AN ACTION-PACKED BEDTIME STORY YOU WON'T WANT TO MISS.

At Mazda, we believe vehicles with cabs and cargo beds should provide more than simply practical, hard-working transportation. Which is why Mazda B-Series trucks are also engineered to deliver agile handling and exhilarating performance. At work or play. On the road or off. Flying solo or even with friends.

NON-STOP FUN. No need to stop your Mazda 4x4 whenever the terrain starts getting a bit rough. A quick turn of the convenient, dash-mounted knob lets you easily shift in or out of 4x4 mode, on the fly.

TORQUE OF THE TOWN. Horsepower is fine. But torque does the work. That's why the Mazda B4000, B3000 and B2300 were engineered to respectively deliver a generous 238 lb-ft, 180 lb-ft and 154 lb-ft of torque.

A BUFFET FOR BOTH THE POWER-HUNGRY AND PERFORMANCE-MINDED.

Mazda B-Series trucks pack enough power and style for any purpose. The Mazda B4000's 4.0-liter V6 pumps out a potent 207 hp. The B3000's 3.0-liter V6 serves up a spirited 154 hp. And the B2300's 2.3-liter 4-cylinder generates 143 hp. Pick a Regular Cab, Cab Plus or Cab Plus 4-Door. Want 4x4 versatility? It's available on both the B4000 Cab Plus and Cab Plus 4-Door. Fact is, with nearly 8 inches of ground clearance, the ability to shift on the fly (up to 45 mph) into 4x4 mode, plus a low range for when the going gets tough, a rugged B4000 4x4 will take you places AWD cars can only dream of.

THE INSIDE STORY IS EQUALLY ENTICING.

Pull up a seat and see how quickly the cab of a Mazda B-Series truck pushes all of your buttons. Naturally, an AM/FM/CD stereo system, CFC-free air conditioning and sliding rear window are standard on most models. Other thoughtful refinements include: A new silver-trimmed instrument cluster with a full complement of easy-to-monitor gauges and warning lamps. Floor console with dual cup holders. A-pillar-mounted passenger-assist grips. Plus a supportive, well-contoured 60/40 split-bench seat that offers easy rear-area access. Better still, distinctively upholstered bucket seats with a center console (as shown) are now available on most Cab Plus models.

VERY ACCOMMODATING.
A pair of sturdy, fold-away jump seats makes it easy to accommodate extra passengers or gear on Mazda Cab Plus 4 models. They're also an option on Mazda Cab Plus models.

HERE'S ALL YOU NEED TO PULL A FAST ONE.

Want to tow vehicles or a cargo trailer with ease? Then you want the power, torque and versatility of a Mazda B-Series truck. While a 5-speed manual gearbox is standard, a 5-speed automatic transmission is available. And you can tow up to 2440 pounds in a Mazda B3000 truck with the optional 5-speed automatic. Or up to 5760 pounds in a similarly equipped Mazda B4000 truck. For greater maximum towing capacity than Tacoma or Frontier, hitch your plans to a Mazda B-Series truck.

PRODUCT CHANGES AND OPTIONS AVAILABILITY: Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Mazda dealer is your best source for up-to-date information. Mazda reserves the right to change product specifications at any time without incurring obligations. A MORE EXHILARATING ROUTE TO MAKING THE RIGHT CHOICE.

It starts with the **Mazda Test-Drive Experience**—a uniquely designed road trip engineered to take you miles beyond the ordinary test drive. It's all about putting a Mazda to the test under real-world conditions. Down local streets, highways, on-ramps and off-ramps. Through straightaways, S-curves and corners. It's also all about discovering the superb acceleration, braking, steering, handling and ride quality that every Mazda offers. And rediscovering that fun, connected-to-the-road feeling we call "Zoom-Zoom."

A MORE LIBERATING APPROACH TO OWNER PEACE OF MIND.

Once you become a new Mazda owner, you'll enjoy the peace of mind the **2004 Mazda Driver's Assurance Plan** delivers. It includes the freedom of a **48-month/50,000-mile "bumper-to-bumper" limited warranty**, plus **24/7 Emergency Roadside Assistance**. And should your Mazda B-Series truck require a warranty repair, the **Mazda Service Transportation Solution** can typically provide another vehicle to drive. After all, we want your new Mazda to be a source of pride and exhilaration for years to come. (See your Mazda dealer for details.)

A MORE COMPELLING WAY TO CONNECT WITH ZOOM-ZOOM.

Speaking of exhilaration, add Mazda's Web site to your list of must-see destinations. You can preview the new 2004 Mazdas. Look into seasonal incentives or special service offers. Pick up maintenance tips. Visit the Mazda Performance Corner for updates on driving technology, tuning and motorsports. Interactively "build" the Mazda B-Series truck of your dreams and see how it will look. Request a quote. Even locate a Mazda dealer. It all translates into a lot more Zoom-Zoom at: **MazdaUSA.com**
