KODO | SOUL of MOTION

THE ALL-NEW MAZDA CX-3

Introducing the all-new Mazda CX-3, the first compact SUV that combines the stylish design of a hatchback with the versatility of an SUV.

Built with city driving in mind yet capable of taking on country roads, the Mazda CX-3 is equipped with the latest SKYACTIV TECHNOLOGY giving it natural agility coupled with outstanding fuel efficiency.

A STYLE THAT STANDS ABOVE

You instantly see it's something out of the ordinary. Mazda CX-3 is the creation of 'KODO – Soul of Motion' design. KODO is inspired by the instant when energy bursts into motion. It's the powerful grace of an animal pouncing, or a human leaping into action.

Balancing athletic presence, streamlined simplicity and elegant detail, Mazda CX-3 brings rare imagination to the compact SUV.

Staying connected in the all-new Mazda CX-3 is part of the experience when using the MZD connect system with commander. The MZD connect system responds to a wider variety of needs by greatly improving the convenience of functions that require Bluetooth® connectivity, such as hands-free phone operation, reception of short text messages, and internet radio. Just as thoughtful is the multi-function commander, which allows complete control on the move with minimum distraction. MZD connect is standard from Dynamic model.

INTEGRATED NAVIGATION

Satellite navigation incorporates visual and voice guidance to get you there promptly. Standard on Individual model.

ENHANCED CONTROL

Multi-function commander falls to hand, helping you concentrate on driving while making infotainment selections. Standard from Dynamic model.

TAP INTO YOUR WORLD

MZD Connect presents a world of online infotainment and content on a 7-inch screen. Standard from Dynamic model.

SKYACTIV-G 2.0L PETROL ENGINE

A new generation internal combustion engine generates more performance from less fuel. Precise multi-hole direct injection minimises fuel use.

A unique piston design improves combustion to boost power and lower emissions. Reduced friction liberates extra power, while a 4-2-1 exhaust layout lifts efficiency.

The 4-cylinder engine delivers a sporty 115kW of power and 204Nm of torque, using as little as 6.1 litres of fuel every 100km (combined).

SKYACTIV-DRIVE AUTOMATIC TRANSMISSION & SKYACTIV-MT MANUAL TRANSMISSION

The 6-speed automatic transmission combines the best aspects of conventional automatic, continuously variable and dual clutch transmissions. It connects directly with the engine across a far wider range than other automatics for increased fuel economy and more direct power delivery. The 6-speed SKYACTIV-MT manual transmission delivers accurate, sports-car style shifting through simplified design and a precision mechanism. More compact and lighter than comparable transmissions, it significantly cuts friction to improve fuel economy.

SKYACTIV-BODY

New-generation design and materials maximise lightness while achieving high rigidity. Key joints are strengthened by advanced techniques requiring no heavy reinforcement. High and ultra-high tensile steel cuts weight and boosts strength. Despite being light, Mazda CX-3 delivers world class collision protection.

SKYACTIV-CHASSIS

The sense of 'oneness' between car and driver is heightened through careful optimisation throughout. Agility and high refinement are ensured by lightweight front strut and rear torsion beam suspension, employing firm bushings and precise geometry. Electric power-assisted steering delivers secure yet responsive handling, and also saves fuel.

Mazda is committed to reducing the environmental impact of our vehicles, yet we'd never want to compromise the driving enjoyment that's core to our DNA.

In answering this challenge, we arrived at a breakthrough - SKYACTIV TECHNOLOGY. In every way imaginable, the all-new Mazda CX-3 has been created to unlock efficiency and unleash performance potential. From a lightweight body to an advanced engine, we've been exacting and exhaustive.

i-Stop cleverly saves fuel by turning off the engine when you come to a stop, positioning it perfectly for a quick restart. Standard from the Automatic Active 2.0 litre model.

IT'S A SMART WAY FORWARD

WHATEVER YOU WANT TO DO

Comfortable, clever and capable, the Mazda CX-3 gives you a roomy, well crafted cabin that works with whatever you're doing. The rear seats split 60/40 to allow for large or oddly shaped items. Folding down both creates a large, virtually flat-floored space. And of course, your personal stuff is well looked after, with plenty of useful storage.

IN THE MODE

Drive Selection switch lets you flick the powertrain into a more sporting mode. Standard on Automatic models only.

■ **A COMPACT SUV WITH YOUR SAFETY IN MIND**

With an interior promoting driver concentration plus sharp reflexes, CX-3 is well armed to avoid potential trouble. It also packs in all the best safety you can have. Collision protection is world-class, thanks to a highly rigid body integrating SRS airbags. A confident grasp on the road is aided by Dynamic Stability Control (DSC) with Traction Control System (TCS). ABS brakes feature Electronic Brake-force Distribution (EBD) which matches braking to vehicle load, while Emergency Brake Assist (EBA) boosts stopping power when emergency braking is sensed. An Emergency Stop Signal (ESS) triggers the hazard lights to warn following drivers if you have to brake suddenly from speed.

■ **3-YEAR MAZDA UNLIMITED KILOMETER WARRANTY**

Every Mazda is designed and built to the highest standards of performance and reliability. To give you further reassurance on how much we believe in our vehicles, our Mazda vehicles are backed up by a 3-year, Unlimited Kilometer Factory Warranty.

■ **MAZDACARE ROADSIDE ASSISTANCE**

Mazda cares about offering you peace-of-mind motoring. That is why we offer a 3-year Unlimited Roadside Assistance Plan to keep you moving every minute of the year. It includes toll-free calls and services such as free towing rescue due to minor or major mishaps and emergency medical help.

■ **MAZDACARE SERVICE PLAN**

MazdaCare has designed a Service Plan to suit your needs. It covers scheduled services for 3 years, regardless of your mileage. The service plan operates alongside the Mazda Unlimited Kilometer Warranty.
