EFFICIENCY
WITHOUT SACRIFICING POWER

NEW MAZDA6.
LIFE WITHOUT COMPROMISE.

Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us SKYACTIV TECHNOLOGY, 'KODO – Soul of Motion' design and countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

MAZDA6 - DRIVING EXCITEMENT, WITHOUT COMPROMISE

When we imagined Mazda6, it was without compromise. It will reward you in every way, because nothing has been overlooked. SKYACTIV TECHNOLOGY gives you sports performance, yet does so with outstanding fuel economy. You'll enjoy elegant space and comfort plus the latest connectivity, while being protected by the advanced safety of i-ACTIVSENSE. It all comes together with a sense of excitement created by dynamic 'KODO - Soul of Motion' design.

Limited Sedan in Soul Red Metallic.

ENERGY YOU CAN SEE

Limited Wagon in Soul Red Metallic.

Mazda6 has literally been shaped by a sense of excitement. Its confident stance and athletic form are the vision of our design theme, 'KODO – Soul of Motion'. KODO captures the very instant energy becomes motion. It's the muscular beauty you see when an animal pounces, or when a human leaps into action. Everywhere you look this sporting poise is enhanced by elegant detail. In either Sedan or Wagon, Mazda6 excites the imagination.

魂動

KODO : SOUL of MOTION

RIGHT WHERE YOU WANT TO BE

Mazda6 places you in the heart of contemporary luxury. It also places you at the heart of the drive. Controls and readouts are carefully located to help keep your attention on the road. The atmosphere is elevated by uncluttered elegance, pleasing detail and satin-metallic highlights. Each model is crafted with distinct trim colour and texture combinations.

Of course, the latest in infotainment enriches every trip. MZD Connect means social media feeds, music and a host of other online content can be accessed via a central screen. You have all the latest convenience and comfort, without compromise.

Limited with Pure White Leather¹ Trim pictured. Black Leather¹ Trim also available.

IN EVERY WAY, IT'S A SUPERB PERFORMANCE

It gives you exhilarating sports performance, yet also class-leading fuel economy. Mazda6 boasts a world-first innovation – our unique energy regeneration system, i-ELOOP on GSX and Limited models. Whenever you slow down it harvests braking energy to a capacitor, then uses it to power on-board electrical systems and significantly reduce fuel consumption. Refined power comes from either 2.0 litre or 2.5 litre SKYACTIV-G petrol engines, or a 2.2 litre turbo diesel SKYACTIV-D. Both give you the responsive thrust you want – without compromising outstanding fuel economy.

The SKYACTIV-Drive automatic transmission works with quick precision, offering even more involvement through sporty manual shifts. Poised, agile handling goes hand in hand with a supple ride. Refinement is enhanced by a shape that slips quietly through the air.

Limited Sedan in Soul Red Metallic.

EVEN GREATER EFFICIENCY - SKYACTIV TECHNOLOGY

SKYACTIV-G 2.0 & 2.5L PETROL ENGINES

An advanced internal combustion engine achieves more performance from less fuel. Direct injection with a precise multi-hole system minimises fuel use. A unique piston design allows more effective fuel combustion – boosting power and lowering emissions. Major reduction of internal friction liberates extra power, while a free-breathing 4-2-1 exhaust layout enhances efficiency and response. The 2.0 litre 4-cylinder engine punches out a sporty 114kW of power and 200Nm of torque, using just 6.0 litres of fuel per 100km. The 2.5 litre 4-cylinder engine delivers a potent 138kW of power and 250Nm of torque, using only 6.6 litres of fuel every 100km.

SKYACTIV-D 2.2L DIESEL ENGINE

A far lower compression ratio than conventional diesels allows for lighter internal components. This reduces friction and inertia for sportier power delivery – up to an exceptionally high 5,200rpm. Multi-hole piezo injectors and variable valve lift optimise engine breathing and economy. The 2.2 litre 4-cylinder engine produces 129kW and a muscular 420Nm of torque, using just 5.4 litres of fuel per 100km. With a two-stage turbocharger maximising efficiency, the SKYACTIV-D engine meets strict Euro stage IV emissions standards without requiring expensive after treatment of exhaust gases.

