With advancement in turbo technology, Saab has pin-pointed the perfect balance between fuel efficiency and performance. Combined with this superb turbo technology, the Saab XWD is one of the most advanced all-wheel-drive systems providing stability on slippery surfaces and uncompromised sporty driving experience.

very smart...
very smart...

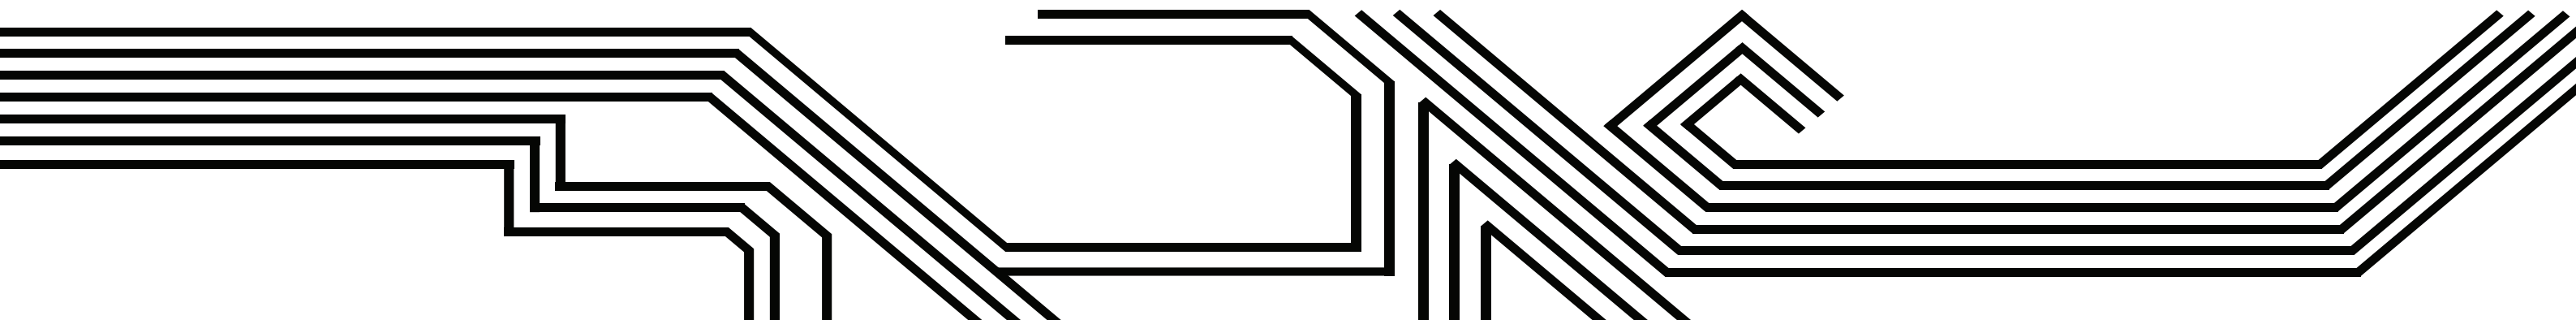

With Saab's reputation for emphasis on safety supported by numerous awards, the Saab 9-5 is packed with much more than the standard electronic aids.

It has many advanced devices to keep you safe.

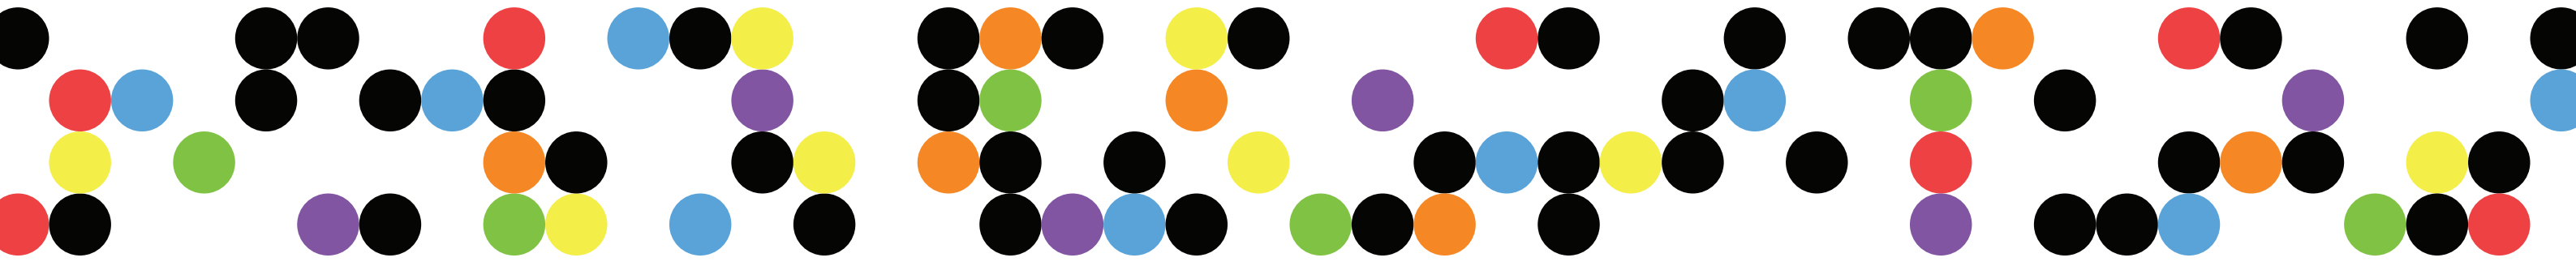

Lane Departure Warning,
Roll-over sensing system,
Active Head Restraints.

These systems have been developed after indepth studies of real-life accidents.
