the entire range of engine speeds.

22 DIRECT INJECTION For precise fuel distribution and fast, efficient combustion, both Terrain engines feature direct injection technology. Simply put, this system moves the fuel closer to the point where it ignites inside the engine—in the combustion chamber. By injecting fuel at over 2000 psi, the air and fuel mix more completely. This helps the charge burn fast for crisp throttle response and lean for efficiency at cruise speeds. The result: The 2.4L I-4 Terrain with automatic transmission features 32 hwy mpg,² and 3.6L V-6 models offer more power and an EPA-estimated 24 highway mpg.

²EPA estimated.

FUEL-SAVING MODE To help you save fuel, the 2.4L I-4 engine has an Eco-Mode button that, when pressed, delivers slightly better fuel economy by holding gears longer, with only a slight decrease in acceleration.

E85 FLEXFUEL CAPABILITY³ To give you more choices at the pump, both Terrain engines can be equipped to use E85 ethanol fuel. This advanced biofuel is a mixture of 85 percent ethanol, a mostly renewable fuel that helps to reduce the need for imported oil, and 15 percent unleaded regular gasoline.

³Go to gmc.com and search E85 for more information about E85 as a fuel alternative.

23 6-SPEED AUTOMATIC WITH OVERDRIVE For brisk acceleration from a stop and reduced highway rpm, this advanced transmission has a wide ratio spread. That means first gear is numerically "high" to let the engine rev quickly into its power band, while fifth and sixth gears are overdrive ratios that are numerically "low" to reduce engine rpm, saving fuel, reducing wear and minimizing engine noise. The gear ratios between low and high are evenly spaced for strong, consistent acceleration at almost any speed.

AUTOMATIC GRADE BRAKING To prevent unwanted acceleration and reduce the need for the driver to brake during a hill descent, the 6-speed automatic with overdrive features Automatic Grade Braking. This "smart" feature monitors braking, acceleration, throttle position and even whether a trailer is connected to the vehicle. Then it commands the transmission to remain in a lower gear if the vehicle is decelerating or coasting on a downgrade to help you hold your desired speed and minimize the need for additional braking.

OIL LIFE MONITOR For long life and durability, changing your engine oil at the right time is essential. GMC engineered the mystery out of this essential service with the Oil Life Monitor. It calculates how much life your oil has left, based on when and how you drive. Then it updates you with a telltale on your Driver Information Center.

ACCESSORIES

GMC Accessories are engineered and tested to meet the standards of your Terrain. Available individually or as part of a complete package, they are the easiest way to customize your Terrain while still keeping it professional grade. Customizing your Terrain is easy, just ask your dealer.

CARGO NET Enhance the efficiency of your Terrain with this black cargo net. It attaches easily to the sides of your cargo area to keep small, light items neat and handy while in transit.

CARGO ORGANIZER This durable, flexible, collapsible cargo organizer has multiple compartments, allowing you to carry lightweight items of various sizes in the rear of your Terrain. Can be folded flat or removed from the vehicle as needed. Black with GMC logo.

CARGO SECURITY SHADE Conceal your possessions in the cargo area of your Terrain with this retractable cargo shade.

24 HITCH TRAILERING PACKAGE This structural welded steel Hitch Trailing Package features a standard receiver to fit most ball mount assemblies for your towing needs. Includes the wiring harness.

25 PREMIUM ALL-WEATHER FLOOR MATS These precision-designed mats fit the floor exactly. Their deep-ribbed pattern collects rain, mud, snow and other debris for easy cleaning. Nibs on the back help keep them in place. Available in Ebony with an embossed GMC logo on front mats only.

OUTSIDE REARVIEW MIRROR COVER Add a stylish look to your Terrain with these chrome mirror covers.

DOOR HANDLES These chrome door handles replace the production door handles to give your Terrain a stylish and personalized look.

26 ROOF RACK CROSS RAIL PACKAGE These cross rails add function and style to the factory roof rack of your Terrain. The cross rails are the base mount for cargo management accessories. (Shown with factory roof rack.)

27 MOLDED SPLASH GUARDS Custom-molded splash guards fit directly behind the wheels. Rear guards feature the GMC logo.

PROTECTION PACKAGE (VQG)

- All-weather floor mats
- Custom-molded splash guards

CARGO CONVENIENCE PACKAGE (VQR)

- Cargo organizer
- Cargo security shade
- Cargo net

ACCESSORY WHEEL¹ Roll with the best. This custom wheel features a brilliant, durable chrome finish, and is available with matching lugs and GMC center cap.

LF671 19" CHROME (SED)

¹Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For approved tire and wheel combinations and other important information, go to gmaccessorieszone.com or see your dealer for details.

¹Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. ²Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal. ³Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your GMC dealer for details. ⁴When properly equipped; includes weight of vehicle, passengers, cargo and equipment. ⁵Cargo and load capacity limited by weight and distribution.