SKYACTIV-DRIVE AUTOMATIC TRANSMISSION

We've combined the best attributes of conventional automatic, continuously variable and dual clutch transmissions. The transmission locks up to couple directly with the engine over a wider spectrum than other automatics. This realises a significant improvement in fuel economy and a more direct, manual-like power delivery and driving feel. Shifts are swift, accurate and smooth across the six speeds.

i-ELOOP

Mazda6 integrates our world-first energy regeneration system, i-ELOOP. As you decelerate it harvests braking energy to a capacitor. This energy then powers electrical systems such as climate control, audio, headlamps and engine management, cutting fuel use by up to 10% in everyday traffic conditions when combined with i-stop. A capacitor allows much more efficient charging and discharging than conventional battery-based systems – full charge attainable in under 10 seconds. Our clever i-stop system boosts fuel savings, by switching the engine off when you come to a stop. It positions the engine perfectly for quick, seamless re-starting.

At Mazda we're committed to reducing environmental impact as much as possible. Yet the driving enjoyment that's in our DNA, and every car we make, is always at the forefront of our minds. It's a challenge that led us to a breakthrough – SKYACTIV TECHNOLOGY. Put simply, we've engineered Mazda6 to unlock maximum efficiency, whilst also heightening the thrill of the drive. We've taken an exacting, comprehensive and imaginative approach.

Our clever i-stop system achieves even more fuel economy by turning off the engine when you come to a stop. It's held perfectly poised for restart, making getting going again virtually instant.

SKYACTIV
TECHNOLOGY

SKYACTIV-BODY

The application of high and ultra-high tensile steel cuts weight, yet bolsters rigidity. Key joints feature advanced techniques requiring no heavy reinforcement. Front and rear suspension mounting points bond directly to the underbody, further adding strength. Even the doors use pressing methods that reduce weight without compromising rigidity. Despite being light, Mazda6 disperses crash energy in multiple directions to achieve world-class collision performance.

SKYACTIV-CHASSIS

Every component has been designed to create an unrivalled sense of 'oneness' between car and driver. For nimble handling with great ride comfort, the chassis combines firm bushings and closely optimised geometry. A highly rigid front suspension cross member combines with high-ratio electric power assist steering to quicken handling. Both front and rear cross members improve stiffness and lower weight, thanks to an innovative welding method. Mazda6 gives you exceptional agility, along with high efficiency.

YOU'LL ALWAYS BE CONNECTED

Mazda6 connects you to a rewarding drive – and to your world beyond it. MZD Connect's advanced infotainment brings you online content including social media, music, podcasts and more, simply by linking to your compatible³ smart phone. It can even read texts and e-mails aloud. Everything is centralised on a touch-screen positioned to help your attention remain on the road. As does the rotary multi-function commander, putting control over functions right to hand. For the ultimate in ease, menu choice, audio and navigation can be driven by voice. So you can let the drive take you away, yet always be in touch.

EASY TO FOLLOW

Satellite navigation is clearly displayed on a 7-inch colour touch-screen. Features spoken street names and advanced lane guidance.

COMFORTABLY IN COMMAND

Controlling menus and functions is intuitively easy via the rotary multi-function commander.

A favourites menu also provides a direct link to preferred radio stations, contacts and navigation destinations, with minimal effort and distraction.

STAY IN TOUCH

MZD Connect links you to a wide range of web content via your compatible³ smart phone.

FOCUSED ON A BETTER DRIVE

Through advanced technology Mazda6 gives you a safer drive, that's also more engaging. The Active Driving Display in GSX and Limited models helps you to focus more keenly on what's happening on the road. It projects important data like current speed and navigation cues into your line of sight. The clearly laid-out instruments communicate quickly, with secondary readouts offering comprehensive information. All models give you hands-free phone³ operation and music streaming via Bluetooth.[®] Of course, handy USB ports are also integrated.

UPLIFTING AUDIO

With 231 watts of power in harmony with 11 speakers, Bose[®] digital audio creates a sublime musical performance. Limited models only.

PLUG AND PLAY

USB ports let you play music via players or storage devices, and charge compatible devices. Auxiliary audio input also featured.

EYES ON SAFETY

The Active Driving Display helps reduce distraction from the road by superimposing key information into your field of vision. Clear supplementary graphics cover vehicle speed, cruise control settings and more. GSX and Limited models.

MEETS ALL YOUR NEEDS COMFORTABLY

Limited with Pure White Leather¹ Trim pictured. Black Leather¹ Trim also available.

