

The Saab 93 Convertible

The Saab 9-3 Convertible features bold styling inspired by the award-winning Aero X concept car, backed by cutting edge technology for greater driving appeal.

Inspired by Scandinavia.

In Scandinavia you're close to nature, to the shifting seasons and the endless changes to the scenery. Add to that a strong tradition of design and innovation. It's the perfect inspiration for us at Saab to build a true four-season, four-seater convertible that is sporty and elegant. A car not to just please your senses, but empower them. So take the Saab 9-3 Convertible for a spin – and experience all the ways it's designed to perform.

Slip into the cockpit

The Saab 9-3 Convertible has been developed around you. The cockpit-like driver's environment is designed for close interaction between car and driver. Instruments and controls are positioned in logical groups and the most frequently used functions can be operated while your hands are still on the wheel.

Profiler

Allows you to customise systems like the automatic climate control, rain sensor, parking assistance and anti-theft alarm. Conveniently controlled via buttons integrated into the steering wheel.

Night Panel

Designed to facilitate night driving. Press a button and the instrument panel fades out leaving just the speedometer illuminated. When attention is needed the relevant instrument lights up.

Car Computer

Integrated in the speedometer. Shows outside temperature, fuel consumption, average speed, estimated distance on remaining fuel, distance to destination, estimated time of arrival and speed warning.

Fully automatic soft-top

Raises and latches in only 20 seconds, with remote operation. Excellent insulation from outside noise, heat or cold. Heated glass rear window for improved all-weather visibility.

Designed to perform

Get behind the wheel of the Saab 9-3 Convertible and experience true driving exhilaration. With instant power at hand, a chassis tuned for agile, sporty handling and innovative systems designed to assist your driving. The sensation of complete control is undeniable. While the sleek aerodynamics keep your car firmly on the ground, giving you the fun-to-drive qualities that are also vital for safer driving.

Optional equipment

Less is more. Experience Saab Turbo engine technology.

In the Saab 9-3 you'll experience the perfection of inspiring yet responsible performance. A result of our revolutionary turbo engine technology combined with cutting-edge expertise in developing powerful yet efficient engines with respect for nature. Take our high-performance low-emission 1.9TTiD 180PS engine and our innovative BioPower engines running on bioethanol, whatever your preference, you can count on power and impressive mid-range torque for rapid acceleration and faster overtaking.

Petrol, diesel or bioethanol? It's up to you.

At Saab, we have a passion for developing intelligent power. Efficient engines that give you the power and vitality you're looking for. From advanced petrol engines and low-emission turbodiesels to Saab BioPower – a revolutionary innovation with a cleaner conscience. Rest assured, whatever engine you choose for your Saab 9-3 Convertible, you can expect plenty of on-demand exhilaration.

Please select a fuel type:

Two turbos. Twice the fun.

If you want the ultimate in pure diesel power, you should try the Saab 9-3 TTiD featuring our innovative Twin Turbo technology. You can count on agility, sportiness and amazing response with a massive 400Nm (manual) of torque at your disposal, allowing for swift overtaking. Despite all the available power, the combined fuel consumption is an impressive 48.7mpg with CO₂ emissions of just 154g/km. This is a car that encourages active driving for miles on end.

TTiD

The 1.9TTiD engine, our advanced Twin Turbo diesel. Pure facts speak for themselves. Top speed: 137mph. 0–60mph: 8.7sec. 50–70mph in fifth gear: 7.3sec. Combined fuel consumption: 48.7mpg, CO₂ 154g/km. (6-speed manual figures shown).

Aero

More of everything.

A Saab Aero is the want-it-all version. It has a body language of its own and it's very rewarding to drive. Massive power and a finely tuned chassis give it perfect balance and handling. The distinctive Aero design accents on the outside are matched by a sporty yet elegant interior. However, there is one delicate choice to make. The Aero comes with engine alternatives for petrol or diesel. All of them powerful, efficient and turbocharged. Find your favourite!

Aero
TTiD

2.0
Turbo

Engine and transmission

Turbocharging

Gives the engine significantly increased torque, especially in the medium rev range. Results in rapid acceleration for faster and safer overtaking.

