EV Platform

Surge of Technology

Technology that will change the future

BLADE BATTERY

Blade Battery is the only battery that has successfully passed the nail penetration test, the most rigorous way to test the thermal runaway of batteries.

e-PLATFORM 3.0

BYD DOLPHIN is equipped with the all-new BYD e-Platform 3.0 designed exclusively for pure electric vehicles, deeply integrated with the Blade Battery, 8-in-1 High Efficiency Electric Powertrain, Wide Temperature Range High Efficiency Heat Pump System, and other core technologies. Giving full play to the advantages of intelligence, efficiency, safety and aesthetics, e-Platform 3.0 promotes vehicle performance in safety and low-temperature driving range as well as improve intelligent driving experiences.

Safety Surge

BYD DOLPHIN comes standard with an abundance of safety and Advanced Driver-Assistance Systems (ADAS), a safety system which is fully equipped & confident in every situation.

Surround view camera 360 degrees

See every angle. Clear from every angle, confident in not missing any points around the car.

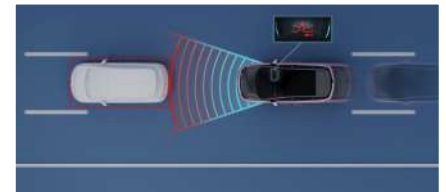

High Beam Assist (HBA)

Automatic high-low beam adjustment system

Blind Spot Detection (BSD)

Blind Spot warning system

Automatic Emergency Braking System (AEB)

Automatic Braking System

Adaptive Cruise Control (ACC)

Adaptive Cruise Control

Rear Cross Traffic Alert (RCTA)

Warning system and brake assist when driving
Passing through blind spots while reversing

Lane Departure Warning (LDW)

A system to assist when the car
leaves the lane.

Exterior Surge

The BYD DOLPHIN is instantly recognisable and futuristic due to its rounded profile and side silhouette resembling the graceful lines of a leaping dolphin.

BYD DOLPHIN adopts the new “Ocean Aesthetics” design concept.

Sleek and Futuristic Design

From the movement of dolphins to the cool and stylish LED headlights, perfectly combined. With distinctive tail lights that are unique to the BYD Dolphin, they are stunningly beautiful and will catch everyone's eyes.

Dynamic Alloy Wheel

Geometric Polyline LED Tail Light

Geometric LED Tail Light, modern design.
Single line outstanding from every angle.

Interior Surge

BYD DOLPHIN's latest interior design embraced by waves, offers a class-defying interior due to its 2.7m wheelbase, all thanks to e-Platform 3.0.

Floating Center Console

The futuristic suspended center console design creates a modern, dynamic driving environment with its metal trim detail that runs across the entire dashboard, forming a beautiful, minimalist curved surface.

Innovative Drive Mode

Cool, modern design with gear shift control switch. Electronic type Finger-Touched Electronic Shift

Large trunk space

The trunk can easily store four standard 20-inch luggage compartments. The seats can be split 60:40 allowing the 345 litre boot to be expanded to 1,310 litres when both seats are folded flat.

Dolphin Design

Door handles and state-of-the-art interior decorations. Unimaginable values inspired by Dolphins and the art of the sea.

Infotainment that Upsurge Lifestyle

State-of-the-art entertainment and usability functions Meets every lifestyle need.

V2L (Vehicle to load)

Energize your Outdoor Adventures with BYD Dolphin's Vehicle-to-Load (V2L) feature. With this plug-in-and-play feature, you can power your appliances wherever you go. The BYD Dolphin's V2L function opens you to endless possibilities for lighting up your camping adventures or staying productive on work trips.

12.8" Intelligent Rotating Touch Screen

The large dominant display screen serves as the centre of a connected universe, integrating intelligent voice and connected car functions to allow the user to drive without distraction while also adding intelligent entertainment to the experience.

NFC/Keyless Card

More convenient with portable keycard and system Keyless Entry Ia: Keyless Start

USB Ports

Supports uninterrupted entertainment connectivity with USB ports Type A and Type C in the front and rear cabin. A total of 4 ports.

Speakers

Enjoy the entire journey with no noise throughout the cabin.

Sustainable vegan leather seats

The integrated sports seats offer long-distance comfort as well as strong lateral support during cornering. These seats are made from sustainable vegan leather, offering an eco-friendly solution without compromising on style. With multiple-way adjustment, you can customize your seat to your every need.

Comfortable rear passenger space

Thanks to the e-platform 3.0, the short front and rear overhangs and long wheelbase give the car a more spacious appearance, and the rear passenger compartment has a flat floor, giving middle-seat passengers more comfort and space.

More storage space

There are numerous storage areas throughout the cabin, including large door pockets, a central covered storage cubby, and a hollowed storage tray beneath the main driver information screen, which could meet your needs for daily travel.

Your Color, Your Style

Experience more coolness.
With a variety of colors.