The spacious Mazda6 carries five people in a cabin crafted to look and feel special. Limited models offer a place of pure indulgence, with a leather¹ interior boasting free-breathing perforations and contrast stitching.

Cargo? It's well looked after too. Both sedan and wagon feature 60/40 split folding rear seats, extending the generous luggage area to help accommodate unusually shaped items. The wagon's clever 'Karakuri' seats unlatch and fold in a fluid move, creating a virtually flat floor. This philosophy of effortless function extends to the tonneau cover. It moves as one with the tailgate to provide privacy and sun protection. Naturally Mazda6 lets all your bits and pieces fall perfectly into place, with thoughtful and generous storage.

THE HIGHEST STANDARDS OF SAFETY

In Mazda6 you're well equipped to react to the unexpected, thanks to a cabin that aids focus on the road and responsive handling. Of course, the best in safety is also on your side.

It starts with the world-class collision protection of an extremely rigid body, with multiple load paths diverting crash energy away from the occupant cell. Six SRS airbags are integrated, including front, side (front) and curtain (front and rear). Seat belt reminders feature throughout, while driver and front passenger belts have pretensioners and load-limiters.

Dynamic Stability Control (DSC) is standard, providing added control. Powerful disc brakes give you confidence-boosting stopping power. They also boast ABS and Electronic Brake-force Distribution (EBD), which optimises braking force according to the load on board. Emergency Brake Assist (EBA) boosts stopping power the instant emergency braking is sensed. In the event you need to brake suddenly from speed, the Emergency Stop Signal (ESS) automatically flashes the hazard lights to warn following drivers.

Screen integrated parking sensors (front and rear) feature on GSX and Limited models. Audible alerts are supported by a display of the detected object and its proximity beside the rear camera image.

In Mazda6, an exciting drive is also a safe one.

Limited Sedan and Wagon in Soul Red Metallic.

READY TO REACT

What if an unexpected hazard appears suddenly? DSC acts instantly, braking the inner rear wheel to offset understeer (or outer front wheel to combat oversteer). The Traction Control System (TCS) also reduces torque to the driven wheels to minimise skidding. The hazard can be steered around, as control is maintained.

STOP SAFELY

Stopping distance with EBA, ABS and EBD. : Stopping distance with no assistance. :

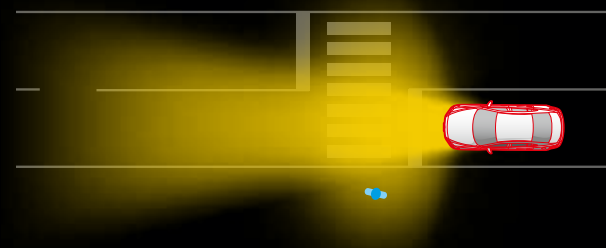

SMOOTH START

Take your foot from the brake on an incline and Hill Launch Assist (HLA) keeps the brakes applied momentarily. Giving you time to apply the accelerator and move away smoothly.

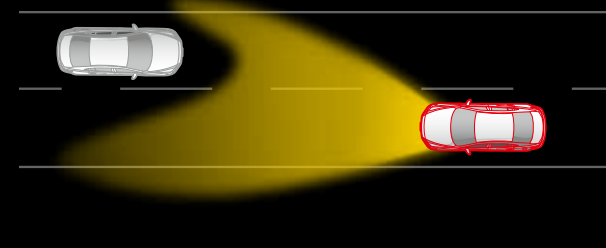

i-ACTIVSENSE - TAKE YOUR SENSE OF SAFETY TO ANOTHER LEVEL

Mazda6 gives you impressive levels of safety. Choose advanced i-ACTIVSENSE technology,⁴ and your sense of confidence gets even stronger. These intelligent systems are designed to help you recognise potential hazards, avoid collisions and to minimise the severity of accidents when they can't be avoided. Employing radar, camera and laser, it's like having extra senses working for you.