TTiD

he ultimate in pure diesel power, featuring out innovative Twin Turbo technology. Agility, sportiness and amazing response with a massive 400Nm (manual) of torque at your disposal, allowing for swift overtaking.

Manual 6-speed

Standard. Provides closer gear ratios for fast acceleration.

BioPower technology

Combines advanced turbo technology and Trionic engine management system to automatically adjust for fuel type. Exploits the higher octane rating of E85 fuel, increasing efficiency.

VNT turbo

Variable Nozzle Turbine. Gives the TiD engine faster response across the rev range by adjusting to the exhaust gas flow.

SportDrive

On cars with Sentronic automatic transmission. Shifts down earlier when braking and holds the gear longer during acceleration and engine braking. Puts the sporty driver in total control.

Sentronic 6-speed

Automatic transmission that also allows manual gearshifting using the Sentronic shift buttons on the steering wheel. Includes SportDrive function which adapts gear shifts to the driving style.

Saab Trionic

One of the world's most advanced 4-cylinder turbo petrol engine management systems. Exclusive to Saab, Trionic produces maximum power and fuel economy with minimal emissions.

Aero

Linear SE

Vector Sport

Make your move

Linear SE

The very essence of the Saab design philosophy – timeless Scandinavian simplicity. Clean lines, modern and with a discreet edge.

Examples of equipment, Linear SE

16-inch 14-spoke alloy wheels (ALU72) • Thila/Textile Hydroblox upholstery
• Leather-trim steering wheel • Saab Infotainment with single CD player, 150W, seven speakers • Audio steering wheel controls • Dual zone automatic climate control • Remote opening windows and hood • Cruise control • Car Computer • Front fog lights • Electronic Stability Programme (ESP)

Vector Sport

Exudes performance and dynamics for even more inspired driving. The metal-finish trim accentuates the sporty spirit that pervades the entire car.

Vector Sport | Additional equipment above Linear SE

17-inch five-spoke alloy wheels (ALU59) • Metal finish trim centre console/glove box • Leather Sport seats • Heated front seats • Sports leather-trim steering wheel

Aero

Our top-of-the-line high-performance model with a unique sports interior and matching equipment level to offer the most intense Saab driving experience.

Additional equipment above Vector Sport

18-inch 10-spoke alloy wheels (ALU65) • Sports chassis • Bi-xenon headlights with auto-levelling and headlight washers • Performance brakes • Dual sports exhaust pipes • Aero front bumper with matt chrome-finish inserts around the foglights • Aero rear bumper • Twin exhaust tailpipes • Tyre pressure monitoring

The car can find the way. Even when you want to lose yourself.

Whether you're looking for the best possible route, travel tips or just a little tranquillity, you can rely on the Saab 9-3 Convertible to get you there. The infotainment system literally brings it all together. Giving you music, navigation and the ability to keep in touch, easily and intuitively. So enjoy the drive – and your final destination.

Audio, navigation and communication

Bluetooth™

Phone integration system – automatically connects your Bluetooth™-enabled phone with the infotainment system. Allows you to operate the phone with the buttons on the steering wheel or by voice control.

MP3/AUX connection

On the front panel of the infotainment system. Allows you to plug your MP3 player or other portable audio equipment into the car's audio system.

Audio steering wheel controls

More convenient and safer operation of the infotainment system.

Voice control

Push a button in the steering wheel and speak your command. You get guidance and confirmation of your request by voice. Included in DVD Satellite Navigation and the Bluetooth™ phone integration system.

Six-disc CD autochanger

Includes AM/FM stereo tuner with RDS, MP3 format six-disc single-slot fascia-mounted CD changer and AUX connection for your MP3 player and other portable audio equipment.

Telephone holder

In the centre console compartment. Connects your phone to the exterior antenna and charges the phone while on the road. For combination with the Bluetooth™ phone integration system.

TMC

Traffic Message Channel. Reports traffic disruptions to the navigation system enables dynamic route guidance – a new route and time of arrival are automatically calculated.