IMPORTANT WORDS

COMMITMENT PLUS

From the owner orientation – and full tank of gas – you receive when you take possession of your Terrain to the **24-Hour Roadside Assistance, Courtesy Transportation and Travel Benefits**, Commitment Plus is a portfolio of owner privileges that lasts throughout your warranty. For expert product information, Roadside Assistance or other services, call 1-800-GMC-8782.

TRAVEL BENEFITS AND ROADSIDE ASSISTANCE Available around the clock: trip routing service, a program for reimbursement for trip interruption due to necessary warranty repairs, towing, flat tire change, jump-starts and more for 5 years or 100,000 miles (whichever comes first).

COURTESY TRANSPORTATION Available at participating dealers: shuttle service, reimbursement of certain public transportation or fuel expenses for overnight warranty repairs and courtesy rental for overnight work repairs. See your dealer for details.

GMC OWNER CENTER A complimentary, one-stop resource to enhance your GMC ownership experience. It's easy to sign up. Just go to gm.com/gmownercenter/gmc.

ONSTAR

 OnStar is a core asset of your Terrain. Benefiting from more than a decade of innovative development, it is both a highly advanced technology – fully integrated within the vehicle – and a warm human service. Standard on all Terrain models are 6 months of the OnStar Directions & Connections Plan, including the convenience of available Hands-Free Calling. It also includes Automatic Crash Response, Stolen Vehicle Assistance, link to Emergency Services, Roadside Assistance, Remote Door Unlock, OnStar Vehicle Diagnostics, Crisis Assist and Remote Horn and Lights. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage maps, details and system limitations. Services vary with conditions.

HANDS-FREE CALLING

Available OnStar Hands-Free Calling capability is built into your Terrain. It's there when your cell phone is unavailable, its battery is low, you can't reach it easily or you left it at home or in the office. Your Hands-Free Calling system is the right choice whenever you need an easy way to make and receive calls – at the touch of the phone icon on the rearview mirror or the steering-wheel-mounted controls. Voice-activated dialing is convenient because you don't have to dial when you are at the wheel. And Hands-Free Calling is reliable because it's specially designed for better reception and fewer dropped calls in areas of limited cellular reception.

ONSTAR TURN-BY-TURN NAVIGATION

Standard on all Terrain models are 6 months of the OnStar Directions & Connections Plan that adds innovative, easy-to-use Turn-by-Turn Navigation plus Information and Convenience Services and Driving Directions. With Turn-by-Turn Navigation, you simply tell the OnStar Advisor your intended destination, and directions will automatically be sent to your Terrain. If you drive off course, the system can reroute you to your intended destination. An automated voice then guides you turn-by-turn until you arrive at your destination. Turn-by-Turn Navigation is further enhanced with eNAV, allowing you to send MapQuest™ directions directly to your vehicle. No need to print out directions; just call them up with simple voice commands.

SIRIUSXM SATELLITE RADIO

 SiriusXM Satellite Radio¹ is standard on all Terrain models. It includes 3 trial months of service. SiriusXM Satellite Radio makes your drive come alive with commercial-free music channels from virtually every genre, artist-dedicated channels, live performances and more. Tune in to live play-by-play from the biggest sports, exclusive entertainment from top personalities, compelling talk, hilarious comedy, world-class news, local traffic and weather and family-friendly programming. Welcome to the world of satellite radio. Visit siriusxm.com for details.

GMC CERTIFIED SERVICE

 **Certified Service** To help your Terrain live up to its performance promise, GMC Certified Service – found exclusively at your GMC dealer – is there. With all the engineering excellence in Terrain, GM-trained technicians have the expertise to care for all of it.

ADDITIONAL NOTES

A NOTE ON CHILD SAFETY Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD INFORMATION Please carefully review the Owner's Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your GMC dealer for complete details. GMC reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

ENGINES GMC products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in GMC products may also be used in other GM makes and models.

GMC.COM See more of Terrain on our Web site: gmc.com/Terrain. More photos and information; hot links to related subjects; convenient dealer locator; pricing guide, spec out your own vehicle. Or call 1-800-GMC-8782.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

NEW-VEHICLE LIMITED WARRANTY All GMC light-duty vehicles come with a fully transferable, no-deductible 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. GM vehicles registered in the U.S.A. are also covered for 3 years or 36,000 miles (whichever comes first). Coverage includes tires and towing to your nearest GMC dealership. Repairs will be made to correct any vehicle defect and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 6 years or 100,000 miles (whichever comes first). See dealer for details.

ASSEMBLY GMC vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

GMMOBILITY.COM (1-800-323-9935) GM Mobility offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

GMCARDMEMBERSERVICES.COM Did you know about the family of reward credit cards that can help you get a great deal on a new GM car, light-duty truck, SUV or crossover? With a GM reward card, you accrue earnings on every credit card purchase to use toward the purchase or lease of an eligible new GM vehicle. With three cards to choose from, you're sure to find one that suits you.

¹If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel*. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only to those in the 48 contiguous USA and DC.