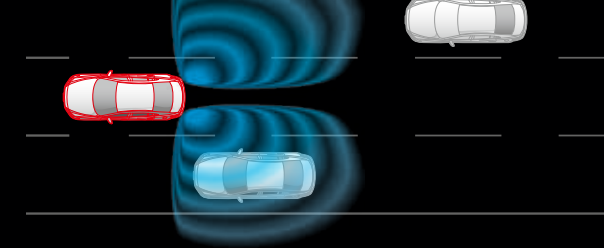

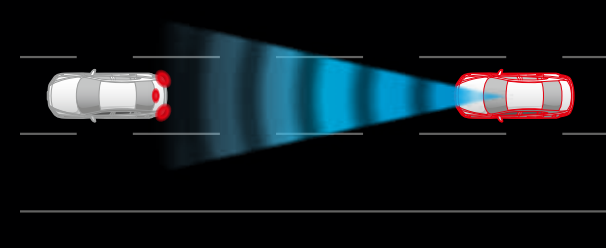

ADAPTIVE LED HEADLAMPS (ALH)

Individual control of several LEDs allows precise adjustment of the lighting pattern. The system automatically broadens visibility at low speeds, shapes the high beam to help avoid dazzling oncoming drivers, and raises beam height at highway speeds to extend vision area. Limited models only.

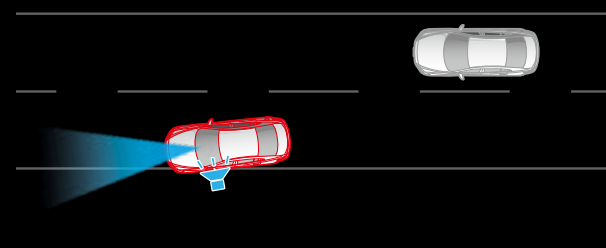

MAZDA RADAR CRUISE CONTROL (MRCC)

Uses radar to monitor the car ahead, and automatically adjusts your speed to maintain a safe distance. Reduces driver effort by managing the accelerator and brake pedals. Both can still be used at any time, and the system can be switched on and off as needed. Limited models only.

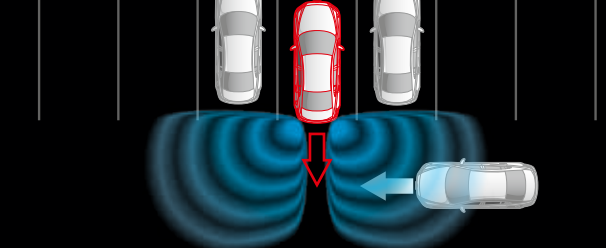

BLIND SPOT MONITORING (BSM)

By scanning external mirrors' blind spots, radars detect any unseen vehicles to help you avoid making hazardous lane changes. LED icon on the relevant mirror is accompanied by a warning beeper. GSX and Limited models.

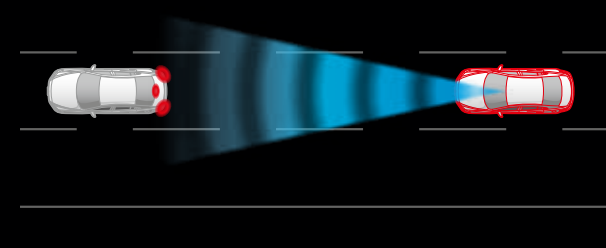

LANE DEPARTURE WARNING (LDW) LANE-KEEP ASSIST SYSTEM (LAS) DRIVER ATTENTION ALERT (DAA)

Using a windscreen-mounted camera to monitor road lane markings, LDW sounds an audible warning if you're about to stray from your lane. LAS will act if it determines the vehicle is going to leave its lane, by applying a degree of corrective steering. Driver Attention Alert (DAA) is also integrated. When speeds above 65km/h are sustained for longer periods, the system monitors driver inputs and provides a visual warning if it detects signs of fatigue. Also provides alert when 2 hours have elapsed. Limited models only.

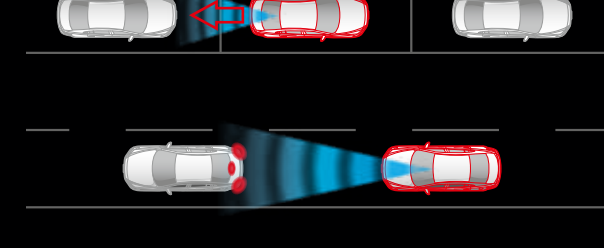

REAR CROSS TRAFFIC ALERT (RCTA)

Assists you when you're reversing from a parking space, warning if a car is approaching from either side of your vehicle. The LED icon on both mirrors is accompanied by beeping alert. GSX and Limited models.