DVD Satellite Navigation

Utilises a DVD disc, GPS and TMC. Voice instructions and easy-to-read symbols on the 6.5-inch colour touch screen. Voice control makes the navigation system very convenient to use.

Safety for real.

Saab cars are frequently ranked among the best in the world in various safety surveys. Yet our safety work is much more than award-winning. It focuses on what actually happens on the road in real-life conditions. After all, our job is to protect real people, not just dummies in a laboratory. This philosophy has led to a range of safety innovations over the years. The most important result of all, however, is the impressive safety of our cars. Out on the road.

Star quality

DynaCage

Roll-over protection system by means of the heavily reinforced windscreen frame, the pop-up rollbars and the seatbelt pre-tensioners, designed to be activated when a roll-over is detected.

Dual-stage front airbags

Designed to register the crash force and monitor whether the belt is being used, The system adjusts airbag deployment to suit, either to the maximum or with lower pressure.

Five stars

Saab 9-3 Convertible. Top rating in the European New Car Assessment Program (EuroNCAP) crash tests – adult occupancy rating.

Top Safety Pick Award

Saab 9-3 Convertible. Top rating in the US Insurance Institute for Highway Safety (IIHS) front, side and rear crash tests, including roll-over pop-up bars and the vehicle's electronic stability control (2007).

Just go.

Bike holder, towbar-mounted

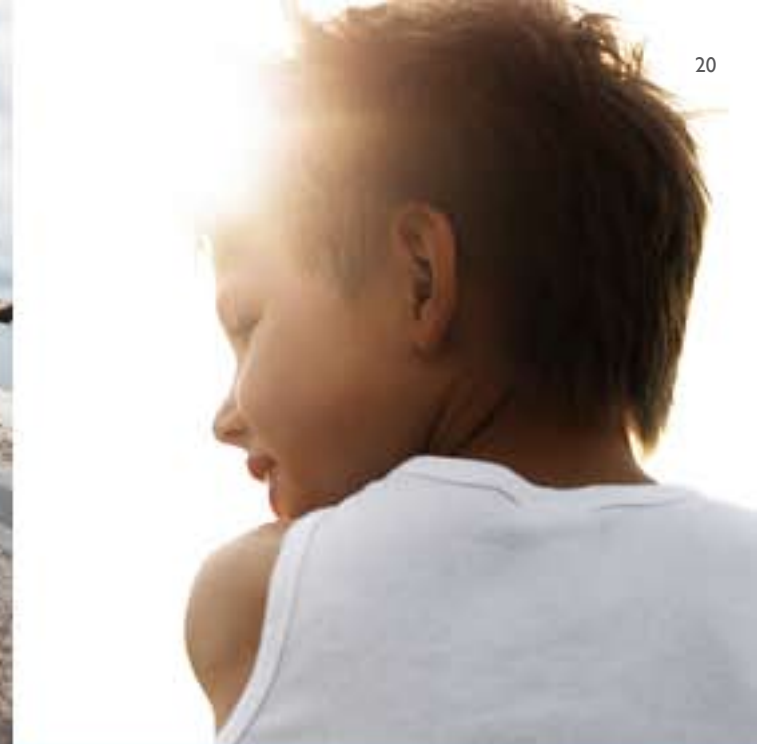

Space for two bikes (three with an adapter). Fold-down function for easy access to the luggage compartment. Includes number plate holder and lighting.

Wind deflector

Easy to fit and to fold for convenient storage. Reduces back draught and enhances comfort when driving with the hood down.

Smart Slot

A storage system for exchangeable accessories. Neatly integrated in the centre console.

Coupé on demand.

Want to drive under cover? With the innovative soft-top on the Saab 9-3 Convertible you can do it quickly, easily and in style. In fact, with the hood up, you'll probably forget you're driving a convertible. It's swift and smooth to operate, and silent and steady – offering the ambience of a comfortable and sleek coupe. Inside, the light coloured headlining adds to the bright, spacious feeling and contributes to a totally integrated interior experience.

Black hood

Blue hood

Grey hood

Sand hood

Soft-top colours. Purely a matter of personal taste. Choose between four colours for your Saab 9-3 Convertible: Black, Blue, Grey and Sand.
