We explore cities and winding country roads.

Corners hugged and throttles revved.

Top down, even on cold winter days.

Stargazing, defying the wind.

I am the embodiment of Jinba Ittai.

You, the heart behind the wheel.

We were always meant to connect,

like a horse and rider,

car and driver as one.

Together, we are stronger.

We have a bond that words alone cannot describe.

We never drive alone.

We drive together.

MAZDA MX-5 RF AND MAZDA MX-5

Welcome to a different kind of sports cars. Mazda MX-5 is the perfect embodiment of what we call “art in motion”. A car designed to take your breath away even before you get to drive it and ready to make an impression anywhere you take it, no exception. The Mazda MX-5 RF comes with a fully-electric hardtop roof and impressive Kodo designed exterior, available in new colours that match its luxurious and upgraded cabin. With their low stance, rear-wheel drive and Skyactiv Technology, both the Mazda MX-5 Roadster and the Mazda MX-5 RF drive as if they are part of you. Built to deliver excellent fuel economy, low emissions and advanced in-car connectivity, all that is left for you is to enjoy driving in its purest form.

EFFORTLESS CONNECTIVITY

Eliminating distractions is a key consideration in our approach to design. While keeping you focused on the road, the Mazda MX-5 provides plenty of intuitive interactivity features. Every element is situated within reach to minimise interference. And now, the Mazda Connect infotainment system has been enhanced with available Apple CarPlay integration for your smartphone and Android Auto integration, all easily controlled with the 7" colour touch-screen. Communication between you and your vehicle becomes second nature by design. Moreover, to complete your driving experience, we designed nine premium BOSE® speakers (available on Roadster GT and RF GT) which allow you to play your music with the power of a live performance with superb sound quality. Two speakers are mounted in each headrest so the sound quality remains high even with the top down on the open road.

TO HEIGHTEN YOUR SENSES,
WE CREATED A FEW OF OUR OWN.

Avoiding an accident in the first place is always the safest route. With the available i-Activsense suite of safety features, sophisticated safety innovations alert you to hazards to help you avoid collisions, or lessen their impact. Features such as Advanced Blind Spot Monitoring or Lane Departure Warning system help improve your visibility and awareness of the road. When needed, select i-Activsense innovations will even perform automatic braking. The result is more confident driving, so you can feel focused and engaged with every drive you take.

EXQUISITELY CRAFTED DOWN TO THE LAST STITCH

Nothing quite tempts the senses like touch. The contact of soft textures, solid stitching and a form that embraces you. Every inch of our carefully constructed upholstery is designed to make your driving experience better. Expert fabricators created pieces of distinct and expressive design. An elegant level of refinement in the Mazda MX-5 meets expectations even from the most demanding of drivers when it comes to taste.