FORWARD OBSTRUCTION WARNING (FOW) WITH SMART BRAKE SUPPORT (SBS)

Operating at 15-145km/h the system monitors the distance to the vehicle in front and its speed. FOW senses if a collision is likely and prompts you to take evasive action via audible and visual alerts. If SBS senses a high risk of impact it applies initial pressure to the brakes, enabling faster response should you brake. If you take evasive action SBS de-activates. If no evasive action is taken, the brakes are applied automatically. Limited models only.

SMART CITY BRAKE SUPPORT - FORWARD/REVERSE (SCBS-F/R) - FORWARD (SCBS-F)

Helps prevent, or lessen, low-speed impacts. At forward speeds of 4-30km/h, SCBS monitors the vehicle in front to assess the possibility of a collision. If the system detects a high risk of impact it issues visual and audible warnings, while priming the brakes for faster response should the driver brake. If the driver does not brake, the brakes are applied automatically. Also works in reverse at speeds of 2-8km/h. SCBS-F/R standard on Limited models. SCBS-F standard on GSX models.

Mazda6

GLX

GLX Wagon in Soul Red Metallic

GLX with Black Cloth Trim

GLX features include:

- 17-Inch Alloy Wheels with 225/55 Tyres
- Headlamps (Halogen)
- LED Tail-Lamps
- Power Windows and Mirrors (with Side-Turn Lamps)
- Wipers (Front) 2-Speed with Variable Intermittent Function
- Dual Exhausts with Chrome Extensions
- Rear Spoiler (Wagon only)
- Roof Rails (Wagon only)
- Reversing Camera
- Cruise Control
- Bluetooth® Hands-Free Phone/Audio Compatibility³
- MZD Connect with 7-inch Colour Touchscreen Display
- 4-Speaker Audio System: AM/FM (with RDS), CD (MP3/WMA Compatible), USB Inputs (iPod® Compatible), AUX
- Internet Radio Integration (Pandora®, Stitcher™, Aha™)
- Multi-Function Commander Control
- Trip Computer⁵
- Air Conditioning
- Electric Parking Brake
- Keyless Entry with Keyless Push-Button Ignition
- Tilt & Telescopic Steering Wheel
- Seat Trim: Black Cloth
- Front Seats with Rake/Slide/Height Adjustment, Lumbar Support (Driver) and Seatback Pockets
- 60/40 Rear Seat Fold with Centre Armrest
- 'Karakuri' Cargo Area Tonneau Cover (Wagon only)
- Front, Side and Curtain Airbags
- Anti-Lock Braking System (ABS) with Electronic Brake-Force Distribution (EBD) and Electronic Brake Assist (EBA)
- Dynamic Stability Control (DSC)
- Emergency Stop Signal (ESS)
- Hill Launch Assist (HLA)
- mazdacare

Accessory Option:
■ Satellite Navigation

LOOKING SPORTY

17-inch alloy wheels are elegantly dynamic. They also add to the superb ride and handling of Mazda6.

FUNCTIONS BEAUTIFULLY

Rotary multi-function commander makes function and menu navigation second nature.

Powertrain Specification:

- SKYACTIV-G 2.0 Litre Petrol In-Line 4 Cylinder 16 Valve DOHC S-VT Engine with i-stop
- SKYACTIV-DRIVE 6-Speed Automatic Transmission
- 'Sport' Mode Drive Selection
- Maximum Power: 114kW @ 6,000rpm
- Maximum Torque: 200Nm @ 4,000rpm
- Fuel Consumption (Combined)²: 6.0L/100km
- Wagon Only

5-door wagon

ONLINE LINK

With Bluetooth® phone and audio connectivity, get connected to a wide range of online content through MZD Connect.

QUALITY CUT

Supportively contoured seats feature high quality cloth for exceptional comfort.

MAZDA 6

GSX

GSX Wagon in Soul Red Metallic

GSX with Black Cloth Trim

GSX features additional to GLX include:

- Fog Lamps (Front)
- Automatic Headlamps
- Wipers (Front) 2-Speed with Rain-Sensing Function
- Active Driving Display
- 6-Speaker Audio System
- Satellite Navigation
- Dual-Zone Climate Control Air Conditioning with Rear Vents
- Advanced (Proximity) Keyless Entry
- Rear-View Mirror with Auto-Dimming Function
- Parking Sensors (Front & Rear)
- i-ACTIVSENSE Safety Technologies⁴
 - Blind Spot Monitoring (BSM)
 - Rear Cross Traffic Alert (RCTA)
 - Smart City Brake Support - Forward (SCBS-F)
- Leather-Wrapped Steering Wheel/ Gear Shift Knob
- Illuminated Vanity Mirrors

STAYING FOCUSED

Active Driving Display superimposes key data into your field of vision, improving safety by reducing distraction.

LEADS THE WAY

Satellite navigation clearly displayed on 7-inch colour touchscreen. Features spoken street names and advanced lane guidance.

Powertrain Specification:

- SKYACTIV-G 2.5 Litre Petrol In-Line 4 Cylinder 16 Valve DOHC S-VT Engine with i-stop
- i-ELOOP Regenerative Braking System
- SKYACTIV-DRIVE 6-Speed Automatic Transmission
- 'Sport' Mode Drive Selection
- Maximum Power: 138kW @ 5,700rpm
- Maximum Torque: 250Nm @ 3,250rpm
- Fuel Consumption (Combined)⁴: 6.6L/100km
- Sedan or Wagon

OR

- SKYACTIV-D 2.2 Litre Diesel In-Line 4 Cylinder 16 Valve DOHC Intercooled Turbo Diesel Engine with i-stop
- i-ELOOP Regenerative Braking System
- SKYACTIV-DRIVE 6-Speed Automatic Transmission
- Maximum Power: 129kW @ 4,500rpm
- Maximum Torque: 420Nm @ 2,000rpm
- Fuel Consumption (Combined)⁴: 5.4L/100km
- Wagon Only

4-door sedan

5-door wagon

CHOOSE YOUR CLIMATE

Dual-zone climate control lets driver and passenger individually select their perfect temperature.

KEY FEATURE

With advanced (proximity) keyless entry, the key can stay in your pocket. Just simply press the button on either front door to enter. And the engine starts with a touch of the start/stop button. Too easy!

Mazda 6

LIMITED

Limited Wagon in Soul Red Metallic

Limited with Pure White Leather¹ Trim pictured. Black Leather¹ Trim also available.

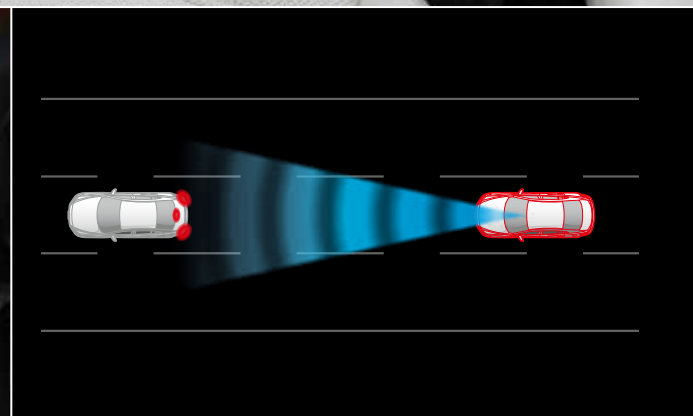

Limited features additional to GSX include:

- 19-Inch Dark Gloss Alloy Wheels with 225/45 Tyres
- LED Headlamps
- LED Daytime Running Lamps
- LED Fog Lamps (Front)
- LED Tail-Lamps with Lighting Signature
- Privacy Glass (Rear Side and Back Windows)
- Power Sunroof with Tilt/Slide Functionality
- Heated Exterior Mirrors
- Power-Fold Exterior Mirrors
- Paddle Shift Gear Control
- 11-Speaker Premium 231W Bose[®] Audio System
- Leather Seat Trim (Black or Pure White)¹
- 8-way Power Driver's Seat with Lumbar, Heating & 2-Position Memory Functionality
- 6-way Power Passenger's Seat with Heating Function
- LED Room Lamps (Front & Rear)
- i-ACTIVSENSE Safety Technologies⁴
 - Adaptive LED Headlamps (ALH)
 - Smart Brake Support (SBS)
 - Mazda Radar Cruise Control (MRCC)
 - Lane-Keep Assist System (LAS)
 - Lane Departure Warning (LDW)
 - Forward Obstruction Warning (FOW)
 - Smart City Brake Support - Reverse (SCBS-R)
 - Driver Attention Alert (DAA)

INSIGHTFUL LIGHTING

Adaptive LED Headlamps (ALH) system cleverly adjusts pattern, shape and height of headlamp beam to maximise visibility and reduce glare for other drivers.

AN EXTRA SENSE OF SAFETY

i-ACTIVSENSE⁴ helps to recognise potential hazards, avoid collisions and mitigate unavoidable accidents using radar, camera and sensors.

Powertrain Specification:

- SKYACTIV-G 2.5 Litre Petrol In-Line 4 Cylinder 16 Valve DOHC S-VT Engine with i-stop
- i-ELOOP Regenerative Braking System
- SKYACTIV-DRIVE 6-Speed Automatic Transmission
- 'Sport' Mode Drive Selection

ENJOY MAZDA6 WITH CONFIDENCE

Rest assured - your warranty

As you'd expect, all new Mazda vehicles come with a comprehensive warranty.

This means that as long as you service your Mazda regularly through an authorised Mazda Service Centre, it's likely you'll enjoy worry-free motoring well past the initial 3 year period of cover provided with all new vehicles.

Help is at hand -

Mazda Roadside Assistance

If something goes wrong when you're travelling then we're here to help.

Mazda On Call is a roadside assistance programme available to Mazda owners 24-hours a day, 365 days a year - included as part of your mazdacare cover. So, if you run out of fuel, lock your keys in the car or simply forget how to programme the stereo, all you need to do is call us. Our support centres are ready to help out with any mechanical, medical and even legal advice you might need.

Maintain that Zoom-Zoom

Regular servicing is good because it keeps your Mazda in great shape for longer, saving you money in fuel, parts and keeping your vehicle safer on the road. That's why we offer 3 years or 100,000km (whichever occurs first) of mazdacare Genuine Mazda Scheduled Servicing at no extra cost. Each service is carried out by Mazda factory-trained Service Specialists using the latest in vehicle diagnostic equipment, in order to keep every Mazda operating at optimum driving performance and help protect your investment in a car that enjoys excellent resale value.

Driving enjoyment has an exciting future

We're working hard to make driving a Mazda even more rewarding. With cars that use less fuel, but produce more power. That are lighter, but contain more innovation. We call this breakthrough SKYACTIV TECHNOLOGY. It will let every Mazda deliver more driving pleasure while being kinder to the planet.

Find out more at mazdaskyactiv.co.nz

Soul shines through.

A paint finish created for KODO

'KODO - Soul of Motion' is the dynamic design vision shaping the Mazda range. To bring these striking shapes to life we developed a special paint technology, TAKUMI-NURI. The Soul Red Metallic finish combines an enhanced reflective treatment with high-chroma pigment to achieve stunningly vivid depth and contrast.

Accessories add enjoyment

Mazda6 gives you sports performance and impressive features. And with Mazda Genuine Accessories, Mazda6 ownership is even more enjoyable. They allow you to personalise your car, and protect your investment. What's more, they deliver superb design, quality and safety, all backed by a Genuine Mazda Warranty. Mazda Genuine Accessories give you even more Zoom-Zoom.

MAZDA6 COLOUR AND TRIM

BODY COLOURS

Snowflake White Pearl Mica

Sonic Silver Metallic

Blue Reflex Mica

Soul Red Metallic*

Meteor Grey Mica

Titanium Flash Mica

Deep Crystal Blue Mica

Jet Black Mica

INTERIOR TRIMS

Black cloth (GLX and GSX)

Black leather⁽¹⁾ (Limited)

Pure white leather⁽¹⁾ (Limited)

(1) Leather interior includes Maztex material on selected high impact surfaces. Pure White leather is only available on a firm order basis. Customers should check availability with their Mazda Dealer prior to placing an order. (2) Combined fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic, road conditions and how the vehicle is driven. (3) Please check the compatibility of your Bluetooth device⁽³⁾ (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit www.mazdahandsfree.co.nz or consult your Mazda dealer for further information. (4) i-ACTIVSENSE safety technologies are driver-assist technologies only and should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to constantly monitor vehicle surroundings and conditions at all times. (5) Trip computer displays current and average fuel consumption, distance to empty and average vehicle speed. (6) Cargo room - measured with rear seats up and up to tonneau cover. (7) Cargo room - measured with rear seats folded down and up to roof.
